> DA 20-742 Released: July 15, 2020

## WIRELINE COMPETITION BUREAU ANNOUNCES RATE-OF-RETURN CARRIERS ELECTING INCENTIVE REGULATION FOR THEIR BUSINESS DATA SERVICES

WC Docket No. 17-144

By this Public Notice, the Wireline Competition Bureau (Bureau) announces that the 99 rate-ofreturn carriers serving 139 study areas in 32 states and one territory identified in the accompanying Appendix elected to move their lower speed business data services (BDS) Time Division Multiplexed (TDM) transport and end user channel termination services to incentive regulation effective July 1, 2020, as permitted by the *Rate-of-Return BDS Order*.<sup>1</sup>

In the *Rate-of-Return BDS Order*, the Commission adopted a path for rate-of-return carriers that receive model-based or other forms of fixed high cost universal service support to voluntarily elect to transition their lower speed BDS offerings to incentive regulation effective either July 1, 2019 or July 1, 2020.<sup>2</sup> As a result of both years' elections, a total of 136 rate-of-return carriers serving 227 study areas in 40 states and one territory have now moved their lower speed BDS offerings to incentive regulation.<sup>3</sup> The Commission found that allowing and encouraging carriers "to move from inefficient, burdensome cost-based regulation to incentive regulation . . . promotes efficiency, reduces regulatory burdens, and encourages competition."<sup>4</sup>

For further information, please contact Christopher Koves, Wireline Competition Bureau, Pricing Policy Division, at 202-418-8209, or at <u>Christopher.Koves@fcc.gov</u>.
