NEW CARD ENHANCED SECURITY

In June 2020, the Department of Revenue implemented a new, more secure driver license and ID card design. Individuals are not required to replace their current driver license or ID card during this time, unless their current credential has reached its expiration or a required change is needed, such as a name or address change. Driver licenses and ID cards with the old design will still be in use alongside the new cards.

Missouri's new card design advances fraud protection measures compared to the old design. The new design includes redundant data, ultraviolet (UV) ink and optically variable features.

DESIGNATED HEADER COLORS

	BROWN Instruction Permit or Commercial Learner's Permit N-New, R-Renewal
	RED Nondriver License Identification Card
	GREEN Commercial Driver License or Non-Domiciled CDL
	BLUE Driver License
	PURPLE Intermediate Driver License
	

NOTE: The vertical format will be issued to individuals less than 21 years of age and it applies to all card types.
