Which assistance programs are available?

Division of Welfare and Supportive Services(DWSS) determines Medicaid and Nevada Check Up eligibility for low-income Nevadans. Online applications can be completed using Access Nevada at www.accessnevada.dwss.nv.gov.

Medicaid provides free health care coverage for low-income Nevadans, including:

- Adults between age 19-64 whose household income is at or below 138% of the Federal Poverty Level (FPL) (See chart)
- Children under age 19 whose income is at or below 205% of the FPL
- Pregnant Women whose household income is less than 165% of the FPL
- Parents or Caretakers with income at or below 138% of the FPL
- Supplemental Security Income recipients
- Certain Medicare beneficiaries

Nevada Check Up provides medical and dental benefits for children from birth to 18 years old. To qualify, your income must be at or below 205% of the Federal Poverty Level (See chart).

A small premium, on a quarterly basis, may be required. Checks or money orders must be sent to:

Los Angeles, CA 90084-7346

Other Access Nevada programs

- The Supplemental Nutrition Assistance Program (SNAP) helps low-income Nevadans buy nutritious food from local retailers.
- Temporary Assistance to Needy Families (TANF) is designed to help families achieve self-sufficiency by job preparation, work opportunities and support services.

Medicaid and Nevada Check Up services are provided through Managed Care Organizations (MCO) — Anthem Blue Cross and Blue Shield, Health Plan of Nevada, Molina Healthcare of Nevada, and SilverSummit Healthplan. In rural areas and for some coverage groups, the Division of Health Care Financing & Policy (DHCFP) pays claims on a “fee for service” basis.

Nevada Health Link

Nevada Health Link is the state's website where Nevadans can enroll in income-based health insurance. Nevada Health Link can help you find a plan that fits your needs and budget. You cannot be denied due to a pre-existing medical condition. For more information or to start the process, visit www.NevadaHealthLink.com.

Plan costs are based on the household's taxable annual income, how many people are in the household, the place of residence and if anyone in the household uses tobacco. Applicants may be eligible for tax credits and other financial assistance with their selected plans.

How to apply?

A screener tool will help determine if you may be eligible for Medicaid/Nevada Check Up, or if you may be eligible to purchase coverage through the marketplace. The tool will ask about household occupants, their ages and household income.

From there, you can either visit Access Nevada at www.accessnevada.dwss.nv.gov to apply for Medicaid or Nevada Check Up, or continue at www.NevadaHealthLink.com to apply for a subsidized health plan.

Depending on program requirements, some documentation may be required. It would be helpful to have these documents available:

- Proof of citizenship, such as a birth certificate or permanent residency ID card.
- Social Security Card.
- Proof of income, such as copies of your 2 most recent paystubs; if self-employed, a copy of your prior year's tax return.
- Current health insurance, if applicable, with ID card.
- Current employment information, including name, address, contact name and phone.

What happens next?

Upon submission of an application for Medicaid or Nevada Check Up, DWSS will send a confirmation letter. The case number and PIN will be included for use with the phone system or Access Nevada "Check My Benefits." You will be able to get basic information about your benefits.

When additional information is necessary to determine eligibility, DWSS will send you a letter outlining the required information and the date it must be received. If information is not received by the date requested, the application is denied.

A Notice of Decision letter will state if your application was approved or denied. If you disagree with the determination, the letter will provide contact information on how to appeal the decision.

If you've selected a health insurance plan through Nevada Health Link at www.NevadaHealthLink.com you will receive additional information from your insurance company about how to pay for and manage your plan.
