MAIN MENU AND DASHBOARD

eFile and eServe

The Department of Labor's (DOL) eFile and eServe system is an Integrated gateway for filing and serving documents with DOL. The Department of Labor (DOL) handles roughly 14.7 million pages of paper each year in support of the adjudicatory processes in the Office of Administrative Law Judges (OALJ) and the Adjudicatory Boards (the Boards).

The Office of the Chief Information Officer (OCIO), in partnership with its DOL customer agencies, has worked collaboratively to implement an enterprise-level eFile/eServe solution. The solution leverages capabilities such as single sign-on, document management, and automated email notifications. The eFile and eServe solution integrate seamlessly with OALJ's CaseTracking System, the Boards' DOL Appeals system, and the OWCP Imaging System (OIS).

When a user logs in to the eFile and eServe system, the first page they are presented with is the Main Menu and Dashboard. This is the starting point for all navigations on the site.

The main dashboard features a set of tiles that lets the user navigate to different parts and functionalities that the site offers.

Users can access cases, file new cases, submit filings to cases, and view servings with the Office of the Administrative Law Judges (OALJ) or Board of Alien Labor Certification Appeals (BALCA).

Similarly, users can access appeals, file new appeals, submit filings to appeals and view servings with the Administrative Review Board (ARB), the Benefits Review Board (BRB), and the Employees' Compensation Appeals Board (ECAB).

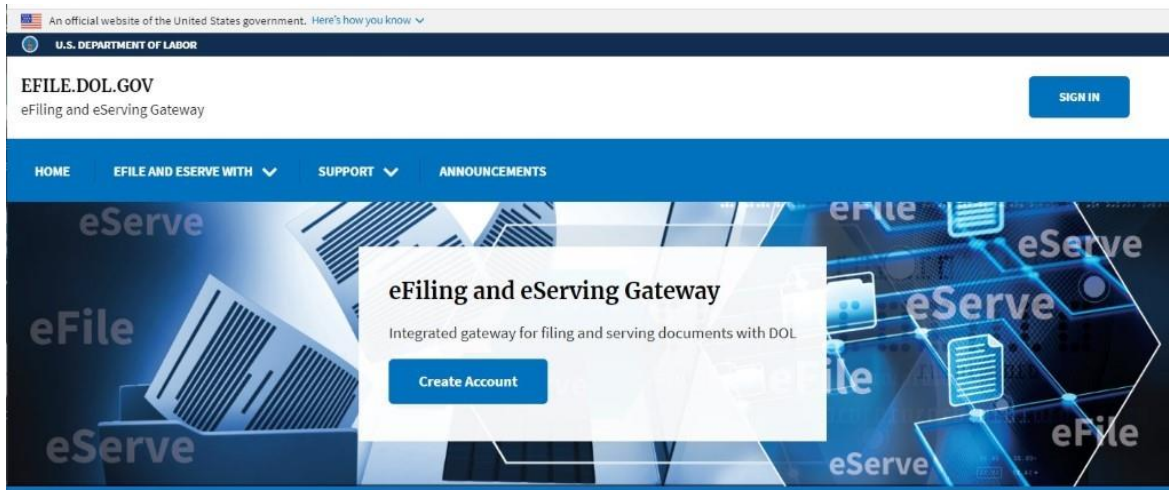

Additionally, users can manage their profiles, create or join organizations, create mailboxes that help in managing the cases and appeals that they are working on as part of a company, organization, or group.

USER PROFILE AND ORGANIZATION MODULE

eFile and eServe

The User Profile and Organization module lets you create and manage your profile and organization that you are part of.

Every user needs to set up and keep their user profiles updated for the agencies to be able to process their cases, appeals, and filings properly. The user profile can be set up and updated in the User Profile page. This form also lets you indicate if the user is an attorney. The details in the user profile are used during filing cases or appeals and selected details are sent during submission of most forms in the eFile and eServe system. Hence, it is essential to keep the user profile current and up to date.

If the user is part of a company, organization, or group, the eFile and eServe system allows the users to join existing organizations or set up new ones to manage how cases and appeals related to the organization is managed. A user can be part of multiple organizations to manage how they interact with different cases or appeals.

Within the Organization module, you can create organizations or join existing ones, add members to the organization, manage administrators of the organization, and create and manage shared mailboxes.

Shared mailboxes are used to set rules for delivering emails to members of the organization. Each mailbox is linked to one or more agencies and some or all case types related to these agencies. Using shared mailboxes, the organization can control the flow of served emails to those members who are interested in the case types that are linked to the specific mailbox. A member can be part of multiple mailboxes.

Organization also allows attorneys to delegate their cases and appeals to other members of the same organization to manage on their behalf, freeing them of many of the administrative tasks.

OALJ AND BALCA DASHBOARD AND FLOWS

eFile and eServe

The OALJ and BALCA dashboard displays the Office of the Administrative Law Judges (OALJ) or the Board of Alien Labor Certification Appeals (BALCA) cases.

Using the OALJ and BALCA dashboard, users can file new cases, access cases, view case details, submit filings to cases, view filings from other parties to the case, view servings from OALJ, etc.

In the case details page, users with access can see the parties on the case, the filings, and the servings to the case.

To access existing open or closed cases, use the Request Access to Cases button to search and request access to the case by submitting the necessary documents. The request will be sent to OALJ for processing and could be approved or rejected. The accessed cases are displayed in the My Access Requests table.

To file a new case, use the File a New Case button to submit the new case. The new case is filed by selecting the appropriate program area, sub-area, originating agency, role in the case, and relevant documents. The new case is sent to OALJ for docketing. Once approved, filings can be done on the case.

Filings can be done on cases by selecting the individual case and using the Submit a New Filing button to fill in the details. The new filing is submitted to OALJ for processing.

Servings to cases are sent from OALJ and will be available in the servings table for each case.
