1

Touch screen ballot marking device with Spanish language available.

12 units - one per precinct

2

Phone calls using either the voters or poll workers cell phone. Poll workers can call the Elections Office on behalf of a Spanish speaking voter and allow the voter to speak directly to bilingual staff at the EO. Once the issue is resolved for the voter, the information is relayed to the poll worker as to what action to take in order to process the voter.

No equipment deployed. Poll workers or the voter used their own cell phone to call our toll free number.

3

Bilingual telephone cards are provided to each polling place. Phone cards list the Elections Office toll free number, and are generally given to voters if they have follow up questions or if the voter doesn't want to wait to make an in person call as described in #2.

A supply of the telephone cards is provided to each precinct in their supply kit.

Please use this space to describe any additional details regarding your recruitment of bilingual poll workers or language services provided.

Please note: the former ROV left office in April 2021 & I was appointed in July 2021. My Assistant has been absent since August 2021. With the absence of the prior ROV and the assistant, there is no path to find the details being requested, or how they tracked this information. Upon review of the form, I ran the attached reports from our Elections software but the information was not recorded in the database. As they did not track this information in our system, and I am unaware of what tracking method they used, I am unable to provide any specific details related to the November 2020 Election. Per the table in the SOS link, we are marked as NONE on the Requirements table.

<https://elections.cdn.sos.ca.gov/ccrov/2021/december/21221sr.pdf>

While I cannot confirm information only known by the prior administration, I can provide the following principles we follow for bilingual services. We make an effort to recruit bi-lingual volunteers for each of our five polling places. All Voting Precincts at each Polling Place is provided a sign to prominently display all languages spoken at each table. All required signs the each Polling Place and Voting Precinct table is displayed in both English and Spanish. A facsimile copy of the ballot is translated in Spanish and is displayed on each Voting Precinct table. In addition to making efforts to get Spanish speaking volunteers, we are not always able to guarantee this can be met. However, if there was ever a need for Spanish speaking assistance at a Polling Place, we have a bilingual employee in our office on call on Election Day. Information to contact our office for bilingual assistance is also included in every local Voter Information Guide. This information is provided to each Inspector at each Polling Place. Upon inquiring with her on the use of this service, she confirmed she's never received a phone call on election day from a Polling Place, which indicates the need is small to null.

Lastly, per your survey request – we do not use any equipment or external services. The above described efforts I believe is our full process regarding bilingual services.

Sincerely,

Danielle Sexton

Facsimile ballot translation guides at every Vote Center, and ROV office. These guides provided a facsimile of the translated composite ballot in Spanish, Vietnamese, Tagalog and Khmer to assist voters in marking their ballot. Rather than try to determine where the voters in the 14201 covered languages resided and provide the specific language at Vote Centers in that area, we determined it would be most voter friendly to provide all 14201 facsimile composites at all locations.

3 guides per Vote Center and at ROV office.

2

Focus Interpreting Telephonic Interpreter Service provided by the Secretary of State's Office. Chosen as alternative service as it was free, would be a convenient way to provide translation service where bilingual poll workers could not be recruited, and also provide service to LEP voters outside of our 14201 covered languages.

1 guide per Vote Center and ROV office, including instructions, language code chart, and tracking log.
