High-Efficiency HVAC Filters

Look for a rating of **MERV 13** or as high as your system can accommodate. You may need to consult with a professional HVAC technician.

Marvin,
the MERV 13 filter

Portable Air Cleaners

Anna,
the air cleaner

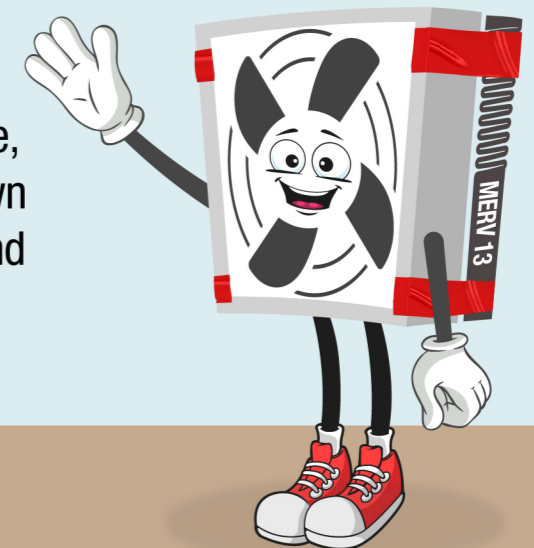

Use one that's the right size for your space and does not produce ozone.

DIY Air Cleaners

If a portable air cleaner is not available or affordable, consider building your own using a **MERV 13** filter and a box fan.

Diego,
the DIY air cleaner
