This Notice Dated: February 1, 2024

J. MARTINEZ, CITY CLERK

THE DEPARTMENT

We are the Los Angeles County, Department of Agricultural Commissioner/ Weights and Measures. One of our missions is to help protect the lives and property of Los Angeles County residents through a Hazard Abatement Program (Program) conducted pursuant to the California Health and Safety Code sections 13879 and 14875-14922*

ABOUT THIS NOTICE

You received this notice because you were identified as the owner of the parcel referenced by the AIN number on the front of this document. Your name and address were obtained as they appeared on the last equalized tax assessment roll.

Your parcel (property) was included in the Program for one of the following reasons:

- ✓ Weeds, brush or neglected vegetation are, or could grow to be, close enough to a house or other structure to pose a fire hazard to the house.
- ✓ Weeds or brush are close enough to a road to jeopardize use of the road in the event of a fire.
- ✓ Accumulated piles of rubbish, refuse, trash, litter or other flammable material, etc., is or may be on the property creating a health or fire hazard, or some other public nuisance condition.
- ✓ (Antelope Valley only) Large amounts of tumbleweeds are, or may be, on the property which can blow off and spread, cause traffic accidents on the highway, damage agricultural crops or build up along fences, homes, etc.**

WHAT ARE YOUR RESPONSIBILITIES

For your property

You are expected to maintain your property hazard free. Depending on the area, dry weeds, brush or neglected vegetation within **100 feet up to 200 feet** from a home or other structure, or 10 feet of a road, are considered a hazard. Please contact us if you are not sure how much you are expected to clear or if you have any questions. If your vacant parcel is not within 100 feet of a home or other structure, it has been included in the Program because of the potential for tumbleweeds** (Antelope Valley only) or accumulations of trash.

The Hearings

The front of this notice has dates, locations and times for public hearings. They are provided to give property owners the chance to discuss the Program and bring up any concerns directly with Program staff.

YOU ARE NOT REQUIRED TO GO TO THE PUBLIC HEARING(S), however the **Weed Abatement Referee Hearings** may be good opportunities for you to:

- Find out exactly where your vacant property is located
- Learn why your property was included in the Program
- Provide us with information to help us determine if your property should be removed from the Program.

Change of Ownership

If you are no longer the owner of the property identified in this notice, please notify the L.A. County Assessor's Office, Ownership Services, at 1(888) 807-2111 (Toll Free), (213) 974-3211, or their website <http://assessor.lacounty.gov> immediately. If you sell or have sold the property, failure to disclose this legal notice to the new owner may make you liable for all hazard abatement charges assessed to the property.

Native Trees

In many areas of the County, certain native trees like oaks, walnuts and sycamores may be protected by County or City ordinances. Please contact our office prior to cutting or pruning any of these.

Discing

The use of discing for weed abatement is prohibited within most areas of the Santa Monica Mountains. More information is available here: http://planning.lacounty.gov/assets/upl/project/coastal_adopted-LIP.pdf or by calling the Los Angeles County Department of Regional Planning at (213) 974-6453.

HAZARD ABATEMENT (CLEARANCE) TIMELINE

IMPORTANT! Don't clear your property too early. Your property may not need to be cleared at the time of receiving this notice. April 1, 2024, is the earliest the County will begin clearance operations. It could be much later in your area. The process of County inspections and abatement can take up to several months, so if you are planning to maintain your own property, let us know by using the enclosed Response Card or online at <http://acwm.lacounty.gov> no later than **March 10, 2024**. You will then be sent a clearance deadline specific to your property. For more information visit our website or call our office.

Regrowth of vegetation due to late rainfall may result in the need for more than one clearance during the year.

After **April 1, 2024**, the County will begin systematically inspecting parcels and, if hazardous weeds, brush or trash are present, the County will abate the hazard(s).** The cost of the abatement will be assessed to the parcel appearing as a separate item (LA CO HAZ ABATE) on the annual tax bill.

INSPECTION FEE

The Board of Supervisors has authorized an Inspection Fee of \$51.59, which will be assessed on all affected properties whether or not they are cleared by the property owners.
