

Consultation of stakeholders in the context of FRA's Consolidated Annual Activity Report 2023 (specific contract n. 21-3030-03/ FWC 1/ FRA / 07, implementing Framework Contract No: 21-3030-03 FWC 1)

The European Union Agency for Fundamental Rights (FRA or Agency) processes the personal data of a natural person in compliance with Regulation 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC.

This data protection notice explains FRA's policies and practices regarding its collection and use of your personal data, and sets forth your privacy rights. We recognise that information privacy is an ongoing responsibility, and we will update this notice where necessary.

1. Why do we collect personal data?

We collect personal data in order to facilitate the operations of performance monitoring, reporting, evaluation and feedback on FRA activities.

A selected number of stakeholders from within and outside FRA will be consulted to provide feedback on FRA work in 2023 through: (a) two online surveys to gather information on their satisfaction with the FRA and specific outputs and (b) semi-structured individual interviews.

The scope of the consultations will be to include a stakeholder perspective in the context of FRA's Consolidated Annual Activity Report in terms of their feedback and inputs relating to the activities and outputs delivered in 2023.

The consultations with the stakeholders will be conducted by an external evaluator (ICF S.A www.icf.com) contracted by the Agency.

2. What kind of personal data does the Agency collect?

We will collect only the following personal data necessary for the processing operations described above.

(a) General personal data:

- Personal details (name, surname).
- Contact details (email address, phone number).
- Employment details (function, work experience).
- Other:
 - In the context of the online stakeholder consultations, IP addresses, cookies, metadata or information about participants' devices might be collected by the online tools used to carry out the consultation (Qualtrics and MS Teams as indicated below).
 - In the context of the semi-structured interviews and online survey, opinions provided by the stakeholders might also be collected.

(b) Special categories of personal data:

- When interviews with stakeholders take place online, racial or ethnic origin, political opinions and/or religious or philosophical beliefs might be incidentally revealed by the video image when participants switch on their cameras.

3. How do we collect your personal data?

3a. Information you provide us

Relevant FRA's stakeholders as well as selected FRA staff members will be identified by FRA and their data (name, surname, email and telephone number) will be shared with the external evaluator in particular for the implementation of the necessary interviews.

In this regard, stakeholders will be invited to respond to the online surveys and semi-structured interviews. Responses to the interviews will not be recorded by ICF but assessed based on notes taken during **the** interview.

The responses both to the online surveys as well as to the interviews will be collected and summarized (in anonymised form) in a report by ICF, which will not contain personal data.

Participation of stakeholders in the consultation is voluntary. They can discontinue their participation at any time or refuse to answer any question without consequence of any kind and without giving a reason.

3b. Information we collect about you.

The online surveys will be managed by ICF S.A through [Qualtrics](#) online survey tool but disseminated by the FRA (to its networks or platform of stakeholders and other stakeholder contacts) and the Publications Office of the EU (to their mailing lists relevant to FRA's work) respectively. In this context, Qualtrics might collect and process some personal data (such as IP addresses, cookies, metadata or information about participants devices).

The semi-structured interviews will be conducted by ICF involving the internal and external stakeholders selected by FRA. ICF will use [Microsoft Teams](#) (MS Teams) software through which interviews can be [automatically transcribed](#). ICF has a standard MS Teams license for businesses. MS Teams hosts data in the UK and will process the data mentioned in section 2 in the context of the stakeholder consultations.

4. Who is responsible for processing your personal data?

The Agency is the legal entity for the processing of personal data and who determines the objective of this processing activity. The Head of Corporate Services Unit is responsible for this processing operation.

The external evaluator referred to above (ICF, based in Avenue Marnix 17, B-1000, Brussels – Belgium, www.icf.com) will act as FRA's data processor and will process data on behalf of FRA, as specified under section 1 above.

Moreover, third parties indicated above (Qualtrics and MS Teams) also process your personal data on behalf of FRA, acting as FRA's sub-processors. Please refer to the data protection notices indicated above.

5. Which is the legal basis for this processing operation?

Stakeholder consultation for the evaluation of FRA's activities is necessary for the performance of the tasks carried out by the Agency in the public interest to achieve its goal to regularly carry out ex ante and ex post evaluations of its activities pursuant to Article 30 (1) of the FRA Founding Regulation (Council Regulation (EC) No. 168/2007 establishing a European Union Agency for Fundamental Rights as amended by Regulation (EU) 2022/555).

Therefore, the processing is lawful under Article 5.1.(a) of the Regulation (EU) No 2018/1725

The incidental processing of special categories of personal data, such as racial or ethnic origin, political opinions or religious or philosophical beliefs when stakeholders switch their cameras during online consultations is lawful under Article 10(2)(a) of the same Regulation, as specific consent is given by the data subjects.

6. Who can see your data?

Names, surnames, function, email addresses, phone numbers of selected FRA stakeholders members, as well as selected FRA staff will be shared with the designated staff of the external evaluator ICF.

The designated staff of ICF will have access to these personal data as well as to the data collected via the online surveys and the interviews. The responses provided will only be available to and assessed by ICF. No other parties (also not FRA) will have access to the responses.

As processor, ICF and its staff are bound by specific contractual clauses for any processing operations of stakeholders' personal data on behalf of FRA, and by the confidentiality obligations deriving from Regulation (EC) 2018/1725).

7. Do we share your data with other organisations?

Personal data is processed by the Agency only. In case that we need to share your data with third parties, you will be notified to whom your personal data has been shared with.

8. Do we intend to transfer your personal data to Third Countries/International Organizations

Although ICF will store data collected for this processing activity in servers located in Microsoft datacenters within the EU, they might be accessed by ICF personnel in the United Kingdom. Therefore, any transfer of data to the UK falls under the adequacy decision for the [EU-UK adequacy decision](#) adopted by the European Commission on 28 June 2021. Moreover, as Microsoft is a US based company and it is subject to US Surveillance laws and therefore, a transfer of limited personal data cannot be completely discarded. Such transfers, if any, fall under the adequacy decision for the [EU-US Data Privacy Framework](#) adopted by the European Commission on 10 July 2023.

With respect to the online survey tool (Qualtrics) used by the contractor (ICF), ICF's agreement specifies that all survey data is stored in Germany with back up servers contained in Ireland. ICF does not make use

of Qualtrics' supplementary services which may lead to data transfers outside of the EU. Further, ICF very rarely needs to liaise with Qualtrics' customer support services but when necessary, it liaises with Qualtrics' offices in the EU which are located in Ireland, France, Germany, Spain, Italy and the Netherlands.

9. When we will start the processing operation?

We will start the processing operation at the beginning of January 2024.

10. How long do we keep your data?

ICF will keep the data until the end of the contract with FRA (i.e. **30/06/2024**). After this date, all personal data will be deleted and no longer accessible to ICF.

11. How can you control your data?

Under Regulation 2018/1725, you have rights we need to make you aware of. The rights available to you depend on our reason for processing your information. You are not required to pay any charges for exercising your rights except in cases where the requests are manifestly unfounded or excessive, in particular because of their repetitive character.

We will reply to your request without undue delay and in any event within one month of receipt of the request. That period may be extended by two further months where necessary, taking into account the complexity and number of the requests.

You can exercise your rights described below by sending an email request to planning@fra.europa.eu.

11.1. The value of your consent

Your participation in the interviews is voluntary and you can discontinue your participation at any time or refuse to answer any question without consequence of any kind and without giving a reason.

Moreover, since interviews might take place online, participants will be informed about the fact that by switching on their cameras they consent to the processing of the special categories of data mentioned in section 2 in the way indicated in this notice. At the beginning of the meeting, participants will be informed again before the start.

11.2. Your data protection rights

a. Can you access your data?

You have the right to receive information on whether we process your personal data or not, the purposes of the processing, the categories of personal data concerned, any recipients to whom the personal data have been disclosed and their storage period. Furthermore, you can have access to such data, as well as obtain copies of your data undergoing processing.

b. Can you modify your data?

You have the right to ask us to rectify your data you think is inaccurate or incomplete at any time.

c. Can you restrict us from processing your data?

You have the right to restrict the processing of your personal data. If you do, we can no longer process them, but we can still store them. In some exceptional cases, we will still be able to use them (e.g. with your consent or for legal claims). You have this right in a few different situations: when you contest the accuracy of your personal data, when the Agency no longer needs the data for completing its tasks, when the processing activity is unlawful, and finally, when you have exercised your right to object.

d. Can you delete your data?

You have the right to ask us to delete your data when the personal data are no longer necessary for the purposes for which they were collected, when you have withdrawn your consent or when the processing activity is unlawful. In certain occasions we will have to erase your data in order to comply with a legal obligation to which we are subject.

We will notify to each recipient to whom your personal data have been disclosed of any rectification or erasure of personal data or restriction of processing carried out in accordance with the above rights unless this proves impossible or involves disproportionate effort from our side.

e. Are you entitled to data portability?

Data portability is a right guaranteed under Regulation 1725/2018 and consists in the right to have your personal data transmitted to you or directly to another controller of your choice.

In this case, this does not apply for two reasons: I) in order for this right to be guaranteed, the processing should be based on automated means, however we do not base our processing on any automated means; II) this processing operation is carried out in the public interest, which is an exception to the right to data portability in the Regulation.

f. Do you have the right to object?

When the legal base of the processing is *“necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution or body”* which is the case in most of our processing operations, you have the right to object to the processing. In case you object, we have to stop the processing of your personal data, unless we demonstrate a compelling reason that can override your objection.

g. Do we do automated decision making, including profiling?

Your personal data will not be used for an automated decision-making including profiling.

12. What security measures are taken to safeguard your personal data?

The Agency has several security controls in place to protect your personal data from unauthorised access, use or disclosure. We keep your data stored on our internal servers with limited access to a specified audience only.

Organisational measures taken by FRA include a strict information security policy, control of access to electronically held information, data storage system, data management policy, training of FRA staff on data protection and confidentiality, data retention rules. The Agency's technical measures comprise physical security, cybersecurity, a strict password policy, secure disposal, pseudonymisation and encryption, internet activity monitoring. In addition, FRA obliges data processors to apply corresponding security measures.

Furthermore, ICF has implemented and will maintain appropriate administrative, technical, organizational, security and physical safeguards designed to (i) ensure the confidentiality, integrity, availability and resiliency of Personal Data; (ii) protect Personal Data against any anticipated threats or hazards to confidentiality, integrity, availability and resiliency of Personal Data; and (iii) protect against any actual or suspected unauthorized Processing, loss, disclosure, or acquisition of or access to any Personal Data or confidential information during the Agreement Term and as long as Client Personal Data is in ICF's possession or under ICF's control.

In the context of the online survey tool (Qualtrics) used by the contractor (ICF), please read the Qualtrics [security statement](#).

13. What can you do in the event of a problem?

- a) The first step is to notify the Agency by sending an email to planning@fra.europa.eu and ask us to take action.
- b) The second step, if you obtain no reply from us or if you are not satisfied with it, contact our Data Protection Officer (DPO) at dpo@fra.europa.eu.
- c) At any time you can lodge a complaint with the EDPS at <http://www.edps.europa.eu>, who will examine your request and adopt the necessary measures.

14. How do we update our data protection notice?

We keep our data protection notice under regular review to make sure it is up to date and accurate.
