

WORK SMARTSM

THE LIGHTWEIGHT CUMMINS X12 ENGINE IS NOW AVAILABLE IN THE FREIGHTLINER 114SD

114 SD X12

SEVERE DUTY

CONCRETE MIXER

114SD X12™

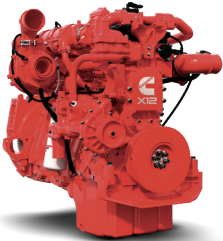

FULL POWER. LIGHT WEIGHT. ENHANCED PRODUCTIVITY.

THE FREIGHTLINER 114SD, NOW WITH THE LIGHTWEIGHT CUMMINS X12 ENGINE.

It's a fact. Lower weight means a bigger payload, and that's exactly what you'll experience with the groundbreaking combination of the lightweight Cummins™ X12 engine and the durable Freightliner® 114SD chassis. The lightest heavy-duty engine in North America, the X12 is up to 600 lbs. lighter than other medium bore products in the 10-13L space, and it was designed to increase productivity and payload. Together, the X12 and the 114SD offer a unique combination of power, efficiency, durability and comfort, as well as substantial savings over the lifetime of your vehicle.

SPECIFICATIONS

ULTRA LIGHTWEIGHT:

THE CUMMINS X12 ENGINE

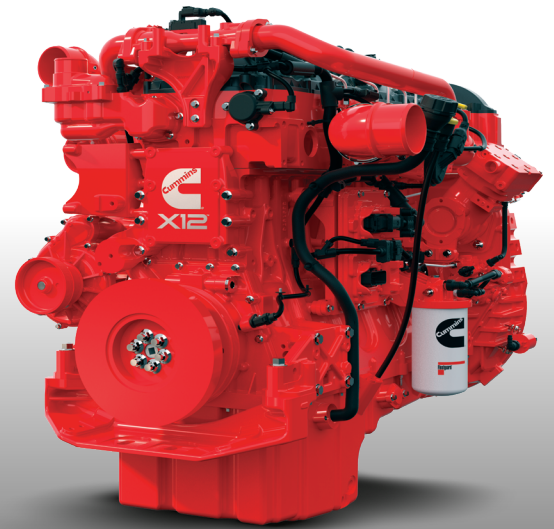

- Up to 500 HP and 1700 lb-ft of torque
- Up to 600 lbs. lighter than other medium bore products in the 10-13L space
- Low-friction design for higher MPG
- Maintenance intervals that rival the X15
- Compatible with a broad range of transmissions: fully automatic, AMT and manual

SMARTLY BUILT:

THE FREIGHTLINER 114SD CHASSIS

- 114" BBC steel-reinforced aluminum cab
- GVW up to 92,000 lbs.
- Strong, durable cab and hood
- Clear back of cab for easy upfit
- Front axle up to 22,000 lbs. available
- Rear axle up to 58,000 lbs. tandem and 69,000 lbs. tridem available
- Available as set-forward front or set-back axle
- Ergonomic wing dash

X12 Engine

The innovative build and lighter weight of the X12 (2,050 lbs. without the aftertreatment system) helps customers increase payload.

Superior Visibility

The 114SD offers an ergonomic cab designed for driver comfort and safety.

114SD Refuse Truck

With a wheel cut of up to 50 degrees, the 114SD can navigate city streets and job sites with ease.
