Questions received through registration form

- Is a draft agenda of the PSWG available (before the meeting)? When will the GAC Communiqué be available (after the meeting)?

- GDPR vs WHOIS – right now in Georgia we are preparing updated version of ccTLD regulation so where will be better to go?

- How will ICANN deal with highly regulated strings in the next application period for new gTLDs?

- How can Caribbean participants contribute more to ICANN policies?

- Internet Policy has always been an issue in Asia Pacific region, what measures are the policy development support team taking to address the issue? As most of the times surveys are set up and most of them even don`t reach or are not replied, in such condition how can we address the apartment region…
