

# Jumpstart HP ChromeOS deployments with ease

Simplicity and efficiency for Chrome Enterprise and Education customers with HP Chrome Device Solutions

HP Chrome Device Solutions help you deploy, secure and manage your ChromeOS devices seamlessly. Using ChromeOS upgrades and Zero-Touch Enrollment<sup>1,2</sup>, we'll streamline the roll out of your HP Chromebooks with pre-provisioned devices ready to use before they ship.

## NO IT INTERVENTION REQUIRED

HP pre-provisions your HP ChromeOS devices, so they are automatically enrolled into your domain.

## READY OUT OF BOX

User receives HP Chrome OS devices and they simply power up the device, connect to Wi-Fi, login, and get to work.<sup>1</sup>

## DESIGNED WITH SECURITY IN MIND

Keep your devices secure with zero-touch enrollment (ZTE), enforcing device login only to the correct domain and ensuring only authorized users can enroll the device.

## ADVANCED DEVICE MANAGEMENT CAPABILITIES<sup>3</sup>

Unlock additional ChromeOS features including enhanced security controls, reporting capabilities, or integration with enterprise systems with a Chrome Education or Enterprise Upgrade

# Save time and money, while enhancing simplicity, productivity and security

## Zero-Touch Enrollment<sup>1,2</sup>

### Scale your Chrome enrollment with ZTE

Save time and money by deploying HP ChromeOS devices at scale with ZTE.

### Get right to work

Give end users the start they deserve with ZTE so they can get straight to work, right out the box.

### Get the best of HP Services with HP Chromebooks

Combine the ease and simplicity of ZTE with durable, affordable HP Chromebooks that work for education, the office, and everyday productivity, from anywhere.<sup>2</sup>

### Stay secure with ZTE

ZTE ensures a pre-provisioned device can enroll into the specific domain.

## Chrome Enterprise or Education Upgrade (CEU)<sup>3</sup>

### Enhanced security

Utilize functions such as remote wipe, device disablement, sign-in restrictions, and single sign-on

### Enable device and user controls

Configure specific settings for each ChromeOS device and user profile and deploy updates on your schedule

### Cloud management

Manage devices remotely and use the improved reporting options and metrics to ensure devices are running as expected

### 24/7 support from Google

Free 24/7 IT admin support

1. Zero-touch enrollment (ZTE) is available on select ChromeOS devices only. Please speak to your HP Representative for further details. HP Chrome Device Management requires a Chrome Enterprise or Chrome Education Upgrade license. Zero-touch enrollment (ZTE) is not available in all locations. Please speak to your HP Representative for further details on availability. HP Services are governed by the applicable HP terms and conditions of service provided or indicated to customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

2. Requires a Google Admin Console (GAC) to be setup prior to the pre-provisioning process using ZTE.

3. Takes place within the Google Admin Console (GAC).
