**POST-2015 INTERGOVERNMENTAL NEGOTIATIONS
New York, 27-31 July 2015**

**Department of Strategic Affairs
Permanent Mission of Ecuador to the United Nations**

Ecuador proposals of concrete amendments (in format bold and color blue) to the Follow-up and Review of the outcome document for the UN Summit to adopt the Post-2015 Development Agenda: Draft for Adoption - "Transforming our world: the 2030 Agenda for sustainable development".

Follow-up and review

We support paragraphs 49 and 50.

68. *We commit to engage in systematic follow-up and review of implementation of this Agenda over the next fifteen years. A robust, effective, participatory, **predictable, regular,** transparent and integrated follow-up and review framework will make a vital contribution to implementation and will help countries to maximize and track progress in implementing this Agenda.*
- 70.a *They will be voluntary and ~~country-owned~~ **state-led**, will take into account different national realities, capacities and levels of development and will respect national policies and priorities. As national ownership is key to achieving sustainable development, outcomes from national-level processes will be the foundation for reviews at regional and global levels.*

We fully support 70 e.

- 70.e *They will be gender-sensitive, respect **and promote** human rights and have a particular focus on the poorest, most vulnerable and marginalized groups and those furthest behind.*
70. h *They will require capacity-building support for developing countries, including the strengthening of national data systems, particularly in African countries, LDCs, SIDS **and** LLDCs **and MICS**.*
72. *We will support developing countries, particularly African countries, LDCs, SIDS **and** LLDCs **and MICS**, in strengthening the capacity of national statistical offices and data systems to ensure access to high-quality, timely, reliable and disaggregated data. We will promote transparent and accountable scaling-up of appropriate public-private cooperation to exploit the contribution to be made by a wide range of data, including geo-spatial information, while ensuring national ownership in supporting and tracking progress.*
75. *We also encourage member states to conduct regular reviews of progress at the national and sub-national levels which are country-owned and country-driven. Such reviews should draw on contributions from civil society **including indigenous peoples**, the private sector*
