*Action Item

IAC Meeting 05/09/2024

Item 2.A. April 11, 2024 IAC Meeting Minutes

Motion:

To approve the draft April 11, 2024 IAC Meeting Minutes, as presented.

DRAFT Meeting Minutes – April 11, 2024

Call to Order:

Chair Edward Kasemeyer called the video-conference meeting of the Interagency Commission on School Construction to order at 9:00 a.m.

Members in Attendance:

Edward Kasemeyer, Appointee of the President of the Senate, Chair
Linda Eberhart, Appointee of the Speaker of the House, Vice-chair
Courtney League as Designee for Secretary Atif Chaudhry, Maryland Department of General Services
Michael Darenberg, Appointee of the Governor
Brian Gibbons, Appointee of the Speaker of the House
Gloria Lawlah, Appointee of the President of the Senate
Jill Lemke as Designee for Secretary Rebecca Flora, Maryland Department of Planning
Dr. Carey M. Wright, Interim State Superintendent of Schools

Members Not in Attendance:

None.

Revisions to the Agenda:

None.

Public Comment:

There was no public comment.

IAC Correspondence:

None.

1. Executive Director's Report – [Informational Only]

Executive Director Alex Donahue gave a report on two items. His first item detailed information regarding the 2024 Legislative session that was coming to a close. Executive Director Donahue informed the IAC that a number of bills are on Governor Moore's Desk for signature, and IAC staff was awaiting confirmation of their contents upon their enrollment and signature by the Governor. Executive Director Donahue also provided an update regarding the continuing discussions with Worcester County regarding the Buckingham Elementary project. He stated that IAC staff shared four scenarios that they believe could address urgent needs in Worcester County and obtain IAC funding participation, and that IAC staff is continuing to discuss the possibilities with the LEA.

2. Consent Agenda – [Motion Carried]

Upon a motion by Mr. Gibbons, seconded by Ms. Lemke, the IAC voted unanimously to approve the consent agenda. Ms. Lawlah was absent.

a. December 14, 2023 Meeting Minutes

To approve the draft March 14, 2024 IAC Meeting Minutes, as presented.

b. Contract Awards

To approve contract procurement as presented.

c. Easement

To approve the conveyance of the easement as presented.

3. Healthy School Facility Fund Administrative Procedures Guide and FY 2025 Application Schedule – [Motion Carried]

Deputy Director Cassandra Viscarra presented the proposed changes to the Healthy Schools Facility Fund (HSFF) Administrative Procedures Guide (APG) and the application schedule for the program for Fiscal Year 2025. Ms. Viscarra also noted that the primary changes to the HSFF APG were technical and are designed to clarify the use of the IAC's new Business Management System platform for application purposes.

Upon a motion by Ms. Lemke, seconded by Mr. League, the IAC voted unanimously to approve the FY 2025 Healthy School Facility Fund (HSFF) Administrative Procedures Guide (APG) as shown in the presented draft document and to authorize IAC staff to solicit applications from LEAs and the Maryland School for the Blind for projects that will improve the health of school facilities and to evaluate project requests based on a competitive application process. IAC staff are authorized to make non-substantive edits as necessary. Ms. Lawlah was absent for this vote.

4. Aging Schools Program Administrative Procedures Guide and FY 2025 Application Schedule– [Motion Carried]

Deputy Director Cassandra Viscarra presented the proposed changes to the Aging Schools Program (ASP) APG and the application schedule for the program for Fiscal Year 2025. She noted that changes to the ASP APG were similar to the changes in the HSFF APG and included minor formatting changes and edits to COMAR references.

Chair Kasemeyer clarified that the amount of money in total in the program has not changed over the years, which Ms. Viscarra confirmed. Mr. Darenberg asked why authority to approve projects under the program is delegated to IAC staff, as opposed to projects being brought to the IAC for approval. Ms. Viscarra stated that there are two programs for which the IAC has historically delegated approval authority to staff, because the LEA level allocations are pre-determined and approved by the IAC, so staff authority for approval extends only to confirming project eligibility rather than to approving funding.

Upon a motion by Vice-chair Eberhart, seconded by Mr. Gibbons, the IAC voted unanimously to;

1. Approve the Aging Schools Program (ASP) Administrative Procedures Guide, and to authorize IAC staff to make non substantive edits as needed;
2. To open the FY 2025 ASP application period and direct staff to solicit ASP projects from LEAs with a maximum total allocation of \$6,109,000 in accordance with, and contingent upon passage of, the FY 2025 State budget; and,
3. To delegate authority to approve eligible projects within each total LEA allocation to IAC staff and Designees, with a report of project allocations submitted to the IAC periodically at regularly scheduled meetings.

Ms. Lawlah was absent for this vote.

5. Maximum State Allocation Increase and Award of Reserve Funds – Washington County Public Schools – Williamsport High School (PSC 21.031) Electrical Replacement Project – [Motion Carried]

Capital Projects Manager Lisa Vaughn presented a request for a Maximum State Allocation increase and award of reserve funds for the Washington County Public Schools (WCPS) Williamsport High School electrical replacement project. Ms. Vaughn informed the IAC that WCPS indicated that the bids received by the LEA were higher than anticipated, and that market increases largely affected the budget of this project.

Upon a motion by Mr. Darenberg, seconded by Vice-chair Eberhart, the IAC voted unanimously to increase the Maximum State Allocation for the Washington County Williamsport High School (PSC 21.031) Electrical Distribution Replacement project from \$377,000 to \$592,500 in accordance with COMAR 14.39.02.07 and to transfer \$215,500 from the LEA's reserve funds to the FY 2023 Capital Improvement Program (CIP) project. Ms. Lawlah was absent for this vote.

6. Gross Area Baseline Variance – Calvert County Public Schools – Northern Middle School (PSC 04.006) Replacement Project – [Motion Carried]

Ms. Vaughn also presented the request for a Gross Area Baseline (GAB) adjustment for Calvert County Public Schools (CCPS) for the Northern Middle School Replacement project. Ms. Vaughn indicated that IAC Staff supported the request for additional square footage due to middle schools utilizing a team-based structure for education, the lower number of students attending the school resulting in a lower than typical utilization rate, and classrooms which require equipment that is needed at all middle schools regardless of size.

Mr. Darenberg inquired as to whether or not this was a specialty middle school, or if the facility just required standard equipment for particular 'specials' such as art, music, etc. Ms. Vaughn informed the IAC that this was not a specialty middle school and that the equipment is typically needed for these particular subjects in middle schools. Executive Director Donahue added that while GABs are built on more of a traditional education approach, similar to high schools, some middle schools observe more of a team-based approach similar to that of elementary schools which requires more space and reduces full utilization of all spaces.

Upon a motion by Mr. Darenberg, seconded by Mr. League, the IAC voted unanimously to approve a Gross Area Baseline (GAB) variance for an additional 3,857 gross square feet (GSF) at Calvert County's Northern Middle School (PSC 04.006) which increases the eligible building area from 101,219 to 105,076 GSF based upon an eligible enrollment of 692 students.

7. Built to Learn Funding Request – Calvert County Public Schools – Northern Middle School (PSC 04.006) Replacement Project – [Motion Carried]

Funding Programs Assistant Deterrion Sims presented the request from CCPS asking that all \$13.5 million of the Built to Learn (BTL) allocation for CCPS be applied to the Northern Middle School Replacement project. Ms. Sims also indicated that staff was also recommending the Northern Middle Replacement Project for funding under the Capital Improvement Program (CIP) for FY 2025 during the May 9, 2024 IAC Meeting.

Chair Kasemeyer asked how this project came to be requested by the LEA, to which Ms. Sims indicated that the LEA had previously wanted to fund another project, but that this project was more pressing to CCPS. Executive Director Donahue added that the Built to Learn Program is a multi-year

program in which each LEA receives a total earmarked amount which they could choose to put toward a number of projects. Some LEAs have requested approval to spend all of this money already, however, others, such as CCPS, have not yet used all funds. IAC Staff has been working with these LEAs to use this remaining funding to fund the most pressing projects.

Upon a motion by Ms. Lemke, seconded by Vice-chair Eberhart, the IAC voted unanimously to approve Calvert County Public Schools' (CCPS) request for Built to Learn (BTL) construction funding for the Northern Middle School replacement project totaling \$13,566,212.

8. Gross Area Baseline Variance – Garrett County Public Schools – Broad Ford Elementary/Southern Middle School (PSC 11.008) – [Motion Carried]

Lead Capital Projects Manager Eugene Shanholtz presented the request for a GAB variance from Garrett County Public Schools (GCPS) for their Southern Middle School/Broad Ford Elementary School project. Mr. Shanholtz indicated that the two schools are located on the same plot of land, and the requested project proposes to demolish the current elementary building and modify the current middle school to be a PreK-6 facility. Modifications to decrease the size of these spaces would be cost prohibitive. Additionally, GCPS has established an alternative education program, the Students Taking Active Responsibility for Success (STARS) which will be housed in the renovated building. This square footage allocation for alternative education is not accounted for in existing GAB methodology.

Upon a motion by Dr. Wright, seconded by Mr. League, the IAC voted unanimously to approve a Gross Area Baseline (GAB) variance for an additional 5,527 gross square feet (GSF) at Garrett County's Broad Ford Elementary/Southern Middle School (PSC 11.008) renovation and addition project. This increases the eligible building area from 100,661 to 106,188 gross square feet based upon an eligible enrollment of 774 students.

9. Built to Learn Funding Request – Garrett County Public Schools – Broad Ford Elementary/Southern Middle School (PSC 11.008) – [Motion Carried]

Ms. Sims presented the request from GCPS asking that all \$3.1 million of their Built to Learn (BTL) allocation be applied to the Southern Middle School/Broad Ford Elementary project. Ms. Sims also indicated that staff will likely recommend the project for funding under the CIP for FY 2025 during the May 9, 2024 IAC Meeting.

Upon a motion by Mr. League, seconded by Mr. Gibbons, the IAC voted unanimously to approve Garrett County Public Schools' (GCPS) request for Built to Learn (BTL) construction funding for the Broad Ford Elementary/Southern Middle School renovation and addition project totaling \$3,162,862.

10. Built to Learn Funding Request – Talbot County Public Schools – Chapel District Elementary School (PSC 20.006) Renovation/Addition Project – [Motion Carried]

Funding Programs and Finance Assistant Tatyana Tate presented the request from Talbot County Public Schools (TCPS) that the entirety of their BTL funding, totalling approximately \$3.8 million, be applied to the Chapel District Elementary School Renovation/Addition project. Ms. Tate also indicated that staff will likely recommend additional funding through the CIP for FY 2025 during the May 9, 2024 IAC Meeting.

Upon a motion by Dr. Wright, seconded by Ms. Lemke, the IAC voted unanimously to approve Talbot County Public Schools' (TCPS) request for Built to Learn (BTL) construction funding for the Chapel District Elementary School (PSC 20.006) renovation/addition project totaling \$3,878,801.

11. FY 2024 Healthy Schools Facility Fund Realignment and Reversion Request – Carroll County Public Schools – [Motion Carried]

Ms. Sims presented a request from Carroll County Public Schools to rescind the \$2,240,000 FY 2024 HSFF award for the window replacement project at Westminster High School, and to reallocate this funding to two other projects. Ms. Sims also notes that since the HSFF program is a competitive grant program, that the remaining money not being reallocated to other projects is recommended by IAC Staff to be reverted back to the HSFF Reserve Account for reallocation at a future date.

Upon a motion by Mr. Darenberg, seconded by Mr. League, the IAC voted unanimously to

1. Cancel the FY 2024 Healthy School Facility Fund (HSFF) Carroll County Public Schools (CCPS) Westminster High School Window project, totaling \$2,240,000, and to;
2. Reallocate \$1,435,000 to the FY 2023 HSFF Oklahoma Road Middle School HVAC project;
3. Reallocate \$211,996 to the FY 2023 HSFF North Carroll Middle School Roof Replacement project; and
4. Rescind the remaining \$593,004 to the Statewide Healthy School Facility reserve fund for reallocation.

12. Disposal of State-Owned Relocatable Unit #533-08 and Funding for Demolition – St. Mary's County Public Schools – [Motion Carried]

Mr. Shanholtz presented the request for approval of the disposal of state owned relocatable #533-08, currently in the possession of St. Mary's County, and to provide partial funding contingent with the State Cost Share totalling \$30,333 to dispose of the unit. Mr. Shanholtz indicated that the LEA had the unit inspected, and given the extensive repairs required, the most affordable course of action is demolition. Additionally, since the unit was built initially in January of 1987, the unit is well past its expected useful life.

Mr. Darenberg expressed concern over the cost of disposal, indicating that he remembered a past disposal of a relocatable being significantly less. Mr. Shanholtz indicated that the higher cost was largely due to the presence of asbestos-containing material, which has to be disposed of in a particular way to prevent hazards to both workers and those around the site of demolition. Mr. Darenberg also inquired about how many units were currently left in the state, and Executive Director Donahue informed the IAC that the state inventory is currently around 100 units, and that the average age is quite high, with the cost to demolish being significantly less than repurposing the units or repairing them. Ms. Lemke inquired as to what the average expected useful life is for a relocatable unit, to which Executive Director Donahue indicated that the IAC's guideline is 15 years for a relocatable unit and 20 years for a modular unit.

Upon a motion by Dr. Wright, seconded by Mr. Gibbons, the IAC heard the motion to;

1. Approve the disposal of State-Owned Relocatable Unit #533-08 stationed at the Department of Supporting Services Campus behind Benjamin Banneker Elementary School in St. Mary's County Public Schools (SMCPS) for the purposes of demolition; and,
2. To, upon approval of the disposal of the unit by the Department of General Services (DGS), provide demolition funding totalling \$30,333 from the Statewide Relocatable Repair Fund, a subset of the Statewide reserves.

The motion was passed, with all members voting in the affirmative except Mr. Darenberg, who voted in the negative.

Announcements:

None.

Adjournment:

Upon a motion by Mr. Darenberg, seconded by Vice-chair Eberhart, the IAC voted unanimously to adjourn the meeting at 9:45 am.

DRAFT

Item 2.B Contract Awards

Motion:

To approve the contract procurements, as presented.

**Baltimore City Public School
Request for Fee Proposal
Architectural Design Consultant Services
Restroom Renovations Design at Edgecombe Circle Building #62
Contract RFP-20007
Solicitation IFB-24086**

**Company Name: Grimm + Parker Architecture, Inc.
Due Date: Wednesday, February 28, 2024, by 11:00 a.m.**

Baltimore City Public Schools is requesting an on-call architectural consultant to submit a fee proposal for Restroom Renovations Design at the Edgecombe Circle Building #62.

Fee Proposal shall be delivered via e-mail to Mr. Stuart Feldman at safeldman@bcps.k12.md.us.

Scope of Work:

City Schools is asking selected on-call architectural consulting firm to submit a fee proposal for Restroom Renovations Design at the Edgecombe Circle Building #62, under existing Contract RFP-20007. The scope and requirements of this proposal are outlined in the following pages.

Total Lump Sum Price = \$ ninety-nine thousand four hundred and twenty-eight dollars and zero cents (\$ 99,428.00)

Note: Attached MBE form for project shall be returned to City Schools together with fee proposal on a due date for review by the Minority Office on compliance with contract requirements.

For any additional information related to this request, please contact Ms. Cynthia Smith at csmith03@bcps.k12.md.us or call (410) 361-9212.

The City Schools design project manager for this project will be Rasheed Ragin. Please contact him at rjragin@bcps.k12.md.us for existing building information or to set up site visits.

AIA Document B105[®] – 2017

Standard Short Form of Agreement Between Owner and Architect

AGREEMENT made as of the _____ day of _____ in the year Two Thousand Twenty Three
(In words, indicate day, month and year.)

BETWEEN the Owner:
(Name, legal status, address and other information)

**Dorchester County Public Schools
Dorchester County Board of Education
700 Glasgow Street
Cambridge, MD 21613**

and the Architect:
(Name, legal status, address and other information)

**Crabtree, Rohrbaugh & Associates
401 E. Winding Hill Road (Corporate Headquarters)
Mechanicsburg, PA 17055**

for the following Project:
(Name, location and detailed description)

Architectural / Engineering services for the design and construction administration and closeout of the secured vestibule projects at Choptank Elementary School, Sandy Hill Elementary School and Maple Elementary School.

CRA Project No. 3657

The Owner and Architect agree as follows.

ADDITIONS AND DELETIONS:
The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

ARTICLE 1 ARCHITECT'S RESPONSIBILITIES

The Architect shall provide architectural services for the Project as described in this Agreement. The Architect shall perform its services consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project. The Architect shall assist the Owner in determining consulting services required for the Project. The Architect's services include the following consulting services, if any:

Architectural design and construction administration services as outlined in the Architect's Proposal and Architect's Fee Proposal dated April 13, 2023.

During the Design Phase, the Architect shall review the Owner's scope of work, budget and schedule and reach an understanding with the Owner of the Project requirements. Based on the approved Project requirements, the Architect shall develop a design, which shall be set forth in drawings and other documents appropriate for the Project. Upon the Owner's approval of the design, the Architect shall prepare Construction Documents indicating requirements for construction of the Project and shall coordinate its services with any consulting services the Owner provides. The Architect shall assist the Owner in filing documents required for the approval of governmental authorities, in obtaining bids or proposals, and in awarding contracts for construction.

During the Construction Phase, the Architect shall act as the Owner's representative and provide administration of the Contract between the Owner and Contractor. The extent of the Architect's authority and responsibility during construction is described in AIA Document A101™-2017, Standard Form of Agreement Between Owner and Contractor. If the Owner and Contractor modify AIA Document A101-2017, those modifications shall not affect the Architect's services under this Agreement, unless the Owner and Architect amend this Agreement.

ARTICLE 2 OWNER'S RESPONSIBILITIES

The Owner shall provide full information about the objectives, schedule, constraints and existing conditions of the Project, and shall establish a budget that includes reasonable contingencies and meets the Project requirements. The Owner shall provide decisions and furnish required information as expeditiously as necessary for the orderly progress of the Project. The Architect shall be entitled to rely on the accuracy and completeness of the Owner's information. The Owner shall furnish consulting services not provided by the Architect, but required for the Project, such as surveying, which shall include property boundaries, topography, utilities, and wetlands information; geotechnical engineering; and environmental testing services. The Owner shall employ a Contractor, experienced in the type of Project to be constructed, to perform the construction Work and to provide price information.

ARTICLE 3 USE OF DOCUMENTS

Drawings, specifications and other documents prepared by the Architect are the Architect's Instruments of Service, and are for the Owner's use solely with respect to constructing the Project. The Architect shall retain all common law, statutory and other reserved rights, including the copyright. Upon completion of the construction of the Project, provided that the Owner substantially performs its obligations under this Agreement, the Architect grants to the Owner a license to use the Architect's Instruments of Service as a reference for maintaining, altering and adding to the Project. The Owner agrees to indemnify the Architect from all costs and expenses related to claims arising from the Owner's use of the Instruments of Service without retaining the Architect. When transmitting copyright-protected information for use on the Project, the transmitting party represents that it is either the copyright owner of the information, or has permission from the copyright owner to transmit the information for its use on the Project.

ARTICLE 4 TERMINATION, SUSPENSION OR ABANDONMENT

In the event of termination, suspension or abandonment of the Project by the Owner, the Architect shall be compensated for services performed. The Owner's failure to make payments in accordance with this Agreement shall be considered substantial nonperformance and sufficient cause for the Architect to suspend or terminate services. Either the Architect or the Owner may terminate this Agreement after giving no less than seven days' written notice if the Project is suspended for more than 90 days, or if the other party substantially fails to perform in accordance with the terms of this Agreement..

ARTICLE 5 MISCELLANEOUS PROVISIONS

This Agreement shall be governed by the law of the place where the Project is located. Neither party to this Agreement shall assign the contract as a whole without written consent of the other.

Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or the Architect.

The Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

ARTICLE 6 PAYMENTS AND COMPENSATION TO THE ARCHITECT

The Architect's Compensation shall be:

A lump sum fee of \$64,775.00 broken down as follows:

Choptank Elementary	
CRA Design & Construction Administration	\$16,225.00
Alban HVAC /Electrical Design and Construction Phase services	\$ 4,000.00
Total Not-to-Exceed Fee:	\$20,225.00
Sandy Hill Elementary	
CRA Design & Construction Administration	\$15,275.00
Alban HVAC /Electrical Design and Construction Phase services	\$ 7,000.00
Total Not-to-Exceed Fee:	\$22,275.00
Maple Elementary	
CRA Design & Construction Administration	\$15,275.00
Alban HVAC /Electrical Design and Construction Phase services	\$ 7,000.00
Total Not-to-Exceed Fee:	\$22,275.00
TOTAL Not-to-Exceed Fee:	\$64,775.00

The above fee does not include fees for plumbing, structural or civil engineering services. Should these be necessary, we would like to request an allowance of \$2,500 to be held for these services. If this allowance is not used, it will remain with the Owner.

The Owner shall pay the Architect an initial payment of Zero Dollars (\$ 0.00) as a minimum payment under this Agreement. The initial payment shall be credited to the final invoice.

The Owner shall reimburse the Architect for expenses incurred in the interest of the Project, plus twenty percent (20 %) . Reimbursable expenses include:

- 1) Fees associated with third-party review and permitting processes;
- 2) Copies of project documents and drawings and State and local agency printing of documents and drawings;
- 3) Postage charges for project-related items; and
- 4) Costs associated with additional detailed professional renderings beyond Design Phase needs.

Payments are due and payable upon receipt of the Architect's monthly invoice. Amounts unpaid forty five (45) days after the invoice date shall bear interest from the date payment is due at the rate of ten percent (10 %) per annum , or in the absence thereof, at the legal rate prevailing at the principal place of business of the Architect.

At the request of the Owner, the Architect shall provide additional services not included in Article 1 for additional compensation. Such additional services may include, but not be limited to, providing or coordinating services of consultants not identified in Article 1; revisions due to changes in the Project scope, quality or budget, or due to Owner-requested changes in the approved design; evaluating changes in the Work and Contractors' requests for substitutions of materials or systems; providing services necessitated by the Contractor's failure to perform; and the

User Notes:

extension of the Architect's Article I services beyond Eighteen (18) months of the date of this Agreement through no fault of the Architect.

ARTICLE 7 OTHER PROVISIONS

(Insert descriptions of other services and modifications to the terms of this Agreement.)

Insurance

The Architect shall maintain the following insurance until substantial completion of the Project established in the Project Schedule approved by the Owner:

- .1 Commercial General Liability with policy limits of not less than Two Million Dollars (\$ 2,000,000) for each occurrence and Four Million Dollars (\$ 4,000,000) in the aggregate for bodily injury and property damage.
- .2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Architect with policy limits of not less than One Million Dollars (\$ 1,000,000) per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.
- .3 The Architect may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.5.1 and 2.5.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying Insurers.
- .4 Workers' Compensation at statutory limits.
- .5 Employers' Liability with policy limits not less than One Million Dollars (\$ 1,000,000) each accident, One Million Dollars (\$ 1,000,000) each employee, and One Million Dollars (\$ 1,000,000) policy limit.
- .6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services with policy limits of not less than Four Million Dollars (\$ 4,000,000) per claim and Eight Million Dollars (\$ 8,000,000) in the aggregate.
- .7 Additional Insured Obligations. To the fullest extent permitted by law, the Architect shall cause the primary and excess or umbrella policies for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Architect's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations.

Documents incorporated as part of this Agreement:

- 1. Architect's Fee Proposal dated April 13, 2023.

ARTICLE 7 SUPPLEMENTARY GENERAL CONDITIONS

These Supplementary General Conditions shall take precedence over any other term(s) in the Contract, including all of its Addenda, Attachments and any subsequent Change Orders (collectively "the Contract") dated entered into between the Board of Education for Dorchester County, as Owner, and Crabtree, Rohrbaugh & Associates as design professional ("Designer"). In the event of any discrepancy or conflict between the terms of these Supplementary General Conditions and any term(s) of the Contract, the terms of these Supplementary General Conditions shall take precedence and shall govern.

1.0 DISPUTES

 User Notes: (1766144086)

Any disputes between parties to the Contract which do not reach amicable settlement shall be tried exclusively in State Civil Court in Dorchester County, Maryland. The parties waive any right to trial by jury in any civil case. The Designer shall carry on the work and maintain the Progress Schedule, during any disputes, unless otherwise directed by the Owner.

2.0 DESIGN ERRORS AND/OR OMISSIONS

(a) The Owner shall not be responsible to pay, and the DESIGNER shall not be entitled to receive, any compensation for services which are required as a result of the errors, omissions or negligence of the DESIGNER or its consultants, or as a result of the DESIGNER's willful misconduct or failure to perform in accordance with the terms of this Agreement. Moreover, the DESIGNER will be responsible, at no cost to the Owner, for correcting documents exhibiting design errors or omissions.

(b) The DESIGNER'S liability for errors, omissions or negligence with regard to payment or fees which may otherwise be due under the terms of this Agreement in the event the Owner sustains any costs, expenses or other damages as result of the errors, omissions or negligence of the DESIGNER or its consultants, or as a result of the DESIGNER's negligence, malpractice, errors and/or omissions or failure to perform in accordance with the terms of this Agreement shall be determined by the Agreement's Dispute Resolution procedures.

(c) With regard to construction costs incurred by Owner to correct DESIGNER's errors, DESIGNER will be responsible for all resulting costs except for those which the Owner would have incurred had there been no errors.

This Agreement entered into as of the day and year first written above.

3/19/24

IAC Meeting 05/09/2024

Item 2.C Project Allocation Reversion

Motion:

To revise the contract approval for St. Mary's County Public Schools' Town Creek Elementary School (PSC 18.014) HVAC Project, approved by the IAC on October 13, 2022, to revert \$464,640 to the reserve account for St. Mary's County

Background Information:

The IAC approved a contract award totalling \$3,392,000 between St. Mary's County Public Schools (SMCPS) and Paramount Mechanical Corporation, which left an award balance of \$464,640. The contract approval included \$1,424,640 of local funds and \$1,967,360 of State funds.

SMCPS requests that the contract award be amended to revert the remaining project award of \$464,640 to the LEA's reserve account.

Item 2.D Cancellation of Contract Award - Baltimore City Public Schools- Maree G. Farring Elementary/Middle School Annex (PSC 30.286) Renovation/Addition Project

Motion:

To approve the cancellation of the contract awarded to Plano-Coudon, LLC for construction funding for the Baltimore City Public Schools Maree G. Farring Elementary/Middle School Annex (PSC 30.286) Renovation/Addition project.

Background Information:

On July 13, 2023 the IAC approved a contract between Baltimore City Public Schools (City Schools) and Plano-Coudon, LLC in the amount of \$18,809,000 for construction of the Renovation/Addition project at Maree G. Farring Elementary/Middle School Annex (PSC 30.286).

On February 20, 2024, City Schools requested to rescind FY 2023 Capital Improvement Program (CIP) funding and amend the FY 2024 CIP to resubmit the project. This request was approved by the IAC at their March 14, 2024 meeting. However, the approved item did not contain a motion to cancel the existing contract that the IAC had awarded at the July 13, 2023 IAC meeting. Cancellation of the contract is required in order to perform the rescission of FY 2023 funding and reallocation of FY 2024 funding approved by the IAC.

IAC staff anticipate recommending approval of the contract on the FY 2024 CIP project at the June 13, 2024 IAC meeting.

IAC staff recommend approval of this correction.

Item 3. FY 2025 Capital Improvement Program 100% Recommendations

Motion:

1. To approve the Fiscal Year 2025 Capital Improvement Program as presented in the total amount of \$363.3 million including \$358.8 million for allocation to funding requests, \$500,000 for Department of General Services (DGS) design consultant fees, and reserving \$3.9 million in new authorization for design/planning services and unanticipated project costs; and,
2. To authorize the IAC staff to make minor adjustments to allocations based on calculation of the project's Maximum State Allocation amount to avoid the over-or under-funding of a project.

Background Information:

FY 2025 Public School Construction Capital Improvement Program (CIP)

In compliance with Education Article §5-304(b)(5), Annotated Code of Maryland; "on or after May 1 every year, the Interagency Commission shall approve 100% of the school construction allocation included in the capital budget bill as enacted."

The available funding for the FY 2025 CIP consists of \$313.891 million in preliminary new authorization in accordance with the Maryland Consolidated Capital Bond Loan (MCCBL) of 2024, \$40 million in Supplemental Enrollment Growth and Relocatable Classroom (EGRC) funds, \$25.917 million in prior year EGRC funds for Fiscal Years 2016, 2023, 2024, and \$9.172 million in LEA reserve funds.

Requests for the FY 2025 CIP were submitted by 24 Local Education Agencies (LEAs) and the Maryland School for the Blind totaling \$997 million for 270 projects, as well as requests for planning approval. See Table 1.

Table 1: Planning and Funding Requests

Project Type	Local Planning (LP)*	Funding	Total	Amount Requested	% of Amount Requested
Major Projects	23	32	55	\$485,611,370	48.69%
PreK/Kindergarten	7	5	12	\$12,671,000	1.27%
Systemic Projects	0	111	111	\$337,941,129	33.88%
Design/Planning Services	0	122	122	\$161,211,022	16.16%
Total	30	270	300	\$997,434,521	100%

* LP requests receiving a status of "B" have been found to be eligible for State participation but, in light of future State funding levels as currently projected and project allocations previously granted by the IAC, new LP approvals for FY 2025 are restricted. Projects with B status may request LP and construction funding at the same time in the FY 2026 CIP.

The following sources of funding are available for allocation:

Table 2: Sources of Funding Available for Allocation

Funding Source	Amount
FY 2025 CIP Public School Construction Program (MCCBL 2024)	\$313,891,000
LEA Reserve Funds (including Energy Efficiency Initiative funds)	\$9,172,719
Supplemental Capital Grant Program for Local School Systems with Significant Enrollment Growth or Relocatable Classrooms (EGRC)	\$40,000,000
Prior Year Supplemental Capital Grant Program for Local School Systems with EGRC (Bond funds)	\$25,917,575
Total	\$388,981,294

The IAC staff recommendations provide funding for \$358.881 million (36%) of the \$997 million requested that includes funding for 123 projects and planning approval for 4 projects:

Table 3: IAC Staff Planning, Design Services, and Funding Recommendations

Project Type	Local Planning	Funding	Total	Amount Recommended by Staff	% of Total Allocation
Major Projects	4	22	26	\$199,839,836	55.71%
Systemic Projects	0	46	46	\$117,421,405	32.72%
PreK/Kindergarten	0	1	1	\$1,165,398	0.33%
Design/Planning Services	0	54	54	\$40,455,080	11.24%
Total	4	123	127	\$358,881,719	100%

This year’s CIP is different from many past years’ CIPs in that the number of Local Planning (LP) approvals that can be granted while staying within the bounds of projected future-year appropriations is very small. This is due to the large number of projects that the IAC approved during the past two years under the Built to Learn (BTL) and CIP programs, which will draw down approximately \$500 million in expected State appropriations over the coming years.

100% Recommendation Project Details of Note:

1. IAC staff’s recommendation of funding for the Anne Arundel County Public Schools Priority #8 Glen Burnie High (PSC 02.020) Roof - Phase 3 project is contingent upon approval of Item 4 in this agenda.
2. Baltimore County Public Schools’:
 - Priority #1 New Northeast Area High School (PSC 03.225) project status changed from a “C” (Deferred due to outstanding issues) to an “A”, and funding for early planning activities is recommended.
 - Priority #6 New Northwest Area Career & Technical Education Center (PSC 30.227) project status changed from a “C” (Deferred due to outstanding issues) to an “A”, and funding for early planning activities is recommended.
3. Calvert County Public Schools’ Northern Middle School (PSC 04.006) Replacement project recommended funding has been reduced, per the Calvert County Board of Education request to fully fund the Northern High School (PSC 04.005) Air Handling Units project. The existing Northern Middle School boiler currently serves the Mary Harrison Center wing of Northern High School. Demolition of the existing boiler will leave the Mary Harrison Center wing of Northern High School without heat. As such, the project at Northern High School needs to move forward in order to not create a disruption in climate control in the colder months within this section of Northern High School.
4. Carroll County Public Schools’ project statuses changed from a “B” (Deferred due to fiscal constraints) to an “A” to fund design services for:

- Priority #10 Cranberry Station Elementary (PSC 06.046) PreK/Kindergarten Addition.
 - Priority #13 Friendship Valley Elementary (PSC 06.038) PreK/Kindergarten Addition.
 - Priority #16 Taneytown Elementary (PSC 06.016) PreK/Kindergarten Addition.
5. The Charles County Public Schools La Plata High School (PSC 08.013) Addition/Renovation project is undergoing a significant change in project scope. As such, Charles County Public Schools has requested partial funding be applied to their next priority J.C. Parks Elementary (PSC 08.030) PreK/Kindergarten Addition/Renovation project. The balance of funding is anticipated to be requested in a future CIP.
 6. Dorchester County Public Schools:
 - Priority #7 Warwick/Hurlock Elementary (PSC 09.011) Replacement project status has been changed from a “C” for design services funding due to outstanding issues status to an “A” status to fund early planning services that includes the development of Educational Specifications and a Feasibility Study. This recommendation is contingent upon approval of Item 5 in this agenda.
 - Priority #8 Sandy Hill/Hurlock Elementary (PSC 09.001) Replacement project status has been changed from a “C” for design services funding due to outstanding issues status to an “A” status to fund early planning services that includes the development of Educational Specifications and a Feasibility Study. This recommendation is contingent upon approval of Item 5 in this agenda.
 - Priority #9 Mace’s Lane Middle (PSC 09.015) Roof project status has been changed from an “A” to a “B” for design services funding and applied to fully fund a higher priority project. This recommendation is contingent upon approval of Item 6 in this agenda.
 7. The Maximum State Allocation of \$68,451,000 for Frederick County Public School’s Priority #4 Middletown Elementary/Middle (PSC 10.085) Replacement project is contingent on the Maryland State Department of Education’s confirmation that the eligible number of special education elementary students is 50 and the final Cooperative Use Space calculation is determined.
 8. Garrett County Public School’s Priority #1 and #2 Broad Ford Elementary/Southern Middle (PSC 11.008) Renovation/Addition project is being recommended for a substantial State investment to ensure that the State provides an adequate amount of funding to support cash flow needs that will allow the project to move forward.
 9. Maryland School for the Blind’s (PSC 25.001) Priority #1 and #2 Athletic Facilities Gymnasium and Pool replacement project is being recommended for planning approval and design services.
 10. Montgomery County Public School’s Priorities #18, #19, and #20 New Crown High School (PSC 15.284) Replacement project statuses have changed from an “U” to an “A” as the issues pertaining to enrollments and adjacent schools have now been resolved.
 11. Prince George’s County Public School’s Priorities #1 and #2 Cool Spring Elementary (PSC 16.134) Replacement Project statuses have changed from “U” to “A” as design progress is being made. This project is being recommended for planning approval and first-time construction funding.
 12. Wicomico County Public School’s Priority #2 Fruitland Primary (PSC 22.016) Replacement project is being recommended for partial design services funding.

13. Worcester County Public School's Snow Hill Middle School (PSC 23.009) Roof project has received bids. An adjustment to the Maximum State Allocation has been made at the request of the LEA and based on current bid results increases the State's participation in this project.

Next Steps:

Finalization and distribution of the IAC's FY 2025 Final CIP Publication.

Item 4. FY 2023 & 2024 Capital Improvement Program Amendment Request – Anne Arundel County Public Schools

Motion:

To approve Anne Arundel County Public Schools’ (AACPS) request to amend the presented project allocations and revert unused FY 2023 and FY 2024 Capital Improvement Program (CIP) funds totaling \$1,283,113 to their reserve fund account.

Background Information:

AACPS has requested funding adjustments for a total of 16 school construction projects that were awarded funding through the FY 2023 and FY 2024 CIP. The adjustments are due to contract amounts coming in lower than anticipated and due to budget line item rounding of the IAC’s Maximum State Allocations. See the presented project table for additional project information:

Project	Fiscal Year	IAC Awards	Actual Project Costs	Difference
Bates Middle HVAC (PSC 02.037)	2023	\$ 15,800,000	\$ 15,158,463	\$ (641,537)
Crofton Middle Classroom Addition (PSC 02.038)	2023	\$ 3,321,000	\$ 3,319,243	\$ (1,757)
Glen Burnie High Enclosure Phase 1 (PSC 02.020)	2023	\$ 1,945,000	\$ 1,722,042	\$ (222,958)
Arundel Middle Ceiling & Lights (PSC 02.057)	2024	\$ 1,151,150	\$ 1,151,000	\$ (150)
Van Bokkelen Elementary Windows/Doors (PSC 02.004)	2024	\$ 385,450	\$ 347,989	\$ (37,461)
Jacobsville Elementary Roof (PSC 02.091)	2024	\$ 1,333,200	\$ 1,333,000	\$ (200)
Four Seasons Elementary Roof (PSC 02.010)	2024	\$ 1,443,200	\$ 1,443,000	\$ (200)
Annapolis Middle Roof (PSC 02.061)	2024	\$ 3,921,600	\$ 3,922,000	\$ 400
North Glen Elementary Roof (PSC 02.118)	2024	\$ 1,028,400	\$ 1,028,000	\$ (400)
Crofton Middle Public Address System (PSC 02.038)	2024	\$ 282,700	\$ 244,750	\$ (37,950)
Park Elementary Public Address System (PSC 02.076)	2024	\$ 253,500	\$ 254,000	\$ 500
Northeast Middle Exterior Doors (PSC 02.044)	2024	\$ 157,025	\$ 157,000	\$ (25)
Hilltop Elementary Ceiling and Lighting (02.088)	2024	\$ 392,700	\$ 348,700	\$ (44,000)
Glen Burnie Park Elementary Exterior Doors (PSC 02.073)	2024	\$ 115,500	\$ 94,620	\$ (20,880)
Glen Burnie High Boiler (PSC 02.020)	2024	\$ 2,617,000	\$ 2,607,805	\$ (9,195)
Northeast Middle Gymnasium HVAC (PSC 02.044)	2024	\$ 792,000	\$ 524,700	\$ (267,300)
Total		\$ 34,939,425	\$ 33,656,312	\$ (1,283,113)

IAC staff recommend approval.

Item 5. FY 2023 Capital Improvement Program Amendment Request – Dorchester County Public Schools – Vienna Elementary School (PSC 09.005) HVAC Project

Motion:

To rescind the FY 2023 Capital Improvement Program (CIP) funding awarded to Dorchester County Public Schools' (DCPS) Vienna Elementary School (PSC 09.005) HVAC project totaling \$2,232,000 and transfer the funding to the Local Education Agency's (LEA's) reserve account for future use.

Background Information:

The DCPS Board of Education has requested that the funding awarded to the Vienna Elementary School HVAC project be rescinded as the LEA has determined that the project will not be pursued due to shifting long-term priorities to support the implementation of requirements specified in the Blueprint for Education.

The LEA has requested that a portion of the funds be reassigned to their FY 2025 CIP to develop Educational Specification standards and perform elementary school feasibility studies to determine the best use of future funding, as included in Item 3 of this agenda.

IAC staff recommend approval of the LEA's request.

Item 6. Maximum State Allocation and FY 2023 Capital Improvement Program Increase – Montgomery County Public Schools – Sligo Middle School (PSC 15.235) HVAC Replacement Project

Motion:

To increase the Maximum State Allocation for Montgomery County Public Schools' (MCPS) Sligo Middle School (PSC 15.235) HVAC project from \$4,500,000 to \$6,180,000 and to transfer \$1,680,000 from the LEA's reserve fund account to the FY 2023 Capital Improvement Program (CIP) project, in accordance with COMAR 14.39.02.07.

Background Information:

On April 9, 2024, MCPS received bid results for the HVAC replacement system at Sligo Middle Schools that were higher than expected. Due to local resources being stretched across multiple school projects, MCPS is requesting that the Maximum State Allocation be amended to meet the increase in the project cost and that funding from the LEA's reserve account be utilized to supplement the difference in project costs. This funding increase would allow for a total of \$6.18 million in State funding for the project.

COMAR 14.39.02.07 states; "the IAC may increase the maximum state construction allocation for a systemic renovation project when the LEA has sufficient reserve funds available...", provided that the LEA submits the final project scope of work, and a cost estimate or the bid tabulation for the project.

IAC staff recommend approval of the LEA's request.

MONTGOMERY COUNTY PUBLIC SCHOOLS

Expanding Opportunity and Unleashing Potential

OFFICE OF FACILITIES MANAGEMENT

April 11, 2024

Ms. Arabia Davis
Funding Programs Manager
Interagency Commission on School Construction
200 W. Baltimore Avenue, Suite 200
Baltimore, Maryland 21201

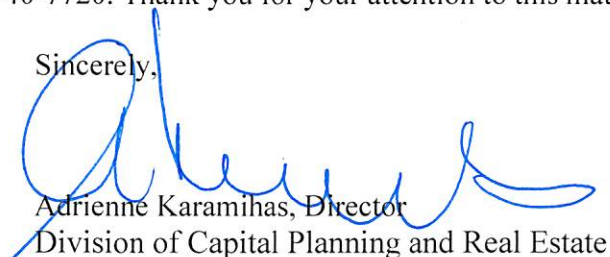

Dear Ms. Davis:

The Montgomery County Public Schools (MCPS) approved FY 2023 State Capital Improvements Program (CIP) included \$4.5 million for the Sligo Middle School HVAC Replacement project. On April 9, 2024, MCPS received the enclosed low bid from M&M Welding and Fabricators, Inc. for the Sligo Middle School HVAC Replacement project of \$12.37 million, an increase of \$3.37 million that was budgeted for this project.

COMAR 14.39.02.07 states the following: *"The IAC may increase the maximum state construction allocation for a systemic renovation project when the LEA has sufficient reserve funds available..."* After speaking with Interagency Commission on School Construction (IAC) staff, it was determined that MCPS does have sufficient reserve funds in order to allocate an additional \$1.68 million for the Sligo Middle School HVAC Replacement project.

Therefore, MCPS requests that the IAC allocate \$1.68 million from our reserve fund to the approved FY 2023 State CIP for the Sligo Middle School HVAC Replacement project. If you have any questions, please do not hesitate to contact me at 240-740-7720. Thank you for your attention to this matter.

Sincerely,

Adrienne Karamihas, Director
Division of Capital Planning and Real Estate

DIVISION 0 - CONDITIONS OF THE CONTRACT

SECTION 00300 - BID FORM – MCPS

(SUBMIT IN DUPLICATE ON BIDDER'S STATIONERY)

DATE: 04/09/2024

PROJECT TITLE: Sligo Middle School HVAC Replacement

BID SUBMITTED BY: M&M Welding and Fabricators, Inc.

REGISTERED MARYLAND CONTRACTOR NO.: 06126560

SUBMITTED TO: **The Board of Education of Montgomery County**
Division of Design and Construction
45 W. Gude Drive, Suite 4300
Rockville, Maryland 20850

PART 1 - GENERAL

- 1.1 The undersigned BIDDER proposes and agrees, if this Bid is accepted, to enter into an Agreement with the OWNER in the form included in the Contract Documents to complete all Work as specified or indicated in the Contract Documents for the Contract Price and within the Contract Time indicated in this Bid and in accordance with the Contract Documents.
- 1.2 BIDDER has examined the site and locality where the Work is to be performed, the legal requirements (federal, state and local laws, ordinances, rules and regulations) and the conditions affecting cost, progress or performance of the Work and has made such independent investigations as BIDDER deems necessary.
- 1.3 BIDDER hereby agrees to furnish all labor, materials, equipment and services required to erect and complete the facility in strict accordance with the Contract Documents for the following price:
- 1.4 BASE BID
- A. TOTAL BASE BID:
Eleven Million Ninety Thousand and 00/100 Dollars (\$ 11,090,000.00)
- 1.5 ADD ALTERNATES (if applicable): Prices shall be clearly written. Anything other than a price shall be deemed "no cost to the Owner."
- A. Cost of Add Alternate No. One – Water Cooled Chiller Replacement
ADD: Six Hundred Twenty Thousand and 00/100 Dollars (\$ 620,000.00)
- B. Cost of Add Alternate No. Two – Cafeteria – Rooftop Unit
ADD: Six Hundred Fifty-Eight Thousand and 00/100 Dollars (\$ 658,000.00)

PART 2 - PROJECT CONSTRUCTION SCHEDULE AND LIQUIDATED DAMAGES

- 2.1 The undersigned agrees to erect and complete Work in strict accordance with the Contract Documents and be substantially complete by not later than the date(s) set forth in the Construction Schedule prepared and amended by the General Contract as approved by the Architect. The Owner may retain the sum of Two Thousand Five Hundred Dollars (\$2,500) for each calendar day up to 30 days of delay beyond the completion date of each phase of the project as stipulated in the Contract and Five Thousand Dollars (\$5,000) a day for each calendar day thereafter, without limitation. If the project has a phased completion, the calculation of liquidated damages will begin again with each phase provided the previous phase has been completed.
- 2.2 BID BOND: BIDDER must include Bid Bond in the form set forth in the "Instructions to Bidders," Section 00200, and the Project Manual, and for not less than ten percent (10%) of the largest possible total of bids submitted.
- 2.3 The undersigned encloses herewith a Surety Bond in the form set forth in the "Instructions to Bidders," Section 00200, and the Project Manual.

PART 3 - ACKNOWLEDGEMENTS

3.1 Receipt of the following Addenda to the Drawings and Specifications is acknowledged:

- A. Addendum No. 1 Dated 03/07/2024
- B. Addendum No. 2 Dated 03/26/2024
- C. Addendum No. 3 Dated 04/03/2024
- D. Addendum No. Dated

3.2 Minority Business Enterprise forms included with the Bid Proposal:

 ✓ Attachment D – Pages D-1 through D-10

(Must be submitted for the bid to be considered responsive)

PART 4 - CONTRACT

4.1 If the undersigned receives written notice of the acceptance, at his designated address, within sixty (60) calendar days after bid opening (or later if bid has not been withdrawn), the undersigned agrees to execute and deliver a Contract and Bonds in accordance with the bid as accepted, within ten (10) calendar days after receiving notice, or forfeit the amount of the Bid Bond.

PART 5 - UNIT PRICES

5.1 Unit prices are for both extra Work and credits. This list of prices will be submitted with the Bid in duplicate and shall become a part of the Contract upon its award. Unit prices listed below are applicable to all Work in this project involving extra materials/services performed by the Contractor or his Subcontractors and/or credits to the Owner for materials/services deleted from the project. Unit price includes all overhead and profit for the Subcontractor. Contractor mark-up is to be applied per Article 7 of the General Conditions of the Contract for Construction, AIA Document A201 REV.DOC-2007 edition. Prices as stated shall remain in effect through the end of the Contract warranty period. The undersigned

acknowledges the unit price values as part of this bid and agrees to add or delete items for the unit prices identified when directed to do so by the Owner.

ITEM	DESCRIPTION OF ITEM	UNIT	PRICE
1.	Earth excavation – machine	cu. yd.	\$4.50
2.	Earth excavation – hand	cu. yd.	\$60.00
3.	Trench machine earth excavation	cu. yd.	\$5.50
4.	Excavate and remove unsuitable material from site		
	- Yardage under 5,000	cu. yd.	\$19.00
	- Yardage over 5,000 up to 20,000	cu. yd.	\$16.00
	- Yardage over 20,000 to be negotiated at a lower rate		
5.	Furnish, deliver, spread and compact imported fill material		
	- Yardage under 5,000	cu. yd.	\$16.00
	- Yardage over 5,000 up to 20,000	cu. yd.	\$13.00
	- Yardage over 20,000 to be negotiated at a lower rate		
6.	Imported top soil (spread)	cu. yd.	\$25.00
7.	Remove and dispose of petroleum contaminated soil This unit price only includes material requiring contaminate content removal. If the Owner locates a suitable dumping location not requiring contaminate removal in material, the Contractor shall use unit price 4 above for excavation and removal from site only.	ton	\$70.00
8.	Sodding - under 5,000 sq. yd.	sq. yd.	\$4.10
	- over 5,000 sq. yd.	sq. yd.	\$4.10
9.	Hydroseeding	sq. yd.	\$0.80
10.	Concrete Walk (4 inch) w/ 10/10 wwm	sq. yd.	\$38.00
11.	Bank run gravel under slab	cu. yd.	\$35.00
	Compacted G.A.B. under asphalt	cu. yd.	\$40.00
12.	4" concrete slabs with 6x6 10/10 wwm	sq. ft.	\$4.25
13.	Bituminous Paving Play Areas Light Duty 4" G.A.B. 2 ½" 9.5 mm 1 1/2" of 4.75 mm	sq. yd.	\$32.00
14.	Bituminous Paving Heavy Duty 8" G.A.B. 4" Base 2 layers 19 mm 2" Top Coat of 9.5 mm	sq. yd.	\$37.00
15.	Reinforced concrete footings	cu. yd.	\$260.00
16.	4" C.M.U. wall	sq. ft.	\$6.00
17.	6" C.M.U. wall	sq. ft.	\$6.60

	- Leveling, up to ¼ inch thickness	sq. ft.	\$0.92
	- Leveling, up to ½ inch thickness	sq. ft.	\$1.32
	- Topping, up to ¾ inch thickness	sq. ft.	\$1.50
	- Topping, up to 1 ½ inch thickness	sq. ft.	\$2.00
	- Topping, up to 2 inch thickness	sq. ft.	\$2.50
24.	Bulk Rock Excavation and Removal Off-Site (see Section 02200)	cu .yd	\$75.00
25.	Trench Rock Excavation and Removal Off-Site	cu. yd.	\$150.00
26.	Acoustic Ceiling Tile (Furnish & Install)	sq. ft.	\$2.00
27.	Attaching existing loose low voltage/data wiring to structure.	C.L.F. per bundle	\$110.00

PART 6 - ENERGY SAVINGS PROGRAMS - REBATE

6.1 Eligible provider: N/A
Qualifying equipment: N/A
Rebate amount: N/A Dollars (\$ N/A)

*The final bid figure must NOT include potential rebate deductions**

PART 7 - WARRANTY TO THE LUMP SUM

7.1 The undersigned affirms that the above lump sum Base Bid represents the entire cost of the Project in accordance with the Bid Documents and that no claim will be made on account of any indexes or any other rate affecting the construction industry and/or this project.

PART 8 AFFIDAVIT

8.1 Special Instructions: An authorized representative of the BIDDER shall complete the following affidavit and insert an answer to Paragraphs A, C, and E.

STATUTORY AFFIDAVIT AND NON-COLLUSION CERTIFICATION

I, David B. Poe, being duly sworn, depose and certify:

A. I am the Executive Vice President (officer) and duly authorized representative of the firm of the building construction organization named, M&M Welding and Fabricators, Inc., whose address is 2701 Back Acre Circle Mount Airy, MD 21771 and that I possess the authority to make this affidavit and certification on behalf of myself and the firm for which I am acting.

B. Except as described in Paragraph 3 below, neither I, nor to the best of my knowledge, the above firm nor any of its officers, directors, or partners, or any of its employees who are directly involved in obtaining or performing Contracts with any public bodies has:

1. been convicted of bribery, attempted bribery, or conspiracy to bribe, under the laws of any state or of the federal government;
2. been convicted under the laws of this State, another State, or the United States of: a criminal offense incident to obtaining, attempting to obtain, or performing a public or private Contract; or fraud, embezzlement, theft, forgery, falsification or destruction of records, or receiving stolen property; been convicted of a criminal violation of an antitrust statute of the State of Maryland, another state, or the United States;
3. been convicted of a violation of the Racketeer Influenced and Corrupt Organization Act, or the Mail Fraud Act, for acts in connection with the submission of bids or proposals for a public or private Contract;
4. been convicted of any felony offenses connected with obtaining, holding, or maintaining a minority business enterprise certification, as prohibited by Section 14-308 of the State Finance and Procurement Article;
5. been convicted of conspiracy to commit any act or omission that would constitute grounds for conviction under any of the laws or statutes described in Paragraph (a) through (e) above; or
6. been found civilly liable under an antitrust statute of this State, another State, or the United States for act or omissions in connection with the submission of bids or proposals for a public or private Contract.

C. The only conviction, plea, or admission by any officer, director, partner, or employee of this firm to involvement in any of the conduct described in Paragraph 2 above is as follows:

(If none, write "None" below. If involvement, list the date, count, or charge, official or administrative body, the individuals involved, their position with the firm, and the sentence or disposition of the charge.)

NONE

(You may attach any explanation necessary.)

D. I affirm that this firm will not knowingly enter into a Contract with a public body under which a person or business debarred or suspended under Maryland State Finance and Procurement Title 16, subtitle 3, Annotated Code of Maryland, as amended, will provide, directly or indirectly, supplies, services, architectural services, construction-related services, leases or real property, or construction.

E. I affirm that this proposal or bid to the Board of Education of Montgomery County is genuine and not collusive or a sham; that said BIDDER has not colluded, conspired, connived and agreed, directly or indirectly, with any BIDDER or person to put in a sham bid or to refrain from bidding and is not in any manner, directly or indirectly, sought by agreement of collusion or communication or conference, with any person to fix the bid prices of the affidavit or any other BIDDER, or to fix any overhead, profit or cost element of said bid price, or that if any BIDDER, or to secure an advantage against the Board of Education of Montgomery County or any other person interested in the proposed Contract; and that all statements in the proposal or bid are true. I acknowledge that, if the representations set forth in this affidavit are not true and correct, the Board of Education of Montgomery County may terminate any Contract awarded and take any other appropriate action.

I DO SOLEMNLY DECLARE AND AFFIRM under the penalties of perjury that the contents of these affidavits (Statutory and Non-Collusion) are true and correct, that I am executing this Affidavit in compliance with Section 16-311 of the State Finance and Procurement Article, Annotated Code of Maryland, and the Non-Collusion Certification in compliance with requirements of the Montgomery County Board of Education, and that I am executing and submitting this Form of Proposal on behalf of and as authorized by the BIDDER named below.

NOTE: Use one

1. If a corporation, give the state in which incorporated, using phrase, "corporation organized under the laws of the State of Maryland."
2. If a partnership, give names of partners, using also the phrase "Co-partners, trading and doing business under the firm name and style of _____."
3. If an individual, use the phrase "doing business under the firm name of _____."

END OF SECTION 00300

Item 7. Built to Learn Funding Request – Montgomery County Public Schools – Burtonsville Elementary School (PSC 15.285) Replacement Project

Motion:

To approve Montgomery County Public Schools' (MCPS) request for Built to Learn (BTL) construction funding for the Burtonsville Elementary School (PSC 15.285) Replacement project totaling \$29,907,000.

Background Information:

The Built To Learn Act of 2020 became effective February 12, 2021. The Act authorizes the Maryland Stadium Authority (MSA) to sell revenue bonds to fund up to \$2.2 billion in school construction projects approved on a rolling basis by the IAC. Currently, based upon information from MSA, the IAC will base its approval on total estimated available funding of \$1.7 billion until such time that the MSA informs the IAC that its estimate of availability based upon available debt service payments to support the bonds has changed.

Because MCPS is eligible for up to 150% of the Gross Area Baseline for Built to Learn projects in accordance with the Built to Learn Act, the potential eligible project square footage is up to 141,368 square feet. In this case, the project eligibility is capped at the actual project scope because it is less than the potential eligible amount. MCPS is requesting BTL funding to replace Burtonsville Elementary School, including demolition of the existing 71,349 gross square foot (GSF) school (PSC 15.052) and construction of 99,038 GSF on a new site (PSC 15.285) based upon 762 eligible students. Based on the LEA's requested scope and the State cost share of 55%, which includes the maintenance add-on, the Maximum State Allocation for the project is \$29,907,000.

IAC staff recommend approval of the LEA's request.

Item 8. Built to Learn Funding Request – Montgomery County Public Schools – Greencastle Elementary School (PSC 15.155) Renovation/Addition Project

Motion:

To approve Montgomery County Public Schools' (MCPS) request for Built to Learn (BTL) construction funding for the Greencastle Elementary School (PSC 15.155) Renovation/Addition Project totaling \$7,727,000.

Background Information:

The Built To Learn Act of 2020 became effective February 12, 2021. The Act authorizes the Maryland Stadium Authority (MSA) to sell revenue bonds to fund up to \$2.2 billion in school construction projects approved on a rolling basis by the IAC. Currently, based upon information from MSA, the IAC will base its approval on total estimated available funding of \$1.7 billion until such time that the MSA informs the IAC that its estimate of availability based upon available debt service payments to support the bonds has changed.

Because MCPS is eligible for up to 150% of the Gross Area Baseline for Built to Learn projects in accordance with the Built to Learn Act, the potential eligible square footage for renovation is 78,275 gross square feet (GSF), and potential eligible square footage for addition is 20,252 GSF. In this case, the project eligibility is capped at the actual project scope because it is less than the potential eligible amount. MCPS is requesting BTL funding for a renovation/addition project at Greencastle Elementary School, an addition of 15,305 GSF and renovation of 10,806 GSF to accommodate the 446 eligible students. Based on the Local Education Agency's (LEA's) requested scope and the State cost share of 60%, which includes the Concentration of Poverty and maintenance add-ons, the Maximum State Allocation for the project is \$7,727,000.

IAC staff recommend approval of the LEA's request.

Project consists of an addition of 15,305 gsf and renovation of 10,806 gsf and demolition of 1,750 gsf, per Construction Document submission.						Date Revised:	5/1/2024
Existing facility is 78,275 gsf.							

Item 9. FY 2020 Healthy Schools Facility Fund Rescission Request – Calvert County Public Schools – Mt. Harmony Elementary School (PSC 04.007) Boiler Project

Motion:

To rescind the \$62,010 awarded through the FY 2020 Healthy School Facility Fund (HSFF) for Calvert County Public Schools' (CCPS) Mt. Harmony Elementary School (PSC 04.007) boiler replacement project.

Background Information:

CCPS was awarded funding through the FY 2020 HSFF at the September 12, 2019 IAC meeting to replace the boilers at Mt. Harmony Elementary School. However, due to local fiscal constraints, CCPS is unable to move forward with the project and has requested that the funding be rescinded. Since requests for funding through the HSFF are awarded to school construction projects on a competitive basis, reverted funds are transferred to the Statewide HSFF reserve account for reallocation to other eligible projects.

IAC staff recommend approval of the Local Education Agency's request.

Item 10. 2024 Legislative Session Summary

Motion:

This item is informational and does not require IAC action.

Background Information:

Please see the presented information regarding the bills presented during the 2024 Legislative Session which impact the IAC.

Legislative Update and FY 2025 Budget

Presentation to the Interagency Commission on School
Construction

May 9, 2024

HB 1390

Public Schools - Public
School Construction -
Funding and Administration

HB 1390

- Removes the sunset date from the School Safety Grant Program, allowing the program to continue indefinitely
- Increases the State cost-share to 100% for projects that meet certain criteria:
 - FY 2025 State cost share < 55%
 - < 60k FTE in Sep. 2023
 - Project is a major renovation
 - Planning and design occur in FY 25 or 26

IAC Role:

- The IAC currently does, and will continue to administer the School Safety Grant Program in collaboration with MCSS.
- The IAC will be required to amend any COMAR language with circumstances by which a project may be given a 100% state share.
- Requires the IAC to report by December 15, 2024 on the eligibility of AI weapon detection systems
- IAC Chair is a member of the Workgroup on the Assessment and Funding of School Facilities

HB 1390 (cont.)

- Prince George's County P3 Changes
- Delays the Nancy K. Kopp Public School Facilities Priority Fund one year to FY 2028
- Provides funding in FY 2027 for uses similar to the Healthy School Facility Fund
- Clarifies that the legislative intent language establishing a target of \$450m per year for school construction does not include Built to Learn Funding
- Reestablishes the Workgroup on the Assessment and Funding of School Facilities
 - Workgroup is to meet after June 1, 2025
 - Determine how to prioritize assessment results and how to incorporate them into school funding decisions
 - Report findings by January 1, 2026
- Requires Prince George's County to prioritize High Point HS after New Northern Adelphi Area HS.

HB 472

Education - School Mapping
Data Program - Established

HB 472

- Allows local school systems to apply for funding to produce school mapping data.
- Safe Schools fund (MCSS managed) can be used to pay for mapping of school facilities
- Maps must be digitally compatible and contain site specific labeling
- Maps must be verified for accuracy

IAC Role:

“...Adopt facility mapping standards for the uniform mapping of physical attributes of public schools in the State.”

IAC staff will work with the Center for School Safety and other appropriate State and local partners to develop proposed standards.

HB 1440, HB 1450, and SB 114

County Specific School
Construction Bills

County Bills

- HB 1440: Requires the Howard County BOE to publish a report detailing any discrepancies between the HCBOE Capital Budget proposal and the County Superintendent's proposal.
- HB 1450: Creates a task force to study revenue options for school needs and identify funding gaps in Howard County.
- SB 114: Creates a workgroup to study the viability of P3s in Calvert County.
- HB 1016: Establishes a workgroup for Frederick County School Construction planning.

IAC Role:

The Chair of the IAC, or the Chair's Designee, is required to serve on the Calvert County Workgroup established in SB 114.

One member of the IAC is required to serve on the Frederick County Workgroup established in HB 1016.

Item 11. Executive Session

Motion:

This item is informational and does not require IAC action.

Background Information:

Please see the presented Executive Session Closing Statement.

**INTERAGENCY COMMISSION ON SCHOOL CONSTRUCTION
 PRESIDING OFFICER'S WRITTEN STATEMENT FOR CLOSING A MEETING
 ("CLOSING STATEMENT")
 UNDER OPEN MEETINGS ACT (General Provisions Article § 3-305)**

1. Recorded vote to close the Meeting.
 Date: May 9, 2024
 Time: 9:41 AM
 Location: Virtual meeting conduct via Zoom
 Motion to close meeting made by: Mr. Darenberg
 Seconded by: Vice-chair Eberhart
 Members in favor: 8
 Opposed: 0
 Abstaining: 0
 Absent (Excused): 0

2. The meeting was closed under authority of Section 3-305(b) of the General Provisions Article of the Annotated Code of Maryland (check all provisions that apply). This meeting will be closed under General Provision Art. § 3-305(b) only.

1. To discuss: (i) the appointment, employment, assignment, promotion, discipline, demotion, compensation, removal, resignation, or performance evaluation of appointees, employees, or officials over whom this public body has jurisdiction; or (ii) any other personnel matter that affects one or more specific individuals.
2. To protect the privacy or reputation of individuals concerning a matter not related to public business.
3. To consider the acquisition of real property for a public purpose and matters directly related thereto.
4. To consider a matter that concerns the proposal for a business or industrial organization to locate, expand, or remain in the State.
5. To consider the investment of public funds.
6. To consider the marketing of public securities.
7. To consult with counsel to obtain legal advice.
8. To consult with staff, consultants, or other individuals about pending or potential litigation.
9. To conduct collective bargaining negotiations or consider matters that relate to the negotiations.
10. To discuss public security, if the public body determines that public discussion would constitute a risk to the public or to public security, including: (i) the deployment of fire and police services and staff; and (ii) the development and implementation of emergency plans.
11. To prepare, administer, or grade a scholastic, licensing, or qualifying examination.
12. To conduct or discuss an investigative proceeding on actual or possible criminal conduct.
13. To comply with a specific constitutional, statutory, or judicially imposed requirement that prevents public disclosures about a particular proceeding or matter.
14. Before a contract is awarded or bids are opened, to discuss a matter directly related to a negotiating strategy or the contents of a bid or proposal, if public discussion or disclosure would adversely impact the ability of the public body to participate in the competitive bidding or proposal process.

3. For each provision checked above disclosure of the topic to be discussed and the public body's reason for discussing that topic in closed session.

Citation (insert # from above)	Topic	Reason for closed-session discussion to topic
§3-305(b)(7)	Legal Advice	To obtain advice of legal counsel on a law or regulation affecting the Commission

4. This statement is made by Edward Kasemeyer, Presiding Officer.

Interagency Commission on School Construction
200 West Baltimore Street
Suite 200
Baltimore, MD 21201

Dear Interagency Commission on School Construction:

Thank you for considering our testimony concerning the need to adopt updated life-cycle cost analysis documents as required by HB458. Climate Parents is a campaign to reduce climate change-causing pollution in our schools, and our group is active in Prince George's County. In particular, we recently worked directly with Prince George's County Public Schools (PGCPS) technical staff, elected officials, and other advocates to develop a Climate Change Action Plan for PGCPS as part of a focus work group created by the Board of Education.

During the 2023 General Assembly session, the Maryland General Assembly passed HB 458, which was subsequently signed by Governor More. HB 458 was sponsored by Delegate Jazz Lewis (HD-24). This bill dealt with several issues involving school construction, but with this letter, we are concerned with § 5-327(d), the requirement that "The Interagency Commission, in coordination with the Department of General Services [(DGS)], shall develop life-cycle cost analysis standards." The effective date for the portion of the law in concern is July 1, 2023.

Life-cycle analysis is an important requirement for many reasons when it comes to constructing long-term capital assets like schools. Firstly, schools have long-term operations and maintenance (O&M) costs that need to be adequately accounted for in planning since upfront cost savings in construction may come at long-term costs in terms of increased O&M that result in greater costs to the taxpayer over time than would have otherwise occurred. Secondly, fossil fuel energy use, in particular, comes with negative impacts on student health and the climate, and these need to be factored into the decisions about how to construct new schools. Finally, Maryland, through the Climate Solutions Now Act, has set a deadline for our economy to be net zero by 2045, which is in line with climate science. Equipment that otherwise has a physical life-cycle of more than 20 years (such as a boiler) will no longer be able to be used for its entire useful life.

At this point, we have not seen any publication of drafts for public comment or life-cycle analysis standards that were developed in coordination with DGS. We realize that you are likely working on this already, but this is important work that LEAs need in order to ensure cost-effective and sustainable school construction. We do urge the IAC to publish a draft of its new life-cycle analysis standards so that the public can comment on this vital work.

When the standards are updated, it is important to include several factors related to climate planning beyond what is currently being considered:

- Fossil fuel equipment should not be given a useful life that extends beyond 2045 since that is the date for which Maryland will be net-zero under the Climate Solutions Now Act.

- The cost to retrofit buildings with EV charging before 2045 should be considered compared to the cost of making a building EV-ready.
- Cost decisions must factor in refundable tax credits and state incentives that will offset the upfront costs of solar, heat pumps, and energy efficiency.
- Cost savings from solar installation should be weighed in the long-term operating costs.

We appreciate your consideration of these comments. If you have any questions, please message climateparentsPGMD@gmail.com. We also look forward to seeing drafts of the life-cycle cost analysis standards required to be completed under HB 458.

Sincerely,

A handwritten signature in black ink that reads "Joseph Jakuta". The signature is written in a cursive style with a long, sweeping underline.

Joseph Jakuta
