5	Ongoing Event	Establishment of an intern program designed to assist members of the community	This station is participating in TEGNA Inc.'s Producer-In-Residence ("PIR") Program. TEGNA Inc. established this PIR Program to train and provide experience to college graduates interested in a career in broadcasting/producing. The PIR Program affords each selected PIR the opportunity to gain real-life experience as a Producer. Each PIR attends an initial one-week training boot camp followed by a two-year placement as a Producer in one of TEGNA's stations. After a nation-wide search, TEGNA Inc. selects the PIR's, completes their initial training and then assigns each PIR to one of 15 stations participating in the PIR Program. The selected PIRs fulfill a 2-Year contract as a full-time employee with full compensation and benefits. The 2-year position provides the PIR on-the-job training, education, experience and resources that will become invaluable in this industry. The PIR will receive regular feedback on performance, consistent corporate training and check-in on progress. At the end of a successful two-year Program the contract period ends and the PIR has 2-years of on-the-job experience. While there is no guarantee of continued employment for the PIRs, at the end of the contract period the PIR may be offered an opportunity for retention and promotion to a Producer.	2	Producer-in-Residence Producer-in-Residence
