# About Judi's House/ JAG Institute

## Mission and Vision

**Our mission** is to help children and families grieving a death find connection and healing.

**Our vision** is that no child should be alone in grief.

## Core Values

**Accountability.** We hold ourselves and each other accountable to the purpose that connects us to Judi's House.

**Compassion.** We invite and value the unique and shared universal experience of grief.

**Courage.** We strive for continuous growth by challenging the status quo, discovering blind spots, and learning from our accomplishments and mistakes.

**Respect.** We value differences and promote environments where everyone can authentically express themselves to advance equity and understanding.

## What We Do

We believe supporting children grieving a death loss builds connection and coping that leads to healing. By investing in direct services, training, and research, we help families adjust to loss and prepare for future challenges.

All services and programs are provided at no cost. We rely entirely on private donations and our community of dedicated volunteers and staff to fulfill our mission.

## Why

An estimated 6 million children in the U.S. will experience the death of a parent or sibling by age 18. That number more than doubles to 14.7 million youth by age 25.

Our goal is to ensure grieving children and their caregivers receive the compassionate care they need and deserve. By eliminating barriers to care, we can help prevent negative outcomes of unaddressed grief such as mental health concerns, relationship difficulties, academic problems, reduced resilience, and low self-esteem.

# Hosting A Donor Driven Event

## What Does Donor Driven Mean

A donor driven fundraiser is any revenue generating activity organized or implemented by an external collaborator (individual, business, or school) with limited or no assistance from JH/JAG staff.

Anyone can host a fundraiser with our approval -- With your exclusive fundraising efforts, we can increase support and raise awareness for childhood bereavement.
