INTRODUCTION / MISSION STATEMENT

The mission of the Massachusetts Gaming Commission is to create and maintain a fair, transparent, and participatory process for implementing the expanded gaming law passed by the Legislature and signed by the Governor in November, 2011.

The Commission strives to ensure that its decision-making and regulatory systems engender the confidence of the public and participants, and that they provide the greatest possible economic development benefits and revenues to the people of the Commonwealth, reduce to the maximum extent possible the potentially negative or unintended consequences of expanded gaming, and allow an appropriate return on investment for gaming providers that assures the operation of casino-resorts of the highest quality.

The Massachusetts State Racing Commission (“SRC”) was a predecessor agency created by an act of the General Court in 1934. The State Racing Commission, pursuant to Chapter 4 of the Acts of 2009, was transferred to the Division of Professional Licensure (“DPL”), on January 1, 2010. Effective May 20, 2012, all State Racing Commission functions were further transferred to the Massachusetts Gaming Commission, pursuant to Section 89 of Chapter 194 of the Acts of 2011. DPL continued to manage all racing operations through an inter-agency service agreement through the end of calendar year 2012. The Division of Racing of the Massachusetts Gaming Commission assumed control of the fiscal and operational activities of the old State Racing Commission on January 1, 2013.

LICENSING

One of the Commission’s foremost responsibilities is the issuance of occupational licenses to every person who participates in racing, and the issuance of licenses to associations who operate the Commonwealth’s racetracks and simulcast facilities.

2,188 APPLICATIONS FOR LICENSURE PROCESSED IN 2017

The licensing process requires that every person who participates in racing complete an application, and that all questions must be answered truthfully. The application is reviewed for completeness by licensing staff who then forward the application to the Massachusetts State Police Gaming Enforcement Unit, who conduct a background check of the applicant. Once the background check is completed, the application is sent to the Board of Stewards/Judges at each track. The Board reviews the application and may interview the applicant. The Stewards/Judges determine if the applicant has the required integrity, ability, and the eligibility for the license for which the applicant has applied. The Commission also has access to the Association of Racing Commissioners’ International (ARCI) files in Lexington, Kentucky and the United States Trotting Association’s (USTA) database for violations. These files maintain a record of every racing related offense attributed to an applicant anywhere in the country. The Commission provides reciprocity to other jurisdictions and their licensing decisions.

If the Stewards/Judges recommend licensing an applicant, the licensing staff collects the required fee and enters the appropriate information in the Commission’s computer network. The applicant is issued a license card that entitles him to a photo identification badge. No person may enter any restricted area of a racetrack without a photo identification badge. During 2017, the Division of Racing issued 2,188 occupational licenses to persons participating in horse racing in the State. Occupations licensed include jockeys, drivers, trainers, assistant trainers, owners of racing animals, blacksmiths, racing officials, vendors, stable employees and pari-mutuel clerks. \$87,250.00 was collected in Occupational License Fees and Badge Fees and \$33,650.00 in Racing related fines. Occupational licenses expire annually on December 31.

PARI-MUTUEL OPERATIONS: COMPLIANCE ENSURED

Responsibilities of the Commission's auditors include assessing liabilities owed to the Commission and overseeing the calculation of take-out from handle. The handle is the total amount of money wagered at each performance and the take-out percentage of handle is determined by statute. Proceeds from the handle are distributed to numerous stakeholders, as described by statute.

SAFEGUARDS

All money wagered on a horse race goes through the equipment of one of the two Totalisator companies; namely, AmTote and Sportech. These are private companies who sell their services to racetracks. Both Suffolk Downs and Raynham Park use the services of AmTote whereas Plainridge is with Sportech. These companies provide the machines for wagering, those used by the tellers and the self-service terminals. The "tote" system (as it is referred to) accepts wagers and based on those wagers, it calculates the odds on each betting interest, displays them, produces and configures the payouts following the race and later cashes the tickets given to the bettor. This is all accomplished through very sophisticated computerized equipment that has the ability to combine all wagers placed, no matter where they are coming from, including those placed via computer, live at the track where the race is being conducted and at all guest sites that have contracted to wager with the host track. All these wagers go into a common pool. The term "host" is the track where the race is being run and the term "guest" means any other location where wagers are made on a live race.

Before the start of a racecard, all tote companies at the sites that will take wagers on the live product, connect with the tote at the host site. At the start of each individual race, the Steward/Judge at the Host track presses a key/button that locks all the wagering machines. This stops any betting after the start of any race. At the conclusion of a race, the Stewards/Judges determine the order of finish and notify their mutuel department who is linked to the Tote system that the race is going "official" and the numbers of the first 4 finishers are posted along with the payouts for all the different wagers; i.e., win, place, show, daily double, exacta, trifecta, superfecta, or any wager that is offered on the race by the Host track.

Printouts from the tote system are audited by the Racing Commission Auditors for accuracy and compliance with current statutes.

DAILY AUDIT

A summary sheet, detailing the breakdown of the statutory take-out is prepared by Commission Auditors for each individual racing performance. For live racing, the information is provided by the on-site tote system. For imported simulcast races, a report from the host track is faxed to the guest track. This report is used in conjunction with on-track reports to complete the summary sheet. This activity ensures that the public, the Commonwealth, purse accounts, and all designated trust funds are properly funded. The Commission Auditors prepare a handle reconciliation report on a daily, weekly and monthly basis. This report shows the handle broken down as to live, signal exported and signal imported. Further, the balance of all current unclaimed winning tickets and the liquidity of the mutuel department are audited by the Commission Auditors.

MASSACHUSETTS STATE POLICE INVESTIGATIVE UNIT

ARTHUR SOMERVILLE SERGEANT

ROBERT MILLER TROOPER

SCOTT WALKER TROOPER

The Commission's goals of protecting racing participants and the wagering public as well as maintaining the public's confidence in pari-mutuel wagering are achieved through the Commission's licensing, revenue collection and investigative activities. The State Police Investigative Unit plays a vital role in achieving the goals of the Commission.

The Gaming Commission applies to the Department of Public Safety for an assignment of a complement of police officers. In the performance of their duties, the State Police Investigative Unit investigates violations of the rules of racing and the Massachusetts General Laws. The Investigative Unit's extensive responsibilities and activities have resulted in a major improvement in the Commission's regulatory/policing functions.

STABLE INSPECTIONS

Stable inspections focus on the detection of safety violations, the presence of unlicensed persons in restricted areas and the possession of illegal medications, drugs and syringes. These inspections are conducted by officers assigned to the State Police Unit and aid in preserving the integrity of racing.

8 EJECTIONS - 10 INVESTIGATIONS - 2 ARRESTS

In 2017, the State Police Investigative Unit conducted 10 investigations including hidden ownership of racehorses, larceny, and counterfeit money that resulted in 2 arrests and 8 ejections from Massachusetts racetracks of persons determined to be detrimental to racing.

SPECIAL INVESTIGATIONS

The State Police Investigative Unit conducted investigations into the background of each individual who was a party to the application for a racetrack license in Massachusetts. The State Police Unit also conducted several special investigations with other agencies and units within the State Police concerning ten per center activity, identity investigations and drug activity.

1283 BACKGROUND INVESTIGATIONS

The State Police Investigative Unit conducted 1283 background investigations on Gaming Commission employees, racing officials and occupational licensees who participate at Massachusetts racetracks.

THOROUGHBRED - STANDARD BRED RACING

The State Police Unit committed itself to maintain a constant presence at each racetrack, especially during live racing, working closely with the Stewards/Judges and other Commission and racing officials to help ensure that each track operated honestly and credibly.

LABORATORY SERVICES

ALEXANDRA LIGHTBOWN, D.V.M.
DIRECTOR OF RACING | CHIEF COMMISSION VETERINARIAN

In 2016, Massachusetts changed its testing laboratory to Industrial Laboratory in Colorado. Industrial Laboratory is ISO 17025 and Racing Medication Testing and Medication Consortium accredited. They perform testing for several racing jurisdictions. Testing protects the health of the animals and the integrity of races and contests.

Industrial is committed to improving their ability to detect new drugs of abuse. They work closely with the Association of Official Racing Chemists (AORC), Association of Racing Commissioners International, Inc. (ARCI) and Racing Medication Testing Consortium (RMTC). As a result, Industrial Laboratory is a driving force in the application of new technology for the drug testing industry.

In addition to testing urine and blood samples for the presence of drugs, Industrial analyzes syringes, vials, powders and a variety of materials seized as evidence. They also test for drugs in a variety of nutritional supplements.

INTEGRITY OF SAMPLES ENSURED

Special precautions are taken at all Massachusetts racetracks when post-race blood and urine samples are collected to ensure that no tampering can take place. In order to assure the continuity of evidence, every winning horse and all designated horses are under the surveillance of a Gaming Commission employee from the finish of the race until the specimens are obtained.

1578 PAIRED URINE/BLOOG SAMPLES, 1291 BLOOD SAMPLES ANALYZED, 2500 TCO2 BLOOD SAMPLES ANALYZED

Items confiscated in the course of investigations are also submitted for analysis. These items may include feed preparations, vitamins, liniments, antibiotics, other pharmaceuticals and medical devices such as needles and syringes.

2017 marked the fifth year that the Massachusetts Gaming Commission's Division of Racing participated in the Controlled Therapeutic Medication Program.

For the eight days of racing at Suffolk Downs, there was one medication overage for Dexamethasone.

At Plainridge Park Casino, there was 1 medication overage for Betamethasone, 2 overages for Dexamethasone, 3 for Prednisolone, 1 overage for Phenylbutazone and 3 overages for Triamcinalone, 2 for Flunixin, 1 for Ranitidine, 1 for Omeprazole, and 1 for Clenbuterol. These are all medications from the Controlled Therapeutic Medication Program. There was 1 positive for Testosterone, 2 for Caffeine, 1 for Gabapentin, 1 for Hydrocortisone, 1 for Levamisole, and 4 for Aminorex.

ADMINISTRATIVE HEARINGS

The primary responsibility of the Board of Judges is to interpret and enforce the rules of racing as promulgated by the Commonwealth of Massachusetts.

In carrying out this duty, the Judges issued 118 rulings in 2017 resulting in 104 fines and 14 suspensions.

ENFORCEMENT OF RULES AND REGULATIONS OF RACING

The most significant responsibility of the Commission is the enforcement of the rules and regulations of racing. It is only as a result of conscientious, consistent and aggressive enforcement of the rules and regulations that we are able to ensure honest racing.

Enforcement of the rules and regulations of racing begins with the investigation of complaints and prosecution of alleged violations by the Board of three Stewards / Judges at the racetrack. One Steward / Judge is appointed by the racetrack and must be approved by the Gaming Commission and licensed as a racing official. Two Stewards / Judges are appointed by the Gaming Commission. The duties of the Stewards / Judges are the same; however, in Thoroughbred racing they are called Stewards and in Harness Racing, they are known as Judges. Same job - different title.

RESPONSIBILITIES

The Stewards and Judges are responsible for reviewing all occupational license applications and recommending or not recommending the applicant for a license. The Stewards and Judges are present at the racetrack each day on which there is live racing and they oversee everything from drawing of post positions to making official the results of every race. In addition, the Stewards / Judges preside over all hearings conducted at the track and report their rulings and findings to the Gaming Commission.

Before post time of the first race, the Stewards/Judges review the daily program of races to approve any changes or report errors. Changes are reported to each department that might be affected by the change (i.e., mutuels, paddock judges, patrol judges, starters, clerk of the course, clerk of scales, program director, TV department and announcer). All changes are also reported promptly to the wagering public.

After observing every live race, both live and on television monitors, the Stewards/Judges mark the order of finish as the horses cross the finish line. They give the first four unofficial finishers to the Mutuel Department, and when necessary, they post an inquiry, review an objection and request a photo finish. If there is an apparent violation of the rules, the Stewards/Judges review the videotape and then make a decision before making the results of the race official.

123 RULINGS

If a violation of the rules occurs, the Stewards/Judges notify all the parties involved in the violation. Sometimes only a warning will be issued but other times the offending horseman may be fined and/or suspended from participating in racing for a certain amount of time. If any party involved contests the decision of the Stewards/Judges, then a hearing will be scheduled. After conducting the hearing, the Stewards/Judges determine if any penalty such as a fine or suspension, purse redistribution, or other sanction should be imposed. Violators are advised of their right of appeal to the Gaming Commission. 123 separate rulings were written by the Boards of Stewards/Judges at Massachusetts racetracks in 2017.

APPEALS

If any licensee disagrees with a decision of the Stewards/Judges, they may appeal to the Gaming

Commission, through its designated hearing officer. The Commission affords appellants adjudicatory hearings on the merits of their appeals. If appellants are dissatisfied with the decision of the Gaming Commission, they may appeal to the Superior Court of the Commonwealth in accordance with Chapter 30A of the General Laws. In 2017, there were 6 appeals of Judges' Rulings. Five appeals were denied and one waiver was granted by the hearings officer.

In addition to licensing racetracks and participants, the Racing Division of the MGC has a primary responsibility to collect revenue in accordance with Chapters 128A and 128C of the General Laws. Each licensed racetrack pays a commission as determined by law in addition to license fees and other assessments. Racing Division Inspectors collect occupational license fees, badge fees and fines. The Racing Division collected \$2,646,601 from Massachusetts racetracks in 2017. All Commission activities are revenue driven as Commission expenditures come from Commission revenue and are made in a priority order in accordance with Section 5(h) of Chapter 128A.

COMMISSION BUSINESS

MEETINGS AND HEARINGS

As required by Chapter 128A of the Massachusetts General Laws, the Commission held public hearings in the fall of 2016 applications for 2 licenses to conduct running horse or harness racing meetings for calendar year 2017. The hearings were held in Boston and Plainville. The Commission approved applications for racing at Suffolk Downs to conduct Thoroughbred racing in 2017; and for Springfield Gaming and Redevelopment, to conduct harness horse racing in 2017 at Plainridge Park Casino.

DECISIONS APPEALED TO THE DIVISION OF RACING

The Gaming Commission, sitting as a quasi-judicial body pursuant to the Massachusetts Administrative Procedures Act, adjudicated 6 appeals. Five appeals were denied and one waiver was granted. The Commission has taken extensive precautions to ensure licensees due process throughout the appeal process. The Commission initiated a Stay-of-Suspension process. This permits licensees suspended by the Stewards/Judges for a minor violation of the rules that does not compromise the integrity of racing to continue to participate in racing until the licensee has been provided a hearing by the Commission and a decision made. Procedural safeguards were adopted to prevent licensees from abusing the Stay privilege. Hearings are conducted as soon as practicable from the time of the granting of a Stay, thereby preventing a licensee from participating while on a Stay status for an extended period of time.

DUE PROCESS AFFORDED ALL LICENSEES

Licensees charged with a violation of the rules that may result in the loss of a license are entitled to a hearing pursuant to the Administrative Procedures Act (APA). Formal disciplinary hearings held by the Racing Division follow the requirements established in the Massachusetts APA. These requirements include issuing timely notice of hearings, providing the opportunity for an appellant to confront witnesses and to be represented by counsel.

COMMISSION DECISIONS APPEALED TO SUPERIOR COURT

In addition to hearing appeals, the Racing Division must prepare a complete record and legal decision for each case that is appealed to the Superior Court. When the record is completed and certified, it is forwarded to the Government Bureau of the Office of the Massachusetts Attorney General and is assigned to an Assistant Attorney General who defends the case in court. The Commission and the Attorney General work closely together to present the best possible case in Superior Court.

The Division of Racing takes this opportunity to thank the Office of the Massachusetts Attorney General for the diligent, professional and expert defense of Commission cases.

RACING TERMINOLOGY

OUTS

Outs are the unclaimed winning wagers at each horse track. If the tickets haven't been presented for payment by 90 days after 31 December of the year following the year of the actual wager, they will be distributed to the commission. Subject to the rules and regulations established by the Commission, the Commission shall deposit the unclaimed live wagers into the purse accounts of the racing meeting licensees (Suffolk and Plainridge) that generated those unclaimed live wagers. When the outs come from Wonderland and Raynham they go to the Racing Stabilization Fund.

BREAKAGE

Breakage – the difference in the rounding off of the pari-mutuel payoffs. The difference in cents between the winning payouts and the nearest dime or nickel is called the Breakage. These breaks shall be paid to the commission on the day following each day of a racing meeting. The commission then dispenses the breaks as follows: The breaks from Suffolk and Plainridge go to their respective Capital Improvement Funds whereas the breaks from Wonderland and Raynham go to the Racing Stabilization Fund.

PURSES

Purses are the monies that the horses earn for racing. Each race has a purse amount assigned to it before the race is run. How much each horse earns of that purse depends on where the horse finishes and the amount of the purse. The actual money wagered on the race does not have an immediate impact on the amount of the purse. However, a percentage of every dollar wagered makes its way into the purse account for races at a later date. The average daily purse is the amount of the total purses awarded during a race meet divided by the number of days of racing for that meet.

SIMULCASTING

Simulcasting is when a racetrack sends a closed circuit transmission via satellite of its live racing to another location, either in the same state or out of state and sometimes out of the country. The track where the racing is being contested is called the Host and the location where it is viewed is called the Guest. People at the guest site bet on these races in real time. The Guest site customers receive the same payoffs as the customers at the Host track. All the money wagered by both the Host and Guest sites are merged and the odds are computed on the total amount of money wagered into these combined wagering pools. To view their races, the Host charges the Guest a certain percentage of the guest site's handle. This percentage is based on the quality of the racing and by agreement between the Host and Guest.

HANDLE

Handle is the total amount of money wagered at a specific location, by individual race/ by day/by month or by year.

Notes on charts and graphs

In this 2017 Annual Report, the following terminology is used in reporting simulcast events:

“*Signal Received*” is categorized as “Imported” as this is the signal sent from a remote track being received locally.

“*Signal Sent*” is categorized as “Exported,” as this is the local signal being sent to a remote track.

STATUS OF GREYHOUND RACING IN 2017

As a result of Chapter 388 of the Acts of 2008, the two greyhound racetracks located in the Commonwealth were precluded from conducting greyhound races effective January 1, 2010.

Chapter 167 of the Acts of 2009, and subsequently, Chapter 203 of the Acts of 2010 allowed these facilities to continue operations as simulcasting venues without conducting the minimum of 100 live racing performances mandated by Chapter 128C of the General Laws. These facilities offered pari-mutuel wagering on greyhound races conducted outside the Commonwealth as well as both in-state and out of state thoroughbred and harness races, with conditions.

Massasoit Greyhound Association and Taunton Greyhound, Inc. continued simulcasting operations throughout 2012 at Raynham/Taunton Greyhound Park.

Wonderland Greyhound Park continued simulcasting operations, at their facility, until August 18, 2010, when it closed down its racing activities. On June 2, 2011 Wonderland reopened its simulcast operations at Suffolk Downs.

Chapter 194 of the Acts of 2011 (section 92) has extended greyhound simulcast racing through July 31, 2018.
