Please Note: All link requests must be received no later than one week before the application deadline (November 14, 2022).

The information will be sent in two emails, with the link being in the first email and the password sent separately in the second email, for security purposes.

Electronic Application Format

When the electronic version of the application materials is submitted via the MGC Secure File Transfer Site and uploaded to the Commission's server, the applicant must abide by the following:

- (a) The applicant must submit this original completed Application Form that has not been printed, signed, and scanned, but with all answers electronically filled in, all attachments identified, and all necessary boxes checked. This version is being required so that it may be searched electronically by the Commission during the evaluation process. This document must be in PDF format.
- (b) The applicant must also submit this completed Application Form with all answers electronically filled in, all attachments identified, all necessary boxes checked, and all required signatures affixed. This version is identical to the document described in (a) above, but it should also be printed, signed, and scanned. This scanned document must be in PDF format.
- (c) The applicant must submit each attachment as its own electronic file. No electronic file should contain more than one document. Each attachment should be in PDF format unless otherwise required. The file names of all of the attachments must be named strictly in accordance with the following rules:
 - The first portion of the filename must contain the section number and subsection of the question followed by a hyphen, then and the attachment number for that particular question with a leading zero for numbers under 10 (e.g. "B1-b-##").
 - The file name should then contain the descriptive name of the attachment, in at most 20 characters.
 - The name of the attachment must not contain the name of the applicant.
 - The final portion of the filename should be the extension, such as ".pdf" or ".xls".
 - The file name should correspond to the list of attachments on the Application Form.
 - If the Applicant believes the attachment to be confidential, in whole or in part (i.e.- exempt from disclosure under the Public Records Law), then the filename must have the word "CONFIDENTIAL" in all capital letters placed directly before the file extension. Failure to include this label may result in the public release of the document.

Although a PDF version of each attachment is required, in certain cases providing an alternative file format may be helpful to the Commission in reaching its decision. For example, where the applicant is required to submit tables of calculations, such as a revenue projection, it should be submitted in spreadsheet format so that the Commission may numerically analyze this information. The applicant may also, although not required, provide other documents such as videos, interactive documents, or physical models. These types of documents do not readily lend themselves to conversion into PDF format. For these documents, the applicant should provide both the document in original format, and a PDF file describing the existence of such a document within the applicant's application materials. The file name of the alternate format, if it is in fact a computer-readable file, and the filename of the PDF format of the attachment should be identical, excluding the file extension.

No electronically submitted document to the Commission may be password protected. The individual documents should not be encrypted separately.

Any attachments containing a table of calculations, such as a revenue projection, should be included in the electronic submission in a spreadsheet format, preferably Microsoft Excel ".xls" files.

The following is an example of select files of a properly organized application:

B2-a-02 Additional Sports Wagering Jurisdiction Information.pdf

C2-a-01 Revenue Projections CONFIDENTIAL.pdf

Public Records

Pursuant to G.L. c. 23N, §6(i), “[a]pplications for operator licenses shall be public records” Applicants should be mindful of this prior to submission of an Application. However, the law also provides “that trade secrets, competitively-sensitive or other proprietary information provided in the course of an application for an operator license under [chapter 23N], the disclosure of which would place the applicant at a competitive disadvantage, may be withheld from disclosure under [the Massachusetts public records law].”

To help inform applicants of the Commission’s intentions, a guide has been attached at the end of the Application advising which answers and attachments submitted with this form will be considered to presumptively meet the exception to the public records law and withheld from public disclosure. There is also space for an applicant to request exempt treatment of a specific document identified in the Application. FAILURE TO FOLLOW THE INSTRUCTIONS PROVIDED IN THE GUIDE MAY RESULT IN PUBLIC RELEASE OF THE DOCUMENTS.

Please note, though the Commission will use its best efforts to protect any information it deems subject to an exemption, final appeals are adjudicated by the [Secretary of the Commonwealth](#) in accordance with G.L. c.66, §10.

PENN established its Diversity Committee during the height of civil unrest in 2020 to better create strategies and plans to combat disparity and inequality. The PENN Diversity Committee’s mission is to put PENN’s long standing stance on diversity, equity, and inclusion into action. This committee is dedicated to finding ways to give back to PENN’s team members and the surrounding communities. The Diversity Committee is chaired by Justin Carter, Senior Vice President of Regional Operations. The committee, which reports directly to our CEO Jay Snowden, is comprised of underrepresented team members from around the country and at varying levels in the organization to ensure our Company has mechanisms in place to listen to team members about important ongoing social justice issues, and to help implement initiatives.

Additionally, PENN’s Diversity Committee focuses on recruitment and company demographics, leadership development, procurement, scholarship fund and community engagement to foster racial, ethnic, and gender diversity, equity, and inclusion, within PENN’s workforce.

b. Applicant’s workforce diversity, equity, and inclusion policy

PENN is always focused on cultivating an environment where all our team members and communities, regardless of differences, have a sense of belonging. We believe diversity is the driving force that moves our company forward. We are building a more inclusive company — giving our team members the support they need in their work to help more people find their fun.

PENN focuses on key initiatives to assist with diversity and inclusion efforts, which are: Scholarship, Recruitment, Leadership Development, Procurement, and Community/Company Engagement. We’re building a more diverse and inclusive workforce — and helping our talented team members grow their careers in powerful ways. We want our people to feel empowered to bring their unique perspectives to the table and help drive our business forward.

PENN’s recruitment efforts for open executive roles included either female or ethnically diverse candidates 100% of the time. Additionally, we are committed to the professional development of all our team members. We offer tuition reimbursement and certification programs that help our people grow their careers and equip them with the fundamental leadership skills they need to succeed at PENN. Our workforce development has grown through our Women Leading at PENN (WLP) program, we encourage women to pursue roles in leadership at our casinos and in the corporate offices. The results have been inspiring. Today, our executive team is 37.5% female — and growing.

PENN continues to promote its diversity within as well as reach a wider range of diverse audiences through outreach and investment in its communities. PENN prides itself on taking its exceptional talent and giving them the tools and resources to succeed within the company and beyond.

PENN formed the PENN Diversity Committee in 2020, during some of the most challenging times in our nation’s history. Our goal through this committee is to create a more diverse, equitable and inclusive company. The PENN Diversity Scholarship helps create equity in higher education for children of our team members, many of whom are the first in their families to pursue post-secondary education. The PENN Diversity Scholarship program has provided \$1 million to 47 students this year. Of the PENN Diversity Scholarship recipients, 10% will be attending Historically Black Colleges and Universities (HBCUs) — and nearly 30% of our Leadership Excellence at PENN (LEAP) interns currently attend an HBCU. In addition, we have committed \$4M in scholarships to support STEM programs at HBCUs.

PENN has expanded its DEI training to improve company culture from within and will continue to work toward a more welcoming and inclusive workplace for all. We are proud to spotlight the service of our team members who served in the military. Our back-of-house Honor Wall highlights

the careers of those who served and our internal newsletter, The Insider, gives us a chance to learn more about their unique perspectives and how they are moving our company forward. Finally, we believe allyship is a lifelong process of unlearning and relearning, understanding our differences, showing up for others, solidarity — and listening. We encourage our team members to create change in the workplace as strong allies of our LGBTQ+ coworkers.

RE: Management Services Provider Temporary Operating Permit

Dear Mr. Kaplowitz:

The Illinois Gaming Board has received Penn Sports Interactive, LLC's ("PSI") application for a management services provider license and request for a Temporary Operating Permit pursuant to Emergency Board Rule 1900.790.

After reviewing the information PSI submitted, I have determined that issuing a Temporary Operating Permit to PSI is in the best interests of the Illinois sports wagering industry and would not pose a threat to public confidence and trust in Illinois gaming.

Accordingly, I am pleased to inform you that I am granting PSI's request for a Temporary Operating Permit.

Please be aware that a Temporary Operating Permit issued pursuant to Board Rule 790 is subject to rescission for just cause. All applicants and Temporary Operating Permit holders are required to comply with all Board Rules and statutory provisions.

The request by Penn Sports Interactive, LLC for a Temporary Operating Permit pursuant to 11 Ill. Admin. Code 1900.790 is hereby GRANTED.
