CONNECT WITH MEP OF LA

The **Manufacturing Extension Partnership** of Louisiana (MEP of LA) is a program of the Louisiana Community and Technical College System (LCTCS), and a part of a national MEP network based at the National Institute of Standards and Technology (NIST). This unique public-private partnership delivers comprehensive, proven solutions that strengthen and empower U.S. manufacturers.

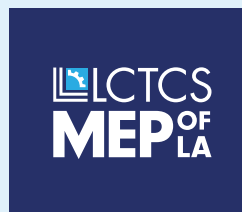

Let's GROW!

Your regional MEP representative can provide a free client assessment and recommendations that utilize our services to generate results. We visit your site, listen to your concerns, evaluate operations, and develop a road map for moving forward.

Contact us today
to get started!

MEP of LA builds on the strength of LCTCS and NIST to fulfill our mission:

to enhance the productivity and technological performance of Louisiana manufacturers.
