

MLB-MLBPA Youth Development Foundation Grant Application Letter of Inquiry Instructions

MLB-MLBPA Youth Development Foundation (the "Foundation") is a joint initiative between Major League Baseball and the Major League Baseball Players Association. It was created to increase participation in and expand access to youth baseball and softball. The Foundation makes grants to organizations in the United States and internationally. The Foundation accepts applications throughout the year, and grant decisions are made by its Board of Directors on a quarterly basis.

What do we support?

The Foundation considers requests for a variety of purposes including funding capital projects (e.g., field renovations), baseball/softball programs, and education initiatives.

- Capital projects include: building and renovating fields and practice facilities and installing lighting.
- Baseball/Softball programs include: players and infrastructure equipment, uniforms, coaches training, background check fees, umpire fees, player registration fees, facility rental fees and field maintenance.
- Education initiatives include: programs, exhibits and other learning opportunities that use baseball and softball as its primary focus to promote interest and engagement in the game.
- Public schools: only up to \$5,000 for players and infrastructure equipment. This rule also applies for public school booster clubs.

What we do not support?

- Field and lighting capital projects with less than 50% of the project funding secured.
- Annual operating expenses including, but not limited to, fundraising costs, salaries, fringe benefits, insurance costs, administrative expenses, membership dues, advertising and promotional expenses, bank charges, audit expenses, and other third-party overhead costs.
- Travel teams, except for those serving low-income players.
- Restroom and concession stand construction.
- Individual player scholarships or sponsorships.
- Capital projects and uniforms for public schools and public school booster clubs
- Private schools, colleges, universities, and booster clubs supporting teams from these types of organizations
