This section does not affect ~~a person's~~ an individual's right to health benefits or retiree health benefits under chapter 54-52.1. An eligible employee who is first employed and entered upon the payroll of that person's employer after September 30, 2001, and before January 1, 2025, may make an election to participate in the defined contribution retirement plan established under this chapter at any time during the first six months after the date of employment. If the board, in its sole discretion, determines that the employee was not adequately notified of the employee's option to participate in the defined contribution retirement plan, the board may provide the employee a reasonable time within which to make that election, which may extend beyond the original six-month decision window.
2. If an individual who is a deferred member of the public employees retirement system on September 30, 2001, is re-employed before January 1, 2025, and by virtue of that employment is again eligible for membership in the public employees retirement system under chapter 54-52, the individual may elect in writing to remain a member of the public employees retirement system or if eligible to participate in the defined contribution retirement plan established under this chapter to terminate membership in the public employees retirement system and become a participating member in the defined contribution retirement plan established under this chapter. An election made by a deferred member under this section is irrevocable. The board shall accept written elections under this section from a deferred member during the period beginning on the date of the individual's re-employment and ending upon the expiration of six months after the date of that re-employment. If the board, in its sole discretion, determines that the employee was not adequately notified of the employee's option to participate in the defined contribution retirement plan, the board may provide the employee a reasonable time within which to make that election, which may extend beyond the original six-month decision window. A deferred member who makes and files a written election to remain a member of the public employees retirement system retains all rights and is subject to all conditions as a member of that retirement system. A deferred member who does not make a written election or who does not file the election during the period specified in this section continues to be a member of the public employees retirement system. A deferred member who makes and files a written election to terminate membership in the public employees retirement system ceases to be a member of the public employees retirement system effective on the last day of the payroll period that includes the date of the election; becomes a participating

member in the defined contribution retirement plan under this chapter effective the first day of the payroll immediately following the date of the election; and waives all of that person's rights to a pension, an annuity, a retirement allowance, insurance benefit, or any other benefit under the public employees retirement system effective the last day of the payroll that includes the date of the election. This section does not affect any right to health benefits or retiree health benefits to which the deferred member may otherwise be entitled.

3. An eligible employee who elects under this section to participate in the retirement plan established under this chapter must remain a participant even if that employee returns to the classified service or becomes employed by a political subdivision that participates in the public employees retirement system. The contribution amount must be as provided in this chapter, regardless of the position in which the employee is employed. Notwithstanding the irrevocability provisions of this chapter, if a member who elects to participate in the retirement plan established under this chapter becomes a supreme or district court judge, becomes a member of the highway patrol, becomes employed in a position subject to teachers' fund for retirement membership, or becomes an employee of the board of higher education or state institution under the jurisdiction of the board of higher education who is eligible to participate in an alternative retirement program established under subsection 6 of section 15-10-17, the member's status as a member of the defined contribution retirement plan is suspended, and the member becomes a new member of the retirement plan for which that member's new position is eligible. The member's account balance remains in the defined contribution retirement plan, but no new contributions may be made to that account. The member's service credit and salary history that were forfeited as a result of the member's transfer to the defined contribution retirement plan remain forfeited, and service credit accumulation in the new retirement plan begins from the first day of employment in the new position. If the member later returns to employment that is eligible for the defined contribution retirement plan, the member's suspension must be terminated, the member again becomes a member of the defined contribution retirement plan, and the member's account resumes accepting contributions. At the member's option, and pursuant to rules adopted by the board, the member may transfer any available balance as determined by the provisions of the alternate retirement plan into the member's account under this chapter.
4. After consultation with its actuary, the board shall determine the method by which a participating member or deferred member may make a written election under this section. If the participating member or deferred member is married at the time of the election, the election is not effective unless the election is signed by the individual's spouse. However, the board may waive this requirement if the spouse's signature cannot be obtained because of extenuating circumstances.
5. If the board receives notification from the internal revenue service that this section or any portion of this section will cause the public employees retirement system or the retirement plan established under this chapter to be disqualified for tax purposes under the Internal Revenue Code, then the portion that will cause the disqualification does not apply.
6. A participating member under this section who becomes a temporary employee may still participate in the defined contribution retirement plan upon filing an election with the board within one hundred eighty days of transferring to temporary employee status. The participating member may not become a member of the defined benefit plan as a temporary employee.
 - a. ~~The temporary employee electing to participate in the defined contribution retirement plan shall pay monthly to the fund an amount equal to eight and twelve hundredths percent times the temporary employee's present monthly salary. The amount required to be paid by a temporary employee increases by two percent times the temporary employee's present monthly salary beginning with the monthly reporting period of January 2012, and with an additional increase of two percent, beginning with the monthly reporting period of January 2013, and with an additional increase of two percent, beginning with the monthly reporting period of January 2014. The temporary employee~~

~~shall also pay the required monthly contribution to the retiree health benefit fund established under section 54-52.1-03.2. This contribution must be recorded as a member contribution pursuant to section 54-52.1-03.2 into the plan as provided under section 54-52.6-09.6.~~

- b. An employer may not pay the temporary employee's contributions.
 - c. A temporary employee may continue to participate as a temporary employee until termination of employment or reclassification of the temporary employee as a permanent employee.
7. A former participating member under this section who has accepted a retirement distribution pursuant to section 54-52.6-13 and who subsequently becomes employed by an entity different from the employer with which the member was employed at the time the member retired but which does participate in any state-sponsored retirement plan may, before re-enrolling in the defined contribution retirement plan, elect to permanently waive future participation in the defined contribution retirement plan, whatever plan in which the new employing entity participates, and the retiree health program and maintain that member's retirement status. Neither the member nor the employer are required to make any future retirement contributions on behalf of that employee.
8. After December 31, 2024, an eligible employee is no longer allowed to elect participation under this section.

SECTION 16. Section 54-52.6-02.1 of the North Dakota Century Code is created and enacted as follows:

54-52.6-02.1. Participation in defined contribution retirement plan.

- 1. Except as otherwise provided under section 54-52-02.5 or 54-52-02.15 or this chapter, effective January 1, 2025, an eligible employee who is first enrolled shall participate in the defined contribution retirement plan under this chapter.
- 2. A temporary employee may elect to participate in the defined contribution retirement plan as provided under section 54-52.6-09.6.
- 3. A county elected official may elect to participate in the defined contribution retirement plan as provided under section 54-52-02.11.
- 4. A nonstate appointed official shall participate in the defined contribution retirement plan as provided under section 54-52-02.12.

SECTION 17. Section 54-52.6-02.2 of the North Dakota Century Code is created and enacted as follows:

54-52.6-02.2. Election after December 31, 2024 - Additional employer contribution.

- 1. As used in this section, "eligible employee" means a permanent state employee who on December 31, 2024, is a participating member of the public employees retirement system main system plan under chapter 54-42, who has been a participating member under chapter 54-52 for no more than five years, and who is at least eighteen years of age.
- 2. The board shall provide a three-month election period, from January 1, 2025, through March 31, 2025, for an eligible employee to transfer to the defined contribution plan under this chapter pursuant to the rules and policies adopted by the board.
 - a. An election under this section made by a member of the public employees retirement system under chapter 54-52 to transfer to the defined contribution retirement plan under this chapter is irrevocable.

- b. For an eligible employee who elects to transfer from the public employees retirement system under chapter 54-52 to the defined contribution retirement plan under this chapter, the board shall transfer a lump sum amount from the public employees retirement system fund to the member's account in the defined contribution retirement plan under this chapter. However, if the eligible employee terminates employment before receiving the lump sum transfer under this section, the election made is ineffective and the eligible employee remains a member of the public employees retirement system under chapter 54-52 and retains all the rights and privileges under that chapter.
- c. The board shall calculate the lump sum amount to be transferred based on the actuarial present value of the eligible employee's accumulated benefit obligation under the public employees retirement system based on the assumption the eligible employee will retire under the earlier applicable normal retirement age, plus interest from January 1, 2025, to the date of transfer, at the rate of one-half of one percent less than the actuarial interest assumption at the time of the election.
- d. This section does not affect an eligible individual's right to health benefits under chapter 54-52.1.
- 3. The state employer of an eligible employee who elects under this section to participate in the defined contribution retirement plan under this chapter shall pay an additional annual contribution of three thousand three hundred and thirty-three dollars for up to three years. Under this subsection, the employer shall pay the additional contribution each year the eligible employee continues permanent employment with the state, beginning January 2026, and extending no further than January 2028.
- 4. If the board receives notification from the internal revenue service that this section or any portion of this section will cause the public employees retirement system or the retirement plan established under this chapter to be disqualified for tax purposes under the Internal Revenue Code, that portion that will cause the disqualification does not apply.

SECTION 18. AMENDMENT. Section 54-52.6-03 of the North Dakota Century Code is amended and reenacted as follows:

54-52.6-03. Transfer of accumulated fund balances.

- 1. For an individual who elects under section 54-52.6-02 to terminate membership in the public employees retirement system under chapter 54-52, the board shall transfer a lump sum amount from the retirement fund to the participating member's account in the defined contribution retirement plan under this chapter. However, if the individual terminates employment ~~prior to~~before receiving the lump sum transfer under this section, the election made under section 54-52.6-02 is ineffective and the individual remains a member of the public employees retirement system under chapter 54-52 and retains all the rights and benefits provided under that chapter. The board shall calculate the amount to be transferred for persons employed before October 1, 2001, using the two following formulas, and shall transfer the greater of the two amounts obtained:
 - 1-a. The actuarial present value of the individual's accumulated benefit obligation under the public employees retirement system based on the assumption that the individual will retire under the earliest applicable normal retirement age, plus interest from January 1, 2001, to the date of transfer, at the rate of one-half of one percent less than the actuarial interest assumption at the time of the election; or
 - 2-b. The actual employer contribution made, less vested employer contributions made pursuant to section 54-52-11.1, plus compound interest at the rate of one-half of one percent less than the actuarial interest assumption at the time of the election plus the employee account balance.

2. The board shall calculate the amount to be transferred for persons employed after September 30, 2001, and before January 1, 2025, using only the formula contained in subdivision b of subsection 21.

SECTION 19. AMENDMENT. Section 54-52.6-05 of the North Dakota Century Code is amended and reenacted as follows:

54-52.6-05. Direction of investments.

1. Each participating member shall direct the investment of the individual's accumulated employer and employee contributions and earnings to one or more investment choices within available categories of investment provided by the board.
2. The board shall provide an investment menu of investment options. In establishing the investment options, the board shall:
 - a. Include predetermined investment portfolio options constructed to reflect different risk profiles that automatically reallocate and rebalance contributions as a participating member ages.
 - b. Allow a participating member to construct an investment portfolio using some or all of the investment options.
3. The board shall provide a diversified menu of mutual funds and in-plan lifetime annuity options, either fixed, variable, or a combination of both. In selecting an annuity provider the board shall comply with section 54-52.6-05.1.

SECTION 20. Section 54-52.6-05.1 of the North Dakota Century Code is created and enacted as follows:

54-52.6-05.1. Annuity provider - Qualifications.

1. The board shall select one or more annuity providers to provide the annuity options under this chapter.
2. In selecting an annuity provider under this section, the board shall:
 - a. Determine whether the annuity provider and the provider's subsidiaries and affiliates have appropriate financial strength and stability at the time of selection and during the term of contract with the board.
 - (1) The board may require the provider to provide the board with written representation:
 - (a) The provider is in compliance with title 26.1.
 - (b) The provider at the time of selection is and for each of the preceding seven years was in compliance and good standing with the insurance commissioner of the provider's domiciliary state and the provider is not operating under an order of rehabilitation or liquidation.
 - (c) The provider maintains and has maintained reserves that satisfy the statutory requirements of each state in which the provider does business.
 - (2) The board may require a provider selected by the board to provide annuities under this chapter to notify the board of a change of circumstances resulting in the provider failing to meet any of the requirements under paragraph 1.
 - (3) The board must have determined the provider has a claims paying ability rating that meets standards adopted by the board.

- b. Determine whether the annuity provider is able to provide contracted rights and benefits to a participating member.
- c. Determine whether the costs, including fees and commissions, of the annuity options in relation to the benefits and product features of the annuity options are reasonable.
- d. Determine whether the administrative services to be provided under the annuity option are appropriate. At a minimum the administrative services must include periodic reports to the board.
- e. Determine whether the annuity provider is experienced in paying lifetime retirement income through annuities offered to public employee defined contribution retirement plans.
- f. Determine whether the annuity provider offers a menu of annuity options that meet the following conditions:
 - (1) The annuity options are suitable for participating members and beneficiaries.
 - (2) The contract terms and income benefits are clearly stated, based on reasonable assumptions.

- b. A participating member who first joined the defined contribution retirement plan after December 31, 2024, except for an employee who elects to participate in the defined contribution plan under section 54-52.6-02.2, shall contribute monthly four percent of the monthly salary or wage paid to the participant, and this. In addition, the participating member may elect to contribute monthly up to an additional three percent of the monthly salary or wage paid to the participant.

 - b. For a participating member who first joined the defined contribution retirement plan after December 31, 2024, except for an employee who elects to participate in the defined contribution plan under section 54-52.6-02.2, the employer shall contribute an amount equal to four and twelve-hundredths percent of the monthly salary or wage of a participating member, plus up to an additional three percent as an employer matching contribution calculated based on the participating member's election under subdivision b of subsection 1. In lieu of assessing a civil penalty or one percent per month, or both, interest at the actuarial rate of return may be assessed for each month the contributions are delinquent. If contributions are paid within ninety days of the date the contributions became due, penalty and interest to be paid on delinquent contributions may be waived.
3. Each employer, at its option, may pay the employee contributions required by this section for all compensation earned after December 31, 1999. The amount paid must be paid by the employer in lieu of contributions by the employee. If the employer decides not to pay the contributions, the amount that would have been paid will continue to be deducted from the employee's compensation. If contributions are paid by the employer, they must be treated as employer contributions in determining tax treatment under this code and the federal Internal Revenue Code. Contributions paid by the employer may not be included as gross income of the employee in determining tax treatment under this code and the federal Internal Revenue Code until they are distributed or made available. The employer shall pay these employee contributions from the same source of funds used in paying compensation to the employee.

The employer shall pay these contributions by effecting an equal cash reduction in the gross salary of the employee or by an offset against future salary increases or by a combination of a reduction in gross salary and offset against future salary increases. Employee contributions paid by the employer must be treated for the purposes of this chapter in the same manner and to the same extent as employee contributions made before the date on which employee contributions were assumed by the employer. An employer shall exercise its option under this subsection by reporting its choice to the board in writing.
