

RINGCENTRAL FOR SLACK

Enhance productivity and team collaboration by enabling users to instantly start a RingCentral Video meeting or make a call using RingCentral.

RingCentral for Slack provides teams with the tools to enhance productivity and drive collaboration on the fly within Slack. Communicate and collaborate quickly with teammates by starting a RingCentral Video meeting directly from Slack's text box. Quickly connect with a colleague by making a call using RingCentral from the native call icon. Leverage Slack commands and drive productivity across all functions.

KEY FEATURES

Slash commands

Start a RingCentral Video meeting or a RingCentral audio conference call with simple commands, (for example, /RingCentral [call, meet, help]).

Native call icon

- Initiate a RingCentral Video with a click of a button.
- Make a phone call using RingCentral.

Meeting cards

- Join a video meeting via the posted meeting card in your Slack conversations.
- View how many people joined the meeting and the meeting call duration.

BENEFITS

Seamless integration with Slack

Connecting Slack with the business applications you use every day allows you to automate the tedious tasks in your workflow for added efficiency and ease of use.

Productive team collaboration

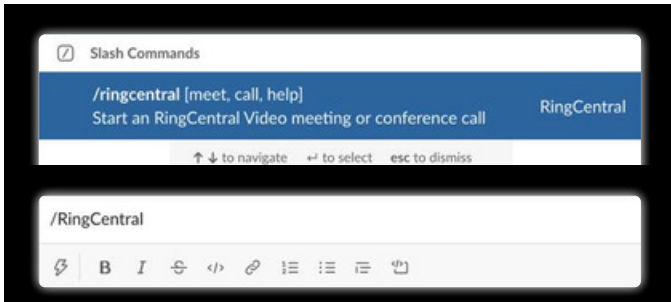

RingCentral for Slack enables your teams to instantly evolve their team conversations as needed, keeping projects moving forward in a productive way.

Streamlined business communications

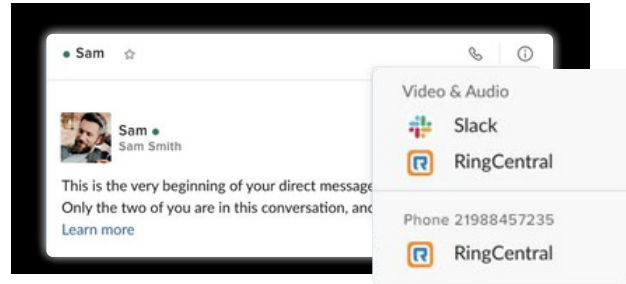

RingCentral for Slack reduces the need for users to switch between applications while collaborating within teams.

HOW IT WORKS

Slash commands

Simply type **/RingCentral meet** or **/RingCentral call** to post meeting or audio conference details into your conversation of choice and **/RingCentral help** to bring up a list of the bot commands.

Call and meet with the Slack native call icon

Click on the native call icon to make an outbound call in a direct message conversation or initiate a RingCentral Video meeting.

Join with meeting cards

When a RingCentral Video meeting is started, participants will see a meeting card for quick access to the meeting. Once the meeting has ended, users can view how many participants joined and the duration of the call.

SYSTEM REQUIREMENTS
