

Getting Started with PreViser - It's EASY!

You will generally want to create a single account for a practice, even if there are multiple dentists. Each dentist in an office will use a single username and password associated with the practice to access the PreViser Oral Health Information Suite (OHIS).

Step 1: Visit www.nedelta.com/Providers.

Step 2: Log in as a Northeast Delta Dental Provider

Step 3: Click on the link below to start the HOW® registration process:

Step 8: Almost done! An activation email will be sent to the email account you provided. When it arrives, just click on the link to activate your account:

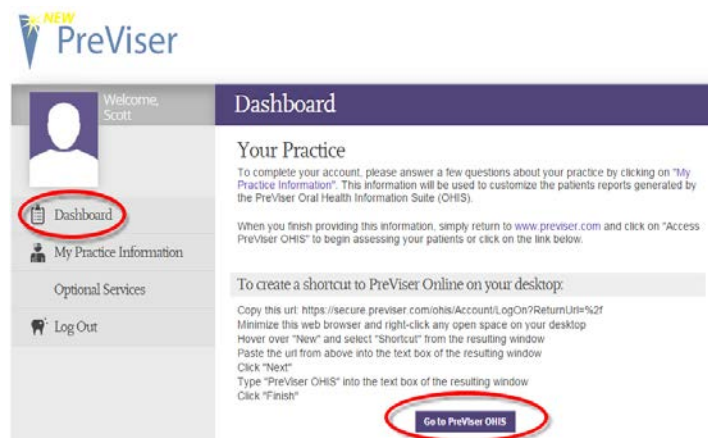

→ Thank you for using PreViser. Click here to visit www.previser.com/free to complete the Registration Process through My Account, and to view training videos at PreViser University.

Step 9: Log in with username and password you created in Step 7 above.

Step 10: At this point, you can start using the PreViser clinical Oral Health Information Suite (OHIS), by first clicking on the Dashboard and then clicking on the Go to PreViser OHIS button.

Step 11: When a new computer logs into the OHIS for the first time only, you will be asked to create an encryption key that will ensure patient privacy. **It is very important that you do not lose your encryption key. This key keeps all your patients' information secure and Delta Dental/PreViser cannot retrieve this key for you. All computers in your office should use the same user ID, password and encryption key.** Once you enter your encryption key, hit the Save button.

Important: The [Encryption Key](#) you enter below:

- Will encrypt your patient's private information.
- Must not be lost. We cannot retrieve it for you.
- Must be the same key used by all computers in the office.

If your office has not made up an Encryption Key:

- Make up your own and enter it below.
- Choose at least 8 letters or numbers.

If your office has an Encryption Key:

- Enter the same [Encryption Key](#) in the text box below.

Enter your encryption key.

Re-Enter your encryption key.

Step 12: You may want to bookmark or create a shortcut to the PreViser Oral Health Information Suite. The website address is <https://secure.previser.com/ohis>.

To create a shortcut:

1. Right-click on your desktop
2. Select New and the Shortcut
3. Enter <https://secure.previser.com/ohis> into the box
4. Click next and Enter "PreViser"
5. Click Finish

To create a bookmark:

1. Open your website browser (Firefox, Chrome, Internet Explorer, etc.)
2. Select Bookmark
3. Name the bookmark PreViser and hit Enter

Step 13: You are all set! It is a very good idea to view the PreViser University videos available at www.previser.com/free to learn more about the risk assessment tool and how best to interpret the risk assessment scoring.

Special Note: Some offices may not have operatory computers. If this is the case, and you would like a printed data entry form that can be filled out in the operatory, then taken to a computer in the office for entry, you will find these forms in PreViser University in the "Sample Reports/Data Entry Form" section.

The image shows a navigation menu for the PreViser website. At the top left is the PreViser logo. At the top right is a phone icon and the contact information: 888-854-0007 and help@previser.com. The main menu consists of several buttons: "Access PreViser OHIS", "Get a FREE Account", "My Account", "Features & Benefits", "Support and PreViser University" (circled in red), "Clinician & Academic Info", and "myDentalScore.com Info". A central banner area contains the text "A COMPLIANT PATIENT IS A HEALTHY PATIENT." and "PreViser ensures near 100% patient compliance with colorful, individualized and informative oral health reports". Below this banner are four example report thumbnails: "Example of Tooth Report", "Example of Gum Disease Report", "Example of Oral Cancer Report", and "Example of Comprehensive Oral Health Report". A "subscribe for PreViser NEWS" button is also visible.
