

OHSAA TRANSGENDER STUDENT POLICY

Consistent with the OHSAA philosophies with respect to participation in interscholastic sports and its mission statement and stated purpose as found in Article 2 of the OHSAA *Constitution*, the Board of Directors hereby adopts the following policy considerations and policy relating to the Executive Director's Office handling of transgender student athlete participation at an OHSAA member school.

Policy Considerations:

The Board of Directors of the OHSAA and the Executive Director's Office do hereby reaffirm the following policy considerations respecting participation in interscholastic sports in Ohio:

1. *Participation in interscholastic and intercollegiate athletics is a valuable part of the education experience for all students.*
2. *Transgender student athletes should have equal opportunity to participate in sports.*
3. *The integrity of women's sports should be preserved.*
4. *Policies governing sports should be based on sound medical knowledge and scientific validity.*
5. *Policies governing sports should be objective, workable, and practicable; they should also be written, available and equitably enforced.*
6. *Policies governing the participation of transgender students in sports should be fair in light of the tremendous variation among individuals in strength, size, musculature, and ability.*
7. *The legitimate privacy interests of all student athletes should be protected.*
8. *The medical privacy of transgender students should be preserved.*
9. *Athletic administrators, staff, parents of athletes, and student athletes should have access to sound and effective educational resources and training related to the participation of transgender and gender-variant students in athletics.*

GLOSSARY OF COMMON TERMS:

For purposes of this policy, the following terms shall have the meanings as set forth herein:

“Sex” - Sex is assigned at birth as male or female, usually based on the appearance of the external genitalia. When the external genitalia are ambiguous, other components of sex (internal genitalia, chromosomal and hormonal sex) are considered in order to assign sex.

“Transgender Person” describes an individual whose gender identity (one’s internal psychological identification as a boy/man or girl/woman) does not match his or her assigned sex at birth.

“Transgender” - An adjective to describe a diverse group of individuals who cross or transcend culturally-defined categories of gender. The gender identity of transgender people differs to varying degrees from the sex they were assigned at birth.

“Gender Transition” - A period of time when individuals change from the gender role associated with their sex assigned at birth to a different gender role. For many people, this involves learning how to live socially in “the other” gender role; for others this means finding a gender role and expression that is most comfortable for them. Transition may or may not include feminization or masculinization of the body through hormones or other medical procedures. The nature and duration of transition is variable and individualized.

“Gender identity” - A person’s own understanding of themselves in gendered categories such as woman, man, boy, girl, transgender, genderqueer, etc. How an individual feels inside and believes themselves to be.

“Transgender Female” is a person whose sex at birth is male but who self identifies and lives as a female (male-to-female or MTF). The pronouns “she” and “her” are the proper pronouns in referring to a transgender female.

“Male-to-Female (MTF)” - Adjective to describe individuals assigned male at birth who are changing or who have changed their body and /or gender from birth-assigned male to a more feminine body or role.

“Transgender Male” is a person whose sex at birth is female but who self identifies and lives as a male (female-to-male or FTM). The pronouns “he” or “his” are the proper pronouns in referring to a transgender male.

“Female-to-Male (FTM)” - Adjective to describe individuals assigned female at birth who are changing or who have changed their body and/or gender role from birth-assigned female to a more masculine body or role.

OHSAA GUIDELINES FOR TRANSGENDER STUDENT PARTICIPATION:

Transgender Females (MTF)

- A transgender female who has not yet begun medically prescribed hormone treatment for purposes of gender transition may participate on a **boys' team** at any time and **no ruling is needed from the Executive Director's Office.**
- A transgender female who is taking medically prescribed hormone treatment related to gender transition may participate on a **boys' team** and **no ruling is needed from the Executive Director's Office.**
- A transgender female may not participate on girls' teams in accordance with ORC 3313.5319. (As of 4/24/24)

In any case where a transgender student athlete is taking hormone treatment related to gender transition and an approval is needed from the E.D. Office, that treatment must be monitored by a physician and the Executive Director's Office may request reports on this treatment depending on the situation.

Transgender Males (FTM)

- A transgender male who has not yet begun medically prescribed testosterone treatment for purposes of gender transition may participate on a **girls' team** at any time and **no ruling is needed from the Executive Director's Office.**
- A transgender male who has begun medically prescribed testosterone treatment for purposes of gender transition may NOT participate on a **girls' team.**
- A transgender male who has not yet begun medically prescribed testosterone treatment for purposes of gender transition may participate on a **boys' team** at any time and **no ruling is needed from the Executive Director's Office.**
- Before a transgender male who has begun medically prescribed testosterone treatment for purposes of gender transition can participate in **boy's sport or on a boys' team** he must:
 - demonstrate to the Executive Director's Office by way of sound medical evidence that the muscle mass developed as a result of this testosterone treatment does not exceed the muscle mass that is typical of an adolescent genetic boy. Should this occur, the student's hormone levels must be monitored by a licensed physician every three to six months and approvals will only be rendered on a season-by-season basis.

In any case where a transgender student athlete is taking hormone treatment related to gender transition and an approval is needed from the E.D. Office, that treatment must be monitored by a physician and the Executive Director's Office may request reports on this treatment depending on the situation.

APPEALS OF OHSAA DECISION:

Should any questions arise about whether a student's request to participate in a sports activity consistent with his or her gender identity is legitimate, the student for whom the ruling was rendered may seek review of his or her eligibility for participation through the procedure set forth below:

A. First Level of Appeal:

I. The student will be scheduled for an appeal hearing before the Gender Identity Eligibility Committee. The OHSAA shall schedule a hearing as expeditiously as possible, but in no case later than five (5) school business days prior to the first full interscholastic contest that is the subject of the petition, or within a reasonable time thereafter in cases of emergency, including, but not limited to, any unforeseeable late student enrollment. The Gender Identity Eligibility Committee will be comprised of a minimum of three of the following persons, at least one of whom must be from the physician or mental health professional categories:

- Physician with experience in transgender health care and the World Professional Association for Transgender Health (WPATH) Standards of Care
- Psychiatrist, psychologist, or licensed mental health professional familiar with the WPATH Standards of Care
- School administrator from a non-appealing school
- OHSAA staff member
- Advocate familiar with issues of gender identity and expression

II. Documentation: The appealing student shall provide the Eligibility Committee with the following documentation and information:

- Current transcript and school registration information
- Documentation of the student's consistent gender identification (e.g., written statements from the student and/or parent/guardian; written statements from the student's treating physician/psychologist or other health care provider)
- Any other pertinent documentation or information

III. Committee Decision Process: The Eligibility Committee shall apply the same standard of review as utilized in all other student eligibility appeals. The student/student's family and the school on whose sports team the student would be participating will be notified of the Eligibility Committee's decision in writing within 48 hours once that decision has been reached.

IV. When there is confirmation of a student's consistent gender identity, the Eligibility Committee/OHSAA Executive Director, of his/her designee, will affirm the student's eligibility to participate in OHSAA activities consistent with the student's gender identification.

B. Appeal of Eligibility Committee's Decision

Upon completion of the appeal to and through the Eligibility Committee, the student will have exhausted all administrative remedies available to him/her. No further appeals with or through the OHSAA exist at that point. However, due to the nature of these issues, the same student may have her/his case revisited by the Executive Director's Office (and subsequently, the Eligibility Committee) as the facts and circumstances of the student evolve or change.
