Occupational Licensing Blueprint

License Details

What is the license? Alarm/Locksmith/Fire Sprinkler (ALFS) (company) Manager

What does the license cover? Required for persons with the authority to bind a company by contract, who shall provide supervision over the regulated functions and operations of the alarm company within the State of Oklahoma. Cannot be manger for more than one company at a time except if the manager is the majority owner of each company.

What Board regulates the license? This license is issued by the administrative agency(ODOL) itself, not by a board. Employees of ODOL are not market participants.

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) ODOL ALFS Division policy is to protect workers and the public from potential catastrophic issues associated with installation of Alarm, Locksmith or Fire Sprinkler systems.

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Government Certification

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----Continue only if Occupational Licensing was Used-----

Controlling Number of Market Participants on the Board

How many members are on the regulatory board? N/A

How many of them are active market participants? (see Annex, item 5) N/A

Is the board controlled by these active market participants? (see Annex, item 6)
 Yes No

-----Continue only if the Board is Controlled by Market Participants-----

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No
N/A

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Alarm/Locksmith/Fire Sprinkler (ALFS) Salesperson

What does the license cover? Required for persons who sells, with the authority to sign a binding proposal to others on behalf of a fire alarm company by any means including but not limited to, telephone or electronic device, public notice or advertisement, door-to-door or any other type of personal interaction, and or a person who participates in design, plan and/or lay out of an fire alarm system on behalf of a fire alarm company, but shall not include individuals who participate in marketing only.

What Board regulates the license? This license is issued by the administrative agency(ODOL) itself, not by a board. Employees of ODOL are not market participants.

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) ODOL ALFS Division policy is to protect workers and the public from potential catastrophic issues associated with installation of Alarm, Locksmith or Fire Sprinkler systems.

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Government Certification

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No
N/A

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Asbestos Worker

What does the license cover? Required for individuals, who are removing friable asbestos in the State of Oklahoma.

What Board regulates the license? This license is issued by the administrative agency(ODOL) itself, not by a board. Employees of ODOL are not market participants.

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) ODOL Asbestos Division policy is to protect workers, the public and the environment from possible asbestos exposure.

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Government Certification

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----*Continue only if Occupational Licensing was Used*-----

Controlling Number of Market Participants on the Board

How many members are on the regulatory board? N/A

How many of them are active market participants? (see Annex, item 5) N/A

Is the board controlled by these active market participants? (see Annex, item 6)

Yes No

-----*Continue only if the Board is Controlled by Market Participants*-----

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No
N/A

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Boiler and Pressure Vessel Operator License

What does the license cover? Required for anyone who operates and maintains boiler and/or pressure vessels in the state of Oklahoma. There are four distinct "classes" of Boiler and Pressure Vessel licenses, with each one consisting of distinct qualifications and/or experience.

What Board regulates the license? N/A - The Oklahoma Department of labor issues and renews the license according to 40 O.S. 141 and OAC 380:25

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) Public Safety

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Occupational license indicating knowledge and/or experience in the field and includes passing an examination.

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----*Continue only if Occupational Licensing was Used*-----

Controlling Number of Market Participants on the Board

How many members are on the regulatory board? N/A

How many of them are active market participants? (see Annex, item 5) N/A

Is the board controlled by these active market participants? (see Annex, item 6)
 Yes No

-----*Continue only if the Board is Controlled by Market Participants*-----

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No
N/A

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Elevator Apprentice License

What does the license cover? A person who is registered with the Department of Labor who works under the direct supervision of a licensed elevator mechanic, licensed elevator contractor, or licensed elevator inspector.

What Board regulates the license? N/A - The Oklahoma Department of labor issues and renews the license according to 59 O.S. 3020 and OAC 380:70 -5-4

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) Public Safety

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Occupational registration indicating intention of working with licensed elevator mechanics, elevator contractors, and/or elevator inspectors..

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----*Continue only if Occupational Licensing was Used*-----

Controlling Number of Market Participants on the Board

How many members are on the regulatory board? N/A

How many of them are active market participants? (see Annex, item 5) N/A

Is the board controlled by these active market participants? (see Annex, item 6)
 Yes No

-----*Continue only if the Board is Controlled by Market Participants*-----

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Elevator Certificate Inspector License

What does the license cover? Allows a licensed individual to witness periodic tests and conduct inspections for the purpose of recommending a certificate of operation for existing elevators and conveyance.

What Board regulates the license? N/A - The Oklahoma Department of labor issues and renews the license according to 59 O.S 3020, et seqq and OAC 380:70

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) Public Safety

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Occupational license indicating knowledge and/or experience in the field, and including passing a written examination for elevator inspectors..

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----*Continue only if Occupational Licensing was Used*-----

Controlling Number of Market Participants on the Board

How many members are on the regulatory board? N/A

How many of them are active market participants? (see Annex, item 5) N/A

Is the board controlled by these active market participants? (see Annex, item 6)
 Yes No

-----*Continue only if the Board is Controlled by Market Participants*-----

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No
N/A

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Elevator Mechanic License

What does the license cover? Any person who installs, repairs, services, alters, remodels or maintains any elevator or conveyance.

What Board regulates the license? N/A - The Oklahoma Department of labor issues and renews the license according to 59 O.S. 3021

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) Public Safety

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Occupational license indicating knowledge and/or experience in the field.

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----*Continue only if Occupational Licensing was Used*-----

Controlling Number of Market Participants on the Board

How many members are on the regulatory board? N/A

How many of them are active market participants? (see Annex, item 5) N/A

Is the board controlled by these active market participants? (see Annex, item 6)

Yes No

-----*Continue only if the Board is Controlled by Market Participants*-----

Active Supervision of the Board

Is there active state supervision of the board? (see Annex, item 7) Yes No

N/A

If the answer to the above question is "No" then board's conduct may violate the Sherman Act and the board's actions are not protected by state immunity.

Occupational Licensing Blueprint

License Details

What is the license? Elevator Special Inspector License

What does the license cover? Allows licensee to witness periodic tests and inspecto elevators or conveyances insured by the special inspector's employer for the purpose of recommending the issuance of Certificates of Operation for existing elevators and conveyances.

What Board regulates the license? N/A - The Oklahoma Department of labor issues and renews the license according to 59 O.S 3020 and OAC 380:70

Compelling Public Interest

What is the compelling public interest? (see Annex, item 1) Public Safety

Is this public interest a demonstrated, real, significant, and probable harm? (see Annex, item 2) Yes No

Least Restrictive Means

What means is used to protect the public interest? Occupational license indicating knowledge and/or experience in the field.

Is it the least restrictive means (see Annex, item 3), which sufficiently protects the interest? (see Annex, item 4) Yes No

If the answer to the above question is "No" then do not use that type of regulation to protect the public interest.

-----*Continue only if Occupational Licensing was Used*-----
