F.Y.B.Com

1. Define Environment Explain natural components of environment.
2. What is an Ecosystem? Explain its functioning.
3. Differentiate between resource-rich and resource-poor countries of the world.
4. What are the indirect uses of the forest?
5. How population is distributed in the world? Which factors influence on population growth?
6. Describe the Human Development Index (HDI).
7. Explain the cycle of disaster management.
8. Discuss the causes and consequences of flood,
9. Define global warming. Explain its causes and effects.
10. Explain the causes of environmental degradation.
11. What do you know about environmental movements in India?
12. What is GPS?
13. Explain the important components of the environment.
14. Describe the 'Hydrological Cycle'.
15. Explain the various types of Natural Resources.
16. Explain the various uses of Forests.
17. Explain the concept of Malnutrition.
18. Explain the role of 'Pre' and 'Post' Disaster Management.
19. Explain the causes and consequences of Flood.
20. Explain the need of Environmental Management.
21. Write a note on 'Eco-tourism'.
22. Explain in Wild Life Protection Act – 1972.
23. Define Environment. Write in brief about food chain and food web.
24. Sustainable development is essential – Explain
25. What is Resources? Give classification of resources.
26. Conservation of Resources is essential – Explain.
27. Explain the various factors that are responsible for Indian fishing.
28. Discuss the major 'Fishing bank' of the world.
29. Explain the rising, problems of 'Population explosion'
30. Discuss the population distribution in india.
31. Discuss about the 'Components of environment'
32. Explain briefly the Renewable Energy Resources.
33. Explain the importance of Transportation in trade and commerce.

34. Discuss the factors that influence the development of tourism.
35. Explain the various National Disasters.
36. Discuss the causes for Environmental Problems.
37. Discuss the major problems of solid waste disposal in developing countries.
38. Explain any two environmental movements.
39. Explain Carbon Cycle.
40. Poverty is a major problem – Explain
41. Explain the concept of Malnutrition.
42. India is an ideal country for the development of tourism – Explain
43. State the various problems related to tourism.
44. Explain the causes and effects of man-made tourism.
45. Explain the impact of tourism on the environment.

Short notes .

1. Hydrological cycle
2. Water pollution
3. Uses of water
4. Sustainable development
5. Wind energy
6. Flow resources
7. Types of telecommunication
8. Oil spill and leakage
9. Depletion of ozone layer
10. Acid rain
11. ISO
12. GIS
13. Food chain and Food web
14. Sustainable development
15. Water conservation
16. Man environment relationship
17. Human Development Index (HDI)
18. Mass Communication
19. Medical tourism
20. Man-made disaster
21. Acid rain
22. Geographical information system
23. Nitrogen cycle
24. Solar energy

25. Producers
26. Optimum Population
27. Importance of Forest
28. Human Resources
29. Flood
30. Mode of Transport
31. Desertification
32. Cyclones
33. New tourism
34. Special Economic Zone
35. Chipko movement

Mark and Name the following in outline map of 'Mumbai'

1. A creek lies between Mumbai Main and Suburbs of Mumbai.
2. The Northern most Hill of Greater Mumbai.
3. The 'Largest Green Forest' area of North Mumbai.
4. A Famous beach in the North-Western part of Mumbai.
5. An International 'Airport' of Mumbai.
6. Churchgate station
7. Kanheri caves
8. Thane creek
9. Elphanta caves
10. Lake vihar
11. An area of bird sanctuary
12. forest area of Mumbai
13. Area of air pollution due to chemical industry
14. A place well known for dumping of solid waste

Mark and name the following features on the outline map of 'Konkan'.

1. Northern most 'District' of Konkan.
2. A famous 'Hill Station' of Raigad district.
3. A famous sea shore pilgrimage centre of Ratnagiri district.
4. Famous 'Fishing Port' of Sindhudurg district.
5. Highly polluted river of Raigad district.
6. Mumbai suburban district
7. Amboli ghat

8. Thane city
9. Amba ghat
10. Thal ghat
11. A place of hot spring
12. A port in Sindhudurg district
13. Fruit and vegetable market
14. Most polluted river
15. A tourist place in Ratnagiri district
16. Wankhede stadium
17. Controversial dumping ground of Mumbai
18. Highly polluted river in Mumbai
19. Mahim creek
20. Northernmost district of konkan
