

Water and Waste VERIFICATION STATEMENT

In accordance with our engagement contract with you dated April 4, 2014, we confirm that our Assurance Report to you dated June 13, 2014 incorporated the following matters:

Bureau Veritas North America provides **Reasonable Assurance** for the water and waste data reported by Lenovo Corporation from **April 1, 2013** through **March 31, 2014**.

Date Verification was Completed: June 13, 2014

Type of Verification: Reasonable Assurance

Reporting Protocol against Which Verification was Conducted: NA

Verification Protocols Used to Conduct the Verification:

ISO 14031:1999 – Environmental Management – Environmental Performance Evaluation

Methodology:

- Interview relevant personnel from Lenovo responsible for water, waste and recycled material data at site and corporate levels;
- Site reviews of Lenovo data, information systems and methodologies for collection, aggregation, analysis and review of information used to determine water and waste quantities at manufacturing sites in Xiamen and Hefei, China and at the company headquarters in Morrisville, North Carolina.
- Audit of sample of source data used to determine water and waste quantities.

Reporter's Organizational Boundaries:

Operational Control

Geographic Scope of Verification

Global

Entity-wide Water and Waste Quantities for FY 2013/2014

Water Consumed: 874,742.21 m³

Waste Water Discharged: 811,806.98 m³

Non-Hazardous Solid Waste: 27,316.95 mt (diversion rate = 90.9%)

Hazardous Waste: 26.57 mt

Lenovo
FY 2013/2014 Verification Statement

Conclusion:

Based on the verification process, Bureau Veritas concludes that the water and waste assertion above:

- is materially correct;
- is a fair representation of the water and waste data and information; and
- is prepared in accordance with the standard expectations for reporting environmental data.

It is our opinion that Lenovo has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of its water and waste data for the stated period and boundaries.

Statement of independence, impartiality and competence

Bureau Veritas is an independent professional services company that specializes in Quality, Health, Safety, Social and Environmental management with over 186 years history in providing independent assurance services.

No member of the verification team has a business relationship with Lenovo, its Directors or Managers beyond that required of this assignment. We conducted this verification independently and, to our knowledge, there has been no conflict of interest.

Bureau Veritas has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 25 years combined experience in this field and an excellent understanding of Bureau Veritas standard methodology for the verification/validation of greenhouse gas emissions data.
