(57) **CLAIM**

The ornamental design for a computing device having a display screen with a graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a computing device having a display screen with a graphical user interface with a plurality of icons, showing the new design; FIG. 2 is a front view of the second image thereof; and, FIG. 3 is a front view of the third image thereof. The appearance of the image transitions sequentially between the images shown in FIG. 1-3. The process or period in which an image transitions into another forms no part of the claimed design. The broken lines represent the computing device and environment and form no part of the claim.
