YMCA OF THE ROSES

2024: Here For Good

The YMCA is here for good.

Since 1854, our region has had a YMCA to give everyone a strong spirit, mind, and body through life-changing community work, ranging from free wellness programs for cancer survivors to support programs for immigrants and newcomers.

We , not only survived the Civil War, two World Wars, the Great Depression, a global pandemic, and countless other tumultuous events, but were there for our friends and neighbors all the while to make sure no one had to face life's challenges alone.

Our amazing corporate partners are why thousands of people in York and Lancaster Counties can access these services each year so we and the individuals we serve are incredibly grateful for your interest in joining us!

This packet contains info on the impact you can make by signing on to be a Corporate Partner for one or more of our key initiatives and how doing so gives you opportunities to connect with the YMCA community year-round, including digital and physical recognition, and during one-time events, such as our races and gala.

**You won't simply be an event sponsor, you'll be a partner
in powerful work.**

Thank you for exploring these opportunities and standing with the Y! We hope that, in 2024, you stay healthy, happy, and successful.

Your business. Our mission.
Be there for the YMCA. Be there for our community.

LIVESTRONG at the YMCA

Giving cancer survivors health, hope, and love

LIVESTRONG at the YMCA is the YMCA's free support program for cancer survivors. By giving cancer survivors and their families personalized guidance, small-group support, and wellness resources, this program empowers individuals from all walks of life to live their best lives possible after their courageous fights. For more info on LIVESTRONG at the YMCA, go to rosesymca.org/livestrong

Patricia's Story:

Patricia joined the program at age 51, even though she had been cancer-free since 11. At the time, the treatments were dangerous and left her with painful side effects. Because of you, professional Y staff and fellow cancer survivors welcomed Patricia into the program, giving her the love and nurturing support she needed to get active and reclaim her health in spirit, mind, and body.

Even after visiting her doctor and discovering that she had heart failure caused by the high chemo dosage from her early cancer treatments, her LIVESTRONG at the YMCA family stood by her so that she could recover from this new challenge. You and the hundreds of other generous individuals who stand with the Y are why Patricia is now thriving. In one year, she lost 70 pounds, cured her prediabetes, and stopped her medication.

By the Numbers:

100s on individuals and their families completed the 12-week program in 2023

72% increased their physical endurance

Participants had 31% greater upper body strength

Participants had 29% greater lower body strength

We are using your support to empower our Haitian neighbors so that they too can call our community "home." Thanks to donations like yours, hundreds of individuals and families have food on the table, clothing on their backs, and prospects in their future, due in no small part to the free English classes you're making possible.

WELCOMING WEEK & YMCA WORLD SERVICE

WHEN AND WHERE:

Welcoming Week - September, 2024, throughout York and Lancaster Counties

YMCA World Service - Summer, 2024, throughout York and Lancaster Counties

WHAT:

Celebrated each year in September, **Welcoming Week** elevates the growing movement of communities that fully embrace new Americans and their contributions to the social fabric of our country. It's a chance for neighbors — both immigrants and U.S.-born residents — to get to know one another and celebrate what unites us as a community.

Your local YMCA hosts events throughout York and Lancaster Counties during the week so there are many ways to get engaged and lots of different kinds of people to reach! Events range from panels of diverse faith leaders, naturalization ceremonies, ethnic festivals, tours of immigrant-owned businesses, and multi-cultural concerts.

YMCA World Service is part of the international YMCA's movement to build a support network of YMCAs to give everyone in the world what they need for a healthy spirit, mind, and body. We raise funds locally to support YMCAs abroad, ranging from assistance for Ys in Ukraine to help rebuilding associations in Puerto Rico after devastating hurricanes.

Thanks to contributions like yours to the YMCA's work with youths, she was able to enroll her children in the YMCA's Pre-K and Child Care programs and her job performance has improved drastically!

She even doesn't even have to worry about what her children are eating during the day because of the free and nutritious breakfasts, lunches, and snacks we give to all the kiddos in our programs.

Programs:

- College/career prep programs
- STEM and coding education
- Drill/Step team for ages 8-18

The YMCA serves the neighborhoods surrounding its branches through a separate organization call the Y Community Development Corporation and its workforce development center, TechRev York. These two initiatives leverage public and private partnerships and YMCA programs and services to make sure everyone has affordable and high quality housing alongside sustainable and lucrative employment.

Mike's Story:

Mike lived in a rental unit in York City when a fire consumed their home and forced them into the streets. With nowhere else to go, they turned to the YMCA and connected with our staff.

Within hours, they were given access to an open room in the neighborhood free of charge and given toiletries, bedding, clothes, and food. while they repaired their unit.

Mike eventually returned to his old home, but not before becoming a part of the YMCA family, who will always be there for him when times are tough!

Mission Work

Empowering Lancasterians and York Countians

After the merger between the Lancaster Family YMCA and the YMCA of York and York County to become the YMCA of the Roses, both county's YMCAs have expanded and started new and expanded existing community programs to empower all their residents to live their best lives possible. Your support makes healthy and happy living possible for thousands of individuals each year!

Making Refugees Safe Around Water:

During a recent summer, tragedy struck a family of refugees in our community when one their children drowned in a local pool. After the family, who had already been through so much during their journey to our country, took time to grieve, they reached out to the YMCA to see if they could all learn how to swim to prevent future tragic events.

We welcomed them with open arms and, because of corporate partners who give to our mission work, organized classes to teach the family and their networks how to be safe around water. Now, they are all confident and mindful around water, with several of the children in the classes taking advanced swim lessons.

Programs:

- Financial assistance for YMCA members
- Programs to help youths stay active and out of trouble through exercise and sports
- Free swim lessons and safety around water classes
- Food pantry/distributions
