Campus Safety

Campus Safety is committed to a safe and secure working and learning environment on all campuses within the district. The safety and security of our students, staff and visitors is, and always will be, our primary consideration.

The Federal Violence Against Women Reauthorization Act (VAWA) put new obligations in place for colleges and universities under its Campus Sexual Violence Elimination (SaVE) Act provision in 2014. These new regulations were designed, in part, to help prevent sexual assault, dating violence, domestic violence and stalking; while raising awareness and providing support. Our campus community is committed to creating a safe environment for all students and this brochure offers tools to help make it happen.

Annual Crime and Fire Report:

The Annual Crime and Fire Report (ASR) is a compilation of crime statistics and safety information. The data reflects the three previous years' statistics. The report is available on the Shasta College website:

www.shastacollege.edu/ASR

You may request a printed copy of the Annual Crime and Fire Report (ASR) from the Campus Safety Office, **Building 6500**.

The Jeanne Clery Disclosure Act:

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics (the Clery Act) was named in memory of 19-year-old university freshman, Jeanne Ann Clery, who was sexually assaulted and slain while asleep in her residence hall in 1986. The Clery Act requires all colleges and universities that participate in federal financial aid programs to track and disclose information about crimes that occur on and near their respective campuses.

Shasta CARES

Through the Shasta Campus Advocacy, Resources and Education for Safety (CARES) program, campus and community partners meet on a regular basis for the Coordinated Community Response Team (CCRT). The CCRT on the Main Campus is currently comprised of members from Student Services, Campus Safety, One SAFE Place, and Redding Police Department. The CCRT on the Tehama Campus is comprised of members from Extended Education, Campus Safety, Rape Crisis Intervention and Prevention, Empower Tehama (formerly Alternatives to Violence), Red Bluff Police Department and Tehama County Sheriff.

Each team works together to create a trauma-informed response and develop culturally competent violence prevention programs. Shasta CARES provides primary prevention programming and events to educate the campus on prevention and education of sexual violence, domestic violence, dating violence, and stalking. The events and workshops promote healthy behaviors, equity, safety and accountability.

Primary Prevention

Shasta College is a safe campus for students, staff, and visitors; however, no campus is completely immune to crime. These safety tips may substantially decrease your chances of becoming a victim of crime:

- Be aware of your surroundings at times when you may be less alert or distracted. You are more vulnerable to an attack when you are upset, sick, or talking/texting on your cell phone
- Use discretion and caution when taking shortcuts through isolated parts of the campus
- If you must be in an isolated area (e.g., working or studying alone in labs or offices) lock the doors and tell a friend or Campus Safety where you are and when you plan to leave
- Know the locations of campus emergency blue telephones
- Keep personal belongings in view or secure at all times when on campus
- Whenever you are on campus and see or hear someone who might be in trouble, your options include: running, yelling, confronting, or calling 9-1-1 or Campus Safety at (530) 242-7910 opt 3
- Park in well lit areas after dark
- While walking to and from classes at night, walk with someone you know or trust

- Learn self-defense techniques. Free seminars are offered at Shasta College. Contact Campus Safety for more information at (530) 242-7910 opt 3 or visit shastacollege.edu/campusafety
- Use the Safe Walk Escort Service by calling (530) 242-7910 opt 3
- Let your family or trusted friends know your class schedule

Preventing you from sexual and relationship violence and helping you better understand how to protect yourself and others is a key campus concern. You should never have to contend with sexual assault, dating violence, domestic violence or stalking. Shasta College strictly prohibits these crimes. They have no place within our community.

Empower Students uses peer presenters, survivor testimonials, video-based scenarios, bystander testimonials and more, to cover crucial topics like consent, healthy and unhealthy relationships, what to do in the event violence occurs, and more.

You will also learn how to identify potentially dangerous situations as well as how to intervene to put a stop to them.

Empower Students gives you the knowledge and power to make your campus safer - for you, and for the people you care about.

Bystander Intervention

Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

At Shasta College, the safety and welfare of students, staff, and visitors are of utmost concern. As such, intervention or interruption of harmful behavior or speech that you witness is key to prevention.

Shasta College expects all members of the campus to take reasonable action to prevent or stop any act of sexual assault, harassment, or violation of any college policy. Taking action may include reporting to local law enforcement, direct intervention, or a call to Campus Safety.

Shasta College prohibits any retaliation, coercion, threats, or discrimination against an individual who intervenes, reports, or provides information on sexual or relationship violence. Any person who participates in an act of retaliation will be subject to disciplinary action. Report concerns of retaliation to the Title IX Coordinator.

The three Ds - Strategies to Intervene:
Shasta College incorporates the 3 D's of Bystander Intervention developed by Alteristic (formerly Green Dot, etc.)

DIRECT – Directly interact with the potential perpetrator or victim and address your concern.

- Acknowledge the offense and identify the inappropriate behavior

DISTRACT – Create a diversion to diffuse the potentially problematic situation.

- Silent stare/body language: you do not always have to speak to communicate
- Light humor reduces tension and makes it easier for the person to hear you without making it seem unimportant
- Call a friend
- Pull your friend away from the perpetrator
- Interrupt the conversation

DELEGATE – Ask someone else to help with the situation

- Tell someone of authority
- Call Campus Safety or the police
- Say something to a friend and engage them to help

Bystanders may intervene simply and safely. Some positive intervention actions are:

- Provide any type of distraction that interrupts the situation
- Engage one or more of the parties involved
- Involve authorities
- Ask the victim if they need help, and get them home safely
- Help remove someone from the situation

Be aware of all the campus resources. Attend seminars addressing sexual assault awareness and talk to your friends about potentially abusive situations you observe.

Speak up! Don't just hope that someone else will step in. Be confident in your ability to help: be supportive and motivate your community to become involved.

Sexual Assault

Shasta College encourages reporting of sexual misconduct. Any person who intervenes or reports sexual misconduct will not be subject to disciplinary action by the college.

The majority of campus sexual assaults occur between people who know one another. Alcohol and drugs are often a factor that impairs the perpetrator or victim's judgment. You are never responsible for being sexually assaulted! The only one responsible for a sexual assault is the perpetrator.

Sexual assault is a criminal offense that meets one of these definitions:

Senate Bill 967 Yes Means Yes – What is consent?

“Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed an indicator of consent.
