We create impactful programing that leaves lasting legacies for our community. Initiatives funded by the New York Jets Foundation positively influence the lives of young people in the tri-state area and provide opportunity for disadvantaged communities.

JETS PLAY FOOTBALL

The New York Jets are committed to growing the game of football, removing barriers of access, and improving safety through a comprehensive outreach program designed to provide opportunities for underserved communities to play football.

GIRLS HIGH SCHOOL FLAG FOOTBALL

PRESENTED BY NIKE AND FUELED BY GATORADE

In recognition of the 37th annual National Girls & Women in Sports Day, the New York Jets, Nike, and Gatorade announced the expansion of the Jets High School Girls Flag Football League which continued play in Spring of 2023. In collaboration with the New York State Public High School Athletic Association, North Jersey Super Football Conference, Big Central Conference, and North Jersey Interscholastic Conference, over 100 high schools from the Hudson Valley, Long Island, and New Jersey will participate in Jets High School Girls Flag Football Leagues. All new schools received implementation grants and/or equipment from the Jets and Nike. Additionally, each school received uniforms from Nike's Girls Flag Football line of apparel. This is the third year for the Jets High School Girls Flag Football League in New Jersey, the second on Long Island with Section VIII and Section XI high schools, and the first in the Hudson Valley with Section IX high schools. The leagues culminated with New York State and New Jersey Championship games at the Atlantic Health Jets Training Center on June 10.

Through ongoing support from the New York Jets, High School Girls Flag Football has become a reality in the Tri-State area. In 2011, the Jets began providing an annual donation of $50,000 to the New York City Public Schools Athletic League, becoming the first NFL Club to help create a Varsity Girls Flag Football League that has grown to over 60 teams in 2023. Beginning in 2024, the New York State Public High School Athletic Association will officially recognize Girls Flag Football as a Championship Sport. The New Jersey State Interscholastic Athletic Association is actively exploring ways to officially pilot a Girls Flag Football state championship and hopes to have a proposal before its Executive Committee prior to the 2024 season. To date, the Jets have created 60 teams in New York and over 50 teams in New Jersey. In total, the Jets have supported the launch of over 170 girls flag football teams throughout the tri-state area.

In March 2023, the Jets announced a 12-team Girls Flag Football league in the United Kingdom. This was announced in tandem with the Chicago Bears, as both clubs supported six secondary schools each. The league was divided into two divisions – a Jets division and a Bears division. Throughout the regular season, schools competed within their division – ending with the Jets Champion facing the Bears Champion for the league title on May 22nd.

The creation of our new league furthers our commitment to providing female athletes an equitable opportunity to play what we consider to be the greatest sport in the world. We are thrilled to continue cultivating meaningful relationships and explanding our fanbase throughout the United Kingdom.

JETS IN THE COMMUNITY

JETS X NFL FLAG

PRESENTED BY NEW JERSEY BOARD OF PUBLIC UTILITIES

In 2022, the New York Jets hosted an NFL FLAG Regional Tournament with Reigning Champs Experiences. The 11 winning teams earned a spot in the NFL FLAG National Championships at Pro Bowl. All teams were supported by the Jets and the New Jersey Board of Public Utilities (NJBPU). The 11 winning teams received: tickets to a Jets home game, where they were recognized prior to kickoff, given $5k travel grants, invited to practice at the Atlantic Health Jets Training Center, received Jets swag bags, attended a private party in Las Vegas and were surprised with new alternate black Jets flag jerseys.

FLAG FOOTBALL X COMMUNITY AGENCIES

The New York Jets fund and create thousands of flag football opportunities for children ages 5-18 to enjoy America's favorite sport. Players benefit by being physically active through non-contact, continuous action while learning the fundamentals of football, lessons in teamwork, and sportsmanship.

In 2022, the New York Jets supported the New York City Police Athletic League (PAL) to operate an NFL FLAG Football program powered by Reigning Champs Experiences. Through funding provided by the Jets Foundation, over 1,000 New York City youth have the opportunity to play flag football at no cost. All participants are given a free Jets NFL FLAG Football jersey and teams are coached by police officers from the neighborhood.

Since 2007, the Jets have provided annual funding for the expansion of CHAMPS Middle School Flag Football League to more than 3,000 students at over 100 programs throughout the New York City public school system. The CHAMPS Middle School Sports and Fitness League is an initiative of the New York City Department of Education that promotes student physical activity during the critical years of middle school. The name CHAMPS derives from the initials of the five characteristics that describe our participants: Cooperative, Healthy, Active, Motivated, and Positive Students. For more information go to https://www.schools.nyc.gov/school-life/health-and-wellness/sports-and-staying-active/champs.

PLAY 60 FLAG FOOTBALL PROGRAM

The Jets PLAY 60 Flag Football Program encompasses sixth grade students from local middle schools where the Jets provided flag belts, jerseys, and footballs to operate a flag football unit. All participating schools, Chatham Middle School, Frelinghuysen Middle School, Harding Middle School, LC Johnson Middle School, Madison Jr. School, Memorial Junior School, Ridgedale Middle School, and St. Vincent The Martyr School encouraged students to participate in at least 60 minutes of physical activity every day while learning the game of football. As a culmination, each school will compete in a tournament at the Atlantic Health Jets Training Center. Two students, one boy and one girl, from each participating school, will receive tickets to a Jets home game to lead the team out of the tunnel.

GAME CHANGER HIGH SCHOOL COACH OF THE WEEK

PRESENTED BY VISA

During the tackle and girls flag football seasons, the Jets announce a High School Coach of the Week Game Changer presented by Visa to a coach in the tri-state area. This coach serves the best interests of the game through the teaching of sound football fundamentals, the motivation of young players to achieve, and the promotion of youth football by way of dedication to their community, their school, and their student-athletes. Each week, the winner is awarded a $2,500 grant for their high school's football program. In addition to the weekly award, a Coach of the Year is selected at the end of the high school season and awarded $5,000. All winners are honored on-field during a Jets home game.

HIGH SCHOOL PLAYER OF THE WEEK
FUELED BY

NEW YORK JETS HIGH SCHOOL PLAYER OF THE WEEK

FUELED BY GATORADE

Throughout the tackle and girls flag football seasons, the Jets and Gatorade will honor a high school player of the week. The player will receive a $1,000 donation from the Jets and Gatorade in their name to support their high school tackle or girls flag football program. The player of the week is announced on either: the Jets High School Football Hour with Mike Quick and Matt Simms fueled by Gatorade or the Anita Marks Show on 98.7 ESPN. The player is recognized throughout the Jets social media platforms and in-stadium during Jets home games. All winners are honored on-field during a Jets home game.

NEW YORK JETS 11-ON TOURNAMENT

PRESENTED BY NIKE AND FUELED BY GATORADE

Annually, the Jets and Nike host a high school 11-ON football tournament. In 2023, the event expanded to 50 schools, over the course of three days in July, and is comprised of both a traditional 7v7 tournament, as well as a linemen challenge. The tournament is free of charge to all schools and participants receive a complimentary pair of Jets branded shorts and Gatorade product, courtesy of the Jets, Nike, and Gatorade. The 7v7 and linemen challenge champions are invited to a Jets home game and honored on-field prior to kickoff.

PUBLIC SCHOOLS ATHLETIC LEAGUE

In 2001, the New York Jets formed a community partnership with the Public Schools Athletic League (PSAL) to provide support to New York City public school football programs. Through an annual matching grant from the NFL's Youth Football Fund, the New York Jets now donate $100,000 to the PSAL's football programs. The funding offsets the cost of reconditioning every student-athletes' helmet and has helped to create 15 new and developmental football teams. Beyond these grants, the Jets support the PSAL in a variety of other ways including honoring the PSAL football champions at a home game during the NFL season.

INSPIRE CHANGE

As part of the New York Jets social justice, inclusion, and diversity efforts, the Jets annually support five partner organizations with the goal of reducing barriers and creating opportunities for individuals in need. These organizations - All Stars Project, Innocence Project, New York Urban League, STOMP Out Bullying, and Year Up - each receive critical funding and resources from the Jets to further their missions. Additionally, New York Jets players, coaches, and staff volunteer their time and expertise on various projects with each organization.

In August of 2020, the Jets Social Justice, Diversity and Inclusion Team (SJDIT) was formed to represent and help steer the entire organization as it relates to the process and execution of the club's social justice efforts, as well as internal diversity and inclusion practices. The group is comprised of employees from across business and football staff that meet regularly to evaluate and provide feedback on issues surrounding the organization, as well as the team's social justice outreach. The SJDIT, along with club ownership, senior executives, and player leadership, identified four focus areas in which to make an impact: poverty, race equality, diversity and inclusion, criminal justice reform, police-community relations, access to education, and healthcare.

Members of the New York Jets staff have volunteered their time to work with each partner organization in different capacities. Volunteer opportunities include mentorship with students from Year Up and Urban League, a listen and learn with Innocence Project, and Operation Conversation with All Stars Project. These opportunities have allowed staff members to be involved and enact change within the community.

JETS IN THE COMMUNITY

CHARITABLE PARTNERSHIPS

The New York Jets are committed to giving back to our community. That is why we partner with numerous charitable organizations throughout the tri-state area. We are proud to help further the mission of these critical programs which truly make a difference in the lives of many people.

LUPUS RESEARCH ALLIANCE

The New York Jets organization is deeply committed to supporting the Lupus Research Alliance, a voluntary health organization co-founded by Robert Wood Johnson IV - a member of the founding family of Johnson & Johnson, and chairman of the New York Jets. The Lupus Research Alliance's mission is to improve treatments while advancing research toward a cure for systemic lupus erythematous (SLE or lupus), a debilitating autoimmune disease. As the world's leading private funder of lupus research, the Lupus Research Alliance has supported the most promising lupus biomedical research leading to key discoveries that are improving diagnosis and treatment, while helping scientists find mechanisms that will ultimately prevent and cure the disease. The organization has committed $245+ million to more than 560+ lupus research projects at the most prestigious universities, medical schools, and hospitals throughout the world. The Lupus Research Alliance believes that scientific research is the most powerful way we can improve the lives of people living with lupus today and over the long term. By pushing the limits of scientific exploration and shepherding new discoveries into potential treatments, we seize every opportunity that will help ease the burden of people living with this difficult disease. To accomplish this goal, the Board of Directors covers all administrative and fundraising costs of the organization, ensuring that 100% of all donations go directly to funding research programs to realize our vision of a world free of lupus.

Since 2001, the New York Jets continue to increase awareness of lupus and help raise much needed funding for research through the Walk with Us to Cure Lupus program, proceeds from the annual New York Jets Kickoff Luncheon, and other events in the tri-state area. To find a Walk near you, visit walk.lupusresearch.org or call toll free, (866) 925-5257. No individual alone can find a cure, but together, ManyOne Can (www.lupusresearch.org).

JETS WOMEN'S ORGANIZATION

PRESENTED BY ATLANTIC HEALTH SYSTEM

The Jets Women's Organization encompasses the many women who are affiliated with the team, including staff members and significant others of coaches, players, and football personnel. These women are dedicated to giving back through varied efforts on a year-round basis. From being active volunteers in our tri-state community to creating career and mentoring opportunities, the JWO serves as a unique outlet for the women of the Jets to positively impact our workplace, our industry, and our community.

Five principles that all who participate will subscribe to will help us blend our unique perspectives to create an outlet to improve ourselves and use our WINGS to lift up others.

CRUCIAL CATCH

The New York Jets and Atlantic Health System are continuing their fight against pediatric cancer as part of the NFL and American Cancer Society's "Crucial Catch: Intercept Cancer" campaign. Each year, the Jets recognize children who are undergoing or have completed treatment at the Valerie Center at Goryeb Children's Hospital, part of Atlantic Health System, as virtual honorary captains. For more information on how to help the Jets and Atlantic Health System fight pediatric cancer, please go to AtlanticHealth.org/Jets.

GORYEB CHILDREN'S HOSPITAL

Located on the campus of Morristown Medical Center and part of Atlantic Health System Children's Health, Goryeb Children's Hospital is a nonprofit, state-designated "Children's Hospital" – an earned recognition from New Jersey and the national Children's Hospital Association. With more than 250 community pediatricians on staff and more than 100 board-certified pediatric specialists, they're northern New Jersey's leading specialized pediatric hospital and number one in the state for the treatment of pediatric cancer. To meet high demand, Goryeb Children's Hospital is currently expanding its pediatric intensive care unit (PICU) and adding inpatient beds. These spacious private patient suites will feature the latest equipment and rooming-in accommodations for parents, as well as a dedicated pharmacy for improved safety and quality of care. Throughout the year, Jets players visit patients at Goryeb Children's Hospital on the off-days.

SALUTE TO SERVICE

Salute to Service is the New York Jets and NFL's year-round effort to honor, empower and connect with our nation's service members, veterans and their families. Salute to Service is highlighted in NFL games during Weeks 10 - 12, where the Jets traditionally give complimentary tickets to service members, host an enlistment ceremony, display a military themed National Anthem and donate proceeds from the 50/50 raffle to the Stephen Siller Tunnel to Towers Foundation smart home program for disabled veterans. Additionally, the Jets recognize and celebrate First Responders at a selected regular season home game. Workers from local hospitals, fire departments, and police stations are honored throughout the game and integrated into the game presentation.

SOLDIERS TO SIDELINES

PRESENTED BY VERIZON

The New York Jets have pledged their ongoing support to Soldiers To Sidelines to develop service members and veterans to become excellent coaches and connect them to teams in their communities. During the week leading up to the Jets Salute to Service Game, the team will host a New York Jets Virtual Football Coaching Certification Seminar for over 100 participants. Then prior to the game, the Jets will host over 30 of these participants in-person for a full day of strategic coaching seminars and classes. Over the course of the program, they will learn the process of becoming a football coach. All participants will earn coaching certificates following the seminar. The soldier coaches will be armed with coaching knowledge and techniques along with connections to the athletic community. Soldiers to Sidelines is a non-profit organization who believes that our service members can have a meaningful and lasting impact on others through athletics.

UNITED WAY

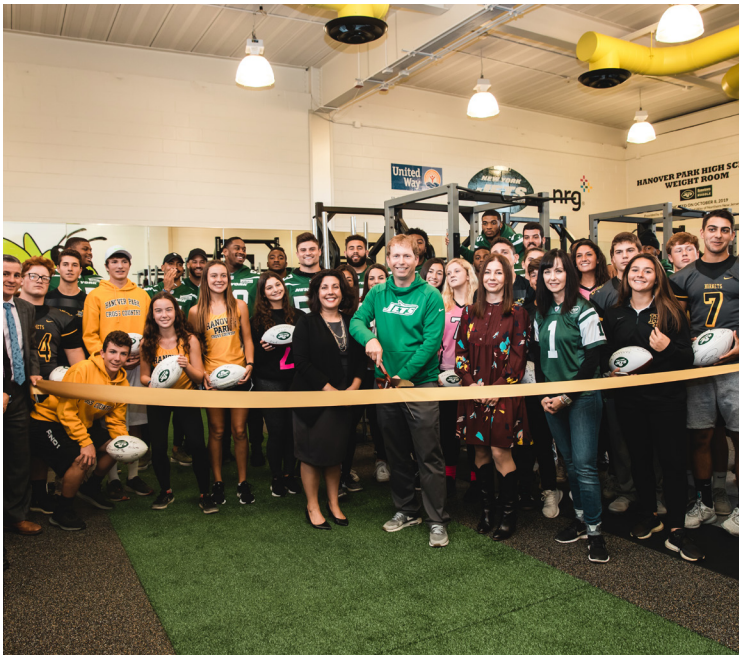
Since 1973, United Way, the NFL, and the New York Jets have had the most visible and longest-running charitable collaboration of its kind. Every year, thanks to community service projects and public service announcements, millions of Americans learn about United Way's vital work and the volunteer spirit of the NFL.

Combining their rich histories of active community involvement, United Way of New York City, United Way of Northern New Jersey, United Way of Essex and West Hudson, and the New York Jets have teamed up to drive home the importance of community involvement. Their community outreach efforts include the Hometown Huddle, an annual hands-on volunteer project with players, the Gridiron Gala, New York City's premier charity event, Character Playbook, an innovative digital learning experience that uses evidence-based strategies to educate students on how to cultivate and maintain healthy relationships during their critical middle school years, and Tix for Kids, a charitable ticket turn-back program for season ticket holders.

The New York Jets implement Tix For Kids with the United Way of New York City. The charitable ticket distribution program was created in 2003 to give season ticket holders an opportunity to donate their tickets to underprivileged children. This program allows numerous children to experience the excitement of the NFL first-hand as many of them have never attended a professional football game.

United Way of New York City makes these donated tickets available to children and youth participating in their programs via community-based organizations throughout New York City, including Children's Aid Society, East Side House, Good Shepherd Services, Partnership with Children, Sports & Arts in Schools Foundation, and many others.

Log in to your My Jets Account at am.ticketmaster.com/nyjets. There is no charge for this service. Upon receipt of your ticket donation, United Way will issue a written letter of confirmation recognizing your charitable donation for tax purposes.



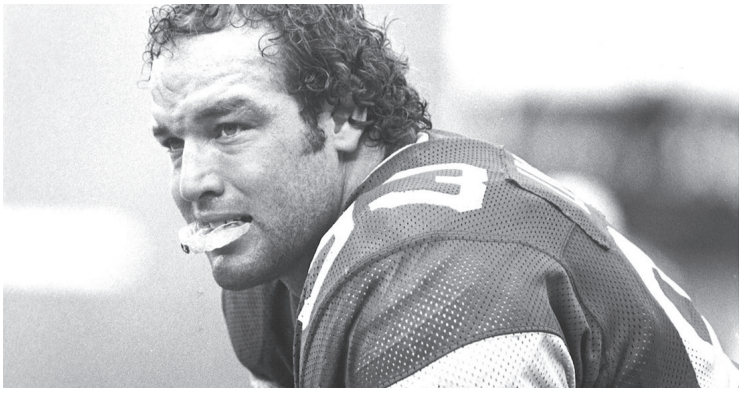
JETS IN THE COMMUNITY

UNITED WAY HOMETOWN HERO

Established in 1994, the Gala has raised more than $30 million to help fund United Way of New York City's impactful initiatives in strengthening the quality of early childhood education, reducing high school dropout rates, and supporting at-risk youth in achieving academic success throughout our five boroughs of New York City. Each May, the United Way recognizes and honors a Hometown Hero at the Gala from the New York Jets who has made outstanding contributions to community service.

HOMETOWN HUDDLE

The Jets and United Way's Hometown Huddle presented by ASAP is an annual day of service that provides the Jets rookie class the opportunity to participate in a community service project together. Each year, the Jets Hometown Huddle consists of building a Jets PLAY 60 fitness zone in an underserved community. Since 2008, the New York Jets have donated over $600,000 to build PLAY 60 Fitness Zones throughout New Jersey.



MARTY LYONS COMMUNITY SERVICE AWARD

Named after 2013 Ring of Honor inductee, Marty Lyons, the Marty Lyons Award is presented each year to a New York Jets player that gives from the heart through charity and community involvement (as voted by Jets staff). Lyons played the entirety of his 12-year NFL career with the New York Jets as a member of the feared "Sack Exchange." In 1984, Lyons was named the National Football League's Man of the Year and in 1990 the New York Jets renamed their Outstanding Community Service Award because of Lyons' commitment to the community.

Since 1970, the NFL has awarded the Walter Payton NFL Man of the Year award to recognize a player's off-the-field community service, as well as his playing excellence. The Jets award winner will receive $50,000 to donate to the 501(c)(3) organization of his choice. The team's recipient is eligible to win the national Walter Payton Man of the Year Award and be recognized at a press conference during Super Bowl Week. The national winner will receive $500,000 to donate to the 501(c)(3) organization of his choice. The Jets have had two national winners, Marty Lyons in 1984 and Boomer Esiason in 1995.

ATLANTIC HEALTH JETS TRAINING CENTER

Located at **ONE JETS DRIVE** in Florham Park, NJ, the Atlantic Health Jets Training Center has been the headquarters of the Jets since its official ribbon cutting on September 2, 2008. Designed by Skidmore Owings + Merrill, the 224,000 square-foot complex sits on nearly 100 acres of open space and provides players, coaches, and staff with a best-in-class facility to learn, practice, and work within 30 minutes of both MetLife Stadium and Newark Liberty International Airport.

ATLANTIC HEALTH
JETS
TRAINING CENTER

UNDER THE SAME ROOF

Prior to the opening of the Atlantic Health Jets Training Center, the team's operations were split between two locations. Located on the campus of Hofstra University, Weeb Ewbank Hall housed the players, coaches, and football support staff, while the business operations staff were located in New York City.

In the creation of the new facility, Chairman Woody Johnson looked to unite all elements of the franchise under one roof. In the Atlantic Health Jets Training Center, the organization now has a building that seamlessly combines the operations of both the football and business departments. Equipped with open-concept workstations and state-of-the-art technology to create an efficient and friendly work environment, the training center was a major contributing factor in the team being named one of Inc. Magazine's Top Small Company Workplaces in 2010. An outdoor terrace, which overlooks the practice fields, provides a business entertainment area for both the team and its corporate partners.

FOOTBALL FACILITIES

Featuring state-of-the-art training and medical facilities that combine the latest advances in rehabilitation pools, high-performance equipment, and nutrition, the Atlantic Health Jets Training Center also has five full-size football fields: three natural grass and two Sportexe synthetic turf fields, one outdoors and another indoors in the Field House, each with a permanent scoreboard. Additionally, the goalposts on two of the natural grass fields can be repositioned 90 degrees to help minimize some of the wear throughout the season. With a first floor that is all football, the facility houses a 5,500-square-foot locker room, an 11,000-square-foot weight room, and a 10,000-square-foot cafeteria.

As a "graduate school for football" - an element that was important in the design of the building - the Atlantic Health Jets Training Center has more than 25,000 square feet of space dedicated to classrooms and instruction space, including 10 classrooms. The classrooms also provide direct access to both the indoor and outdoor practice field, allowing for seamless transition between classroom and practice.

ROBERT WOOD JOHNSON

CHAIRMAN

ROBERT WOOD JOHNSON, a member of the founding family of Johnson & Johnson, has built upon his family's proud legacy of achievement as a successful businessman, compassionate philanthropist, civic leader, and diplomat.

Upon purchasing the team in 2000, Johnson established his commitment to a culture of success built on three key elements: passionate players, supportive fans, and a new stadium. Under his leadership, the Jets entered their new home field, MetLife Stadium, an award-winning venue that has been ranked as the #1 highest grossing venue in the world and recognized by Billboard as stadium of the decade. He also moved the Jets into the Atlantic Health Jets Training Center, a world-class 224,000 square-foot complex that united the entire organization, and provided the perfect facility for everyone—players, coaches, and staff—to continually improve and excel.

In 2017, Johnson was appointed the U.S. Ambassador to the United Kingdom. As ambassador, he strengthened the 'Special Relationship' between the US and the UK, by promoting security and economic prosperity over a range of issues from trade to cyber security policies. While in London, the Ambassador resided in the historic Winfield House, receiving world leaders including Her Majesty Queen Elizabeth II and on multiple occasions, President Donald Trump. Ambassador Johnson led the relocation of over 1,000 employees from the Embassy's historic location at Grosvenor Square to a new state of the art headquarters at Nine Elms. When the pandemic struck London, he then directed those employees in the remote, effective, and efficient operation of the Embassy to continue to serve and promote the United States' interests in the United Kingdom. Throughout his tenure at the Embassy, Ambassador Johnson engaged with government leaders and the British people, traveling extensively throughout the United Kingdom and Northern Ireland to hear local concerns and emphasize the 'Special Relationship.'

Beyond the field, Ambassador Johnson's philosophy of a successful team celebrates the crucial role of fans, as well as the significant role the team plays in the community. In this spirit, the team, through the New York Jets Foundation, positively influences the lives of young people in the area by expanding youth football, preventing bullying, and promoting social justice, particularly in disadvantaged communities. Among the Foundation's programs is the launch of the first Girls High School Flag Football League in New Jersey and first NFL Girls Flag Football League in the United Kingdom.

In 2022, the Jets announced a $1 million donation to help aid the people of Ukraine, with the money distributed among various organizations, each receiving $100,000, over the course of a year. For Johnson, the events in Ukraine are personal; his wife, Suzanne, grew up in a Ukrainian neighborhood in New York. Her mother, Marie, was born to Ukrainian immigrant parents while Suzanne's father, Stefan Ircha, was originally from Ternopil, a town outside of Kyiv, and immigrated to the United States after WWII. The Johnson family traveled to Poland last summer to meet with Ukrainian refugees and understand firsthand how the unprovoked invasion has impacted their lives.

Chief among Ambassador Johnson's healthcare initiatives is the support for lupus research. In 1999, he founded the Alliance for Lupus Research (now the Lupus Research Alliance). This was the first organization devoted exclusively to finding new methods to prevent, treat, and ultimately cure lupus. Thanks to his leadership, the organization has dedicated more than $245 million for research grants and achieved the major milestone of funding research which set the stage for the recent FDA approval of three new treatments for this autoimmune disease.

Over many years, Ambassador Johnson has been active in philanthropy and civic affairs, including past roles as an Honorary Trustee of the Wildlife Conservation Society and a past board member of the National September 11 Memorial & Museum at the World Trade Center and the Peregrine Fund. The Ambassador also served as a Trustee and a Trustee Emeritus of the Robert Wood Johnson Foundation, the nation's largest philanthropic organization devoted exclusively to promoting health and healthcare for Americans.

Currently, the Ambassador is an active member of the NFL's Finance Committee, Investment Committee, and Stadium Committee.

CHRISTOPHER WOLD JOHNSON, has overseen pivotal changes within the organization and has been a key part of the New York Jets leadership since 2000.

In his time as Chairman and CEO (2017-2021), Johnson implemented the promotion of team President Hymie Elhai, and hired General Manager Joe Douglas and Head Coach Robert Saleh. In these three, Johnson is confident that he found collaborative leaders who will unify the Jets in their shared goal of building a sustained, winning franchise.

Johnson has developed a strong bond with the players. At a particularly critical time of racial strife, Johnson addressed the team and discussed how they all—Johnson, coaches, executives, and players—could use their powerful platform to influence positive change. He proudly stood with the players and worked with them on initiatives promoting more inclusive social justice. These efforts continue today.

Johnson currently serves as an active member of the NFL's Media Owned and Operated committee.

Johnson is active in various educational endeavors and local philanthropy, supporting a range of initiatives, including charter school construction, youth sports and the encouragement of public discourse and exchange of ideas through debating societies.

HYMIE ELHAI

PRESIDENT

HYMIE ELHAI begins his fifth season as the president of the New York Jets after his appointment in 2019. Now in his 24th year with the team, Elhai's impact is felt throughout the organization.

Under Elhai, who has garnered League and industry respect by his peers during his tenure, the Jets have solidified their business staff's senior leadership, as he oversees all team business operations. Elhai's leadership has helped the Jets reach unprecedented growth through all aspects of the business, including sponsorship, sales and content, leading to several organizational accolades and industry recognition, including a 2023 NJBIZ Best Places to Work honor.

Elhai has remained committed to redefining the culture of the organization through his steady hand of leadership, strategic planning and various organizational initiatives, including the formation of the Social Justice, Diversity, and Inclusion Team (SJDIT) and the expansion of the Jets Women's Organization (JWO).

Playing a key role in the hiring of the football leadership, Elhai worked with Vice Chairman Christopher W. Johnson to hire General Manager Joe Douglas in 2019, and with both Johnson and Douglas to hire Head Coach Robert Saleh in 2021.

Entrusted by Chairman Woody Johnson, the collaboration among Elhai, Douglas and Saleh, forms the foundation that has moved the Jets toward their goal of being a sustained, winning, and innovative franchise on and off the field. Throughout his time as president, Elhai has worked closely with the football staff, providing counsel and support for various organizational-encompassing objectives.

Elhai previously served as the club's senior vice president, business affairs and general counsel, where he was responsible for all legal aspects of the team, including sponsorship, licensing, event, digital media, production and broadcasting agreements, and all employment related matters. Additionally, Elhai helped football administration on all planning initiatives.

A Sports Business Journal Forty Under 40 honoree, Elhai received the Distinguished Alumni Award from Rutgers School of Law at their Alumni Recognition Gala in October 2021. He currently serves as a member of the NFL's CBA player benefits plan committee.

Elhai is a graduate of Rutgers Law School and The Johns Hopkins University.

2023 NEW YORK JETS

JOE DOUGLAS begins his fifth season as general manager of the New York Jets after being named to the position in June of 2019. Now in his 24th season in the National Football League, Douglas, a three-time Super Bowl winning executive, has put his stamp on the organization.

"You better know what you're looking for and know what you're looking at."

That was advice Douglas recalled from his mentor, former Ravens General Manager Ozzie Newsome, and he has stayed true to his core principle that successful teams are built by people with the right level of commitment, character, and competence, as Douglas looks to develop and sustain to what he characterizes as, "the best culture in sports."

Since taking the position, Douglas has shown that the search for players never stops. He has added starters and contributors in the NFL Draft and undrafted free agency, signed key free agents, both from the onset and throughout the year, and made steadying in-season moves via waiver claims and trades. Since his appointment, over 97% of the roster was acquired or extended by him, with over 83% coming in the last two years.

For Douglas, roster construction isn't a quick fix. "Ultimately, I think when you look at successful organizations, no matter what the sport, you don't see a lot of teams that build long-term success by buying their way out of it," he said in 2020. "You see the teams, the organizations that have long-term success, they draft well, and they develop their players."

Not long after his hiring, Douglas began implementing a variety of programs and initiatives throughout the organization all with the intent of having the "best culture in sports" at One Jets Drive. Nearly four years later, Douglas and his staff have seen that plan come to fruition. After the success on defense last season, ranking fourth overall in the NFL, and the early contributions of several young offensive players, the culture that Douglas and Saleh have built has become an attractive destination for players around the League, including four-time NFL MVP, Super Bowl XLV MVP, and 10X Pro Bowler Aaron Rodgers.

Since his hire, Douglas has improved the team's financial flexibility and added a number of draft assets, both by trading players with expiring contracts and draft-day deals. Through those deals, most notably the acquisition of two first-round picks and a third-round pick for safety Jamal Adams, as well as a second-round pick, fourth-round pick, and sixth-round pick for quarterback Sam Darnold, the Jets have picked in the first two rounds of the 2021, 2022, and 2023 drafts nine times, including six first-round selections.

Entering any draft, the mission for Douglas is always the same – add difference makers that fit within the culture and scheme. Over his four drafts as the general manager (2020-23), he has done just that, using top 45 picks on both sides of the ball, selecting edge Will McDonald IV (No. 15, 2023), center Joe Tippmann (No. 43, 2023), cornerback Sauce Gardner (No. 4, 2022), wide receiver Garrett Wilson (No. 10, 2022), edge Jermaine Johnson (No. 26, 2022), running back Breece Hall (No. 36, 2022), quarterback Zach Wilson (No. 2, 2021), Alijah Vera-Tucker (No. 14, 2021), and tackle Mekhi Becton (No. 11, 2020), while showing mobility in each draft to target key players via moving up, first with Alijah Vera-Tucker and again in 2022 with Jermaine Johnson and Breece Hall.

Douglas has added starters and depth throughout the draft, highlighted by the selection of the NFL's 2022 Defensive and Offensive Rookies of the Year in first-team All-Pro cornerback Sauce Gardner and wide receiver Garrett Wilson. With both Gardner and Wilson's recognitions, the Jets became just the third team in NFL history to win both awards in the same season. Additionally, Douglas saw 2022 second-round rookie running back Breece Hall become the team's leading rusher last year after averaging 5.8 yards a carry while establishing himself as a playmaker within the League.

Despite the added wrinkle that his first draft as general manager (2020) was also the NFL's first ever virtual draft because of the COVID-19 global pandemic, he showed no signs of being a rookie, despite drafting from his home, the first-time G.M. turned eight draft picks and Leonard Williams' expiring contract into 13 players, while also adding key undrafted free agents.

As with the draft picks, matching character and talent has shown to be key when Douglas has used free agency to add to the roster. Over the last two offseasons (2022-23), the Jets added multiple veterans with Super Bowl experience as wide receiver Mecole Hardman Jr., cornerback D.J. Reed, defensive lineman Solomon Thomas, Pro Bowl guard Laken Tomlinson, tight end C.J. Uzomah, and safety Jordan Whitehead have all played in one of the last four Super Bowls.

Prior to the start of training camp (2023), Douglas further exemplified his commitment to players who fit his vision by extending All-Pro and Pro Bowl defensive lineman Quinnen Williams to a four-year contract extension.

Since becoming General Manager in 2019, Douglas has overseen a roster that fielded four players who earned First Team All-Pro recognition, an Offensive and Defensive Rookie of the Year, and seven Pro Bowlers.

Whether through free agency, the draft, or League trades, Douglas has remained committed to exploring every avenue for ways to improve the roster. At his end of year press conference, Douglas shared, "As it pertains to upgrading the roster, we're going to look at every avenue, every position, every different way we can to upgrade the team." Douglas and his staff did just that this offseason, trading for Rodgers.

Among the priorities for Douglas has been transforming both the lines – offensive and defensive – into deep and talented units. Offensively, in addition to adding first and second round picks through the draft – Becton, Vera-Tucker, and Tippmann – has signed free agents, including Pro Bowlers Duane Brown and Tomlinson and veterans Connor McGovern and Wes Schweitzer. On the defensive side, draft picks Johnson and McDonald, along with free agent signings Carl Lawson, Quinton Jefferson, Thomas, Al Woods, have teamed with All-Pro Quinnen Williams to form a strength upfront on the Jets defense.

Throughout his time in the League, Douglas has put in the work and paid his dues, working as both a pro and college scout in Baltimore, Chicago, and Philadelphia, and helping shape three different Super Bowl winning rosters. Before joining the Jets, he spent the previous three seasons as the vice president of player personnel with the Eagles. In Philadelphia, he was a key component in acquiring many of the players that helped win Super Bowl LII, including the game's MVP, quarterback Nick Foles.

Using every avenue to help improve the team, Douglas was part of a front office that acquired the players who scored all but two of the team's postseason touchdowns, including four of the five scores in the Super Bowl. A trio of 2017 unrestricted free agent signings - LeGarrette Blount, Foles and Alshon Jeffery – as well as a pair of street free agents – Patrick Robinson and Torrey Smith – all contributed scores on the team's title run. The Eagles' leading receiver in the Super Bowl, running back Corey Clement, was signed as an undrafted free agent, while the team's leading rusher in the game, running back Jay Ajayi, joined the club as a midseason-trade acquisition.

Prior to joining the Eagles, Douglas spent a season as the director of college scouting for Chicago (2015).

Entering the NFL as a player personnel assistant (2000) the year Baltimore won Super Bowl XXXV, Douglas ascended within the Ravens organization, holding various posts in the club's scouting department, serving as a national scout (2012-15), Southeast area scout (2009-11), East Coast area scout (2008) and Northeast area scout (2003-07), helping add a number of prominent players via the draft, including the Super Bowl XLVII MVP, Flacco, as well as a number of Pro Bowl players – Ben Grubbs, C.J. Mosley, Justin Tucker and Marshal Yanda.

An All-Atlantic 10 selection, Douglas started 45-consecutive games at tackle for the University of Richmond. Following his collegiate playing career, he transitioned into a volunteer assistant coach role with the Spiders in 1999.

As an offensive and defensive lineman at Mechanicsville (VA) HS, formerly Lee-Davis, Douglas was recognized as a two-time all-state honoree.

He and his wife, Shannon, have two daughters, Addison and Leighton, and a son, Thomas.

2023 NEW YORK JETS

ROBERT SALEH

HEAD COACH

DEARBORN, MI | NO. MICHIGAN

NFL 19

3

ROBERT SALEH *(pronounced: SAH-luh)* was named the head coach of the New York Jets on January 19, 2021. With Saleh and General Manager Joe Douglas, Chairman Robert Wood Johnson envisioned a synergy to help bring the franchise to their ultimate goal.

"I think you have a synergy of people," Johnson said during the 2022 offseason. "Those two people particularly are on absolutely the same page. That's a positive. Joe knows exactly what Robert needs at every position and they have a long list and criteria that they're looking at."

"He is a collaborative leader," Vice Chairman Christopher W. Johnson said in a statement after Saleh's hiring. "I know he will develop the players on our roster, hold them accountable, and put them in a position to succeed. Most importantly, I believe they will connect with him."

Connecting with players has been a constant under Saleh. "They need a personal investment made into them so they can develop into being great football players," he said after being hired. "They want to be rewarded for what they've gone through, and so players should expect that from their coaches, and from the organization. It is an absolute joy to see them hit the pinnacle of their career, where they get rewarded for it. To give that and understand that part is just being human to me."

"All Gas, No Brake," for Saleh, it is a mindset that goes beyond the team's practice and preparation to everything they do, on and off the field. More than just the players and coaches, it is about the entire organization stepping on the gas and getting better each and every day.

This past season (2022), Saleh oversaw a team that increased their total by three wins, the sixth largest in the league. Despite using three different starting quarterbacks, they improved in nearly every offensive category. After finishing last in the League in total defense in 2021, Saleh led a defensive unit that finished fourth overall in the NFL. His defenses have now ranked in the top five in three of the last four seasons, including becoming one of just five since 2000 to finish in the top five, a season after ranking 32nd.

While the team found success as a whole this past season, Saleh also helped his players reach multiple individual accolades, including four Pro Bowl selections, two First-Team All-Pro honors, one Second-Team All-Pro honor and both Offensive and Defensive Rookie of the Year selections in wide receiver Garrett Wilson and cornerback Sauce Gardner - becoming one of only three teams in NFL history to do so.

Since becoming head coach, Saleh's group has seen a League-high 9,808 snaps by rookies, including 117 starts, the third-most in the NFL over that span. In his first season with the Jets (2021), Saleh coached the League's youngest roster with an opening day age of 25.13. They became only the second team since the merger led by rookies in passing yards, rushing yards and receiving yards that season and while the results weren't always there, the scars and the experience gained through them were.

"These are all scars that they are getting," Saleh said during his first season. "They're learning. You have to learn not to lose first. Then, once you learn how not to lose, you figure out how to win. Then, once you learn how to win, you have to learn how to close games."

"That's a hard thing for a coaching staff to do with so many young players, I think we all realize that," Douglas said after the 2021

season. "No one dipped their toe in the water, they cannonballed in, they attacked it, the entire staff developed these young players and the whole plan for that is to benefit the future. So, now we have a group of young players that have played a lot of snaps, a lot of quality NFL snaps. When they're called on to help us again, they're going to be ready. What Coach and his staff did, I can't say enough positive things about that."

As the season progressed, the young roster did just that. Seven of the final eight games were within a score in the fourth quarter, compared to four of the first nine games. Playing those close games against six teams that finished with winning records, including three playoff teams, the team also improved their numbers on defense in points per game, yards per play, pass yards per attempt and yards per rush over the final seven weeks. On offense, they averaged 5.19 yards per carry over the final eight weeks, the second best in the League.

Before joining the Jets, Saleh spent four seasons as the defensive coordinator with San Francisco. Since 2017, his group ranked third in the League in passing yards allowed (211.4), holding opposing quarterbacks to the eighth lowest completion percentage (62.9%), while producing Pro Bowl players at linebacker (Fred Warner), cornerback (Richard Sherman), and defensive line (Nick Bosa & DeForest Buckner) - Bosa was also selected as the 2019 Defensive Player of the Year by the Associated Press.

The last two seasons under Saleh, the 49ers defense led the League in passing defense (188.6), ranking in the top 10 in passer rating allowed (85.8), completion percentage allowed (62.4%), tackles for loss (154) and defensive touchdowns (six), while also helping San Francisco advance to Super Bowl LIV.

In his final season with the 49ers (2020), Saleh's unit still finished fifth in the League in total defense and fourth in passing defense, despite an injury-plagued season, getting career years from cornerback Jason Verrett, who started 13 games after playing in just six total the previous four seasons and defensive lineman Kerry Hyder, who started 14 games after logging more than 450 snaps in a season just once in his five previous years in the League. Hyder finished the season as one of just 11 defensive linemen with at least 8.0 sacks, 15 quarterback hits and 40 total tackles.

A key part of the team's Super Bowl LIV run (2019), Saleh's defense finished second in total defense, first in passing defense and third in third-down defense, while producing 48 sacks (tied for the fifth most in the League), and 28 takeaways (the sixth most). The San Francisco defensive line saw four players – Arik Armstead (10.0), Bosa (9.0), Buckner (7.5), and Dee Ford (6.5) – all produce at least 6.5 sacks, the only team in the NFL to have four-or-more players with 6.5-or-more sacks that season. In the postseason, the defense allowed just over 300 yards per game, holding opponents to just 31.4% on third down and producing seven total takeaways, including two interceptions of League MVP Patrick Mahomes in the Super Bowl, the only game Mahomes had more than one interception that season.

In Saleh's second season with the 49ers (2018), the defense was one of six to allow fewer net yards per game, rushing yards per game and passing yards per game than they did the previous season. In 2017, his first as a coordinator, San Francisco allowed .62 yards fewer per play, the third best improvement in the League. Over the final eight weeks, they ranked second in the League in rushing yards allowed and fourth in yards per carry.

Coaching linebackers for three seasons in Jacksonville, Saleh oversaw a linebacker group that included Paul Posluszny and Telvin Smith as the pair each finished in the top five in the League in total tackles between 2015-16 (according to Radar360). The team's linebackers were also a key part of a Jaguars defense that ranked fifth in passing defense and sixth in opponent rushing average in 2016, and fifth in rushing average allowed in 2015.

Prior to his time in Jacksonville, Saleh spent three seasons in Seattle as a defensive quality control coach, responsible for assisting the defensive staff with day-to-day duties with a focus on the linebackers, while learning an important lesson from Head Coach Pete Carroll:

"The biggest influence I took from Coach Carroll is from a philosophy standpoint," Saleh said in 2017. "Understanding who you are as a person. Understanding what's important to you as a person. And, how to apply it to the message that you're trying to deliver. Understanding that everybody has a style and that every style is the right style provided you apply it in the right way. So, just from a philosophy standpoint, speaking to people, handling people is where I have my greatest growth from Coach Carroll."

In those three seasons, he helped develop linebackers Bobby Wagner (2012 second-round pick) and K.J. Wright (2011 fourth-round pick) as the two became future Pro Bowl selections. A part of the Seahawks Super Bowl XLVIII winning staff, another of the team's linebackers, seventh-round pick Malcolm Smith, earned MVP honors after Smith registered nine tackles, a fumble recovery and a 69-yard interception returned for a touchdown.

Saleh began his NFL coaching career in Houston as a coaching intern (2005), becoming a defensive assistant (2006-08) and ultimately the linebackers coach (2009-10). Linebackers DeMeco Ryans (2006) and Brain Cushing (2009) each earned Associated Press Defensive Rookie of the Year honors while Saleh was there and were both selected to the Pro Bowl in 2009. That season, the tandem finished in the top 10 in the League in total tackles (according to Radar360).

Before his start as an NFL coach, Saleh spent four seasons coaching college football at Georgia (2005), Central Michigan (2004), beginning his coaching career at Michigan State (2002) as an offensive assistant/tight ends coach before becoming a defensive assistant/defensive line the following season.

A native of Dearborn, MI, Saleh attended Northern Michigan University where he started for four years at tight end. He earned his finance degree, beginning a career as a credit analyst before getting into coaching.

Saleh and his wife, Sanaa, have seven children, sons, Adam, Zane, Michael, Sam, and Jacob, and daughters, Mila and Ella. Born to Lebanese parents, Sam and Fatin, he is considered one of three Arab-American head coaches in NFL history and believed to be the first Muslim-American head coach.

BRANT BOYER

SPECIAL TEAMS COORDINATOR

HENEFER, UT | ARIZONA

BRANT BOYER returns for his eighth season as the special teams coordinator of the New York Jets after initially joining the team in 2016. Under three different head coaches in his time with the Jets, Boyer has transformed the special teams unit into one of the best in the League.

Roster change has been a constant for Boyer, but despite the changes, his group has posted top 10 rankings in total touchdowns (seven – scoring via punt return, kickoff return and via fumble recovery), blocked punts (six), kickoff return average (23.1), punt return average (8.91), and opponent kickoff return average (21.3) since being named special teams coordinator in 2016.

This past season (2022), Boyer's unit finished top five in the NFL in punt return average (11.43) for the second consecutive year. Additionally, the Jets were the only team in the NFL that year to record three blocked kicks and a successful onside kick, one of 17 teams in the League with a recovery since 2000. While the unit found success as a whole, Boyer also helped his players reach individual milestones throughout the year.

After recording a single-season best 14 special teams tackles, team captain Justin Hardee was selected to his first Pro Bowl, becoming just the sixth Jets special teamer to be selected to the Pro Bowl since 1970 and the only core special teamer. Of the six, three have come during Boyer's tenure with all three being their first career selection. Additionally, Boyer has also helped two players earn First-Team All-Pro recognition in both returners Andre Roberts (2018) and Braxton Berrios (2021).

Under Boyer's lead, kicker Greg Zuerlein recorded three of the four longest field goals in franchise history and became one of four Jets to convert multiple field goals of 55+ yards as a Jet. Zuerlein also became one of just five kickers in the NFL to convert a 60+ yard field goal.

In 2021, Boyer's special teams finished second in the League in DVOA, highlighted by the wide receiver/return specialist Braxton Berrios' first-team All Pro selection. Berrios, who led the NFL in kickoff return average, also ranked second in punt return average (among players with 15 PRs) and was only the 10th player since 1970 with top three finishes in both KOR and PR and the first since another of his charges, Andre Roberts (2018). Boyer is currently the only coach to have multiple players with the accolade. As a result, the Jets were the only team to finish in the top five in both kickoff and punt return average.

Hardee registered a then single-season best in his first season under Boyer after posting 12 special teams to lead the team. In addition, punter Braden Mann (returning from an injury suffered Week One) and kicker Eddy Piñeiro both finished strong as Mann posted a 43.0 net punting average, fifth best in the league, over the last four games and Piñeiro, signed in Week 14 connected on all eight FG attempts as a Jet. In Mann's absence, veteran punter Thomas Morstead averaged 43.0 net yards per punt, a top five single-season average in his 12-year NFL career.

In 2020, Mann establish a rookie franchise record in punting average (43.9) under Boyer, while setting another team rookie record with a 60-yard punt. Kicker Sam Ficken, previously the only returning kicker Boyer has had in his five seasons, was connected on all 12 of his attempts under 50 yards one of three kickers with no misses on at least 10 attempts that season.

In 2019, Boyer's group finished fourth in the league in special teams DVOA, their second consecutive season in the top five, despite new primary players at kicker, punt returner and kick returner. Overall, the group ranked in the top five in coverage touchdowns (two), punt return average (11.4), kickoff return average against (19.3) and fumble recoveries (two).

After they averaged a league-low 6.8 yards per punt return from 2013-17, the Jets had first and second place finishes in 2018 and 2019 respectively, as Boyer narrowly missed becoming the first coach since the merger to have two different returners lead the league in punt returns in consecutive seasons.

In 2018, in addition to their number one ranking from both FootballOutsiders.com and Rick Gosselin, Boyer's group finished in the top five league-wide in kickoff return average (third; 26.9), punt return average (first; 13.0) and field goal percentage (fourth; 91.7%). The unit also blocked three kicks — a punt, a field goal and an extra point — one of just three teams with at least three blocked kicks and one of just two with a block of all three.

Among the many superlatives by the Jets special teams unit that season were kicker Jason Myers earning a Pro Bowl selection after tying Nick Folk's field goal percentage franchise record, connecting on 33-of-36 field goals (91.7%) and finishing with the second-most made field goals and tying for the second most points for a single season in franchise history. Additionally, Myers made all five of his attempts of 55+ yards last season, the most in a single year in NFL history, and now accounts for five of the 11 makes from 55+ yards in Jets history. Myers also became one of just eight players in league history with a seven-field-goal game after connecting on all seven attempts for 24 total points (second-most kicking points in a game in league history) vs. Indianapolis (10/14).

Roberts, a nine-year veteran wide receiver/return specialist, was named a first-team All Pro and selected to his first Pro Bowl led the League in punt return average (14.1) and finished second in kickoff return average (29.4) last season, one of just 12 qualifying players to finish in the top three in both in the same season since 1970. Additionally, Roberts registered 10 returns (three punt, seven kickoff) of 40+ yards last season, two of which accounted for touchdowns — a 78-yard punt return at Detroit (09/10/18) and a 99-yard kickoff return vs. Green Bay (12/23/18). For Roberts, the 10 returns of 40+ make him one of just five players to accomplish the feat since 2000.

In 2017, Boyer oversaw second-year punter Lachlan Edwards establish then franchise records with 46.6 gross and 40.5 net punt averages, ranked third in the league with 33 punts inside the 20-yard line, the second most in Jets history. Additionally, kicker Chandler Catanzaro, a 2017 acquisition, improved on his field goal percentage from 75% in 2016 to 83.3%, as well as connecting on 100% of his extra point attempts, the first time he had done so since his rookie season. Catanzaro also connected on a 57-yard field goal, then the longest in team history.

Among Boyer's coverage units, the Jets allowed just 20.0 yards per kickoff return in 2017, the eighth lowest average in the league. Safety Rontez Miles led the NFL with 15 solo special teams tackles (according to radar360).

In his first season (2016), kicker Nick Folk connected on 87.1% of his field goal attempts, tied for the sixth best in the league that season and the fourth highest mark in team history.

Boyer joined the Jets after a four-year tenure in Indianapolis (2012-15), where he aided a Colts special teams unit that ranked in the top 10 league-wide during that span in net punting average (third), kickoff return average (fourth), kickoff touchbacks (fourth) and field goal percentage (seventh), despite using three different players as primary punt returners and four different kick returners in his four seasons.

During the 2015 season, the Indianapolis special teams unit established an NFL record with just 156 kickoff return yards allowed for the season, besting the previous mark of 254 set by Denver in 1992.

In 2014, both punter Pat McAfee and kicker Adam Vinatieri received Associated Press First-Team NFL All-Pro and Pro Bowl honors under Boyer as McAfee converted a career-high three onside kicks and set single-season franchise records for punts pinned inside the 20-yard line (30), net punting average (42.8) and kickoff touchbacks (70), while Vinatieri made 30 of 31 field goals and also converted 35 consecutive attempts, the fourth-longest streak in NFL history.

In 2013, Boyer found and coached Matt Overton to his first career Pro Bowl selection, one year after discovering the long snapper at a specialists combine in Arizona and bringing him to Indianapolis for a workout prior to his signing in April 2012.

Prior to joining the Colts, Boyer was twice a training camp intern, first for the Cleveland Browns (2009) and later for the New York Giants (2010).

Before entering the coaching ranks, Boyer played linebacker and was a standout on special teams for the Miami Dolphins (1994), Jacksonville Jaguars (1995-2000) and Cleveland Browns (2001-03). He served as a special teams captain for both the Jaguars and Browns and led Cleveland in tackles in 2002 and 2003. Boyer was a two-time member of USA Today's All-Joe Team, once as a linebacker and once as a special teams player. In 2002, his teammates selected him for the Cleveland Browns Unsung Hero Award.

Boyer played in 129 career games and totaled 250 tackles, 13.0 sacks, six interceptions, one forced fumble and 15 passes defensed. He originally entered the league as a sixth-round selection of the Miami Dolphins in the 1994 NFL Draft.

Before entering the NFL, Boyer was an inside linebacker and team captain at the University of Arizona as part of the school's "Desert Swarm" defense. He led the team in tackles during his senior season, helping the Wildcats to their first 10-win season in 90 years and a victory in the 1993 Fiesta Bowl, and earned a place in the school's Ring of Honor.

NATHANIEL HACKETT

OFFENSIVE COORDINATOR

GILFORD, NH | UC DAVIS

NATHANIEL HACKETT enters his first year with the New York Jets, after being named offensive coordinator on January 26, 2023.

Hackett brings 15 years of NFL coaching experience to the team, most recently serving as the Head Coach of the Denver Broncos (2022). Prior to his stint as head coach, Hackett spent eight of the last 10 years as an offensive coordinator, most recently for the Green Bay Packers (2019-21), after leading the Jacksonville Jaguars (2016-18) and Buffalo Bills (2013-14) offenses.

> *He had the opportunity because of his life's work as an offensive coordinator and all the different things that he's done in this League and how much respect he's garnered throughout the League, and all his different spots, all the people, all the players he's developed and the people that he's worked with.*

> **- Head Coach Robert Saleh (Jan. 2023)**

Since 2017, Hackett has been a part of four postseason runs, including three conference championship games (JAX – 2018, GB – 2020-21). He helped lead two top-five scoring offenses during that time, including Jacksonville in 2017 (5th - 26.1 points per game) and Green Bay in 2020 (1st - 31.8 points per game). During that span, Hackett's teams have won 54 of their 81 games (.667), the fourth-best winning percentage in the League.

Hackett began his coaching career in 2003 as an assistant linebacker's coach at his alma mater, the University of California, Davis prior to joining Stanford's staff as the offensive/defensive assistant to the coordinators. In 2005, he transitioned to a specialists/recruiting coordinator.

Hackett entered the NFL as an offensive quality control coach under Jon Gruden with the Tampa Bay Buccaneers in 2006. He served there for two years prior to moving to the same role for the Buffalo Bills from 2008-09. In 2010, Hackett transitioned back to the collegiate level and was hired by Syracuse as their passing game coordinator/quarterbacks/tight ends coach under Doug Marrone. Hackett was promoted to offensive coordinator/tight ends for Syracuse (2011), spending two seasons in that role before transitioning back to the NFL.

Hackett was hired by the Bills as their offensive coordinator, leading their offense for two seasons. During his first season in the role (2013), Hackett oversaw a Bills offense that ranked number two in the NFL in rushing yards per game (144.2). Hackett then helped the Bills offense (2014) register an 86.0 passer rating, the highest by the team since 2002. Additionally, his offense registered 33 plays of 25+ yards, the sixth most in the NFL at the time and the most by a Bills team since 2000.

After the completion of the 2014 season, Hackett joined the Jaguars staff as their quarterbacks coach from 2015-16. With his guidance, quarterback Blake Bortles set single-season franchise records in passing touchdowns (35), passing yards (4,428), completions (355) and attempts (606). Additionally, Bortles became just the third quarterback at the time to post 4,000 passing yards, 35-plus passing touchdowns and 300-plus rushing yards in a season.

Hackett was promoted to offensive coordinator at the end of the 2016 season, serving in the role for three seasons. In 2017, Hackett oversaw a Jaguars offense that led the League in rushing (141.4 yards per game) for the first time in team history. Additionally, Hackett's offense allowed a franchise-low 24.0 sacks on the season, the third best in the NFL that year. Their 64.0% red zone touchdown percentage ranked second in the League, while their 85.7 goal-to-go touchdown percentage ranked first.

With his lead on offense, the Jaguars appeared in the AFC Championship game that season.

Hackett was hired as the Packers offensive coordinator prior to the start of the 2019 season, serving in the role for three seasons. With Hackett directing on offense, the Packers ranked fifth in the NFL in scoring and committed the fewest turnovers in the League over that span. Additionally, Hackett helped quarterback Aaron Rodgers secure League MVP honors in back-to-back seasons from 2020-21. During the 2020 season, Hackett helped Green Bay's offense rank number one in scoring (31.8), touchdowns (66), red zone touchdown percentage (80.0%) and time of possession (33:29), while ranking number two in third-down percentage (49.4%). Additionally, the team became just the third team in NFL history to record 500+ points with 11 or fewer giveaways in a single season. During the 2021 season, Green Bay ranked in the top 10 in a variety of offensive categories, including ninth in scoring (26.5), 10th in yards per game (365.6), 10th in total points (450) and fifth in time of possession (30:36).

A New Hampshire native, Hackett and his wife, Megan have two sons, Harrison and London and two daughters, Briar and Everly.

JEFF ULBRICH

DEFENSIVE COORDINATOR

MORGAN HILLS, CA | HAWAII

JEFF ULBRICH returns for his third season as the defensive coordinator after joining the New York Jets as part of Robert Saleh's first staff in 2021. Ulbrich, a 10-year NFL veteran linebacker, begins his 14th season as a coach, 11th at the NFL level.

This past season (2022), Ulbrich led a defensive unit that finished fourth overall in the NFL in total defense, allowing 311.1 yards per game, a significant improvement from their 32nd rank and 397.6 average in 2021. Since 2000, the Jets are one of just five teams to finish in the top five in total defense a season after ranking last in the League.

Ulbrich's defense allowed an average of just 18.6 points per game in 2022, the fourth best in the NFL and became the only team in the League to not allow a 300-yard passer. Additionally, the unit only allowed six players to hit 100 rushing or receiving yards in a game, tied for the best in the NFL. Ulbrich saw his team finish top five in the NFL in almost all defensive categories this past season.

Much of the unit's 2022 success was attributed to individual bests that were accomplished throughout the year. Ulbrich saw three key defensive players selected to the Pro Bowl, two first-team and second-team All-Pro selections, a second-team All-Pro honor and a Defensive Rookie of the Year.

Defensive lineman and 2022 Curtis Martin Team MVP Quinnen Williams recorded a career year, registering a single-season best 12.0 sacks, tied for the seventh most in a season by a Jet in franchise history. Rookie cornerback Sauce Gardner finished first in the NFL in passes defensed (20) and became the only rookie in the League to produce at least one pass defensed in each of his first seven games. Veteran linebacker and team captain C.J. Mosley became one of only four players in the NFL last season to record 12 games with nine+ tackles, while his 158 tackles on the year marked his sixth season registering at least 100+ tackles, one of only five active players to do so.

In his first season with the Jets (2021), Ulbrich oversaw one of the League's youngest defenses, as 63.9% of the snaps came from players 25-years old or less at the start of the year, the highest percentage in the League and the only team over 50%.

> When you're raising a young defense like we are right now, we're getting these scars, these battle wounds. I'd like to think that as much as that hurt, that failure will lead to like the defense we're trying to create here, a Championship-level defense. And when we're playing for championships here, that's going to be one of the reasons that we win them.

In "raising" his defense, the scars were visible early in the 2021 season, however over the final seven weeks, Ulbrich's group improved in points per game, yards per play, passing yards per attempt and yards per rush, all while getting valuable reps for a number of young players.

Perhaps no group epitomized the team's youth as much as the secondary as the top six snap counts among Jets defensive backs were all in their first two seasons. Throughout the League, no team had more snaps from rookie and second-year players in their secondary than the 4,468 by the Jets in 2021. Second-year cornerback Bryce Hall finished in the top 10 in passes defensed, while fellow starter, rookie CB Brandin Echols finished in the top 10 among all rookies in PDs.

Upfront, the Jets saw seven different defensive linemen register at least 15+ pressures, while Williams was one of just two players in the League in the top 10 in stop, stuff and sack percentage (according to Next Gen Stats). At linebacker, Mosley and roster reduction waiver claim Quincy Williams, both recorded a single-season high in tackles as Mosley, the 2021 Curtis Martin Team MVP, finished fourth in the League.

Prior to the Jets, Ulbrich spent six seasons with the Falcons, the first five as the team's linebackers coach (2015-19), before he added the title of assistant head coach (2020). In 2020, following Raheem Morris' move to interim head coach in Week Six, he became the interim defensive coordinator for the final 11 games. Under Ulbrich, the defense improved in every category: total defense, scoring defense, passing defense, rushing defense, third down defense and red zone defense, while also producing sacks and interceptions at a higher rate. In those final 11 games, the Falcons ranked in the top third of the league in opponents third-down percentage and opposing red zone touchdown percentage, while also allowing the sixth fewest rushing yards per game.

In his six seasons with Atlanta, Ulbrich has had a linebacker register 90+ tackles nine times, including by four different players: Deion Jones (four times), De'Vondre Campbell (three), Foyesade Oluokun and Paul Worrilow. Jones, a second-round pick in 2016, produced 100+ tackles in every season in which he played at least 15 games, posting 513 tackles, the eighth most in the league since 2016. Additionally, Jones, a Pro Bowler, finished in the top two among all linebackers in passes defensed (38), interceptions (11) and defensive touchdowns (5) since 2016. Oluokun, a former sixth-round pick out of Yale in 2018, finished second behind Jones in total tackles, while also recording six forced fumbles, the most on the team in his three seasons under Ulbrich.

Originally hired as the team's linebackers and special teams coach, Ulbrich added the title of assistant head coach in the spring of his first year at UCLA (2012), spending two years in that role before becoming the defensive coordinator in 2014. In his time with the Bruins, he helped Anthony Barr convert from running back to linebacker before finishing second in the country with 13.5 sacks (2012), Myles Jack earn Pac-12 Defensive and Offensive Freshman of the Year honors (2013), and Eric Kendricks earn both the Butkus Award and Lott IMPACT Trophy after leading the nation in solo tackles per game (2014). All three players were selected in the first or second round of the NFL draft and both Barr and Kendrick have been selected as Pro Bowlers in the NFL. As a special teams coach, he joined just three other schools as the only FBS teams to finish the regular season among the top-20 nationally in both kickoffs and kickoff returns during the 2013 season.

Following his 10-year playing career, Ulbrich started his coaching career with Seattle in 2010 as special teams assistant for two seasons. During the 2010 season, kicker Olindo Mare matched the sixth-longest field goal streak with 30 straight, while the kickoff return units ranked third in the NFL and the kickoff cover group ranked fifth in the league.

A former third-round selection by San Francisco in the 2000 NFL Draft, Ulbrich played linebacker in 120 games (75 starts) over 10 seasons with the 49ers and posted 653 tackles, 5.5 sacks, four forced fumbles, two interceptions and 13 passes defensed, including 481 tackles between 2001-04, when he started 56 of 59 games. A starter for two seasons at Hawai'i, he was named All-WAC first-team and was a team co-captain as a senior, as he led the conference with a school single-season record 169 tackles. Prior to Hawai'i, he spent a year at Gavilan (CA) Junior College where he earned first-team All-Conference and team MVP honors after redshirting at San Jose State as a freshman.

Ulbrich and his wife, Cristina, have a daughter, Samantha, and two sons, Jax and Jace.

ZACH AZZANNI

WIDE RECEIVERS

DETROIT, MI | CENTRAL MICHIGAN

ZACH AZZANNI begins his first year with the New York Jets after being hired as the wide receivers coach in February 2023.

Azzanni has coached wide receivers for 26 years, spending the last six seasons coaching that group with Denver (2018-22) and Chicago (2017), following 18 years at the collegiate level.

In 2021, seven different Broncos wide receivers caught at least one pass and totaled 171 catches for 2,257 yards (13.2 avg.) with eight touchdowns.

In 2020, Azzanni coached one of the youngest position groups in the NFL after Pro Bowl wide receiver Courtland Sutton suffered a season-ending injury in Week Two. First-round pick Jerry Jeudy totaled 52 catches for 856 yards (16.5 avg.) with three touchdowns – the second-most receptions (52) and receiving yards (856) ever by a Broncos rookie – while second rounder KJ Hamler caught 30 passes for 381 yards (12.7 avg.) with three scores in limited action.

Undrafted wide receiver Tim Patrick has developed into a full-time starter in his four seasons working with Azzanni. Patrick led the team (2020) with six touchdowns on 51 catches for 742 yards (14.5 avg.) and was the only NFL player with at least 75 targets and zero drops this past season (according to SportRadar).

In 2019, Azzanni coached Sutton to his first career Pro Bowl selection in just his second season after leading the team with 72 receptions for 1,112 yards with six touchdowns. Sutton, who totaled the most receiving yards (1,816) and receiving touchdowns (10) in franchise history through his first two NFL seasons, became the first receiver in team history to be named to the Pro Bowl by his second year.

Denver's receiver group (2018) featured little NFL experience behind veterans Demaryius Thomas and Emmanuel Sanders, who only played eight and 12 games respectively because of trade (Thomas) or injury (Sanders).

Azzanni was instrumental in developing first-year receivers Sutton (42-704, 4 TDs), DaeSean Hamilton (30-243, 2 TDs) and Patrick (23-315, 1 TD), who combined for 95 receptions for 1,262 yards (13.3 avg.) with seven touchdowns. Sutton's 704 receiving yards ranked fourth in franchise history for a rookie as he became the team's No. 1 receiving option during the last four weeks of the season.

Before his lone season coaching wide receivers for the Bears (2017), Azzanni spent four years at the University of Tennessee. He joined the Vols as wide receivers coach/recruiting coordinator (2013) before being promoted to passing game coordinator/wide receivers coach (2015).

Tennessee went to three consecutive bowl games (2014-16), winning each contest while averaging nearly 43 points per outing. The Vols' passing attack in 2016, which featured six different players with at least 200 yards receiving, helped the offense set school records for single-season points (473) and touchdowns (63).

Azzanni spent one season each at the University of Wisconsin (2012 – wide receivers coach), Western Kentucky University (2011 – offensive coordinator/wide receivers) and the University of Florida (2010 – wide receivers/passing game coordinator).

Azzanni coached in three bowl games at Florida and Wisconsin, including two BCS Bowls, and won the Big Ten Championship (2012). In his lone season at Western Kentucky, the Hilltoppers featured college football's second-leading rusher in Bobby Rainey (141.3 ypg) while Jack Doyle ranked fifth in the nation among tight ends with 614 receiving yards.

Hired prior to the 2010 Sugar Bowl, Azzanni's first game with the Gators saw quarterback Tim Tebow throw for a career-high 482 yards in the Gators' 51-24 win, against Cincinnati.

Azzanni spent three years as assistant head coach/wide receivers at his alma mater, Central Michigan University, from (2007-09), and won a pair of Mid-American Conference Championships. He was the lead recruiter for wide receiver Antonio Brown and tackle Eric Fisher, who was the No. 1 overall pick by Kansas City (2013).

After beginning his coaching career as wide receivers coach for Valparaiso University (1999-2000), Azzanni worked as a graduate assistant under Head Coach Urban Meyer at Bowling Green (2001-02). He stayed with the school for four more seasons (2003-06) as wide receivers coach.

A former wide receiver at Central Michigan (1994-98), Azzanni graduated from the school with a degree in sports management (1999).

Azzanni is married to Julia, and the couple has four daughters: Ava, Lyla, Zia and Lucia.

MACK BROWN

OFFENSIVE ASSISTANT

OVERLAND PARK, KS | BAKER

MACK BROWN returns for his fifth season with the New York Jets, third as an offensive assistant, after two seasons as a defensive assistant. Brown, who initially joined the team in 2019, is now in his third season working with the team's receivers and first with the tight ends, after two years working with the linebackers.

This past season (2022), Brown worked primarily with the wide receivers, including serving as the interim wide receivers coach for the last three games. Rookie wide receiver Garrett Wilson led all rookies in receptions and receiving yards, earning Offensive Rookie of the Year honors. Additionally, Brown served as the team's interim wide receivers coach for the last three games.

In the 2022 Senior Bowl, Brown was elevated to wide receivers coach working with the National Team's six WRs as part of a staff that won 20-10.

In 2021, his first on the offensive side with the Jets, Brown worked primarily with the wide receivers as five different Jets receivers caught 25+ passes, the only such team in the League in 2021, while four had multiple touchdown receptions.

Working primarily with the linebackers in his first two seasons (2019-20) with the Jets, Brown helped five different inside linebackers produce at least one 10+ tackle game, as the defense allowed just 99.5 yards per game rushing, the fourth best average in the League.

Prior to joining the Jets, Brown spent the previous three seasons as the offensive coordinator and quarterbacks coach at Missouri State, helping the Bears increase their scoring average in consecutive seasons.

Before Missouri State, Brown served on the staff at Missouri, starting as a recruiting assistant before adding the role of offensive quality control and graduate assistant. He began his coaching career as an assistant coach at William Jewell College, before moving on as the offensive coordinator and quarterbacks coach at Lawrence (KS) High School.

As a player at Baker, Brown was a first-team All-HAAC performer in 2008 and a three-time NAIA Academic All-American, helping to lead the Wildcats to their first NAIA playoff berth in 15 years. He finished with school records for most passing yards in a career, season and game by a Wildcat quarterback.

Brown completed a master's degree in health, physical education and recreation from Emporia State in 2011. He and his wife, Amanda have a son, Reed.

ROB CALABRESE

QUARTERBACKS

EAST ISLIP, NY | CENTRAL FLORIDA

ROB CALABRESE returns for his third season as the quarterbacks coach, after initially joining the New York Jets as part of Robert Saleh's first staff in 2021. For Calabrese, he continues his work with the Jets quarterbacks after two seasons in Denver.

Under Calabrese's lead this past season, the Jets saw three different quarterbacks record at least two games of 300+ passing yards, becoming the only team in the NFL to do so. Quarterback Mike White became just the fifth player in NFL history to record 350+ passing yards in at least two of their first five career starts, after doing so at Minnesota (12/04/22) and vs. Cincinnati (10/31/21). Additionally, Calabrese helped quarterback Joe Flacco become the first player with two passing touchdowns in the final 2:00 of a fourth quarter during the team's victory at Cleveland (09/18/22), while second-year quarterback Zach Wilson finished the season top 10 in the NFL in a variety of fourth quarter statistics.

In his first season with the Jets (2021), Calabrese saw production from the entire room, specifically improvement from Wilson as a rookie. Over the final seven weeks, Wilson ranked in the top half of NFL starters (min. 100 attempts) in total touchdowns and in the top five in fewest turnovers. He closed the season without an interception in 156 passing attempts, the longest rookie streak in franchise history and longest streak by a Jets QB since 2000.

In addition to Wilson's development, all three other quarterbacks under Calabrese contributed, as White became the first QB in NFL history with 300+ passing yards and a 75+ completion percentage in their first start after throwing for 405 yards and three touchdowns vs. Cincinnati (10/31/21). Additionally, Flacco, acquired midseason, posted a 100+ passer rating in his only start, and Josh Johnson, appearing in a game for the first time in three seasons, became just the fifth QB in the last 30 seasons to not start a game and still throw for 300+ yards at Indianapolis (11/04/21).

Before joining the Jets, Calabrese spent two seasons with Denver (2019-20), where he worked with a number of quarterbacks as the Broncos were forced to use five different starters as a result of injury. During Calabrese's first season in the NFL (2019), rookie quarterback Drew Lock started the final five games, compiling a 4-1 record, while Joe Flacco, who started the first eight, completed 65.3% of his passes, the best mark in his 13-year NFL career.

Prior to joining the Broncos, Calabrese coached college football at Wagner College (2016-18) and his alma mater, Central Florida (2014-15). At Wagner, he helped direct an offense that averaged 28 points per game (2018), an almost seven point per game improvement from the previous season, and the school's best average in nine seasons. At UCF, he worked with the team's quarterbacks and wide receivers as a graduate assistant and was selected as one of 30 coaches for the NCAA-AFCA Future Football Coaches Academy. Before his start in college coaching, Calabrese spent a season at Oviedo (FL) HS coaching quarterbacks.

A quarterback and wide receiver at Central Florida, Calabrese finished his college career passing for 1,276 yards and 12 touchdowns and rushing for 494 rushing yards and two touchdowns. A three-year starter at East Islip (NY) HS, he earned the Boomer Esiason Award as Suffolk County's top quarterback as a junior and senior and broke Esiason's school records for career passing yardage (3,992) and touchdowns (34).

KEITH CARTER

OFFENSIVE LINE/RUN GAME COORDINATOR

DOWINGTOWN, PA UCLA UCLA

KEITH CARTER begins his first year with the New York Jets after being hired as the offensive line coach/run game coordinator in January 2023.

Carter brings 10 years of NFL coaching experience to the Jets and joins the team after spending the last five seasons as the offensive line coach for the Tennessee Titans.

> *Continually in his time at Tennessee, even with Derrick Henry out, they were still able to spit out top 10 run games, been very effective in the red zone, running the football, getting the ball past the goal line and all that good stuff. Hard-nosed, hard-charging football coach that we're really excited to get.*
>
> **- Head Coach Robert Saleh, 1.26**

Since 2018, Carter has helped the Titans averaging 139.9 rushing yards per game, the second best in the League. Additionally, in his five years with Tennessee, their 11,471 rushing yards ranked second, while their 4.67 yards per rush was the fourth best in the NFL. They ranked in the top 10 in four of five seasons and never averaged fewer than 125 yards per game in any season.

In 2021, Carter saw an offense that finished fifth in rushing, averaging 141.4 rushing yards per game and helped left guard Rodger Saffold III received his first career Pro Bowl selection.

TODD DOWNING

PASSING GAME COORDINATOR

EDEN PRAIRIE, MN · MINNESOTA

TODD DOWNING begins his first season with the Jets as passing game coordinator, bringing 24 years of coaching experience to the team.

Downing recently served as offensive coordinator for the Titans (2021-22), after initially joining the club as a tight ends coach (2019).

Under his lead as offensive coordinator, Downing saw the Titans rank fourth in the NFL in red zone efficiency (64.1%) and helped quarterback Ryan Tannehill record a 66.5% completion percentage during that span, the 10th best in the League (min. 850 attempts). Additionally, Tannehill's 7.32 yards per attempt over the last two seasons has been the eighth best in the NFL (min. 850 attempts). Last season, Downing helped the Titans record a League-best 93.8% goal-to-go efficiency.

During Downing's first year as offensive coordinator (2021), the Titans offense finished fifth in rushing (141.4 yards per game), despite missing Derrick Henry for nine games, due to injury. Downing helped running backs D'Onta Foreman (566) and Dontrell Hilliard (350) each set career highs that season. Additionally, Tannehill finished third in franchise history in a variety of passing categories, including attempts (531), completions (357), and completion percentage (67.2), as a whole, the offense ranked eighth on third down (43.6%), fifth in red zone (63.9%) and first in goal-to-go efficiency (87.5%).

As a tight ends coach (2019-20), Downing saw the Titans tight ends produce the NFL's seventh-best receiving yardage total (1,915) and tied for the eighth-best reception total (170). In 2020, his group ranked second in total touchdowns (14), third in touchdown receptions (12), sixth in receptions (94) and ninth in receiving yards (967).

During the 2020 season, Downing and his family initiated a social justice campaign, raising over $50,000 for the 100 Black Men of Middle Tennessee, an organization providing opportunities in education to under privileged youth. Downing and his wife pledged $1,000 for every tight end touchdown.

TAYLOR EMBREE

RUNNING BACKS

BOULDER, CO UCLA UCLA

TAYLOR EMBREE returns for his third season as the running back coach, after initially joining the New York Jets as part of Robert Saleh's first staff in 2021. For Embree, this is his seventh NFL season and third as a position coach.

In his second season with the Jets (2022), Embree oversaw a group that saw five different backs record at least 25 carries, all recording at least one explosive play. Despite suffering a season-ending injury during Week Seven, rookie Breece Hall led the group in rushing yards (463) and yards per rush (5.8). Additionally, Hall became one of just two rookies in the NFL to record at least 275 rushing yards and 213 receiving yards in their first five games since 1970. Although only appearing in six games this season, Hall was the only player to record at least 100 receiving yards and 95 rushing yards in a game, after doing so at Miami (10/09/22). He became one of just five players in the last decade to do so.

Despite only appearing in seven games last season, Embree helped undrafted rookie Zonovan Knight finish with 300 yards, the second most rushing yards by an undrafted rookie in Jets history. Additionally, he became just the fourth undrafted rookie running back to rush for more than 100 yards in a season since 1976. Over his first three games, Knight produced 298 yards from scrimmage, the most by any rookie this season.

During the 2021 season, the running back group saw balanced contributions from several players, as no back carried more than 150 times and three different backs carried at least 50 times. Every back with at least 25 carries averaged at least 3.9 yards a carry, while leading rusher, rookie fourth-round pick Michael Carter, averaged a team-best 4.3 yards per rush. Despite missing three games, Carter was one just 10 rookies since 2015 with 600+ rushing yards and 300+ receiving yards and one of just two selected after the fourth round. Additionally, among all 2021 rookie runners, his 5.27 yards per touch ranked second.

In his first season coaching in the NFL (2016), Embree worked on the defensive side of the ball as a defensive assistant with Kansas City. That season, the Chiefs defense produced a league-leading 104 passes defensed while tying for the most interceptions with 18.

A special teams coordinator for five seasons at the college level before joining the Jets, Ghobrial joins Special Teams Coordinator Brant Boyer and fellow Special Teams Assistant Leon Washington working with one of the NFL's best special teams units.

With Ghobrial's assistance last season, special teams captain Justin Hardee, one of the NFL's leading special teams tacklers since entering the league (2017), was selected to his first Pro Bowl after posting a single-season best 14 tackles. He became just the sixth Jets special teamer to be selected to the Pro Bowl since 1970 and the only core special teamer. Of the six, two have come in Ghobrial's tenure. Additionally, Kicker Greg Zuerlein recorded three of the four longest field goals in franchise history and became one of four Jets to convert multiple field goals of 55+ yards as a Jet. Zuerlein also became one of just five kickers in the NFL to convert a 60+ yard field goal.

In their first season together (2021), Boyer, Ghobrial and Washington oversaw a group that finished second in the NFL in special teams DVOA, according to FootballOutsiders.com as the Jets were the only team in the League to finish in the top five in both kickoff and punt return average that season. Wide receiver/return specialist Braxton Berrios was selected as an All Pro after he led the NFL in kickoff return average and finished second in punt return average.

Despite using three different kickers and three different punters, the Jets finished strong in both areas as Braden Mann posted a 43.0 net punting average, fifth best in the league, over the last four games and Eddy Piñeiro, signed in Week 14, connected on all eight FG attempts as a Jet.

MARQUAND MANUEL

DEFENSIVE BACKS/SAFETIES

MIAMI, FL FLORIDA

MARQUAND MANUEL returns for his third season as the defensive backs/safeties coach, after initially joining the New York Jets as part of Robert Saleh's first staff (2021). Manuel has been in the NFL for 19 seasons as a player and coach, earning trips to the Super Bowl as both.

This past season (2022), Manuel helped safety Jordan Whitehead became one of 10 players in the NFL record 85+ tackles, two+ interceptions, four+ tackles for loss, and four+ passes defensed, marking only the third time since 2000 a Jets defensive back has recorded these stats in a season.

Additionally, safety Lamarcus Joyner finished the 2022 season with three interceptions, the most by a Jets safety since 2013 and just the fifth Jets safety since 2000 with at least three interceptions in a season. Manuel helped Joyner become the fifth safety in the NFL since 2000 to record a two+ interception game, after doing so at Pittsburgh (10/2).

Manuel also contributed to the success of undrafted rookie Tony Adams last season who ranked top 10 in the NFL among all rookie safeties in time to tackle (fifth - 5.27), tackle percentage (sixth -12.8%) and stops (seventh – 5).

In his first season with the Jets (2021), Manuel dealt with constantly changing personnel as 10 different safeties appeared on defense for the Jets, while eight started at least one game. Kickoff Weekend starters, Marcus Maye and Lamarcus Joyner, were limited to 360 total snaps as Joyner was placed on injured reserve in Week Two and Maye in Week 10.

Despite the constant rotation, former 2020 draft choice, Ashtyn Davis was one of just 11 players in 2021 with 50+ tackles, two+ interceptions and two+ forced fumbles after tying for the team lead in both INTs (two) and FFs (three). Additionally, Jason Pinnock, selected in the sixth round that season after a college career at cornerback, made the transition to safety as a rookie and finished the final three weeks as number one rookie rated safety by Pro Football Focus.

TONY ODEN

SENIOR DEFENSIVE ASSISTANT/CORNERBACKS

CLEVELAND, OH | BALDWIN-WALLACE COLLEGE

TONY ODEN returns for his third season as senior defensive assistant/cornerbacks after initially joining the New York Jets as part of Robert Saleh's first staff (2021). A coach in the NFL since 2004, Oden has coached multiple Pro Bowl cornerbacks and safeties over his time in the League.

During the 2022 season, Oden saw D.J. Reed and rookie Sauce Gardner rank top 10 in the NFL in yards allowed per reception, reception percentage allowed, yards after catch allowed, passer rating allowed and total yards allowed.

Oden helped Gardner earn Defensive Rookie of the Year honors, First-Team All-Pro and a Pro Bowl selection, becoming just the third rookie cornerback to start in the Pro Bowl since the merger. Additionally, Gardner became the first rookie in franchise history to receive First-Team All-Pro honors. Gardner also became the only rookie in the NFL to produce at least one pass defensed in each of his first seven games and finished first in the League in passes defensed (20).

Additionally, Oden saw both Reed and Michael Carter II set career-highs last season. Reed finished with a career-high 12 passes defensed and 80 tackles, the seventh-best rank among all cornerbacks, while Carter II set career-highs in tackles, interceptions, and passes defensed.

In his first season with the Jets (2021), Oden's unit consisted entirely of first and second-year players, all of which entered the League as fifth-round or later draft choices or undrafted free agents.

Bryce Hall, a second-year, fifth-round choice in 2020, became the first Jets player to start 17 games in a regular season and finished tied for sixth in the League with 16 passes defensed, the most by a Jets since 2013. Brandin Echols, a sixth-round selection in 2021, finished tied for sixth among all rookies with nine passes defensed and earned Rookie of the Week honors following his 20-yard interception touchdown return, one of only two Jets to record a defensive TD since 2000. His fellow rookie, Carter II, drafted in the fifth round, was one of only three 2021 rookies with four+ passes defensed and four+ tackles for loss, joining Jamal Adams, Erik Coleman and Jonathan Vilma as the only Jets to do so in their first season since 2000.

Prior to his start with the Jets, Oden spent a season as the defensive backs/cornerbacks coach in San Francisco (2020). Despite using seven different starters at corner, the 49ers finished fourth in passing defense while also ranking in the top 10 in both completion percentage and passer rating allowed.

In Miami (2018-19), Oden helped a pair of young players in Xavien Howard and Minkah Fitzpatrick. In 2018, as the defensive backs coach, Howard registered seven interceptions to tie for the league lead, earning his first Pro Bowl appearance. Additionally, Fitzpatrick finished in the top five among all rookie safeties in tackles, interceptions and passes defensed.

Oden spent four seasons in Detroit (2014-17) as the defensive backs/cornerbacks coach and helped the Lions finished with 58 interceptions, the ninth-most of that span. Under Oden, cornerback Darius Slay earned his first Pro Bowl selection (2017) after finishing the season with eight interceptions, tied for the most in the league. Additionally, Slay posted 69 passes defensed, the most in the league over that span while also finishing in the top five with 14 interceptions.

Before Detroit, Oden spent a season in Tampa Bay (2013) as the secondary/cornerbacks as the Buccaneers defense finished third in the league with 21 interceptions. Cornerback Darrelle Revis was selected to the Pro Bowl in his only season with the team after finishing with a team-high 11 passes defensed, two interceptions, two forced fumbles and a sack.

As the secondary coach in Jacksonville (2012), Oden helped cornerback Derek Cox tie a career high with four interceptions, while safety Dawan Landry finished with 100 tackles - one of just eight DBs with at least 100 tackles that season.

A member of the New Orleans staff for six seasons (2006-11), Oden was the assistant secondary coach for five years before becoming the secondary coach in 2011. In his time with the Saints, the team won Super Bowl XLIV, finishing the 2010 with the fourth best passing defense in the league. In that span, safety Roman Harper earned the only two Pro Bowl selections of his 11-year career.

Beginning his NFL career in Houston, Oden served as a defensive assistant and assistant defensive backs coach (2004-05). His first season, the Texans registered 22 interceptions, fifth in the league and still the most in franchise history.

Before coaching in the NFL, Oden served as defensive backs coach at Eastern Michigan University (2003), after spending three seasons at East Carolina University as the safeties coach (2002), secondary coach (2001) and outside linebackers coach (2000). Prior to joining East Carolina, Oden was the assistant defensive backs coach at West Point (1998-99). He began his coaching career as assistant defensive backs coach at Millersville (PA) University in 1996, followed by one season as a graduate assistant working with the wide receivers at Boston College (1997).

- Signed with the New York Jets as an unrestricted free agent (2022).
- Appeared in 215 games (all starts) for HST (2008-2017), SEA (2018-2021), and Jets (2022-present) at left tackle.

- Pronounced: ***DWAYNE***

Duane Brown just exemplifies everything with what he's done. I'm not going to get into details of what he's sacrificed and how he's been doing it, but it is very rare, very rare for someone like Duane Brown to go through a season like he has and to sacrifice what he has, when he hasn't had to sacrifice anything. There's a reason why he's had so many years in the League, there's a reason why he's got many more years left in the league, and there's a reason why he's been a Pro Bowler for so long and he's made so much money. He's amazing.

TARHEEL LEGEND: A four-year running back, Carter finished his career at UNC with the fourth-most rushing yards in school history (3,404), 22 touchdowns, and added 656 yards and six touchdowns on 82 receptions • His 6.6 yards per carry average was the highest in school history (min. 50 carries) • As a senior (2020), earned All-ACC Honors, was a Third-Team All-American selection by the Associated Press and was a finalist for the Paul Hornung Award after he started all 11 games and led the ACC in rushing yards per game (113.2), gaining 1,245 yards and nine touchdowns on 8.0 yards per carry, the third-highest average in the FBS and a school record.

In September (2022), Carter surprised a Brooklyn High School with a uniform donation at MetLife Stadium. Carter helped present a check for $100,000, supporting both new uniforms and the team's annual Public Schools Athletic League (PSAL) helmet reconditioning program.

Carter joined six Jets players in wrapping up the Play 60 Flag Football program with sixth graders from six schools in Florham Park, Madison, Harding, Summit and Chatham (11/9/21).

OFF THE FIELD

SOCIAL JUSTICE: A captain in his senior season at UNC, Carter helped lead the team in the wake of George Floyd's killing, as Head Coach Mack Brown said he was the first player he called, and those conversations laid the foundation for how the team communicated on social injustices facing the nation.

"To be a person that people can come to or that has the ability to influence positively is a big deal to me because it means my peers respect me," he told Tarheel Illustrated in 2020.

"And I think respect is a huge thing, and I feel like if they know something ever goes wrong, I got their back whether they miss a play or they fall down or they need help with homework or they need help moving or anything. I just feel like it's the friendship, it's the bond, it's the family."

His obsession and his love for this game is as good as I've ever seen, been around, and because of that, he's going to find a way to be successful in this League. He's got a long way to go, but he's got physical tools — he's long, he's fast, he's explosive, and then he's got the mindset, the obsession to learn the game and fine tune all the little details, but also the mindset to dominate the guy that's across the ball from me.

OFF THE FIELD

REMEMBERING TERRY: His uncle, Terry Garner, tragically took his own life when Conklin was just two years old • To remember his life, Conklin's mom, Diana, found a new passion for suicide prevention and raising awareness around mental health and helped start the L'Anse Creuse Community Action Coalition in Macomb County, MI, which is now one of the largest and most impactful coalitions in the county and involves people of all ages • He participated in the coalition all throughout middle school and high school.

OF NOTE

BASKETBALL BACKGROUND: Grew up playing basketball and led his high school team to the Class A Final Four as a junior, scoring 22 points in the semifinal loss • Conklin was named Macomb County Player of the Year following his senior season before enrolling at Northwood University to play basketball • He played one season at Northwood before transferring to Central Michigan and walking onto the football team.

"I think the main thing is the ball skills. Ball skills and body control, those are big," Conklin said after being drafted. "And the 50-50 balls. I think basketball, you're going up, you're grabbing rebounds. You're just reacting, especially when you're going up to get a rebound and stuff like that, so I think that translates really well to football."

DOUBLE WALK-ON: A five-year defensive back, Davis initially joined Cal's football team as a walk-on a year after joining the track team as a walk-on • Appeared in 48 games (33 starts) over his football career, registering 171 tackles, seven interceptions (one returned for a touchdown), 12 passes defensed, three forced fumbles and three fumble recoveries on defense, while adding 70 kickoff returns for 1,604 yards and a touchdown.

His track career started late as he played baseball, basketball and mostly football growing up, joining the high school track team as a junior, only after his high school quarterback suggested it as a way to increase his speed for football • Despite his football and track success, he had no offers and attended the 2014 California High School State Track and Field Championships to try to find a school • He settled on Cal because of proximity and their willingness to let him try to continue his football career.

"My dad said, 'Just keep doing (track) and use it as a platform for where you want to go for football,'" Davis recalled to the Cal student newspaper. "It was really hard to find a school that was going to let me pursue football as well. When I visited Cal, the track staff was totally fine with me doing that, so it was just the right fit."

That was definitely one of my individual accolades, so it was a true blessing. I can't thank my teammates enough, my coaches enough, especially Coach Tony Oden, my cornerback coach, for just helping me perfect my craft since day one, and a defense that's just flying around and taking me in, the d-line getting after the quarterback and giving me opportunities to make plays on the ball. It's a tribute to my coaches and my teammates for sure.

"I was told the best corners, it's never their fault. They have this Superman mentality where, 'it's my shoelace,' or, 'it's my glove.' They have this mentality that they can never be beat. He's got that to him. He's got tremendous confidence. His football IQ for a rookie is way ahead of most — still got a long way to go in that way. His thirst for knowledge and the way he works and operates on a day to day basis is really cool to see. He's got the makeup of a guy that's played some time in this League, excited about the future."

JETS IN THE COMMUNITY

After being drafted by the Jets, Gardner visited patients virtually, as a result of the COVID-19 pandemic, at Goryeb Children's Hospital • Signed and sent a football to patients and offered them tickets to a Jets game. (May 2022)

Along with the rest of the 2022 draft class, participated in the Operation Cops and Kids community service with Newark and NYC Police Officers and youth. (June 2022)

As part of the 24th Annual Hometown Huddle Day of Service, Gardner helped unveil a new playground for students at Parsippany Child Day Care Center. (October 2022)

OFF THE FIELD

A1 SAUCE: Curtez Harris, his little league football coach, expanded on an early nickname "A1" and called him, "A1 Sauce Sweet Feet Gardner." Gardner has since shortened the nickname to "Sauce."

"My personal meaning is a level of confidence," he said during the pre-draft process. "When I'm on and off the field, I make sure I've got the sauce. That just keeps me going. When I'm in my little calm mood, it's just me being Ahmad. The Sauce is within me, so I'm always Sauce. I have to know when to flip the switch up and turn the switch off."

With Breece, it starts with the high-level production. He was one of the top players in the entire conference. The thing that jumps out with him is he's a home run threat, he can score from anywhere on the field. Excellent elusiveness, excellent balance through contact. And, also, another guy that can be a weapon in the pass game. Really natural ball skills. He's a tough tackle in open space, he's one of the more elusive backs.

"My mom, I want to do so much for her," Hardee told SI in 2020. "I want to be the best human being, the best football player, the best businessman, for her. I want to do so much. I wish she was here to see it all. Since she's not, I've got to do everything I can [to do] the right things, I've got so much more in store."

PAPA JOHN'S FRANCHISE: Hardee opened his own Papa John's Franchise in New Orleans, an idea he first had in 2017 as a rookie after he joined teammates Ted Ginn Jr. and Marshon Lattimore at a charity event catered by Papa John's • After reaching out to Malcolm Jenkins, also a Papa John's franchise owner, and planning for over a year, he opened the Tulane Avenue store in 2020.

"How can I be sitting here with three degrees and really not have nothing else, not really be getting money from another stream," Hardee said in 2020. "I just told myself I wanted to be an off-the-field millionaire, just without ball."

THREE DEGREES: Since graduating from college with a degree in communications, he has also earned two master's degrees, one in sports management and one in education.

He's a huge part of the unit. He's starting to be more vocal which I asked him to be, because a lot of people respect him. He does everything right. The guy's a beast, I love the kid. He's a worker, anything that you ask him to do, he does it at full speed. He does every single thing that you ask him and being a professional and practicing hard every day. If I ask him to take some extra snaps for the other kicker, the other punter or whatever, he has no problems doing that, even though he may be a little sore. A lot of things promising about what he's done at practice and in the game. What really jumped out, I thought, was his speed. That's probably one of the biggest things that we coveted. He's a four or five guy with a lot of size and length, that's going to be a tremendous benefit for us.

OF NOTE

RESILIENT TIGER: After he redshirted as a true sophomore as the result of an ACL injury, Lawson still finished his college career with 14 sacks and 24 tackles for loss in just 33 games • An All-SEC First Team selection by the coaches in his final season (2016), he was also a two-time team captain as a redshirt sophomore and junior (2015-16).

NUMBER ONE: Was the number one defensive line recruit in the country following a senior season at Milton (GA) HS that saw him record 27 sacks and 44 tackles for loss.

OFF THE FIELD

ANIME: Despite his father, Carl Sr., being a fullback on the 1990 co-national champion Georgia Tech football team, Lawson credits his love of football to the cartoon Dragon Ball Z.

"It was the main contributor," he said on NFL Network in 2019. "Literally it's all fighting, eating and training as hard as you possibly can, and that's football. Instead of tearing the stuff up in my house, my dad was like you need to stop watching this show and go play football. I feel like Dragon Ball Z is definitely a main contributor why I play football. It's a gladiator-type mentality on that show and it's a gladiator-type mentality on the field."

"The family business isn't your typical, you know, what people probably in the city picture as a farm with the red silos and all that kind of stuff," McGovern said on a conference call after signing with the Jets in 2020. "But, it obviously taught me a lot about hard work and how to handle ups and downs."

"The veterans, like a guy like CJ whose been around enough and seen it all, and that's the advantage of a veteran. They've seen it. They've got scars. They understand the game, they can see the game, and knock-on-wood with CJ being a veteran, he still plays like he's 24-years-old. He's still fast, he still hits violently, and he still plays with a lot of enthusiasm and juice. Having guys like him are priceless."

- Head Coach Robert Saleh (Nov. 2022)

"He is absolutely critical, he's a guy that elevates everyone around him. He's the guy, because of him we've got a chance to be a good defense and he's got a lot of the glue that holds us together. So, we go a little bit as he goes and ***if there's a guy I want to lean on, that's the guy I want to lean on****."*

OF NOTE

ROLL TIDE: A two-time National Champion at Alabama, he helped the school capture consecutive BCS titles in 2011 and 2012 while also earning individual honors as a two-time All-American selection (2012-13), two-time first team All-SEC (2012-13), the 2013 Dick Butkus Award winner, and the co-winner of the 2013 SEC Defensive Player of the Year.

OFF THE FIELD

HIGH SCHOOL CAMP & DONATION: Mosley has hosted a free football camp at his alma mater, Theodore (AL) HS • The camp, which has separate days for kids ages 6-through-13 and then 14-through-17 focused on the player's position, going through specific technique for their position.

"This gives these kids an opportunity to be out here having fun, doing what they love," he told AL.com in 2018. "Whether they like football or not, it's all about them, being positive and doing the right thing."

Additionally, he donated $10,000 to the school after the 2018 camp.

"It's a great feeling," he said in a statement. "There's a lot of negativity in this world. To be one of the positive role models, and to come back and still have that same support -- people are not trying to take advantage of you and things like that -- I can come back here with open arms, so that's a great feeling."

Just DJ being DJ. All the things that you guys have heard from a preparation standpoint, energy standpoint, obviously from an athletic ability, a production standpoint. So, all those things go hand in hand, but you know what you're going to get with DJ every day. There's not going to be an up and a down, it's going to be focused, very direct, intense, but not overly intense. He laughs, jokes, you guys may not see that, but he is funny, so I think all those things that are involved in that make him bring a toughness attitude to our team. This is mom and daddy, it's them. Whatever they did in his upbringing, that's what makes him special. And he just does it every day. Does it every day.

- Sr. Defensive Assistant/CBs Tony Oden (Nov. 2022)

OF NOTE

UNCONVENTIONAL PATH: After not receiving any Division One scholarship offers, walked on at Fresno State for one season before transferring to a junior college, Cerritos • In his lone season at Cerritos, while taking 19 credit hours in his first semester, lived in a two-bedroom apartment with seven other teammates, taking turns sleeping on couches and the floor • Following a standout season, he received a scholarship offer from Kansas State.

Cerritos College Defensive Coordinator, Tom Caines, described him as a, "Look-you-in-the-eye kind of guy. The guy showed up to work every day. For a young guy at a community college, that's a learned behavior for the most part. They don't show up with that mindset already."

OFF THE FIELD

GUIDING THE YOUTH: In March 2022, spoke to youth in the high security units at the Youth Detention Center in Bakersfield, CA. Reed provided them with words of encouragement and insight into his life story and discussed his time spent at YDC as a juvenile.

NATIONAL MULTIPLE SCLEROSIS SOCIETY: Supported the National Multiple Sclerosis Society during the league's annual My Cause My Cleats Campaign last season in support of his Father, Dennis Reed Sr., who was diagnosed with MS.

"From a personal standpoint, it's serious as far as you watch someone who's able to walk, that's living an active life, to all of a sudden slowly but surely is unable to walk," Reed said in a press conference last season. "Just want to bring awareness to it and find a cure."

OFF THE FIELD

CHEMISTRY: A four-time academic all-conference performer and one-time academic all-district honoree at San Jose State, he majored in chemistry and was part of a research lab the last three and a half years studying atmospheric chemistry. His solo project involved working with a mass spectrometer, which transferred chemicals through a machine and ionized them to reveal their weight.

Credits his grandfather, James Schweitzer, a nuclear safety officer in the Army for 25 years, with his love of the science.

"He started me down the path," Schweitzer told ESPN in 2016 after being drafted. "But in high school, I was taking chemistry and I was like, 'Man, I just really love this.' It really explains everything. If you ever wonder how anything works, why you feel this way, or why this happens, it's all about chemistry."

THE DEFENSIVE LINE: After the passing of his older sister, Ella, in January 2018, Thomas began dedicating his life to sharing Ella's story, working with nonprofit organizations to raise awareness and secure funds for mental health and suicide prevention work • He and his family – mother, Martha, and father, Chris – founded The Defensive Line (https://thedefensiveline.org/) to honor Ella and bring a message of hope and help to other at-risk young people with their stated mission, "To end the epidemic of youth suicide, especially for people of color, by transforming the way we communicate and connect about mental health."

"I just really want people to know, it's OK to not be OK, that all the feelings you're feeling throughout the day, you know, whether you're feeling sad, depressed, anxious, angry – these are feelings of the human experience," Thomas said in a CNN piece. "At the time I started speaking of it, I hadn't come to terms with it, I really hadn't accepted it at the time."

OF NOTE

IN THE CARDS: Thomas appeared in 27 games over three seasons at Stanford and registered 101 tackles, 11.5 sacks, 25.5 tackles for loss, four fumble recoveries and two touchdowns • As a senior, was named a third-team All-America by the Associated Press and earned First-Team All-Pac-12 honors and the Morris Trophy award, voted on by opposing Pac-12 offensive linemen after recording 62 tackles, 8.0 sacks, 15 TFLs and 2 FRs.

"It's the highest of honors to be nominated for Walter Payton NFL Man of the Year Award for the New York Jets. I'm blessed to have a platform to impact lives and give back to help others. I believe it's a duty of ours to uplift those fighting for better, a duty I will hold forever."

WALTER PAYTON NFL MAN OF THE YEAR

As the Co-Founder of the nonprofit The Defensive Line, Solomon Thomas has not only committed financially to the causes he believes in, but he also actively contributes his time, energy, and mind to the growth and success of his organization. His public speaking always centers around the hopefulness he carries and the belief he has that everyone has extraordinary value and deserves to live healthy lives. His message is positive and uplifting, and he shares it in public as much as he does privately with those around him. He doesn't push, but he offers insight and experience, sharing a kind of wisdom that people crave and thrive on. The work with The Defensive Line has included a partnership with The Super Football Conference in New Jersey to speak with high school students about mental health, the 988 campaign with Dak Prescott and the American Foundation for Suicide Prevention, and an educational panel for all of Paramount Global in October.

Solomon has consistently demonstrated a generous and quiet giving mentality, donating to many organizations over the years, including: The Golden Heart Foundation, Boys and Girls Club of Tracy Kipp Minnesota, Champion Charities Foundation, American Foundation for Suicide Prevention, Hui Aloha Kiholo, Mississippi Rapid Response Coalition, 22 And You Foundation, My Brother's Keeper, Blue Dragon, and many others. When a member of the 49ers staff lost everything in the Paradise Fires, Solomon supported them financially.

Additionally, he has hosted a Youth Football Camp for middle and high school footballers in his hometown to learn from elite coaches and players providing a once in a lifetime experience for these young people. This season, for the holidays, Solomon hosted a Turkey Giveaway in partnership with Interfaith Food Pantry Network in Morris Plains, NJ, and will host a Shop with a Jock Christmas shopping spree with Boys and Girls Club of Hoboken which will provide the kids with a gift card from Walmart.

In my opinion, AVT's a future Hall of Famer. The dude's a freak. He's the epitome of a great offensive lineman. I wish I could describe how hard it is, what he's done the past couple weeks, but unless you've played the position, it's hard to understand. I know a lot of time we just get grouped as an offensive line or the o-line, but to go from guard to tackle is incredibly difficult. It's not a completely different game, but it's a different game. And then not only that, to flip sides, all of the plays are backwards in your head now and it's absolutely incredible to see him do that, be so selfless to go out and do that when he's having a pro bowl year at guard. Not only to go out and just play but play at an extremely high level at both tackles and guard, it's incredible. There's a few guys in history that can do that and he's one of them.

- Connor McGovern (Oct. 2022)

QUINNEN WILLIAMS

Quinnen, he also won the "Good Guy" Award in terms of just how his presence is in the building and how good of a human being he is. When you have guys like that, you're happy for him because of all the success he's having, but he's a dominant force in the inside. When he's playing at his best, he makes it easy for everybody to do their jobs, but not just that... Just the ultimate team guy, team first, uplifts his teammates, has a great relationship with all of his teammates, and very coachable, so he's deserving of everything he's gotten this year.

Williams virtually visited patients at Goryeb Children's Hospital during the 2019 season as a part of the NFL's Crucial Catch week. (Sept. 2021)

Williams joined six Jets players in wrapping up the Play 60 Flag Football program with sixth graders from six schools in Florham Park, Madison & Harding, Summit & Chatham. (Nov. 2021)

OFF THE FIELD

MOM IS ALWAYS PRESENT: The night he was drafted, his family sat in the green room at the NFL Draft with one empty chair that held a sign for his late mother, Marquischa Henderson Williams, who passed away when he was just 12 years old after losing her second battle with breast cancer.

The sign read, "We know you would be here today if Heaven wasn't so far away. Still loved, still missed and very dear. Unseen, unheard, but always near. In loving memory of Mrs. Marquischa Williams."

He also remembers the woman who instilled "discipline, effort and accountability," wearing a necklace with her picture.

GARRETT WILSON

JETS IN THE COMMUNITY

Following the Draft, Wilson joined fellow first-round selections Sauce Gardener and Jermaine Johnson as they each participated in a virtual visit with patients at Atlantic Health System's Children's Hospital. (May 2022)

OF NOTE

ELITE COMPANY: A three-year wide receiver at Ohio State, he finished his Buckeyes career in the top 10 in school history in receptions (143), receiving yards (2,213) and touchdown catches (23), while also ranking in the top five in receptions per game (4.3) and 100-yard games (10) • In his final season (2021), earned first-team All-American honors by the Football Writers Association and The Athletic after he caught 70 passes for 1,054 yards and 12 touchdowns • As a sophomore (2020), started the season with four consecutive 100-yard games, the second-longest streak in school history.

OFF THE FIELD

BASKETBALL IN HIS BLOOD: His father, Kenny, finished his career at Davidson as the school's seventh all-time leading scorer. Wilson was an All-Central Texas selection in basketball, after averaging 21 points per game at Lake Travis (TX) HS.

CHILDHOOD TEAMMATES: Growing up with current New York Mets third baseman Brett Baty, also a first-round pick (2019), the pair started as teammates on the Lake Travis Cavaliers youth football team and were multi-sport athletes at Lake Travis (TX) HS • Wilson was named the area's Male Athlete of the Year (2017) by the Austin American-Statesman, an award Baty won the following year.

"Garrett was one of the best basketball players I've ever seen, too," Baty told SNY.tv. "If he chose basketball, no doubt he'd be in the NBA right now."

"I'm confident he would've been in the NFL as a quarterback," Wilson said of Baty. "He was that good. He says he was just throwing it up to me, but the bombs he was throwing were 45, 50 yards and we were in sixth grade."

OF NOTE

GOOD COMPANY: In his final season at BYU (2020), Wilson broke the school record, previously held by Steve Young, for completion percentage, as he completed 73.5% and threw for 3,692 yards and 33 touchdowns, the third most in the country in both categories and added 10 rushing touchdowns, the fourth most by a QB in the nation • Finished the season with just three interceptions, tied for the fewest interceptions in a season among all quarterbacks with at least 30 touchdown passes.

HS MVP: After he led Corner Canyon (UT) HS to an 11-1 record, a regional championship and the 5A state semifinals as a senior, was named 5A Most Valuable Player and a first-team all-state selection after he threw for 2,986 yards and 24 touchdowns and ran for 752 yards and eight scores.

OFF THE FIELD

FORESHADOWED: While in college, traveled to New York City with his former BYU Head Coach Kilani Sitaki's More2Life Foundation to work with the Harlem Jets, a youth athletic organization in Harlem, NY.

"It never occurred to me when I was there that I would be playing there," Wilson told the Deseret News after being drafted. "New York is a faraway place. I used to love visiting. It was such a blast. Staying right in the city, in Times Square, and I think it was a week we would spend there, working with a lot of those kids. It was a blast. Did I think I would be there within a year? I didn't. But what an amazing opportunity to be in that situation now."

He's done a really, really good job since he's been here, and it's exactly what we thought we were going to get as far as leg talent and everything like that. If there's a kicker in this League that's kicked in as many windy and bad weather games — I think it's rained and been really windy and rainy in like eight or nine of our games this year. He's kicked it in weather the whole time, and he's done a fantastic job. He's like 90 percent touchbacks on his kickoffs. He's doing a great job, especially in the weather conditions he's faced.

POSITION SWITCH: Despite a senior year at Southaven (MS) HS that saw him record 29 receptions for 406 yards, rush for 906 yards, and score 16 total touchdowns (rushing, receiving, and returning), Echols was a zero-star recruit and enrolled at NW Mississippi CC as a wide receiver before the coaching staff convinced him to play cornerback.

"I told our coaches, I'm gonna try him at corner and I think he'd be a pretty good corner. Our offensive coaches didn't like it and Brandin didn't like it," NWCC Head Coach Benjy Parker told the Daily News in 2021. "We saw how explosive he was and his natural athletic ability. It takes a great athlete to play corner."

MULTI-SPORT: He was a multi-sport athlete at Southaven (MS) HS, who also played basketball and ran track as a senior, earning a spot on Clarion-Ledger's all-state team after winning the state championship in the long jump.
