

FOX NEWS POLL

All results are for release after 6:00 PM/ET Thursday, April 9, 2020.

Methodology

Interviews were conducted April 4-7, 2020 among a random national sample of 1,107 registered voters (RV). Landline (239) and cellphone (868) telephone numbers were randomly selected for inclusion in the survey using a probability proportionate to size method, which means phone numbers for each state are proportional to the number of voters in each state.

Results based on the full sample have a margin of sampling error of ± 3 percentage points.

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (formerly known as Anderson Robbins Research) and Shaw & Company Research (R).

Fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

Fox News Polls before 2011 were conducted by Opinion Dynamics Corporation.

Results are of registered voters, unless otherwise noted.

An asterisk () is used for percentages of less than one-half percent.*

A dash (-) represents a value of zero.

Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.

1. Do you approve or disapprove of the job Donald Trump is doing as president? [IF APPROVE / DISAPPROVE: Is that strongly (approve/disapprove), or only somewhat?]

**** President Trump Job Ratings Summary Among Registered Voters ****

	Approve	Disapprove	(Don't know)

Fox News Poll -- Margin of Error for Subgroups

The Fox News Poll is conducted under the joint direction of Beacon Research (D) and Shaw & Company Research (R). It was conducted by telephone (landline and cellphone) with live interviewers April 4-7, 2020 among a random national sample of 1,107 registered voters.

Results based on the full sample have a margin of sampling error of plus or minus three percentage points. Results among the attached subgroups have larger sampling errors:

All Registered Voters	+/- 3%
Men	+/- 4%
Women	+/- 4%
White	+/- 3.5%
Black	+/- 9%
Hispanic	+/- 8.5%
Nonwhite	+/- 6%
White Men	+/- 4.5%
