FOX NEWS POLL

Anderson Robbins Research (D) / Shaw & Company Research (R)   Interviews Conducted:
N = 1,044 registered voters (641 landline, 403 cell phone)   February 8-10, 2015

Questions 1-6, 8-24 and 47-49 are for release after 6PM ET Wednesday, February 11, 2015.
Questions 7 and 25-46 are for release after 6PM ET Thursday, February 12, 2015.

Methodology

The Fox News Poll is conducted under the joint direction of Anderson Robbins Research (D) and Shaw & Company Research (R). The poll was conducted by telephone with live interviewers February 8-10, 2015 among a random national sample of 1,044 registered voters (RV). Results based on the full sample have a margin of sampling error of plus or minus three percentage points.

Landline and cell phone telephone numbers were randomly selected for inclusion in the survey using a probability proportionate to size method, which means that phone numbers for each state are proportional to the number of voters in each state.

Results are of registered voters, unless otherwise noted.

Results from Fox News polls before February 2011 were conducted by Opinion Dynamics Corp.
