

# SURVIVAL ARMOR<sup>®</sup>

COME HOME TO WHAT'S IMPORTANT

# OUR MISSION

## Protecting Those Who Protect Us

By delivering high quality, superior performing, comfortable body armor.  
Giving the Law Enforcement Community the proper tools to serve and protect.

Established and located in Fort Myers, FL, Survival Armor® has combined their resources and partnerships with the industry's top ballistic fiber manufacturers and weavers to produce first-rate ballistic protection.

# LAB TESTED

The research and development laboratory at Survival Armor® is a state of the art facility. The lab is modeled in accordance with the specifications of a NIJ certified test laboratory. Our laboratory can accommodate all sizes of hand gun ammunition for testing.

The NIJ Roma Plastilina #1 is heated to precise temperatures to produce accurate results in our research and development. Each R&D shot can be witnessed through a large window as our pneumatic system fires the test round down range. Survival Armor utilizes Oehler chronographs to precisely measure the velocity of the test rounds during this process. The Survival Armor Research and Development lab enables us to create cutting edge ballistic models to protect our law enforcement and military communities.

Our in-house testing facility allows Survival Armor to quickly respond to law enforcement department concerns on new street threat ammunitions they come across for peace of mind.

## SPECIAL THREAT TESTING

### **SURVIVAL ARMOR® DEMANDS MORE! MORE PROTECTION, MORE PERFORMANCE.**

The NIJ 0101.06 standard is the minimum performance test for body armor offered to law enforcement and other first responders. Before Survival Armor sends a vest off for certification it must pass our performance test against special threats. Special threat bullets are more difficult to defeat than the standard NIJ bullets and are threats commonly found on the street.

Peacekeeper 3	43 ± 0.60	31.7 ± 0.44	65 ± 0.80	47.9 ± 0.59

## VISIBALLISTICS™ GIVING YOU A CLEAR CHOICE.

With our Patented VisiBallistics™ technology, Survival Armor® now gives the decision makers and users of personal body armor peace of mind. We put the ability to inspect the vest in your hands where it belongs. Officers can clearly see what they are buying and how armor stands up to daily wear without removing the vest from service.

### LDSS STRAPS (Load Distributing Strapping System)

Through extensive research and field trials, Survival Armor® has created a strapping system like no other! Its patented ergonomically shaped shoulder straps and reversible load distributing shaped side straps give the officer the ultimate choice in comfort.

The unique shape of our reversible load distributing strapping system gives the officer added comfort while holding the vest in its correct position. This also provides the choice of either 2" or 4" attachments to the front of the vest.

The reversible load distributing strapping system, when pulled snug, elongates the REVOLUTIONARY shaped strap to distribute the weight of the vest over the lumbar area.

## **VERTEX<sup>6</sup> CARRIER**

The Vertex<sup>6</sup> has been redesigned with increased durability and adjustability. Reinforced with Mini-Diamond Rip Stop wear strips along the edges to enhance durability in common friction areas. Spantron material on the body side allows for climate control, odor resistance and anti-microbial moisture management. Full top width loop strip across shoulders allows for infinite placement of shoulder straps. Complete with dual 5" x 8" and 7" x 9" stealth plate pockets

### **OPTIONS:**

- LDSS patented load distributing strapping system
- Tails, hard or soft plate inserts
- Back plate pocket

Available in gray, white, navy, black, tan, brown and olive colors

## **MED KITS**

The Survival Armor® Integrated Med Kit is designed to give officers the products to address 93% of the causes of preventable combat death (injuries such as gunshot wounds and amputations). This incorporates emergency treatments into the armor system that can be utilized with minimal training by officers for themselves and others.

### **KIT ONE**

- (1) SWAT-T Tourniquet
- (1) Non-woven Phokus™ Gauze
- (2) Xeroform™ Petrolatum Gauze – 4" x 4"
- (1) Pair of Nitrile Gloves
- (1) 36" Peel-away DuctTape

### **KIT TWO**

- (1) SWAT-T Tourniquet
- (1) QuickClot® Combat Gauze LE™
- (2) Xeroform™ Petrolatum Gauze – 4" x 4"
- (1) Pair of Nitrile Gloves
- (1) 36" Peel-away DuctTape

## **INTEGRATED MED KIT CARRIER**

The Integrated Med Kit Carrier incorporates a built in pocket made for Survival Armor's Med Kit. This allows for no added bulk but enables you to have lifesaving tools within arm's reach.

## **INTEGRATED MED KIT POCKET**

The Integrated Med Kit Pocket makes it possible to fasten your Med Kit directly to your existing concealable carrier.

### **CTC CARRIER**

Designed to be worn in either overt or covert situations.

#### **FEATURES:**

- Constructed of Mil-Spec Cordura
- Internal 10" x 12" plate pocket to accommodate level III or IV rifle plates
- Heavy duty shoulder and waist straps
- Reinforced stitching
- Available in MOLLE

### **UNDERCOVER CARRIER**

- Most concealable carrier
- Smooth undergarment look
- Allows for overlapping coverage
- 2 points waist adjustment for secure fit
- Available in black & white only
- Plate pocket

### **SHOCKSHIELD CARRIER**

The ShockShield Carrier upgrades the Vertex<sup>6</sup> carrier to ShockShield, an ElectroShock weapons protection feature that protects the officer from discharged electricity. The ShockShield upgrade uses a highly conductive, lightweight material to disperse the electric charge.

### **TACTICAL T-SHIRT**

- Heat and moisture management features
- Black and white available
- Crew or v-neck

### **STP-SOFT TRAUMA PAC**

- Aramid trauma pac
- Standard with concealable vest
- 5" x 8"
- 7" x 9"

### **S7 HIGH QUALITY STEEL TRAUMA INSERT**

- 5" x 8"
- 7" x 9"

### **L7 IIIA STAND ALONE SPECIAL THREATS INSERT**

- NIJ-STD-0108.01
- Semi-rigid
- Aramid
- 5" x 8"
- 7" x 9"
- 10" x 12"

### **CARRY BAG**

- Zippered closure
- Handles

# RAID CAR

**RAID MOLLE**

## **RAID SEWN-ON-POCKETS**

L-R (as wearing): Radio, Flashlight, Utility and Handcuff

**RANGE MASTER**

### **FEATURES:**

- Custom sized to an individual officer's concealable Survival Armor® vest panels
- Available with MOLLE or Sewn-on-Pockets
- 10" x 12", 8" x 10" and 7" x 9" Internal plate pockets
- Ergonomic shoulder design
- Front and shoulder mic tabs
- Front and back loop for ID Panels
- Badge tab and name loop standard on front of carrier
- Wire management tunnels for radio microphone and ear pieces
- Concealed pocket for cell phone and field interview cards
- Concealed front AR-15 magazine pouch (holds 2)
- Hidden front pocket with zipper closure and loop lining to carry extra gear or back-up pistol

**FRONT OPENING  
RAID MOLLE**

**FRONT OPENING RAID  
SEWN-ON-POCKETS**

L-R (as wearing): Radio, Flashlight,  
Utility and Handcuff

**HI-VIZ RAID**

Standard Raid features with Hi-Viz  
Cordura on upper portion front  
and back.

**OPTIONS:**

- Reflective stripe front and back
- Reflective ID flaps front and back

**EMS RAID**

Standard Raid features  
with 3 Sewn-on-Pockets.  
L-R (as wearing): Large Utility,  
Flashlight and Radio

**RAID TAC MOLLE**

**RAID TAC  
SEWN-ON-POCKET**

Featuring front  
closure system

L-R (as wearing): Radio,  
Flashlight, Utility and Handcuff

**RAID TAC**

- Same features as the RAID  
with the exception of the  
hidden zipper pocket
- Full size bottom loading  
plate pocket
- External adjustable  
cummerbund with MOLLE  
and traditional front hook  
and loop closure

### **CLASS A DUSC**

- Custom sized to Survival Armor® panels
- Internal adjustable cummerbund
- 4 points of adjustability (shoulders and sides)
- Badge and name tabs with eyelets
- Shoulder mic. tabs
- Wire management tunnels
- Dual shirt pockets over concealed cell phone or note pad pocket
- 2 additional hidden pockets above handcuff pockets
- Handcuff pockets with adjustable snap closure
- False placket
- Pleated front and back
- 10" x 12", 8" x 10" and 7" x 9" front and rear plate pockets

### **CS-DRESS VEST**

- Custom sized to Survival Armor® panels
- Badge tab with eyelets
- Dual mic tabs
- Dual double wall pockets with side access hidden pockets
- Pen / accessory pocket
- False placket
- Pleated front and back
- Elastic side straps
- Unique tunnel suspension system

### **DHS CARRIER**

- Custom size to panel configuration
- Adjustable shoulders
- External entry front and rear 3 size plate pocket system 6" x 8", 8" x 10" and 10" x 12"
- Split front loop for ID placard and badge placement
- Rear ID flap

### **FOT-OC ASSAULT**

- Custom sized to fit panel configuration
- Either MOLLE or standard Sewn-on-Pockets
- 7" x 9" Front plate pocket
- 10" x 12" Rear plate pocket
- Name badge loop
- Front and back ID loop
- Badge eyelets and loop
- Adjustable shoulders
- Padded mesh armholes
- Two sewn in chest pockets

**FOT-OC ASSAULT MOLLE**

**FOT-OC ASSAULT SEWN-ON-POCKETS**

L-R (as wearing): Handcuff, Radio, Flashlight, Small Utility, Large Utility

## VANTAGE<sup>6</sup> CARRIER

Survival Armor's top of the line concealable carrier is designed to fit the female officer. State-of-the-art materials such as Spantron allows this carrier to contour while providing a custom fit for the female officer.

### FEATURES:

- Super mini-rip stop / Spantron outer fabric
- Climate control odor resistant & anti-microbial moisture management system
- 4 or 6 removable straps

### OPTIONS:

- Tails, hard or soft plate inserts
- Back plate pocket

Available in gray, white, navy, black, tan, brown and olive colors

## INTEGRATED MED KIT CARRIER

The Integrated Med Kit Carrier incorporates a built in pocket made for Survival Armor's Med Kit. This allows for no added bulk but enables you to have lifesaving tools within arm's reach.

## INTEGRATED MED KIT POCKET

The Integrated Med Kit Pocket makes it possible to fasten your Med Kit directly to your existing concealable carrier.

## FOT-OC ASSAULT SEWN-ON-POCKETS

L-R (as wearing): Handcuff, Radio, Flashlight, Small Utility, Large Utility

## FOT-OC ASSAULT MOLLE

## FOT-OC ASSAULT

- Either MOLLE or standard Sewn-on-Pockets
- 7" x 9" Front plate pocket
- 10" x 12" Rear plate pocket
- Name badge loop
- Front and back ID loop
- Badge eyelets and loop
- Adjustable shoulders
- Padded mesh armholes
- Two sewn in chest pockets

## F7

The F7 Female plate contours the female body.

**RAID MOLLE**

**RAID SEWN-ON-POCKETS**

L-R (as wearing): Handcuff, Radio, Flashlight, Small Utility, Large Utility

**FRONT OPENING  
RAID MOLLE**

**FRONT OPENING RAID  
SEWN-ON-POCKETS**

L-R (as wearing): Handcuff, Radio, Flashlight, Small Utility, Large Utility

**FEATURES:**

- Custom sized to an individual officer's concealable Survival Armor® vest panels
- Available with MOLLE or Sewn-on-Pockets
- 10" x 12", 8" x 10" and 7" x 9" Internal plate pockets
- Ergonomic shoulder design
- Front and shoulder mic tabs
- Front and back loop for ID Panels
- Badge and name tape loop on front of vest
- Wire management tunnels for radio microphone and ear pieces
- Concealed pocket for cell phone and field interview cards
- Concealed front AR-15 magazine pouch (holds 2)
- Hidden front pocket with zipper closure and loop lining to carry extra gear or back-up pistol

EMS Raid, Hi-Viz Raid and Range Master are also available

### **CS-DRESS VEST**

- Custom sized to Survival Armor® panels
- Badge tab with eyelets
- Dual mic tabs
- Dual double wall pockets with side access hidden pockets
- Pen / accessory pocket
- Pleated front and back
- Elastic side straps
- Unique tunnel suspension system

### **CLASS A DUSC**

- Custom sized to Survival Armor® panels
- Internal adjustable cummerbund
- 4 points of adjustability (shoulders and sides)
- Badge and name tabs with eyelets
- Shoulder mic. tabs
- Wire management tunnels
- Dual shirt pockets over concealed cell phone or note pad pocket
- 2 additional hidden pockets above handcuff pockets
- Handcuff pockets with adjustable snap closure.
- False placket
- Pleated front and back
- 10" x 12", 8" x 10" and 7" x 9" front and rear plate pockets

### **SAPC**

The SAPC is the first true female plate carrier. This carrier accommodates 8" x 10" plates which allows females in any active situation to be protected without giving up maneuverability.

#### **FEATURES:**

- MOLLE front
- Reinforced drag strap
- Padded adjustable shoulder straps
- Side buckle closure
- Front and rear ID flaps
- Flashlight holder on right and left side

### **FEMALE WARRIOR**

Survival Armor® is pleased to introduce the industry's FIRST true custom fit female in tactical armor! Keeping in mind the female shape and contours, this tactical vest allows the operator easier maneuverability and comfort while operating in a tactical operation. This is a True Female Tactical Vest, not a cut down male version!

#### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard

**Survival Armor® brought to market the industry's FIRST certified 0101.06 / 0115.00 structured 2/2 combo vest.**

*Specs listed on page 6.*

## **AEGIS**

Aegis is a scalable purpose driven vest with the following features.

### **FEATURES:**

- Adjustable padded shoulder system for on the move capability
- Shoulder system has removable sling strap trap.
- Webbing to accept hydration and communication wires.
- Reinforced tunnel to tether night vision, GPS or other mission critical gear.
- Front admin pouch
- Top loading height adjustable hard plate pocket (front and back)
- 4 strategically placed elastic hydration / communication accessory loops
- Full MOLLE front and rear panels
- Adjustable / removable internal elastic cummerbund
- Mesh body side lining
- Vertical panel opening eliminates hot spots and unwanted wrinkling of vest
- External MOLLE cummerbund accepts soft and hard ballistic panels
- Rear Drag strap
- Integrated Admin Carry Strap System (IACSS)
- Collar shape that does not interfere with helmet
- Ergonomic throat
- Biceps are ergonomically shaped for maximum coverage and comfort.

## **AEGIS PC**

The AEGIS PC was developed at the request of tactical teams across the country. The AEGIS PC incorporates all of the features of the full size AEGIS vest with plate carrier dimensions of 14" x 13" torso front and back. The vest can be worn as a high end plate carrier or when outfitted with all of the accessories, collar, throat, groin, and biceps serve as an operators full tactical vest

## **X50**

The X50 comes with enhanced vest ergonomics (EVG) to accommodate today's operational athlete and war fighter.

### **FEATURES**

- Shoulder Attachment System (SAS) provides a second point of contact to secure critical gear
- Shoulder Sling Trap (SLT) provides a tunnel to keep sling off neck
- Rubberized Weapon Pocket (RWP) at shoulder for enhanced weapon stock retention
- Front and back top loading rifle plate pocket fits 7" x 9", 10" x 12" and 12" x 14" plates
- 11" x 4" Front loop / MOLLE ID / Unit Panel
- Wire Management System (WMS)
- Mission Adaptable Pouch System (MAPS)
- Drag Strap Identification System (SIS)

### **OPTIONS**

- Full ballistic package available in armored up collar, biceps, throat, shoulder, and cummerbund.
- Tourniquet attachment points that can be placed anywhere you have MOLLE straps.

## **X50 PC**

Survival Armor® has created the X50 PC to accommodate those officers who want all the options of a full tactical vest with a small front and back torso foot print of 12" x 15". The Vest can be worn as a high-end plate carrier encapsulating all of the features of the X50 vest. The X50 PC vest also can be up fitted with all of the options that the X50 vest uses, giving the end-user the best of both worlds.

Ergonomic bicep caps contour to the users shoulder and arm providing increased range of motion and ballistic coverage when in a shooting stance.

Breathable mesh lining enhances airflow and comfort.

Patented X50 Shoulder Strap System are ergonomically shaped and constructed to reduce felt weight up to 50%.

## **REX 70**

A performance driven maximum coverage vest that utilizes our patented X50 shoulder strap system, the Rex 70 combines a full range of motion vest with maximum ballistic coverage that incorporates a quick release shoulder system.

### **FEATURES:**

- Quick release shoulders
- Two piece groin guard
- Lower back coverage
- Full over lapping throat coverage
- Ergonomic bicep caps
- Front and back top loading rifle plate pocket

### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard

## **SAAV**

- Dual external 8" x 10" and 10" x 12" plate pockets
- 6" x 6" side plate pockets
- Heavy duty drag strap
- Integrated magazine pouches
- Mil-Spec Cordura
- Adjustable three position shoulder mounted D-Rings
- Removable butt-stops
- Internal and external cummerbunds for coverage and comfort
- Body-side padded mesh
- Optional ID panels

### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard

## **COVERT OVERT**

- Mil-Spec Cordura
- 360° MOLLE
- Internal cummerbund
- External ballistic cummerbund
- Ballistic shoulder inserts
- Heavy duty drag strap
- Dual external 8" x 10" and 10" x 12" plate pockets
- Removable 6" x 6" side plate pockets
- Body side with padded mesh

### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard

## **WARRIOR**

- Full overlapping side coverage for complete protection
- Top loading front, back, and side plate pockets with height adjustment
- Adjustable shoulder straps to accommodate individual comfort
- Fully adjustable internal and external cummerbund system for secure fit
- Ambidextrous butt-stop
- Heavy duty drag strap with hook and loop handle hold down to prevent snagging
- Full 360° MOLLE for all your equipment needs
- Includes four equipment pockets

### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard with MOLLE

## **SPARTAN**

- Side opening access
- Enhanced coverage including lower back, kidney area & side torso
- Full-wrap cummerbund style closure provides additional side armor protection
- Integrated communication channels
- Side plate pockets
- New & improved closure system
- Multi-point adjustability
- 360° MOLLE mounting surfaces
- Reinforced drag handle

### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard

## **ASRV**

- Breakaway system
- Ambidextrous release handle
- MOLLE webbing
- Internal plate pockets
- Heavy duty drag strap
- Lightly padded mesh interior for comfort and airflow
- Shoulder and waist adjustability for custom fit
- Front and rear loop for ID
- Adjustable size accommodates Med to XL

## **PHANTOM**

- Full overlapping side coverage for complete protection
- Internal front and rear plate pockets
- Adjustable shoulders
- Fully adjustable internal and external cummerbund for secure fit
- Removable butt-stop

### **OPTIONS:**

- Throat protection
- Groin guard

## **TRIDENT BALLISTIC TACTICAL FLOTATION**

- Ergonomic design for shipboard operations
- Full overlapping side protection
- Four point closure for secure fit
- Integrated 10" x 12" front and rear plate pockets
- Two piece ballistic collar
- MOLLE system
- Heavy duty drag strap
- Pull down reflective patches
- Removable flotation collar
- 73.3 foot pounds of flotation with collar
- 37 foot pounds of flotation without collar

### **MATERIALS:**

- Outer carrier material: Water repellent, wear resistant polyamide/ polyester with anti-flammable finish
- Buoyancy material: cellular foam polyurethane
- Closures: speed buckles
- Lining: PU coated polyamide
- Polyethylene sealed in watertight pouches

### **OPTIONS:**

- Water activated LED locator light
- Attached whistle in concealed pocket
- Carry bag

## **SPIRIT**

- Full overlapping side coverage for complete protection
- Integrated 10" x 12" front and rear plate pockets
- Fully adjustable internal and external cummerbund for secure fit
- Padded shoulders with overlapping protection guarding against additional threats
- Non-metallic fastener system preventing secondary projectile threats
- Integrated ambidextrous gas mask D-Ring retainers
- Heavy duty drag strap with hook and loop handle hold down to prevent snagging

### **OPTIONS:**

- Removable collar
- Throat protection
- Biceps
- Groin guard

## SPEARS / BALCS BALLISTIC INSERTS

All panels are sonically welded in waterproof pad covers

**FRONT AND BACK TORSO PANELS**

**SHOULDER PANELS**

**GROIN GUARD PANEL**

**BICEPS PANEL**

**COLLAR PANEL**

**THROAT GUARD PANEL**
