

## University of California, Berkeley

### Historical (2014-2019) data on student sexual violence and sexual harassment (SVSH) complaints handled by the Office for the Prevention of Harassment and Discrimination.

Compiled by the Office for the Prevention of Harassment and the Office of Communications and Public Affairs

This page presents the datasets previously on [sexualassault.berkeley.edu](http://sexualassault.berkeley.edu). For the most updated and recent date, see the [SVSH Annual Report series](#).

**Important note: The first SVSH Annual Report was published in 2018. Data below from 2017-2018, 2018-2019, and 2019-2020 academic years are taken from the same datasets as the data in the 2018, 2019, and 2020 SVSH Annual Reports, but were categorized in different ways and reported over different time intervals. It is for this reason that the reported numbers below may not match the numbers reported in the annual reports. Both datasets are accurate.**

For definitions of Prohibited Conduct, see the [UC SVSH Policy](#); note that several different versions of the Policy were in effect during the time span covered in the tables below.
