

Erin is preparing for scholarship interviews throughout the winter and spring. She needs a business professional outfit that can be dressed down to business casual for interviews and banquets. She has set the budget at \$125 but would prefer to spend less if possible. The outfit needs to be comfortable, easy to care for, and preferably doesn't require dry cleaning. She has black and nude heels and flats that she prefers to use with the new outfit. Erin has a very outgoing and fun personality that she really wants to showcase in this ensemble as well.

Hayden has recently purchased a new piece of outdoor cooking equipment, a smoker grill combo. He is eager to have his many friends and family over for a weekend football game watch party. Hayden is expecting 20-30 people to come over and he wants to make sure he has 5 oz. of meat. He's excited for everyone to taste his new marinade that he thinks tastes phenomenal on pork or beef. He has made a new year's resolution to be a thrifty grocery shopper, so finding the best deals are important. He has budgeted \$55 specifically for meat, the guests will bring sides and desserts.
