Contest Rules

1. A maximum of 6 contestants which qualify from each state may be entered to compete. Two in the constructed division, 2 in the purchased division and 2 in the upcycle your style division.
2. Outfits/Garments can be entered into the constructed, purchased or upcycle your style category. All outfits/garments will be judged against each other within the category.

Constructed – Each piece in the ensemble must be created by the participant. An exception: a constructed full-length coat that may be worn over a ready-to-wear garment. Various construction methods, including hand sewing, sewing machine construction, knitting, and crocheting, are appropriate. Garments may be crafted from patterns or feature original designs.

Purchased – All pieces within the ensemble can be new, previously owned, or a blend of both, and they must retain their original condition. Participants **may** alter a garment to improve its fit. Outfit selection should demonstrate sound consumer skills by evaluating aspects such as fit, quality, and cost.

Upcycle Your Style - Upcycling is the process of taking discarded or unused materials and transforming them into new products of better quality or value. In the context of fashion, upcycling involves repurposing old clothing or textiles to create new and unique garments. This can include altering the items through sewing, embellishing, or combining them with other materials to give them a fresh look and extend their lifespan.
