

Texas 4-H Leadership Project

Project Description

Do you think you are you a leader? If you positively influence and help others for a shared goal, you are a leader! Leaders aren't just elected to an office or position. You can also be a member of committees, small groups and teams.

Youth can develop their individual leadership skills by learning more about themselves and how they work with others. In the 4-H leadership project, youth will learn leadership principles, help plan 4-H programs, and recruit new members.
