

Coordination & Oversight

The Texas 4-H State Water Ambassadors Program and 4-H2O Leadership Academy is led by Texas 4-H and Texas A&M AgriLife Extension, and supported in part by the Texas 4-H Youth Development Foundation. A team of industry, organization sponsors, and stakeholders provide guidance for programming and serve as mentors for Water Ambassadors.

Investor & Partnership Opportunities

The Texas 4-H Water Ambassadors program is funded through private sponsorships. Funds will be used solely for the mission and objectives of the Texas 4-H Youth Water Ambassadors Program.

Sponsorships are made to the Texas 4-H Youth Development Foundation—a 501(c)(3) non-profit organization. Donations to the Foundation are tax deductible to the fullest extent allowed by law.

Texas 4-H is a club for kids in 3rd—12th grade, with programs for K-2. From food science and robotics to fashion design and photography, there's a 4-H activity for everyone. Find a club near you to start making friends, learn new skills, and be a better you!

The Texas 4-H Water Ambassadors Program provides high school age youth an opportunity to gain advanced knowledge and develop leadership skills related to the science, technology, engineering, and management of water in Texas.

Program Structure

Through an application process, each spring up to 30 high school youth are selected each year to participate in a summer 4-H2O Leadership Academy and commit service hours annually in a variety of ways.

Texas 4-H2O Leadership Academy

The Leadership Academy is a multi-day tour of Texas exposing youth to a wide diversity of water resources, water uses, sensitive ecosystems, water quality concerns, as well as the applied research and technologies employed to conserve this valued resource.

Ambassadors gain insight into water law, policy, planning, and management as they interact with representatives from state water agencies, educators, policy-makers, and water resource managers. Water Ambassadors also build an appreciation for the complexity of managing Texas surface and groundwater resources, its importance to local, regional, and state economies, and the responsibility we all have to protect this valuable resource for future generations.

Knowledge without wisdom is like water in the sand. — Guinean Proverb

Leadership, Mentorship, & Community Service

Water Ambassadors commit a minimum **40 hours of service** over a 12-month period following the Academy. Service hours may include delivering water education at local 4-H clubs, schools, fairs, and community events.

Ambassadors also earn credit by assisting local water utilities, water conservation districts and Extension agents as they conduct water outreach activities and demonstration projects.

Additional service credit is awarded to Ambassadors who participate in periodic on-line continuing education opportunities and assignments administered by the 4-H2O Program Coordinator.

EXPERIENCE 💧 **EDUCATION** 💧 **KNOWLEDGE** 💧 **SKILL** 💧 **CREATIVITY**
SERVICE 💧 **LEADERSHIP** 💧 **MENTORSHIP** 💧 **ADVOCACY**

By connecting with water professionals, Water Ambassadors gain exposure and recognition as **youth leaders**, learn about **internship opportunities**, and explore pathways to the diverse **career paths** in the water industry.

No two persons ever read the same book. — Edmund Wilson
