Call List

Use this randomly generated list as your call list when playing the game. There is no need to say the BINGO column name. Place some kind of mark (like an X, a checkmark, a dot, tally mark, etc) on each cell as you announce it, to keep track. You can also cut out each item, place them in a bag and pull words from the bag.

<p>1</p> <p>What is an organism that is able to produce its own food from non-living materials, and which serves as a food source for other organisms in a food chain?</p>  <p>Producers</p>	<p>2</p> <p>What is a large stream?</p>  <p>River</p>	<p>3</p> <p>What are plants indigenous to a given area that are well-suited for that environment?</p>  <p>Native Plants</p>
<p>4</p> <p>What is water that has very little salt content?</p>  <p>Freshwater</p>	<p>5</p> <p>What is water that flows beneath the Earth's surface in saturated soil or aquifers?</p>  <p>Groundwater</p>	<p>6</p> <p>What is a rapidly rotating storm system characterized by a low-pressure center, a closed low-level atmospheric circulation, strong winds, and a spiral arrangement of thunderstorms that produce heavy rain or squalls?</p>  <p>Hurricane</p>
<p>7</p> <p>What is a body of flowing water?</p>  <p>Stream</p>	<p>8</p> <p>What is the process of changing from a liquid state into vapor?</p>  <p>Evaporation</p>	<p>9</p> <p>What is an underground reservoir of water that rests in a layer of sand, gravel, or rock that holds the water in pores or crevices?</p>  <p>Aquifer</p>
<p>10</p> <p>What is something you should turn off when brushing your teeth or hand-washing dishes?</p>  <p>Faucet</p>	<p>11</p> <p>What is the contamination of air, water, or soil by substances that are harmful to living organisms?</p>  <p>Pollution</p>	<p>12</p> <p>What is all the land from which water drains into a specific body of water?</p>  <p>Watershed</p>
<p>13</p> <p>What crop needs 24 inches of water during its growing season?</p>  <p>Corn</p>	<p>14</p> <p>What is a process used by plants, algae, and many species of bacteria to convert energy captured from the sun into chemical energy that can be used to fuel the organism's activities?</p>  <p>Photosynthesis</p>	<p>15</p> <p>What is something that is found in nature that is useful to humans?</p>  <p>Natural Resource</p>
<p>16</p> <p>What is a very large expanse of sea?</p>  <p>Ocean</p>	<p>17</p> <p>What is the solid form of water, produced by freezing?</p>  <p>Ice</p>	<p>18</p> <p>What is the natural environment in which an organism normally lives, including the surroundings and other physical conditions needed to sustain it?</p>  <p>Habitat</p>
<p>19</p> <p>What is the application of water to the land or soil to assist in the growing of agricultural crops and the watering of lawns?</p>  <p>Irrigation</p>	<p>20</p> <p>What is a form of precipitation in which moisture condensed from the atmosphere falls visibly in liquid drops?</p>  <p>Rain</p>	<p>21</p> <p>What red fish inhabits inshore and offshore waters along the Atlantic Coast and throughout the Gulf of Mexico?</p>  <p>Red Drum</p>

22

What is a low-lying area where the soil is saturated with water at least seasonally and that supports plants adapted to saturated soils?

Wetland

23

What is a limbless cold-blooded vertebrate animal with gills and fins and living wholly in water?

Fish

24

What is the practice of farming, including cultivation of the soil for the growing of crops and the rearing of animals to provide food, wool, and other products?

Agriculture

25

What is the process of changing from a vapor into a liquid state?

Condensation

26

What land mammal consumes the most water per pound of body weight?

Cow

27

What is something in the bathroom that can be filled up with up to 70 gallons of water? Short showers are the best choice!

BathTub

28

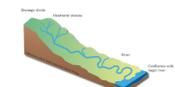

What is a large body of standing water?

Lake

29

What is the high ground where precipitation first collects and flows downhill in tiny trickles too small to create a permanent channel?

Headwaters

30

What is an extended period of below-normal rainfall?

Drought

31

What is a form of water such as rain, snow, or sleet that condenses from the atmosphere and falls to Earth's surface?

Precipitation

32

What is a partly enclosed body of water along the coast where one or more streams or rivers enter and mix freshwater with saltwater?

Estuary

33

What is a small volume of water where even though they're tiny, every bit matters?

WaterDrop

34

What is precipitation, snow melt, or other water that flows onto the land but is not absorbed into the soil?

Runoff

35

What American crop requires the most water?

Cotton

36

What is something that you should run in the kitchen only when it's full? This appliance uses less water than hand-washing dishes.

Dishwasher

37

What is a mobile, destructive vortex of violently rotating winds having the appearance of a funnel-shaped cloud and advancing beneath a large storm system?

Tornado

38

What is trash, such as paper, cans, and bottles, that is left in an open or public place?

Litter

39

What is a place where groundwater flows to the surface of the Earth?

Spring

40

What is a community of organisms together with their physical environment?

Ecosystem

41
