

TULSA - ARCHER

Located in the historic Brady district north of downtown, TierPoint's Tulsa - Archer facility is one of over 40 facilities across the US and part of a network with guaranteed exceptional performance and low latency connections. We are a trusted provider to thousands of customers across all industries. Our state-of-the-art facility, located in the heart of the nation's energy belt, can support whether you need a server rack, a full cabinet, or a suite of customized managed services. We have the IT professionals, security specifications, and resilient infrastructure designed to meet your business needs.

Our Commitment

Carrier Neutrality and Redundancy

By having multiple on-net carriers and supporting cross connects to other carriers, you get access to the Internet bandwidth of your choice. Multiple, diverse fiber feeds, and TierPoint - provided, redundant IP bandwidth available with 10 Gbps connectivity.

Security

With a company-wide emphasis on security and compliance, our team adheres to strict, well-documented security processes.

Responsiveness and Expertise

All of our data centers are supported by passionate IT professionals focused on client success, responsiveness to client requirements, and who have the technical expertise and desire to help you achieve their business goals.

Scalability

At TierPoint we scale with you. All our data centers are built to meet growing demands for Disaster Recovery, cloud services, and managed services.

Our Facility
