## ALEXANDRIA SWIM ACADEMY

Learn to swim with confidence. The Alexandria Swim Academy offers American Red Cross swim lessons for infants, youth, teenagers and adults. With lessons for those ages six months and older, you and your entire family can learn to master the skills needed to help you swim safely and enjoyably for life.

If it has been more than two months since your previous swimming lessons, we suggest you repeat the previous course completed. If you have any questions about which class to enroll in, please register for a Swim Assessment at alexandriava.gov/WebTrac or please contact the the Aquatics team at Aquatics@alexandriava.gov or 703.746.5553.

Please note that it is quite common for children to participate in several sessions of the same level before they successfully demonstrate all the skills. Swimming does require practice and repetition, so we encourage families and participants to come to the pool for practice during non-class times. Please see the Chinquapin lane schedule for lap swim and family swim availability at alexandriava.gov/Aquatics.

### Water Explorers 1 +ADULT

**Ages 6- 36 mos. with adult.** This class is an introduction for parents and children into the amazing world of water. You and your child will participate in activities in a fun and safe environment designed to encourage and develop comfort and basic skills that lay a foundation for learning to swim. Parents learn how to safely work with their child on skills, including: how to properly support and hold them while becoming comfortable in the water and discovering new skills, learning how to safely enter and exit water, moving in the water, blowing bubbles, and introducing back and front floats. Safety skills and drowning prevention information are an important part of this class.

## Open Space

Alexandria adopted the Open Space Master Plan in 2003. The plan seeks to protect, enhance and grow the City's open spaces through an established framework of 15 goals. Since its inception, City staff continues to work with the public to achieve these goals. Over 100

acres have been added to the City's public open space since 2003 through acquisition, dedication or public access and conservation easements. Significant achievements include:

- Acquisition of seventeen parcels, including key Waterfront and Four Mile Run properties, as well as two new pocket park sites
- Receipt of open space acreage through the development process that includes voluntary dedication of properties and public access/preservation easements on development sites
- Recordation of five private property voluntary conservation easements in partnership with the Northern Virginia Conservation Trust.

In addition, the City actively pursues outreach opportunities to increase public awareness of open space preservation. Recent and upcoming activities include conservation easement workshops, ongoing participation in civic association meetings, and regular updates in Department publications.

For more information about the City's open space efforts and activities, as well as a link to the Open Space Master Plan, visit [alexandriava.gov/18078#openspace](http://alexandriava.gov/18078#openspace)

- 3 Volunteers** – Take ownership of your favorite park, garden, or recreation center by donating your time for maintenance, beautification, or program support.
- 4 Partnerships** – Form an advocacy group with at least one other party to support capital or program improvement.
- 5 Adopt-a-Park** – Community groups collaborate to improve the appearance and condition of small parks and open spaces.
- 6 Adopt-a-Bench** – Honor a friend or loved one by purchasing a park bench and support future park bench maintenance.
- 7 Community Matching Fund** – By providing matching dollars, this fund fosters community partnerships and innovative ways to improve park and recreation facilities.
