MAKE A SPLASH! Learn to swim or enjoy a healthy aquatic workout while having fun.

ALEXANDRIA SWIM ACADEMY

Learn to swim with confidence. The Alexandria Swim Academy offers American Red Cross swim lessons for infants, youth, teenagers and adults. With lessons for those ages six months and older, you and your entire family can learn to master the skills needed to help you swim safely and enjoyably for life.

If it has been more than two months since your previous swimming lessons, we suggest you repeat the previous course completed. If you have any questions about which class to enroll in, or please contact the Aquatics team at Aquatics@alexandriava.gov or 703.746.5553.

Please note that it is quite common for children to participate in several sessions of the same level before they successfully demonstrate all the skills. Swimming does require practice and repetition, so we encourage families and participants to come to the pool for practice during non-class times. Please see the Chinquapin lane schedule for lap swim and family swim availability at alexandriava.gov/Aquatics.

Water Explorers +ADULT

Ages 6 mos.-3 yrs. For each level of Parent and Child Aquatics, our instructors follow a plan to introduce new swimming and water safety skills that are developmentally appropriate and engaging for infants and young children. It is important to understand that Parent and Child Aquatics is not designed to teach children to become good swimmers or even to survive in the water on their own. Parent and Child Aquatics introduces you and your child to basic skills. As parents, you learn how to safely work with your child in the water, including how to appropriately support and hold your child in the water and how to prepare and encourage your child to participate fully and try the skills. In addition, you are introduced to several water safety topics. Your child receives an introduction to basic skills that lay a foundation for learning to swim.

Open Space

Alexandria adopted the Open Space Master Plan in 2003. The plan seeks to protect, enhance and grow the City's open spaces through an established framework of 15 goals. Since its inception, City staff continues to work with the public to achieve these goals. Over 100

acres have been added to the City's public open space since 2003 through acquisition, dedication or public access and conservation easements. Significant achievements include:

- Acquisition of seventeen parcels, including key Waterfront and Four Mile Run properties, as well as two new pocket park sites
- Receipt of open space acreage through the development process that includes voluntary dedication of properties and public access/preservation easements on development sites
- Recordation of five private property voluntary conservation easements in partnership with the Northern Virginia Conservation Trust.

In addition, the City actively pursues outreach opportunities to increase public awareness of open space preservation. Recent and upcoming activities include conservation easement workshops, ongoing participation in civic association meetings, and regular updates in Department publications.

For more information about the City's open space efforts and activities, as well as a link to the Open Space Master Plan, visit alexandriava.gov/18078#openspace

WHAT IS THE COMMUNITY MATCHING FUND?

Established by the Alexandria Department of Recreation, Parks and Cultural Activities (RPCA), the Fund empowers RPCA to partner with community members on projects that improve a City-owned park, trail, playground, athletic field, or other recreational area or facility with 1:1 matching funds in an amount up to \$50,000.

HOW DO I GET STARTED?

- Visit www.alexandriava.gov/92701 to start the application process.
- RPCA staff are happy to work with your group to help you submit a complete proposal.
- We welcome new ideas, but we also can provide a list of potential projects already suggested by your neighbors.

**We are accepting applications starting
April 6 through June 25, 2023.**
