

# Alexandria Sheriff's Office Bulletin

## JULY 2023

### Apply Now for Next Sheriff's Community Academy

The Sheriff's Office is now accepting applications for the [Fall Session of the Sheriff's Community Academy](#)! This is an ideal opportunity for Alexandrians interested in learning more about the Sheriff's Office and our role in the criminal justice system. Participants will tour the jail and courthouse, see demonstrations, take part in hands-on activities, and talk with staff. This session will be held on Saturday mornings over four weeks beginning September 9. Space is limited and applications must be received by August 25.

### Deputy Chuenjaichon Named Employee of the Quarter

Congratulations to Deputy Prakaykeaw Chuenjaichon on being selected Employee of the Quarter! Deputy Chuenjaichon's commander, Lieutenant Tonya Moss, nominated her for this recognition because of her outstanding work ethic, attentiveness to security, eagerness to learn and dedication to assisting with recruitment efforts. Although she has just completed her first year with ASO, Deputy Chuenjaichon is already exceeding expectations and making a difference!

## Free Child Identification Kits Available at Courthouse and Public Safety Center

Child identification records can provide critical details in emergency situations, so the Sheriff's Office is making [ID kits available to Alexandria families](#) at no cost. Parents complete the kit and keep it with their family, only providing it to law enforcement in case of an emergency. The kits are available at the Alexandria Courthouse and the Public Safety Center and from deputies at community events and those serving court papers.

## Update on Summer Outreach Efforts

Over the past month, ASO has been [active in community events and outreach](#), with Sheriff Sean Casey attending the Alexandria Community Academy summer social and spending time reading to kids at the Ruby Tucker Family Center (right). Deputies have been teaming up with APD officers for Coffee with a Cop with recent events at Cameron Cafe and St. Elmo's, and Master Deputy Antonio Villatoro is continuing to help the Capital Youth Empowerment Program with their Summer Soccer initiative for teens. We are all looking forward to National Night Out on August 1 and visiting as many neighborhoods as possible!

## CALEA Portal Open for Public Comments

As part of our accreditation process with the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA), the Sheriff's Office is [sharing a comment portal](#) so CALEA can directly receive comments from the public. ASO will be undergoing a web-based assessment from August 25 to September 1, and as we strive to maintain the standards established by CALEA, we are providing this opportunity for the public to offer feedback about our law enforcement services.

## ASO Offers Away from Home Checks

Going out of town? The Sheriff's Office can help keep an eye on your home while you're away. As a public service to our residents, [ASO offers checks by deputies](#) at homes of people who are out of town. The check includes a visual survey of the home and any outbuildings, and depending on accessibility, it will likely include a physical check of doors and some windows. The entrance to the home must be directly accessible from the street level. Requests can be [submitted online](#) and must be made at least a week in advance.
