Dear Medicare Recipient,

Medicare Open Enrollment, **October 15- December 7, 2023**, is the period when you can make changes to your Medicare prescription drug plan also known as **Medicare Part D**.

Everyone with a Medicare Part D prescription drug plan and Medicare Advantage plan with drug coverage should review their coverage to check for the following:

- Changes in the monthly cost you pay for your plan (the premium).
- The cost of each medication you take, as costs may increase or decrease.
- Ensure all your prescription drugs are covered by your current Part D prescription drug plan.

You should have received your Annual Notice of Change from your insurance company. This tells you about changes in coverage, costs, or service area that will be effective on January 1, 2024.

The Alexandria City VICAP office can help you to review your Medicare Part D prescription plan and ensure it meets your needs. If you would like help, please complete the enclosed information form and return it to our offices and a counselor will work with you to determine the best plan for you.

You can also visit our website at www.alexandriava.gov/aging this submit this form electronically and for a step-by-step instructions on how to check your benefits or visit Medicare.gov website to compare plans using the Medicare Plan Finder.
