INTRODUCTORY SECTION

**ALEXANDRIA CITY GOVERNMENT
ORGANIZATIONAL CHART
CITY OF ALEXANDRIA, VIRGINIA
ORGANIZATIONAL CHART**

December 15, 2023

To the Honorable Mayor and Members of City Council,
the Residents and Businesses of the City of Alexandria:

We are pleased to present the City of Alexandria's (the City) **Annual Comprehensive Financial Report** (the ACFR) for the fiscal year ended June 30, 2023. This report is designed to present fairly the financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City in all material respects and to demonstrate compliance with applicable finance-related legal and contractual provisions. The report adheres to the principle of full disclosure so that the reader may gain the maximum understanding of the City's financial affairs.

The Finance Department has prepared this report in accordance with the following standards:

- Generally Accepted Accounting Principles (GAAP), which are uniform minimum standards and guidelines for financial accounting and reporting in the United States.
- The Governmental Accounting Standards Board (GASB) Codification, an integration of guidance from governmental accounting and financial reporting statements, interpretations, technical bulletins, implementation guides, and concepts; National Council on Governmental Accounting (NCGA) statements and interpretations; and the American Institute of Certified Public Accountants (AICPA) industry audit guide and other literature.
- Uniform financial reporting standards for counties, cities and towns issued by the Commonwealth of Virginia's Auditor of Public Accounts (APA).

The responsibility for the accuracy, completeness, and fairness of the data presented in the report, including all disclosures, rests with the City.

THE CITY

Alexandria, Virginia, which is located on the west bank of the Potomac River across from Washington, D.C., is an integral part of the Washington metropolitan area, serving as a financial, commercial, and transportation center. Alexandria is also one of America's most historic cities. George Washington and George Mason served as two of the City's first Trustees (the forerunner of the Alexandria City Council).

Alexandria is an independent full-service city with sole local government taxing power within its boundaries. The City is autonomous from any county, town, or other political subdivision of the Commonwealth of Virginia. Alexandria was founded in 1749 and derives its governing authority from a charter granted by the General Assembly of the Commonwealth of Virginia.

The City adopted the Council-Manager form of government in 1922. The governing body of the City is the City Council, which formulates policies for the administration of the City. The City Council is composed of a Mayor and six Council Members elected at-large for three-year terms. The Mayor is elected on a separate ballot. City Council

appoints the City Manager who serves as the City's chief executive officer and is responsible for implementing the policies established by City Council. The City Charter was first granted in 1852.

The City provides a comprehensive range of municipal services including general government, judicial administration, public safety, public works, library, health and welfare, transit, culture and recreation, community development, and education.

FINANCIAL REPORTING ENTITY

This report includes the financial activities of the City of Alexandria government (the primary government), as well as the financial activities of the City's component units. Component units are legally separate entities for which the primary government is financially accountable. Discretely presented component units are reported in a separate column in the financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government. The Alexandria City Public Schools and the Library System are reported as discretely presented component units. This report does not include the financial activities of the City's Deferred Compensation Plan, Alexandria Redevelopment and Housing Authority, Alexandria Economic Development Partnership, Inc., Alexandria Renew Enterprises (formerly the Alexandria Sanitation Authority), Visit Alexandria, or Sheltered Homes of Alexandria because the City Council is not financially accountable for these entities, and therefore, these entities are not component units.

LOCAL ECONOMY

Alexandria's economy remains healthy as it emerges from the COVID-19 pandemic with strong fundamentals including population and wage growth, and low unemployment. The City's population continues to grow and, per the 2020 Census, totals 159,467, which reflects a growth rate of 13.9 percent over the last decade. The estimated population in 2023 is 165,700, which reflects a 1.4 percent increase.

Total employment in the City in the first quarter of 2023 was 81,126. This compares to 83,844 in the same quarter of 2022. The decrease in jobs of 2,718 is due to a decline in the federal government presence in the City. The decrease in federal employees is offset by an increase in private employment. Additionally, the number of business establishments in the City grew from 5,975 in the first quarter of 2022 to 6,198 in the first quarter of 2023. Private employers accounted for 77.9 percent of all jobs as compared to 74.3 percent in 2022. Government entities (federal, state and local) accounted for 17,899 jobs in 2022, which is 25.7 percent of the total. Government is led by prominent federal agencies, including the U.S. Department of Defense, the U.S. Department of Agriculture, and the U.S. General Services Administration.

Median family income in Alexandria in 2021 increased very slightly from \$137,135 to \$137,335, an increase of 0.15 percent compared to 2020. These are the most recent years that data is available from the U.S. Bureau of Economic Analysis. Per capita income has also grown, from \$93,108 to \$100,017. This increase of \$6,909 is a growth of 7.4 percent compared to 2020. Both median family income and per capita income are significantly higher compared to similar jurisdictions in Virginia and the United States.

The real estate tax base, which generates over half of the City's General Fund revenues, continued to show steady, moderate growth. Total locally assessed real property increased in value by 3.8 percent compared to 2022. Residential real property increased by 5.0 percent, and commercial assessments increased by 2.0. The office vacancy rate of 14.6 percent in the second quarter of 2023 which is equal to 2nd quarter 2022 (14.6 percent) and compares favorably to the office vacancy rate in Northern Virginia of 19.6 percent and the Washington DC Metro area rate of 19.8 percent. The unemployment rate in the City as of June 2022 was 2.2 percent, which compares favorably to Virginia (2.7 percent) and the United States (3.6 percent).

MAJOR INITIATIVES

Strong fiscal management remains a hallmark of Alexandria's City government and enables the City to respond to the needs of the community, provide fair and competitive pay for all employees and address climate issues related to spot flooding and stormwater management. Alexandria is among a select group of cities in the United States to hold the top AAA/Aaa bond ratings from two of Wall Street's major credit rating agencies (Standard & Poor's and Moody's Investors Service).

FINANCIAL CONDITION

The City government continues to be in very sound financial condition as demonstrated by the financial statements and schedules included in this report. The City has taken a thoughtful and deliberate approach to the use of one-time funds provided by the federal government through the American Rescue Plan Act. Within the context of a fiscally prudent budget and careful management, the City continued to provide a wide range of services, achieved many of its program goals, and enhanced the quality of life in the City. The City's cash and investment position is strong.

Keeping existing programs funded, the salaries of public employees competitive in a challenging labor market, and addressing the expanding program needs of the community have required careful budgeting. The City Council has adopted six priorities to address the needs of the community and allocate limited resources in a strategic manner. These six priorities will be viewed through the lenses of equity, environmental justice, civility, transparency, respect, and service. The six priorities are:

1. *Recover from the COVID-19 Pandemic* – Identify the policies, practices and resources needed to ensure a resilient and equitable recovery for all residents and businesses.
2. *Provide Diverse Housing Opportunities* – Reconsider our zoning model and explore other tools to better facilitate an Alexandria housing economy that provides the necessary range of price points, styles of housing and associated services to meet the needs of a thriving City.
3. *Define Our Community Engagement Approach* – Use both new and traditional outreach methods to ensure that engagement is efficient, effective and accessible to all stake holders, creating a clear connection between community input and its effects on policy decision, infrastructure needs and financial considerations.
4. *Support Youth and Families* – Explore ways to expand academic social and emotional services and physical support to all youth during out-of-school hours.
5. *Foster Economic Development* – Seek out and consider budgetary land use, regulatory and other economic development tools to foster sustainable and equitable development, diversify revenue and allow greater investment in our infrastructure.
6. *Develop a Compensation Philosophy* – Establish a new compensation philosophy to ensure we are the preferred workplace of choice and that employees feel valued.

The City Council Approved FY 2024 – FY 2033 Capital Improvement Program (CIP) totals \$2.41 billion, which represents a \$319.3 million, or 11.7%, decrease from the Approved FY 2023 – FY 2032 CIP. The decrease in the size of the 10-year plan is largely attributable to significant investments that were appropriated as part of the FY 2023 capital budget, which are no longer included in the Approved 10-year capital planning window. The FY 2023 capital budget included projects such as the acquisition and renovation of 4850 Mark Center Drive (the Redella S. “Del’ Pepper Community Resource Center, funding associated with the Schools’ High School Project, and funding associated with the City’s contribution to the redevelopment efforts at the Landmark Mall site.

The Approved FY 2024 – FY 2033 Capital Improvement Program totals \$2.41 billion. Non-City funds including Federal and State funds and private capital contributions contribute \$399.9 million of this total from FY 2024 – FY 2033. The City portion from FY 2024 – FY 2033 is \$2.0 billion. The total approved single year CIP for FY 2024 is \$360.8 million, a decrease of \$29.4 million compared to FY 2023 in last year's approved CIP, which is largely attributed to targeted reductions to projects with ongoing funding streams that have adequate balances available to meet FY 2024 project needs and capacity.

Over the last five years, the City has maintained its fiscal strength as the result of the City Council's adoption of, and subsequent adherence to, the series of financial policies listed on page 12. These policies are aimed at (1) limiting debt and annual debt service requirements and (2) maintaining an appropriate General Fund balance to retain the City's AAA/Aaa bond ratings and to keep the City on firm financial footing. When City Council initially adopted the financial policies in 1987, the City's general obligation debt as a percentage of the real estate tax base was 1.4 percent. Because of the City's use of "pay-as-you-go" financing for many capital projects, the City has maintained superior debt ratios since their implementation in 1987. At the end of FY 2023, the City's debt to tax base ratio was 1.96 percent (including self-supported sewer project related debt). The City's financial policies encourage the use of surplus General Fund revenues and resources derived from spending less than the full budget to fund capital projects.

Additional information on the City's financial status can be found in the Management's Discussion and Analysis section of this report.

GENERAL GOVERNMENT FUNCTIONS

The following table displays the increases and decreases in assessed values for the last 10 years as appreciation and depreciation of existing properties and new properties. Overall real property assessed value for locally assessed property has increased by over \$12.3 billion since 2014, which is a 34.9 percent increase. This includes a 3.8 percent increase from calendar year 2022 to 2023. Real property taxes, which are based on assessments as of January 1 of each year, are due in two payments. The first half of the real estate tax is due on June 15 and the second half of the tax is due on November 15.

Year	Residential Assessed Value	Residential % Increase (Decrease)	Commercial¹ Assessed Value	Commercial % Increase (Decrease)	Total² Assessed Value	Total % Increase (Decrease)
2014	20,314,910	4.8%	15,020,272	1.9%	35,335,182	3.6%
2015	21,195,995	4.3%	15,376,112	2.4%	36,572,107	3.5%
2016	21,713,189	2.4%	15,886,156	3.3%	37,599,345	2.8%
2017	22,092,997	1.7%	16,284,956	2.5%	38,377,953	2.1%
2018	22,844,036	3.4%	16,437,017	0.9%	39,281,053	2.4%
2019	23,310,833	2.0%	17,025,285	3.6%	40,336,118	2.7%
2020	24,550,610	5.3%	17,501,144	2.8%	42,051,754	4.3%
2021	26,029,769	6.0%	17,158,601	-2.0%	43,188,369	2.7%
2022	27,828,841	6.9%	18,074,465	5.3%	45,903,305	6.3%
2023	29,224,848	5.0%	18,430,001	3.8%	47,654,849	3.8%

1. Includes apartment buildings.

2. Total assessed value includes only locally assessed property.

Each of the bars in the chart below is comprised of a single year snapshot and is not cumulative. The fund balance financial policies for the General Fund are one component of the City’s overall financial strength and stability. At the end of FY 2023, the City’s General Fund balance was \$223.7 million and included a non-spendable fund balance of \$20.0 million, commitments and assignments totaling \$72.9 million, including \$20 million assigned for future capital funding, leaving a remaining unassigned fund balance of \$130.7 million. At the end of FY 2023 the City’s ending General Fund balance condition was consistent with the City’s established financial policies.

CAPITAL FINANCING AND DEBT MANAGEMENT

In conjunction with the annual operating budget preparation, the City Manager annually prepares a ten-year Capital Improvement Plan to provide for the financing of improvements to the City's public facilities. The first year of the program constitutes the capital budget for the current fiscal year; the remaining nine years serve as a planning guide. The City accounts for capital improvement expenditures in the Capital Projects Fund and finances the projects from the General Fund (including appropriations of Committed Fund Balance), general obligation debt, the sale of surplus property, and intergovernmental grant revenues. As noted above, the City's Capital Improvement Plan for FY 2024 through FY 2033 totals \$2.4 billion, including \$2.0 billion of City-funded public improvements to the City's schools, public buildings, parks, and transportation systems. In addition, state and federal grants and other non-City sources will provide \$400.0 million in additional planned capital funding for the FY 2024—FY 2033 timeframe.

To continue a strategy of improving and then maintaining the City's creditworthiness, the City Council established the following key target and ceiling ratios as of June 30 of each year:

	Limit	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	Target
Debt as a Percentage of Assessed Value	2.5% (ceiling)	1.50%	1.46%	1.37%	1.43%	1.49%	1.44%	1.75%	1.61%	1.83%	1.96%	N/A
Debt Service as a Percentage of General Governmental Expenditures ¹	12.00%	6.99%	7.50%	7.84%	7.36%	7.19%	6.94%	6.68%	6.81%	6.22%	5.95%	N/A
10-Year Debt Payout Ratio ²	50% (floor)	-	-	-	70.27%	69.02%	70.90%	74.60%	76.20%	58.6%	66.8%	65.00%
Spendable Fund Balance as a Percentage of General Fund Revenue:	(floor)	10.20%	11.70%	12.88%	15.96%	16.43%	18.48%	19.97%	22.62%	26.20%	24.15%	10% & above
Unrestricted Net Position as a Percentage of General Revenue	4% (floor)	20.20%	(5.97%)	(2.68%)	4.78%	8.97%	10.49%	14.37%	21.12%	39.02%	42.82%	5.50%

² The establishment of a 10-Year Debt Payout Ratio target of 50% formalizes the City’s current practice of structuring debt with level principal payments. The new debt ratio was adopted by City Council on May 4, 2017.

The adopted financial policies include the following:

- The City will increase its reliance on current revenue to finance its capital improvements.
- The City will consider a designation for ‘pay-as-you-go’ capital a priority when additional General Fund resources become available at the end of a fiscal year.
- The City will not use General Fund equity to finance current operations for periods of longer than two years.
- The City will annually prepare a 10-year Capital Improvement Plan.
- The City will not issue tax or revenue anticipation notes to fund governmental operations.
- The City will not issue bond anticipation notes for a term of longer than two years.

The City's General Obligation Bonds have the top available ratings which were reaffirmed in November 2022 as follows:

Moody's Investors Service
Aaa

Standard & Poor's
AAA

BUDGETARY ACCOUNTING AND INTERNAL CONTROLS

The City Charter requires the City Manager to submit a balanced budget to City Council no later than the first regular meeting in April of each year. The School Board prepares the schools’ budget and transmits it to the City Manager. The City Manager then submits his or her recommendation to City Council for consideration. If Council does not adopt a budget before June 27, the budget submitted by the City Manager for the upcoming fiscal year has full force and effect as if Council had adopted it. For FY 2023, the City Manager proposed the budget on February 15, 2022, and City Council adopted it on May 4, 2022.

As a management tool, budgetary control is maintained in the General Fund at the character level (i.e., personnel, non-personnel, capital outlays) and by the encumbrance of estimated purchase amounts before the release of purchase orders to vendors. Management can transfer appropriations at the department appropriation level without approval from City Council. The City follows a similar procedure with the Special Revenue Fund, but the level of control is at the grant or program level. In the Capital Projects Fund, the level of control is at the project level. With the Schools' budget, the level of control is at the total appropriation level.

City management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the City are protected from loss, theft, or misuse. Internal controls are intended to provide reasonable, but not absolute, assurance that these objectives are met. In addition to the examination of controls implemented by members of the Finance Department, the City's Internal Audit staff continually reviews and assesses the soundness and adequacy of the City's financial systems.

REPORT FORMAT

The City's Finance Department has prepared this Annual Comprehensive Financial Report to present all the information necessary to meet the needs of the many persons and groups that have an interest in the City's financial affairs. The objective of this report is to present financial information on a comparative basis with other governmental entities in Virginia and in accordance with established reporting standards. We believe the data is accurate in all material respects and is reported in a manner designed to present fairly the City's financial position and results of operations.

INDEPENDENT AUDIT

Section 5.18 of the City Charter requires an annual audit of the accounting and financial records of the City by independent certified public accountants. This section requires the auditors to examine the funds of the City in accordance with auditing standards generally accepted in the United States of America and the standards set forth in the Government Accountability Office's *Government Auditing Standards*. In addition, the auditors must conduct the compliance examinations required by the U.S. Office of Management and Budget's Uniform Guidance, and the *Specifications for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

The Alexandria City Council has selected the firm of CliftonLarsonAllen LLP to perform these audit services. Their completed audit reports are presented in the Financial Section of this report. The remaining reports will be presented in an additional Single Audit Section pending guidance from the U.S. Office of Management and Budget.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the City of Alexandria a Certificate of Achievement for Excellence in Financial Reporting for the City's Annual Comprehensive Financial Report (ACFR) for the forty-seventh year in 2021. The GFOA awards a Certificate to governmental units that exemplify excellence in financial reporting and conform to stringent reporting requirements promulgated by that Association and various authoritative bodies.

To earn a Certificate of Achievement, an ACFR must tell its financial story clearly, thoroughly, and understandably. The report must be efficiently organized, employ certain standardized terminology and formatting conventions, minimize ambiguities and potentials for misleading inference, enhance understanding of current generally accepted accounting theory, and demonstrate a constructive "spirit of full disclosure."

A Certificate is valid for a period of one year only. The City believes our current report continues to conform to the Certificate of Achievement Program requirements and standards. We are submitting it to GFOA to determine its eligibility for another certificate for FY 2023.

REPORTING REQUIREMENTS

As required by the U.S. Securities and Exchange Commission Rule 15c2-12, the City has agreed for the benefit of the owners of City general obligation bonds and joint enterprise waste-to-energy-revenue bonds, to provide each nationally recognized municipal securities information repository and to any appropriate state information depositor, if any is hereafter created, certain financial information not later than 270 days after the end of each of its fiscal years, commencing with the fiscal year ended June 30, 1996. The City is currently in compliance with the new arrangement to file this information through the Electronic Municipal Market Access (EMMA) website which is the comprehensive source for official statements, continuing disclosure documents, advance refunding documents and real time trade price information on all municipal securities. This ACFR provides the 15c2-12 general bond obligation bond information, which includes the "Debt Statement" found in Note 9 of Notes to the Financial Statements, a "Five Year Summary of General Fund Revenues and Expenditures" found in Table XXII, a summary of debt found in Table XXIII (Summary of Total General Obligation Bonds Debt Service), and "Tax Revenues by Source" found in Table III.

ACKNOWLEDGMENTS

We would like to express our appreciation to everyone in the City government who assisted with and contributed to the preparation of this report. Special recognition is extended to the Accounting Division for their dedicated pursuit of excellence and leadership in financial reporting.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Kendel Taylor". The signature is fluid and cursive, with the first name being more prominent.

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Alexandria, Virginia as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City of Alexandria, Virginia's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Alexandria, Virginia as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the City of Alexandria Library System, which represent 2.8 percent, (-2.1) percent, and 16.9 percent, respectively, of the assets, net position and revenues of the aggregate discretely presented component units as of June 30, 2023. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Alexandria Library System is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Specifications for Audits of Authorities, Boards and Commissions* (the "Specifications"), issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Alexandria, Virginia and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the City of Alexandria Library System were not audited in accordance with *Government Auditing Standards* or the Specifications.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 19 to the financial statements, effective July 1, 2022, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 96, Subscription-Based Information Technology Arrangements. The standard defines a subscription-based information technology arrangement (SBITA); establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Alexandria, Virginia’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Specifications will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Specifications we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City of Alexandria, Virginia’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Alexandria, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (MD&A), budgetary comparison schedules, and the schedules relating to pensions and other postemployment benefits as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Alexandria, Virginia's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory and Statistical Section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

The Honorable Mayor and Members of the City Council
City of Alexandria, Virginia

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2023, on our consideration of the City of Alexandria, Virginia’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Alexandria, Virginia’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Alexandria, Virginia’s internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

PAGE LEFT BLANK INTENTIONALLY

MANAGEMENT’S DISCUSSION AND ANALYSIS

The following discussion and analysis of the City of Alexandria’s financial performance provides an overview of the City’s financial activities for the fiscal year that ended June 30, 2023. Please read it in conjunction with the transmittal letter at the front of this report and the City’s financial statements, which follow this section.

FINANCIAL HIGHLIGHTS FOR FY 2023

The City’s total Net Position, excluding component units, on a government wide basis, decreased approximately \$1.1 million from \$655.7 million to \$654.6 million at June 30, 2023 (Exhibit I).

The government-wide activities had an unrestricted net position of \$345.9 million (Exhibit I) as of June 30, 2023, an increase of \$58.5 million from the FY 2022 total of \$287.4 million. The City’s general revenues of \$807.6 million in FY 2023 is an increase of \$72.5 million compared to the general revenues of \$735.1 million in FY 2022 (Exhibit II).

The General Fund reported current net change in fund balance of (\$1.0) million (Exhibit IV), including a \$82.2 million transfer to the capital projects fund and a \$89.1 million transfer to the special revenue fund.

USING THE FINANCIAL SECTION OF THIS ANNUAL COMPREHENSIVE FINANCIAL REPORT

This Annual Comprehensive Financial Report (ACFR) consists of three sections: introductory, financial, and statistical. As the following chart shows, the financial section of this report has four components - *management’s discussion and analysis* (this section), *basic financial statements*, *required supplementary information* and *other supplementary information*.

Required Components of the Financial Report

The government-wide financial statements report information about the City using accounting methods like those used by private-sector companies. The government-wide financial statements provide both long-term and short-

term information about the City's overall financial position. The Statement of Net Position and the Statement of Activities, which are the government-wide statements, report information about the City's activities. These statements include all assets, liabilities, deferred outflows, and deferred inflows using the accrual basis of accounting. All the current year's revenues and expenses are reflected regardless of when cash is received or paid.

These two statements report the City's net position and changes in net position. The City's net position is the difference between (1) assets and deferred outflows of resources, and (2) liabilities and deferred inflows of resources. Net position is displayed in three components: Net investment in capital assets, Restricted, and Unrestricted. Over time, increases or decreases in the City's net position are indicators of whether its financial health is improving or deteriorating. To assess the overall health of the City, other nonfinancial factors need to be considered such as changes in the City's property tax base and the condition of the City's infrastructure.

The Statement of Net Position and the Statement of Activities include the following:

Governmental activities—Most of the City's basic services are reported here: General government, judicial administration, public safety, public works, library services, health and welfare, transit, culture and recreation, community development, and education.

Component units—The City includes two separate legal entities in its report - The City of Alexandria School Board and the Alexandria Library, respectively Schools and Library. Although legally separate, these component units are included because the City is financially accountable for them and provides operating and capital funding to them.

FUND FINANCIAL STATEMENTS

The fund financial statements provide additional information about the City's most significant funds, not the City as a whole. The fund financial statements focus on the individual parts of the City's government.

The City has three kinds of funds:

Governmental funds—Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out, and (2) the balances left at year end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are greater or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided at the bottom of the governmental funds statements to explain the relationship (or differences) between them.

Proprietary funds—Services for which the City charges customers or City users a fee, are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information.

The City uses an internal service fund (one kind of proprietary fund) to report activities that provide supplies and services for the City's other programs and activities. The Equipment Replacement Reserve Fund is the City's only internal service fund. Its primary purpose is to provide for the accumulation of money to replace capital equipment used in City operations.

Fiduciary funds—The City is the trustee or fiduciary for its employees' pension plans and employee benefit funds. It is also responsible for other assets (known as custodial funds) that, because of an agreement, can be used only for the beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All the City's fiduciary activities are reported in a separate statement of

fiduciary net position and a statement of changes in fiduciary net position. Custodial funds are City funds used to provide accountability of client monies, for which the City is custodian. The City excludes pension plans and custodial funds from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Statement of Net Position

The following table presents the condensed Statement of Net Position:

Table 1
Summary of Net Position
As of June 30, 2023 and 2022
(in millions)

	Primary Government		Component	
	Governmental			
	2023	2022	2023	2022

Net Position end of Year	\$ 655	\$ 656	\$ (183)	\$ (204)

Amounts may not add due to rounding.

REVENUE

For the fiscal year ending June 30, 2023, revenues for governmental activities totaled \$1,047.3 million, \$59.3 million higher than the FY 2022 total of \$988.0 million (Table 2). The decrease in operating grants reflects the one-time utilization of the City's share of federal relief funds from the American Rescue Plan Act (ARPA) in FY 2022. Property tax revenues from both real estate and vehicle personal property increased in FY 2023. The City's limited supply of properties for sale helped drive a 5 percent increase in the residential tax base. Impacts of the pandemic continued to impact the value of personal property, as used cars continued to depreciate at a much lower rate than in prior years. Interest rates were higher than in previous years, contributing to a \$17 million increase in Revenue from Use of Money and Property.

REVENUE FOR GOVERNMENTAL ACTIVITIES

EXPENSES

For the fiscal year ending June 30, 2023, expenses for governmental activities totaled \$1,048.4 million, an increase of \$100.5 million from FY 2022 (Table 2). A significant portion of this increase was in Education as the Douglas MacArthur project was nearing completion. Other completed construction projects were the Potomac Yard Metrorail Station and the new Redella 'Del' Pepper West End Service Center. The City completed the purchase of the building for this facility in February 2023 (\$52 million). The City increased the cash contribution to the Capital Improvement Program (General Government), utilizing General Fund Balance to minimize the amount of debt issuance.

EXPENSES FOR GOVERNMENTAL ACTIVITIES

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

For the fiscal year ended June 30, 2023, the governmental funds reflect a combined fund balance of \$638.2 million (Exhibit III). The Total Governmental Funds fund balance decrease of \$98.6 million was driven by a \$111.0 million decrease in the Capital Projects Fund and a \$1.4 million decrease in the General Fund, offset by a \$12.5 million increase in the Special Revenue Fund. Bond proceeds of more than \$144.0 million were issued for capital projects that will be constructed over the next several years. The decline in the Capital Projects Fund balance is largely due to the utilization of bond proceeds that were issued in a prior year for several large capital projects (Potomac Yard Metrorail Station, Douglas MacArthur Elementary School). The Special Revenue Fund Balance increase reflects the multi-year nature of programs and initiatives, in which the timing of revenue and expenditures crosses fiscal years.

- The General Fund contributed \$67.9 million to pay-as-you-go financing of capital projects, which represented 7.9 percent of all General Fund expenditures (excluding bond refunding).
- The City contributed \$248.7 million to the Schools operating budget. The ACPS share of total debt service was \$31.9 million

- The City spent \$377.1 million in the Capital Projects Fund, the most notable projects being the Potomac Yard Metrorail Station, the purchase of the West End Service Center building, and school projects at Douglas MacArthur Elementary School.

Except for non-spendable and restricted fund balances (Exhibit III), there are no significant limitations on fund balances that would affect the availability of fund resources for future uses.

GENERAL FUND BUDGETARY HIGHLIGHTS

Table 3
General Fund Budget
(in millions)

	2023		
	Original Budget	Amended Budget	Actual
Revenues, Transfers, and Other Financial Sources			
Taxes	\$ 585	\$ 585	\$ 583
Other Local Taxes	148	149	152
Transfers and Other	98	100	122
Total	831	834	857
Expenditures, Transfers, and Other Financial Uses			
Expenditures	421	485	443
Transfers and Other	384	419	417
Total	805	904	860
Change in Fund Balance	\$ 26	\$ (70)	\$ (3)

Amounts may not add due to rounding.

Actual General Fund revenues and other financial sources exceeded the amended budget by \$24.0 million during FY 2023. Including supplemental appropriations, actual General Fund expenditures were less than the amended budget by \$43 million. One of the most significant areas of variance in General Fund revenues is in Use of Money and Property. The interest rates used to estimate revenues in the FY 2023 General Fund budget were much lower than actual interest rates during the year. This contributed to \$12.5 million of the revenue variance. Consumer spending exceeded budgeted estimates by nearly \$4 million, driven by both demand as well as higher interest rates. The expenditure variance is largely due to vacancies and turnover across multiple City departments, as well as a decision by City Council to use reappropriated prior year surplus to support the Capital Improvement Program in future years.

During FY 2023, the City Council amended the budget three times. These budget amendments, or supplemental appropriation ordinances, were primarily for the following purposes:

- To reappropriate monies to pay for commitments in the form of encumbrances established prior to June 30, 2022, but not paid by that date.
- To reappropriate monies to pay for projects budgeted for FY 2023 but not completed before the end of the fiscal year.

- To reappropriate grant, donation and other revenues authorized in FY 2022 or earlier, but not expended or encumbered as of June 30, 2022.
- To appropriate grants, donations, and other revenues accepted or adjusted in FY 2023.

CAPITAL ASSETS

At the end of FY 2023, the City’s governmental activities had invested cumulatively \$1.3 billion (Note 5) in a variety of capital assets and infrastructure, as reflected in the following schedule, which represents a net increase of \$205.7 million. The two primary drivers of this increase are the purchase of land for the Landmark Mall Redevelopment Project and construction in progress for the Douglas MacArthur Elementary School project, which opened for students in August 2023 and the High School Capacity project, which is underway.

Table 4
Governmental Activities
Capital Assets
(in millions)

	<u>Balance</u> <u>6/30/2022</u>	<u>Net Additions/</u> <u>(Deletions)</u>	<u>Balance</u> <u>6/30/2023</u>
Non-Depreciable Assets			
Land and Land Improvements	\$ 128.4	\$ 54.1	\$ 182.5
Construction in Progress	118.0	132.2	250.2
Other Capital Assets			
Intangible Assets	26.4	-	26.4
Buildings	874.1	53.2	927.3
Infrastructure	338.5	12.0	350.5
Furniture and Other Equipment	221.0	2.5	223.5
Accumulated Depreciation and Amortization			-
Capital Assets	<u>(639.0)</u>	<u>(48.3)</u>	<u>(687.3)</u>
Total Capital Assets	<u>\$ 1,067.4</u>	<u>\$ 205.7</u>	<u>\$ 1,273.1</u>

Amounts may not add due to rounding.

The FY 2024—FY 2033 Approved Capital Improvement Program (CIP), which was approved by City Council on May 3, 2023, sets forth a 10-year program with \$2.41 billion in total funding, including \$2.0 billion in net City funding and \$400.0 million in other non-City sources for public improvements for the City and the Alexandria City Public Schools. This represents (in City funding) a decrease of approximately \$288.5 million compared to the FY 2023—FY 2032 CIP. The total approved single year CIP for FY 2024 is \$360.8 million, which is a decrease of \$29.4 million compared to FY 2024 in last year’s approved CIP.

LONG-TERM DEBT

At the end of FY 2023, the City had \$946.1 million in outstanding general obligation bonds, an increase of \$93.5 million from last year’s outstanding bonds of \$852.6 million. More detailed information about the City’s long-term liabilities is presented in Note 9 of the financial statements.

In November 2022, Moody’s Investors Services, Inc., and Standard & Poor’s (S&P) credit rating agencies reaffirmed the City’s triple-A bond ratings. The City received its first Aaa rating from Moody’s in 1986 and the AAA rating from S&P in 1992. Standard and Poor’s cited the City’s “very strong” economy, fiscal management, budgetary flexibility, and liquidity as it again rated the City’s credit as AAA. Moody’s noted the City’s tax base, relatively high per capita income, and sound fiscal policies and management in assigning its Aaa rating.

The Commonwealth of Virginia limits the amount of general obligation debt the City can issue to 10 percent of the assessed value of real property within the City. The City’s outstanding debt is significantly below, or less than one-tenth of this state law limit—which would equate to \$4.3 billion for the City.

ECONOMIC FACTORS

Alexandria’s economy remains healthy as it emerges from the COVID-19 pandemic with strong fundamentals including population and wage growth, and low unemployment. The City’s population continues to grow and, per the 2020 Census, totals 159,467, which reflects a growth rate of 13.9 percent over the last decade. The estimated population in 2023 is 165,700, which reflects a 1.4 percent increase.

Total employment in the City in the first quarter of 2023 was 81,126. This compares to 83,844 in the same quarter of 2022. The decrease in jobs of 2,718 is due to a decline in the federal government presence in the City. The decrease in federal employees is offset by an increase in private employment. Additionally, the number of business establishments in the City grew from 5,975 in the first quarter of 2022 to 6,198 in the first quarter of 2023. Private employers accounted for 77.9 percent of all jobs as compared to 74.3 percent in 2022. Government entities (federal, state, and local) accounted for 17,899 jobs in 2022, which is 25.7 percent of the total. Government is led by prominent federal agencies, including the U.S. Department of Defense, the U.S. Department of Agriculture, and the U.S. General Services Administration.

The increase in private sector jobs of 1.5 percent is mixed across all categories. Professional, Scientific, and Technical account for 16.8 percent of the total, decreased by 170 jobs, but remains the largest category of jobs in the City. Accommodation and Food Services continues to increase in the post-pandemic era. The increase in jobs in this sector is 752, or a 10.5 percent increase. Jobs in the Retail Trade industry increased by 7.3 percent, or 445 jobs compared to 2022.

Median family income in Alexandria in 2021 increased slightly from \$137,135 to \$137,335, an increase of 0.15 percent compared to 2020. These are the most recent years that data is available from the U.S. Bureau of Economic Analysis. Per capita income has also grown, from \$93,108 to \$100,017. This increase of \$6,909 is a growth of 7.4 percent compared to 2020. Both median family income and per capita income are significantly higher compared to similar jurisdictions in Virginia and the United States.

One measure of the health of the local economy, and the strength of the City’s recovery from the COVID-19 pandemic, is economically sensitive City revenues, such as those generated from consumer spending. In FY 2023, the City experienced an overall increase in tax revenue of approximately 5.0 percent. This was led by increases in real property, business license (gross receipts), restaurant meals, and local sales taxes. This growth was offset by decreases in recordation tax revenue following changes in interest rates and the slowing of the housing and refinancing markets. Growth in business license and restaurant meals taxes reflects the recovery of the local business community, while sales tax growth of more than 9 percent was largely driven by the impact of inflation on the price of goods. Transient lodging tax revenue returned to pre-pandemic levels and leisure travel has been strong as well. Personal property tax revenue increased 16 percent compared to FY 2022. This is largely due to the unusual appreciation of car values. To mitigate the impact that this appreciation would have on vehicle owners paying personal property tax, City Council took action during the FY 2023 budget process to allow for a continued reduction in the fair market value assumed for tax purposes in FY 2023 (Tax Year 2022).

The real estate tax base, which generates over half of the City’s General Fund revenues, continued to show steady, moderate growth. Total locally assessed real property increased in value by 3.8 percent compared to

2022. Residential real property increased by 5.0 percent, and commercial assessments increased by 2.0. The office vacancy rate of 14.6 percent in the second quarter of 2023 which is equal to 2nd quarter 2022 (14.6 percent) and compares favorably to the office vacancy rate in Northern Virginia of 19.6 percent and the Washington DC Metro area rate of 19.8 percent. The unemployment rate in the City as of June 2022 was 2.2 percent, which compares favorably to Virginia (2.7 percent) and the United States (3.6 percent).

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our residents, businesses, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Kendel Taylor, Director of Finance, City Hall, P.O. Box 178, Alexandria, VA 22313, kendel.taylor@alexandriava.gov, telephone (703) 746-3900, or visit the City's web site at alexandriava.gov.

Adjustments for the Statement of Net Position:

(1) Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds. (Note 5)	1,207,293,232
(2) Other long-term assets are not available to pay for current period expenditures; deferred outflow related to refunding bonds. (Note 1)	16,048,464
(3) Deferred inflows of resources related to OPEB & Pensions. (Note 16 & 17)	(52,628,977)
(4) Deferred outflows of resources related to OPEB & Pensions. (Note 16 & 17)	84,814,284
(5) Internal service funds are used by management to charge the costs of equipment replacement to City Departments; and, therefore, the assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Position. (Exhibit V)	19,805,158
(6) Alexandria Transit Company is blended in to the primary government, and therefore, the assets and liabilities are included in governmental activities in the statement of Net Position. (Note 5)	31,657,229
(7) Long-term liabilities, including bonds payable, are not reported as liabilities in the governmental funds. (Note 9)	(1,325,442,163)
(8) Right to use leased and subscription assets used (net of amortization) in governmental activities are not financial resources and therefore are not reported in the funds (Note 5)	29,056,406
(9) Net Pension Asset recorded for the amount of Plan Fiduciary Net Position in excess of Total Pension Liability, included in the Statement of Net Position (Note 17)	5,838,816
Total Net Position	<u>654,609,110</u>

Adjustments for the Statement of Activities:

(1) Repayment of bond principal and payment to bond escrow agent are reported as an expenditure and other financing uses in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. (Note 9)	49,934,000
(2) Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense and donated assets to allocate those expenditures over the life of the assets. This is the amount by which new capital assets exceeded capital expenditures in the current period. (Note 5)	160,716,427
(3) Governmental funds report pension & OPEB contributions as expenditures, however in the statement of activities the cost of pension & OPEB benefits earned net of employee contributions is reported as pension & OPEB expense. (Note 9)	(3,451,413)
(4) Issuance of debt, refunding bonds and premium provide current financial resources to governmental funds, but issuing debt increases long term liabilities in the Statement of Net Position. (Note 9)	(158,183,520)
(5) Net effect of implementing GASB 87	2,719,385
(6) Some expenses reported in the Statement of Activities do not require the use of current resources and therefore are not reported as expenditures in governmental funds. (Note 9)	9,035,390
(7) The net revenue of the internal service fund (except depreciation which is reported in capital outlays above) is reported with governmental activities. (Exhibit VI)	902,256
(8) Change in net pension & OPEB liability. (Note 9)	36,079,226
Change in net Position	\$ (1,080,590)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Narrative Profile

The City of Alexandria, located in northern Virginia and bordered by the District of Columbia (Potomac River) and Arlington and Fairfax Counties, was founded in 1749 and incorporated in 1779. With a population of 165,700 and a land area of 15.75 square miles, Alexandria is the seventh largest city in the Commonwealth of Virginia and one of the most densely populated cities in the Commonwealth.

The City is governed under the Council-Manager form of government. Alexandria engages in a comprehensive range of municipal services, including general government administration, public safety and administration of justice, education, health, welfare, housing and human service programs, transportation, and environmental services (Public Works), planning, community development and recreation, cultural, library, and historic activities.

The financial statements of the City of Alexandria, Virginia, have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and U.S. generally accepted accounting principles (GAAP) as specified by the Governmental Accounting Standards Board (GASB). The City's significant accounting policies are described below.

A. Financial Reporting Entity

The City follows GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, as amended. GASB Statement No. 34 requires the following financial statement components:

Management's Discussion and Analysis – A narrative introduction and analytical overview of the government's financial activities. This analysis is like the analysis that the private sector provides in their annual reports.

Government-wide Financial Statements – These include financial statements prepared using full accrual accounting for all government activities. This approach includes not just current assets and liabilities (such as cash and accounts payable), but also capital assets (such as buildings and infrastructure, including bridges and roads) and long-term liabilities (such as general obligation debt and unfunded pension costs). Accrual accounting also reports all revenues and costs of providing services each year, not just those received or paid in the current year or soon thereafter. The government-wide statements include the Statement of Net position and the Statement of Activities.

Statement of Net Position – The Statement of Net Position displays the financial position of the primary government (governmental activities) and its discretely presented component units. Governments report all capital assets, including infrastructure, in the government-wide Statement of Net Position and report depreciation and amortization expense – the cost of “using up” capital assets – in the Statement of Activities. Net Position represents the difference between assets, liabilities, and deferred inflow (outflow) of Resources. The Net Position of a government is broken down into three categories: 1) net investment in capital assets; 2) restricted; and 3) unrestricted. Net invested in capital assets consists of capital assets, net of accumulated depreciation and accumulated amortization reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets, net of unspent bond proceeds.

Statement of Activities – The Statement of Activities reports revenues and expenses in a format that focuses on the cost of each of the City's functions. The expenses of individual functions are compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

CITY OF ALEXANDRIA, VIRGINIA

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements – The fund financial statements display the financial transactions and accounts of the City based on funds. The operation of each fund is an independent accounting entity. The fund financial statements also include reconciliation to the government-wide statements, which briefly explains the differences between the fund and government-wide financial statements.

Budgetary Comparison Schedules – Demonstrating compliance with the adopted budget is an important component of a government’s accountability to the public. Many citizens participate in the process of establishing the annual operating budgets of state and local governments and have an interest in following the actual financial progress of their governments over the course of the year. The City Council approves revisions to its original budget over the course of the year for a variety of reasons.

As required by GAAP, these financial statements and schedules present the primary government and its component units, entities for which the City is financially accountable. Blended component units (although legally separate entities) are, in substance, part of the government’s operations; therefore, data from these units are combined with data of the primary government. The discretely presented component units are reported in a separate column in the government-wide statements to emphasize they that are legally separate from the primary government. Each of the City’s discretely presented component units has a June 30 fiscal year-end.

Component Units:

City of Alexandria School Board

Since FY 1995, the Alexandria City School Board has been an elected body which oversees the operations of the Alexandria City Public Schools (ACPS). ACPS is substantially reliant upon the City because City Council approves ACPS’s total annual budget appropriation, levies taxes, and issues debt for school projects. The legal liability for the general obligation debt issued for school capital assets remains with the City. The City’s primary transaction with ACPS is the City’s annual support for combined operations and capital equipment which totals \$248.8 million in FY 2023. ACPS’ financial statements are available via the ACPS website on the Department of Financial Services page.

The APA establishes financial reporting requirements for all localities in the Commonwealth of Virginia. The APA has determined that all Virginia school boards shall be reported as discretely presented component units of the locality. The APA has also specified additional reporting requirements with respect to school boards. ACPS issues separate audited financial statements.

City of Alexandria Library System

The Alexandria Library (the Library) is a discretely presented component unit of the City of Alexandria. The Library’s financial statements are available for public viewing at the Library’s Administration office at the Beatley Library, 5005 Duke St., Alexandria, VA 22304. The City Council approves the Library budget and appoints three citizens and a member of the Alexandria City Council to the Library Board. The seven-member Library Board also includes three members of the non-profit Alexandria Library Company. The City is responsible for issuing debt, acquiring, and maintaining all capital items on behalf of the Library. The City only maintains the assets based on agreements reached with the Library Board. The library liability for the general obligation debt issued on behalf of the Library remains with the City and is based on needs requested by the Library Board. The City’s primary transaction with the Library is the City’s annual operating support, which was \$8.2 million for FY 2023. The Library provides a variety of services to the community that are supplemented with funding by endowments and are not completely government services. The City budget provides most of the funding for all services and programs; many of the endowments supplement only the materials budget. The City has no authority in the selection of books and materials the Library carries, nor the day-to-day management of the operations of the Library buildings or staffing. The Library issues separate audited financial statements.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Alexandria Transit Company

Alexandria Transit Company (ATC), although legally separate in substance, is presented as a blended component unit and part of the City's reporting entity as a governmental fund. As a not-for-profit corporation for which the primary government is the only corporate member, the blending of ATC fell within the scope of GASB Statement No. 80. ATC's governing body is substantively the same as the governing body of the primary government and the City's management has operational responsibility for ATC.

Excluded from Reporting Entity

The City Council is not financially accountable for the Deferred Compensation Plan, Alexandria Economic Development Partnership, Alexandria Redevelopment and Housing Authority, Alexandria Renew Enterprises (formerly the Alexandria Sanitation Authority), Visit Alexandria, or Sheltered Homes of Alexandria, Inc. Accordingly, these entities are excluded from the City of Alexandria's financial statements.

B. Government-wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The reporting model focuses on both the City as a whole and the fund financial statements, including the major individual funds of the governmental category, as well as the fiduciary funds (by category) and the component units. Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as governmental. In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a combined basis, and (b) is reflected on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. Both government-wide and fund financial statements presentations provide information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the financial information. The City generally uses restricted assets first for expenses incurred for which both restricted and unrestricted assets are available. The City may defer the use of restricted assets based on a review of the specific transaction.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health, and welfare, etc.) that are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation and amortization) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health, and welfare, etc.). Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. The City does not allocate indirect expenses. The operating grants and contributions columns include operating-specific and discretionary (either operating or capital) grants, while the capital grants and contributions column reflects capital-specific grants.

In the fund financial statements, financial transactions and accounts of the City are organized based on funds. The operation of each fund is considered an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with related liabilities, fund balances and net position, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. Governmental fund statements are presented based on current financial resources and a modified accrual basis of accounting. This is the way these funds are normally budgeted. Since governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, reconciliation is presented which briefly explains the adjustments necessary to reconcile the fund financial statements to the governmental activities column of the government-wide financial statements.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City's fiduciary funds are presented in the fund financial statements by type (employee benefit trust, private purpose trust and custodial). Since these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to fund activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

The following is a brief description of the specific funds used by the City in FY 2023.

1. Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed.

a. General Fund

The General Fund is a major fund and is the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used to finance the operations of the Schools.

b. Special Revenue Fund

A special revenue fund is a major fund and is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. A significant portion of the Special Revenue Fund is used for Health and Welfare programs. The Special Revenue Fund of the City as June 30, 2023, is comprised of the following funds:

ARPA - This fund accounts for the City's funds across multiple departments in support of the COVID-19 pandemic response. The source of funding is the American Rescue Plan Act adopted in March 2021.

Housing – This fund accounts for the City's housing programs. The sources of funding are bond proceeds and the payment of note receivables.

Sanitary Sewer – This fund accounts for the funding of sanitary sewer maintenance and construction. The fund is funded by sewer connection fees and sewer charges.

Stormwater Utility – This fund is funded by a stormwater utility fee which was implemented in 2019. This fee replaces the dedicated real estate property tax in the Stormwater Management fund.

Stormwater Management Fund – This fund was established in FY 2011. It is funded by a dedicated real estate property tax rate of 0.5 cents per \$100 of assessed value.

Potomac Yard Special Tax District – This fund is funded by certain real estate taxes for the development of the Potomac Yard Metro Rail station.

Northern Virginia Transportation Authority (NVTVA) – This fund was established in FY 2014. It is funded by various state and local other taxes collected by NVTVA.

Industrial Development Authority (IDA) – This fund accounts for IDA bond issuance fees and expenses.

Other Special Revenue – This fund accounts for grants and donations and other amounts that represent a small percentage of special revenues.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Capital Projects Fund

The Capital Projects Fund (Capital Improvements) is a major fund and accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for the acquisition or construction of major capital facilities.

d. Alexandria Transit Company

Alexandria Transit Company (ATC), a major governmental fund, is a blended component unit and part of the City's reporting entity. As a not-for-profit corporation for which the primary government is the only corporate member, the blending of ATC fell within the scope of GASB Statement No. 80. ATC's governing body is the same as the primary government.

2. Proprietary Funds

Proprietary Funds are used to account for activities that are like those often found in the private sector. The measurement focuses on determination of net income, financial position, and cash flows. Operating revenues include charges for services. Operating expenses include costs of services as well as, materials, contracts, personnel, and depreciation and amortization. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

The City has one proprietary fund, the Internal Service Fund. The Internal Service Fund accounts for the financing of goods or services provided by one department to other departments or agencies of the City on a cost-reimbursement basis and is considered a proprietary fund. The City established the Equipment Replacement Reserve Account, the internal service fund, for the purpose of providing for the accumulation of funds to replace capital equipment items used in City operations. This internal service fund derives its funding from periodic equipment rental charges assessed to the user departments in the governmental funds. This funding is then used to replace capital equipment when the need arises. The Internal Service Fund is included in governmental activities for government-wide reporting purposes. As a rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The excess revenues or expenses for the fund are allocated to the appropriate functional activity.

3. Fiduciary Funds

Fiduciary funds are used to account for assets held by the City in a trustee capacity for individuals, private organizations, and other governments. The fiduciary funds of the City are the John D. Collins Private Purpose Trust Fund, City Supplemental Retirement, Pension for Fire and Police, Retirement Income for Fire and Police, Firefighters and Police Pension, Fire and Police Disability, Other Post-Employment Benefits (OPEB) and the custodial funds for the Human Services Special Welfare Account and the Human Services Dedicated Account. For accounting measurement purposes, the Private Purpose Trust Fund and the Employee Retirement Funds are accounted for in essentially the same manner as proprietary funds. The Private Purpose Trust Fund accounts for assets of which the principal may not be spent. The Employee Retirement Funds account for the assets of the City's pension plans and the OPEB fund. Custodial Funds use the economic resources measurement focus.

Fiduciary net position of the Pension and OPEB Plans, and the change in fiduciary net position have been determined on the same basis as they are reported by the pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The custodial funds held by the City as of the end of FY 2023 comprise the following:

Human Services Special Welfare Account – This fund accounts for the current payments of supplemental security income for foster children.

Human Services Dedicated Account – This fund accounts for back payments of supplemental security income for foster children.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet in the funds statements. Long-term assets and long-term liabilities are included in the government-wide statements. Operating statements of the governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The Government-wide Statement of Net Position and Statement of Activities, all proprietary funds, private purpose trust funds, custodial funds, and pension trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these activities are either included on the Statement of Net Position or on the Statement of Fiduciary Net Position. These operating statements present increases (e.g., revenues or additions) and decreases (e.g., expenses or deductions) in total net position.

The Government-wide Statement of Net Position and Statement of Activities as well as the financial statements of the Proprietary Funds and Fiduciary Funds are presented on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash.

The fund financial statements of the General, Special Revenue, and Capital Projects funds are maintained and reported on the modified accrual basis of accounting using the current financial resources measurement focus. Under this method of accounting, revenues are recognized in the period in which they become measurable and available. With respect to real and personal property tax revenue and other local taxes, the term “available” is limited to collection within 45 days after the fiscal year-end. Levies made prior to the fiscal year end, but which are not available, are deferred. Interest income is recorded as earned. Federal and State reimbursement-type grants revenues are measurable and available as revenue when reimbursements for related eligible expenditures are collected within a year of the date the expenditure was incurred. Expenditures, other than accrued interest on long-term debt, are recorded when the fund liability is incurred.

D. Budgets and Budgetary Accounting

The City Council annually adopts budgets for the General Fund and Special Revenue Fund of the primary government. All appropriations are legally controlled at the departmental level for the General Fund and Special Revenue Fund. The Schools appropriation is determined by the City Council and controlled in total by the primary government. On May 5, 2022, the City Council formally approved the original adopted budget and on June 18, 2023, approved the revised budget reflected in the required supplemental information. Budgets are prepared for the Capital Projects Fund on a project basis, which covers the life of the project. A Capital Projects Fund appropriation does not lapse until an appropriation reduction is approved by the City Council.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Encumbrances

Encumbrance accounting, the recording of purchase orders, contracts, and other monetary commitments to reserve an applicable portion of an appropriation, is used as an extension of formal budgetary control in the General, Special Revenue, and Capital Projects Funds. Encumbrances outstanding at year-end are classified as committed or assigned in the General Fund, or as restricted fund balance in the non-General Funds. These encumbrances are subject to re-appropriation by Council ordinance in the succeeding fiscal year.

E. Equity in Pooled Cash and Investments

Cash resources of the individual funds, including imprest cash of \$18,735 and excluding cash held with fiscal agents in the General Fund, Special Revenue Fund, Capital Projects Fund, Proprietary Funds, Fiduciary Funds, and discretely presented component units (Schools and Library), are combined to form a pool of cash and investments to maximize interest earnings. Investments in the pool consist of the State Treasurer’s Local Government Investment Pool (LGIP) and are recorded at fair value. Income from pooled investments is allocated only when contractually or legally required. All investment earnings not legally or contractually required to be credited to individual accounts or funds are credited to the General Fund.

The Library maintains separate cash and investment accounts consisting of cash and obligations of the federal government and corporate bonds and stocks recorded at fair value. All cash and investments held with fiscal agents for the primary government and its discretely presented component units are recorded at fair value.

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

The fair value of investments is based on quoted market prices. All investments in external investment pools are reported at fair value.

F. Allowance for Uncollectible Accounts

The City calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance on June 30, 2023, is comprised of the following:

GENERAL FUND:	
Taxes Receivable:	
Real Property	\$ 1,296,762
Personal	19,497,769
Penalties and Interest	1,237,456
Total Taxes	22,031,987
Accounts Receivable	39,687
Notes Receivable	309,000
	22,380,674
SPECIAL REVENUE FUND:	
Housing Fund Notes Receivable	\$ 92,699,064
CAPITAL PROJECTS FUND:	
Capital Projects Fund Notes Receivable	\$ 1,475,000

The component units’ accounts receivable is considered fully collectible and therefore an allowance for uncollectible accounts is not applicable to those receivables.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Inventory of Supplies

Primary Government

Inventories of consumable supplies are recorded at cost (determined on a first in, first out basis). Inventory in the General Fund consists of expendable supplies held for consumption. The costs are recorded as expenditures under the purchase method. Reported inventories in the General Fund are equally offset by a reservation of fund balance. Purchases of non-inventory items are recorded as expenses or expenditures under the purchase method. Prepaid expenditures in reimbursable grants are offset by unearned revenues until expenses or expenditures are recognized. Inventory for the Alexandria Transit Company is comprised of parts and operating materials held for consumption. These inventories are costed by methods that approximate average cost or fair value, whichever is lower.

Component Units

Inventory for the Schools is comprised of food and commodities on hand pertaining to the Child Nutrition Cluster of programs. Inventories of consumable supplies are recorded at cost using the weighted average method. Inventories received from the U.S. Department of Agriculture are recorded at fair value when received and the amounts consumed are recorded as revenue. The amounts of unused food commodities are reported as inventory.

H. Other Assets

Other assets in the government-wide statements include taxes receivable discussed in Note 4 and deferred interest, which represents the excess of the reacquisition price over the net carrying amount of the refunded bonds discussed in Note 9. The total adjustment to these assets was comprised of the following:

Deferred outflow related to Refunding Bonds	<u>\$ 16,048,464</u>
Total Adjustment	<u>\$ 16,048,464</u>

I. Leases

For the year ended June 30, 2022, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset; and a lessor is required to recognize a lease receivable and a deferred inflow of resources. If the present value of the payments or receipts is greater than or equal to \$5,000, the contract is classified as a lease for accounting purposes.

J. SBITAs

In May 2020, the GASB issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). It is effective for fiscal years beginning after June 15, 2022 and establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability. It provides the capitalization criteria for outlays other than subscription payments, including implementation costs of SBITAs; and requires note disclosures regarding SBITAs. The City adopted the requirements of the guidance effective July 1, 2022, and has applied the provisions of this standard to the beginning of the period of adoption.

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Capital Assets

Capital outlays are recorded as expenditures of the General, Special Revenue, and Capital Projects Funds, and as assets in the government-wide financial statements to the extent the City's capitalization threshold of \$5,000 per unit are met. Amortization for right-to-use assets is based on the terms of the agreement. Depreciation and amortization are recorded on capital assets on a government-wide basis using the straight-line method and the following estimated useful lives:

Buildings.....	40 years
Infrastructure.....	25 years
Furniture and Other Equipment	3 - 20 years

To the extent the City's capitalization threshold of \$5,000 is met, capital outlays of the Internal Service Fund are recorded as capital assets and depreciated over their estimated useful lives on a straight-line basis on both the funds and the government-wide financial statements using the straight-line method and the following estimated useful lives:

Leasehold Improvements.....	3 - 40 years
Equipment.....	3 - 20 years

All capital assets are valued at historical cost or estimated historical cost if actual cost was not available. Donated assets received in a concession arrangement are valued at their acquisition value. The City does not capitalize historical treasures or works of art. The City maintains many items and buildings of historical significance. The City uses the proceeds from the sale of historical treasures or works of art to acquire other items for the collection. Right-to-use assets are valued based on the present value of the agreement and amortized over the shorter life of the asset or agreement.

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenses that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation and amortization, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

L. Compensated Absences

The City accrues compensated absences (annual and sick leave benefits) when vested. The current portions of the governmental funds matured compensated absences liabilities are recorded as other liabilities in the General and Special Revenue Funds. The current and noncurrent portions are recorded in the government-wide financial statements. This includes the discreetly presented component unit Library, since the City funds all Library personnel costs.

The component unit Schools accrues matured compensated absences (annual, personal, and sick leave benefits) when vested. The current and noncurrent portions of compensated absences are recorded in the Schools component unit government-wide financial statements.

Alexandria Transit Company accrues annual and sick leave benefits in the period in which they are earned.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes. Actual results could differ from those estimates.

N. Fund Balance

The City considers restricted fund balance to be spent when an expenditure is incurred for purposes for which restricted and unrestricted fund balances are available unless prohibited by legal constraints or contracts. When an expenditure is incurred for purposes for which committed, assigned or unassigned amounts are available; the City considers committed fund balance to be spent first, then assigned fund balance, and lastly unassigned fund balance.

Fund Balances are reported according to the following categories:

Non-spendable Fund Balance—amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to remain intact; for example, notes receivable, inventory of supplies, prepaid amounts, and assets-held-for-sale.

Restricted Fund Balance—amounts constrained by external parties, constitutional provision, or enabling legislation. Effectively, restrictions may only be changed or lifted with the consent of the resource provider.

Committed Fund Balance—The City's highest level of decision-making authority is the City Council. The formal action required to establish, modify, or rescind a fund balance commitment is an ordinance of the City Council.

Assigned Fund Balance—amounts in the Assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council's delegation of this authority to the City Manager or his designee in the annual operating budget ordinance. Amendments must follow the guidance described in Note 1D.

Unassigned Fund Balance—is the residual classification for the City's general fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned. The Unassigned fund balance can only be appropriated by a resolution of the City Council.

Fund Balance Detail

General Fund

Nonspendable

Inventories	\$	6,608,200
Prepays		12,974,895
Long Term Notes		400,000
Total		19,983,095

Committed

Encumbrances		9,506,322
Self-Insurance		6,500,000
Total		16,006,322

Assigned

Subsequent Capital Program		20,000,000
Subsequent Operating Budgets		17,464,943
UHC Self Funding		2,000,000
Transit Savings		5,000,000
Carryover and Incomplete Projects		4,500,000
Natural Disaster/Emergencies		3,000,000
Landmark Redevelopment soil Contingency		3,000,000
Accrued Leave Payout		1,000,000
Economic Development Incentives		1,000,000
Total		56,964,943

Unassigned		130,735,831
Total Fund Balance	\$	223,690,191

Encumbrances – These funds (\$9.5 million) have been committed for purchase orders and/or contracts to acquire goods and services not yet received.

Self-Insurance—These funds (\$5 million) have been committed and an additional (\$1.5 million) reserved for the City’s self-insurance program.

UHC Self-Funding – These funds (\$2.0 million) are assigned from health premium cost savings due to vacancies to increase the balance available for the City’s self-funded healthcare plan.

Subsequent Fiscal Years’ Capital Program—These funds (\$20.0 million) have been assigned to fund a portion of the capital improvement program in FY 2024 and beyond.

FY 2024 Operating Budget - These funds (\$17.5 million) have been assigned to fund a portion of the operating programs in FY 2024.

Transit Savings - These funds (\$5.0 million) have been assigned for future transit costs in the FY 2025 budget. Savings were generated in FY 2021 because of available federal funding for WMATA and the City’s utilization of NVTC reserves.

Carryover and Incomplete Projects - These funds (\$4.5 million) are assigned to support projects and initiatives that are approved but not yet under contract.

Capital Projects	WSP USA INC	\$ 1.1 million

O. Short Term Liabilities

Short Term Liabilities include unclaimed funds. The City did not have any short-term debt during FY 2023.

P. Deferred Outflows

A deferred outflow of resources represents a consumption of net assets by the government that is applicable to a future period and so will not be recognized as an outflow of resources until the future period. The City recognizes deferred outflows for contributions made after the measurement date related to pensions and OPEB, difference between expected and actual experience, changes in assumptions, and net difference between projects and actual earnings on pension plans investments. On June 30, 2023, the City had deferred outflows of resources related to pensions and OPEB of \$84.8 million.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Deferred Inflows

A deferred inflow of resources represents an acquisition of net assets by the government that is applicable to a future period and will not be recognized as an inflow of resources (revenue) until that time. For government-mandated and voluntary non-exchange transactions, a deferred inflow is reported when resources are received before time requirements are met. On June 30, 2023, the City had the following deferred inflows of resources.

DEFERRED INFLOWS	
Deferred Tax Revenue	\$ 363,237,522
Deferred Resources	15,163,752
Pension	37,195,907
OPEB	15,433,070
Opioid Settlement Receivable	1,074,238
Total Deferred Inflows of Resources	\$ 432,104,489

NOTE 2. LEGAL COMPLIANCE – BUDGETS

After a public hearing and several work sessions, the City Council adopts an annual budget no later than June 27 for the succeeding fiscal year to commence July 1. Transfers of appropriations among departments or projects are made throughout the fiscal year by the City Council. The City Council may also approve supplemental appropriations. In FY 2023, the Council approved a re-appropriation of prior fiscal year encumbrances, as well as several other supplemental appropriations. The City Manager has authority to transfer appropriations within each department. In FY 2023, several intradepartmental transfers were made.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 3. DEPOSITS AND INVESTMENTS

The City maintains a pool of cash and investments in which each fund participates on a dollar equivalent and daily transaction basis. Interest is distributed monthly based on the funds' average monthly balances. A "zero balance account" mechanism provides for daily sweeps of deposits made to City checking accounts, resulting in an instantaneous transfer to the investment account. Thus, most funds in the City's general account are always invested. Exceptions to this are funds in the Library System's checking account, the School Student Activity Fund account, and some bank accounts administered by the Human Services Department. The City's pooled portfolio also excludes pension plans.

A. Deposits

Primary Government

At June 30, 2023, the carrying value of the City's deposits was (\$15,727,439) and the bank balance was (\$10,254,711). The difference between the carrying value of the City's deposits and the bank balance was the checks outstanding. This amount will fluctuate depending on the difference between checks issued and checks paid. The funds for these checks remain invested until the checks are presented for payment at the bank. The entire bank balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (The Act). The Act provides for the pooling of collateral pledged with the Treasurer of Virginia to secure public deposits as a class. No specific collateral can be identified as security for one public depositor and public depositors are prohibited from holding collateral in their name as security for deposits. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by banks and savings and loan associations. A multiple financial institution collateral pool that provides for additional assessments is like depository insurance. If any member financial institution fails, the entire collateral pool becomes available to satisfy the claims of governmental entities. If the value of the pool's collateral were inadequate to cover the loss, additional amounts would be assessed on a pro rata basis to the members of the pool. Funds deposited in accordance with the requirements of the Act are considered fully secured. The City maintains cash and temporary investments for all funds and component units in a single pooled account, except for certain cash and investments required to be maintained with fiscal agents or in separate pools or accounts to comply with the provisions of bond indentures. The City has invested bond proceeds subject to rebate of arbitrage earnings in the Virginia State Non-Arbitrage Program ("SNAP"). SNAP is designed to assist local governments in complying with the arbitrage rebate requirements of the Tax Reform Act of 1986. These programs provide comprehensive investment management, accounting, and arbitrage rebate calculation services for proceeds of general obligation and revenue tax-exempt financing of Virginia counties, cities, and towns. As of June 30, 2023, the City had \$102,283,026 in the SNAP short term investment.

Component Units

At June 30, 2023, the carrying value of deposits for the Schools was (\$1,778,135) and the bank balance was \$0. The difference between the carrying value of the School's deposits and the bank balance was the checks outstanding. The entire bank balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act as defined above.

At June 30, 2023, the carrying value of deposits and bank balance for the Library was \$423,964. The entire balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act as defined above.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

B. Investments

State Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances, repurchase agreements, the State Treasurer's Local Government Investment Pool (LGIP), and the Virginia Investment Pool (VIP). The City's current investment policy limits investments to obligations of the United States and agencies thereof, commercial paper, LGIP and repurchase agreements fully collateralized in obligations of the United States and agencies thereof.

During fiscal year 2023 most of the City investments were placed in the State Treasurer's Local Government Investment Pool (LGIP). The LGIP is under the supervision of the Virginia Treasury Board and audited by the Auditor of Public Accounts. However, some investments were made in Certificate of Deposit Account Registry Service (CDARS), where deposits are eligible for FDIC insurance, as well as commercial paper, U.S. Agencies, and the Virginia Investment Pool.

During the year, the City and its discretely presented component units maintained eight pension plans. The plan provisions allow the assets of the pension plans to be invested by the pension carriers in accordance with provisions of the Code of the Commonwealth of Virginia. The Plans' investments are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the Statement of Fiduciary Net Position.

The City and its discretely presented component units' investments are subject to interest rate, credit and custodial risk as described below:

Interest Rate Risk – As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits at least half of the City's investment portfolio to maturities of less than one year.

Credit Risk – State Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivision thereof, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances, repurchase agreements, and Virginia Local Government Investment Pool. The City's current investment policy limits investments to obligations of the United States and agencies thereof, commercial paper, and repurchase agreements fully collateralized in the Obligations of the United States and agencies thereof, the State Treasurer's LGIP and VIP. During the fiscal year, the City held its investments in LGIP and VIP, and investments of US agencies.

Custodial Risk – Custodial risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Currently all City investments are held in LGIP, VIP, commercial paper, investments of U.S. agencies, and CDARS. If the City must invest in a local bank, the City will require a designated portfolio manager. At the time funds are invested, collateral for repurchase agreements will be held in the City's name by a custodial agent for the term of the agreement, and investments in obligations of the United States or its agencies will be held by the Federal Reserve in a custodial account.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

The list below summarizes investments managed by the City of Alexandria in accordance with the fair value hierarchy established by the generally accepted accounting principles. Fair value is a sale price agreed to by a willing buyer and seller, assuming both parties enter the transaction freely. The hierarchy is based on the valuation inputs used to measure the fair value of assets. The inputs are categorized at three levels based on the degree of certainty around the asset's underlying value.

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborate by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

During fiscal year 2023, zero investments were classified in Level 1 and Level 3 of the fair value hierarchy. Investments worth \$92.3 million were classified in Level 2. Fixed government securities worth \$62.1 million and fixed certificates of deposit worth \$30.2 million were classified in Level 2. The fixed government securities and the fixed securities of deposit were valued using a matrix pricing technique. Matrix pricing is used based on the securities' relationship to benchmark quoted prices.

Virginia Local Government Investment Pool, worth \$535.8 million were excluded from the fair value hierarchy since they are an external investment pool and have the option to report their investments at NAV or amortized cost. They have chosen to report at amortized cost.

NOTE 4. RECEIVABLES

Receivables at June 30, 2023, consist of the following:

	<u>General</u>	<u>Special Revenue</u>	<u>Capital Project</u>	<u>Total</u>
Taxes				
Real Property	\$ 265,392,520	\$ 907,128	\$ -	\$ 266,299,648
Personal Property	83,629,906	-	-	83,629,906
Penalties and Interest	4,103,277	-	-	4,103,277
Others	1,906,783	10,109,044	-	12,015,827
Total Taxes	<u>355,032,485</u>	<u>11,016,172</u>	<u>-</u>	<u>366,048,657</u>
Account	13,400,847	211,309	-	13,612,155
Interest	-	-	-	-
Due from Other Governments	32,346,720	10,197,870	7,637	42,552,227
Due from other funds	-	-	54,939,877	54,939,877
Notes	709,000	95,197,386	1,475,000	97,381,386
Gross Receivable	<u>401,489,052</u>	<u>116,622,737</u>	<u>56,422,514</u>	<u>574,534,302</u>
Less: Allowance for Uncollectables	22,380,674	92,699,064	1,475,000	116,554,738
Net Receivables	<u>\$ 379,108,378</u>	<u>\$ 23,923,673</u>	<u>\$ 54,947,514</u>	<u>\$ 457,979,565</u>

Taxes receivable represents the current and past four years of uncollected tax levies for personal property taxes, and the current and past 19 years for uncollected tax levies on real property. The allowance for estimated uncollectible taxes receivable is 4.7% percent of the total taxes receivable at June 30, 2023, and is based on historical collection rates. Almost all of the real property tax receivables as of June 30, 2023, represent the second-half payment due for real estate taxes on November 15, 2023. The majority of personal property taxes represent tax year 2023 due October 5, 2023.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements

Exhibit XII
(Continued)

NOTE 4. RECEIVABLES (Continued)

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also include unearned revenue related to resources that have been received but not yet earned. At the end of FY 2023, unearned revenue in the governmental funds consisted of the following:

	<u>Unavailable</u>	<u>Unearned</u>	<u>Total</u>
Property taxes, net of related allowances	\$ 348,125,613	\$ 9,667,614	\$ 357,793,227
Grant proceeds received prior to completion of eligibility requirements	-	5,444,295	5,444,295
	\$ 348,125,613	\$ 15,111,909	\$ 363,237,522

Deferred Inflows

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Total Deferred Taxes	\$ 348,125,613	\$ 9,667,614
Grants Received Prior to Eligibility		5,444,295
Total Deferred Inflows, Receivables	\$ 348,125,613	\$ 15,111,909

Component Units

Receivables at June 30, 2023, consist of following:

	<u>School Board</u>	<u>Library</u>	<u>Total</u>
Accounts	\$ 350,412	\$ 4,344	\$ 354,756
Intergovernmental	23,659,766	70,289	23,730,055
Total Receivables	\$ 24,010,178	\$ 74,633	\$ 24,084,811

All the component unit receivables are considered to be collectible.

A. Property Taxes

The City levies real estate taxes on all real property on a calendar year basis, at a rate enacted by the City Council on the assessed value of property (except public utility property) as determined by the Real Estate Assessor of the City. The Commonwealth assesses public utility property. Neither the City nor the Commonwealth imposes a limitation on the tax rate. All property is assessed at 100 percent of fair market value and reassessed each year as of January 1. The Real Estate Assessor, by authority of City ordinance, prorates billings for incomplete property as of January 1, but completed during the year.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 4. RECEIVABLES (Continued)

Real estate taxes are billed in equal semi-annual installments due June 15 and November 15. The taxes receivable balance at June 30, 2023, includes amounts not yet received from the January 1, 2023 levy (due June 15 and November 15, 2023), less an allowance for uncollectible amounts. The installment due on November 15, 2023 is included as unavailable revenue since these taxes are restricted for use until FY 2024. Liens are placed on the property on the date real estate taxes become delinquent and must be satisfied prior to the sale or transfer of the property. In addition, any uncollected amounts from previous years' levies are incorporated in the taxes receivable balance. The tax rate was \$1.11 per \$100 of assessed value during calendar year 2022 and 2023.

Personal property tax assessments on tangible business property and all motor vehicles are based on 100 percent of fair value of the property as of January 1 of each year. For a vehicle, the tax may be prorated for the length of time the vehicle has status in the City. Personal property taxes for the calendar year are due on October 5th. The taxes receivable balance at June 30, 2023, includes amounts not yet billed or received from the January 1, 2023 levy (due October 5, 2023). These taxes are included as unearned revenue since these taxes are restricted for use until FY 2024. The tax rate for motor vehicles was \$5.33 per \$100 of assessed value during the calendar years 2022 and 2023. On May 3, 2023, City Council adopted an ordinance to set the real and personal property tax rates for Calendar Year 2023. The FY 2024 Approved Budget was also adopted on May 3, 2023 and included personal property tax relief for all vehicles by providing an assessment ratio of 90% on the assessed value of vehicles. The discount provided a reduction of a vehicle's actual market value by 10 percent for Tax Year 2023 to reflect continued value appreciation due to the pandemic. In total this initiative reduced estimated personal property tax revenue by \$7.7 million in FY 2024. Tax rates during calendar years 2022 and 2023 were \$4.75 for tangible personal property and \$4.50 for machinery and tools per \$100 of assessed value. In addition, any uncollected amounts from prior year levies are incorporated in the taxes receivable balance.

Under the provisions of the Personal Property Tax Relief Act of 1998 (PPTRA), the City billed and collected from the Commonwealth, approximately 32 percent of total personal property tax levy in calendar year 2023. The threshold for vehicles that receive a 100% state car tax subsidy is also increased, shifting this subsidy on vehicles valued from \$1,000 and less to vehicles valued \$5,000 and less. This action is estimated to eliminate the local tax burden on more than 30,000 cars for tax year 2023.

B. Notes Receivable

The gross amount of notes receivable is primarily for the City's housing programs and consisted of the following at June 30, 2023:

Governmental Activities

General Fund	\$ 709,000
Special Revenue Fund	95,197,386
Capital Projects Fund	1,475,000
Less Allowance for Uncollectible Accounts	<u>(94,483,064)</u>
Net Notes Receivable	<u>2,898,321</u>
Amounts due within one year	<u>50,000</u>
Amounts due in more than one year	<u>\$ 2,848,321</u>

The City acquires and maintains all capital assets for the Library. Accordingly, the Library's capital assets are included in the governmental activity's total.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 5. CAPITAL ASSETS (Continued)

Governmental activities capital assets, net of accumulated depreciation and amortization at June 30, 2023, are comprised of the following:

General Capital Assets	\$ 1,207,293,232
Internal Service Fund Capital Assets	5,156,510
Alexandria Transit Company Capital Assets	31,657,229
Right-to-Use Lease Assets	28,673,622
SBITA Assets	382,784
Total	<u>\$ 1,273,163,377</u>

Depreciation and amortization was charged to governmental functions as follows:

General Government	\$ 3,162,160
Judicial Administration	513,115
Public Safety	4,445,552
Public Works	8,257,079
Depreciation of Infrastructure Assets	10,497,066
Health and Welfare	464,779
Transit	5,688,589
Culture and Recreation	2,647,157
Education	12,025,858
Community Development	240,208
Right-to-Use Lease	5,198,092
SBITA	459,881
Total	<u>\$ 53,599,536</u>

Capital outlays are reported as expenditures in the governmental funds; however, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. The adjustment from governmental funds to the government-wide statements is summarized as follows:

Primary Government

City Capital Outlay	\$ 377,147,736
Donated Assets	4,382,945
Depreciation and Amortization Expense	(53,599,536)
Capital Outlay not capitalized	<u>(167,214,718)</u>
Total Adjustment	<u>\$ 160,716,427</u>

Donated assets are comprised of infrastructure assets donated by developers.

In FY 2002, the Virginia Assembly passed a general law to respond to GASB Statement No. 34 that establishes the local option of creating, for financial reporting purposes, a tenancy in common with the local schools when a city or county issues bonds for acquisition, construction, or improvement of public school property. The sole purpose of the law is to allow cities and counties the ability to record school assets and related debt liabilities together. As a result, certain assets purchased with the City's general obligation bonds are now recorded as part of the primary government. According to the law, the tenancy in common ends when the associated obligation is repaid; therefore, the assets will revert to the Alexandria schools when the bonds are repaid. Nothing in the law alters the authority or responsibility of the local schools or control of the assets. All depreciation was charged to education.

Exhibit XII
(Continued)

NOTE 6. RISK MANAGEMENT

The City is exposed to various losses related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the City to retain the risks of losses in those areas where it believes it is more economical to manage its risks internally and account for any claims settlement in the General Fund. Exceptions to the self-insurance program are made when insurance coverage is available and when premiums are cost effective. The City is covered by property/casualty insurance policies on real and personal property and the following liability insurance policies as of June 30, 2023: public entity and public officials' excess liability, medical malpractice liability, voting booths, special events, vacant buildings, volunteer liability, cyber liability, and commercial crime. In addition, the City maintains excess workers' compensation insurance. There were no material reductions in insurance coverage from coverage in the prior fiscal year, nor did settlements exceed coverage for any of the past four fiscal years.

The City is self-insured for workers' compensation claims up to \$1.5 million, and for public officers, public entity, physical damage to vehicles, and vehicle general liability under \$2.0 million and over \$10.0 million.

Self-Insurance

The non-current portion of unpaid workers' compensation claims amounted to approximately \$20.7 million as of June 30, 2023, and is reflected in the government-wide statements. The current portion is recorded as an accrued liability in the General Fund and the government-wide financial statements. In FY 2009, the City became self-insured for one of the two health insurance plans offered to employees. On June 30, 2023, the current portion of employees' health insurance was \$1.6 million which represents an estimate of health insurance claims that have been incurred but not reported and are reported in accrued liabilities. The amount of expenditures did not exceed funds that are available to pay the claims covering a period of four years. Therefore, a long-term liability has not been recorded as of June 30, 2023. Liabilities are reported when it is probable that losses have occurred, and the amounts of the losses can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported to date. Liabilities are determined using a combination of actual claims experience and actuarially determined amounts and include incremental claim adjustment expenses and estimated recoveries. An independent contractor processes claims, and the City records a provision and liability in the government-wide statements and General Fund (current portion only) for an estimate of incurred but not reported claims. Changes in the estimated claims payable for workers' compensation and health insurance during the fiscal years ended June 30, 2023 and 2022 were as follows:

	<u>Workers' Compensation</u>	<u>Health Insurance</u>
July 1, 2021 Liability Balance	\$ 19,947,256	\$ 2,018,431
Claims and Changes in Estimates	3,070,531	22,789,990
Claim Payments	<u>(3,915,735)</u>	<u>(23,095,201)</u>
June 30, 2022 Liability Balance	19,102,052	1,713,220
Claims and Changes in Estimates	5,800,358	21,194,581
Claim Payments	<u>(4,231,788)</u>	<u>(21,314,889)</u>
June 30, 2023 Liability Balance	<u>\$ 20,670,622</u>	<u>\$ 1,592,912</u>

The Health Insurance liability is included in other liabilities.

Insurance Commitment

In addition, the City has established a General Fund self-insurance commitment of \$6.5 million as of June 30, 2023.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements

Exhibit XII
(Continued)

NOTE 6. RISK MANAGEMENT (Continued)

Risk Pools

On March 15, 1986, the City joined the Commonwealth of Virginia's Law Enforcement Liability plan, called VA Risk, on behalf of the Office of the Sheriff. The Division of Risk Management of the Commonwealth's Department of General Services operates VA Risk. The division was created in accordance with Sec. 2.1-526.8:1 of the Code of Virginia, which says that the State shall have the right and duty to defend any suit seeking damages or compensation against the City's officials and employees on account of wrongful acts, even if any of the allegations of the suit are groundless, false, or fraudulent, and may make the investigation and settlement of any claims or suit as deemed expedient. The limits of VA Risk coverage are \$1.0 million per claim. The City retains the risk for all claims in excess of \$1.0 million. Claims have not exceeded coverage in the last four years.

On October 1, 1987, the Alexandria Transit Company joined the Virginia Transit Liability Pool. Commercial companies service the Virginia Transit Liability Pool.

The coverage and limits of the pool's liability to the City are as follows:

Commercial General Liability	\$20 million
Automobile Liability	\$20 million
Uninsured Motorist.....	\$50,000
Automobile Physical Damage	(Actual Cash Value)

Under the provisions of the Virginia Workers' Compensation Act, the Alexandria Transit Company has secured the payment of Virginia compensation benefits and employers' liability coverage with the Virginia Municipal Group Self-Insurance Association (VMGSIA). VMGSIA is a public entity risk pool providing a comprehensive workers' compensation insurance program to Virginia municipalities and other local government entities. In addition to insurance coverage, the program provides risk management services with emphasis on loss control and claims administration. The Alexandria Transit Company pays an annual premium to VMGSIA for workers' compensation coverage. VMGSIA is self-sustaining through member premiums and will reinsure for claims in excess of \$5.0 million. Each member's premium is determined through an actuarial analysis based upon the individual member's experience and number of employees. In FY 2023, the Alexandria Transit Company paid an annual premium of \$0.3 million for participation in this pool.

Line of Duty Act (LODA) Pension, OPEB, Health, and Disability/Life Insurance Benefits

The City provides pension, health, and disability/life insurance benefits to the beneficiaries of certain law enforcement and rescue personnel disabled or killed in the line of duty. Benefit provisions and eligibility requirements are established by Title 9.1 Chapter 4 of the Code of Virginia.

In accordance with the State Code, LODA retirees elect a plan administered through the Virginia Department of Human Resources (DHRM). The City pays the DHRM the premiums for covered retirees, spouses, and widows. In FY 2021, the City contributed to the OPEB trust fund for Line of Duty Act benefits. In fiscal year 2023, an actuarial valuation was issued for Line of Duty Act benefits (see Note 16 OPEB). According to the December 31, 2022, actuarial valuation, 723 active employees were eligible for Line of Duty Act pension/health benefits. As of June 30, 2023, 92 beneficiaries were receiving Line of Duty Act health benefits. During FY 2023, Line of Duty Act premium payments for the recipients amounted to \$1.6 million.

NOTE 6. RISK MANAGEMENT (Continued)

Component Units

The School Board carries commercial insurance for all risks of loss including property, theft, auto liability, physical damage, and general liability insurance through the Virginia Municipal League. Settled claims resulting from these risks have not exceeded commercial reinsurance coverage for the past three years. There were no material reductions in insurance coverage from coverage in the prior fiscal year nor did settlements exceed coverage for any of the past three fiscal years. The School Board also carries catastrophic medical insurance for Virginia High School League Student participants.

The Library carries commercial insurance with the Virginia Municipal League for all risks of loss including property insurance, theft, auto liability, physical damage, and general liability insurances. There were no material reductions in insurance coverage from coverage in the prior fiscal year, nor did settlements exceed coverage for any of the past four fiscal years.

NOTE 7. LEASES

Leases Payable

For the year ended June 30, 2023, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective for this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Easements

On April 1, 2023, the City entered into a 60-month lease as lessee with Hornblower City Cruise/Water Taxi. An initial lease liability was recorded in the amount of \$1,071,674. As of 06/30/2023, the value of the lease liability is \$1,025,245. The City is required to make annual fixed payments of \$16,906. The lease has an interest rate of 2.457%. The value of the right to use asset as of June 30, 2023 of \$1,071,674 with accumulated amortization of \$52,821 is included with Easements on the Lease Class activities table found below.

Buildings

On or before June 30, 2023, the City entered into leases from 15 - 180 months as lessee for the use of various buildings. Initial lease liability was recorded in the amount of \$36,540,196. As of 06/30/2023, the value of the lease liability is \$27,749,582. The City is required to make monthly fixed payments ranging from \$1,435 to \$149,410. The leases have interest rates ranging from .237% to 2.19%. The buildings estimated useful life was up to 360 months as of the contract commencement. The value of the right to use assets as of 06/30/2023 of \$33,463,857 with accumulated amortization of \$7,001,199 is included with Buildings on the Lease Class activities table found below.

Equipment

On or before June 30, 2023, the City entered into leases from 14 - 68 months as lessee for the use of office equipment. An initial lease liability was recorded in the amount of \$381,885. As of 06/30/2023, the value of the lease liability is \$258,800. The City is required to make monthly fixed payments ranging from \$250 to \$2,472. The leases have interest rates ranging from .237% to 2.54%. The equipment estimated useful life was up to 60 months as of the contract commencement. The value of the right to use assets as of 06/30/2023 of \$442,425 with accumulated amortization of \$197,741 is included with Equipment on the Lease Class activities table found below.

Land

Before June 30, 2023, the City entered into leases from 51 - 90 months as lessee for the use of land. An initial lease liability was recorded in the amount of \$761,213. As of 06/30/2023, the value of the lease liability is \$467,349. The City is required to make monthly fixed payments ranging from \$3,447 to \$9,290. The leases have interest rates ranging from .814% to 1.372%. The land estimated useful life was up to 90 months as of the contract commencement. The value of the right to use asset as of June 30, 2023 of \$761,213 with accumulated amortization of \$298,057 is included with Land on the Lease Class activities table found below.

Infrastructure

Before June 30, 2023, the City entered into a 190-month lease as lessee for the use of the N. Hampton & King Site. An initial lease liability was recorded in the amount of \$346,191. As of 06/30/2023, the value of the lease liability is \$311,332. The City is required to make annual fixed payments of \$23,386. The lease has an interest rate of 1.9420%. The estimated useful life of the infrastructure site was 190 months as of the contract commencement. The value of the right to use asset as of June 30, 2023 of \$346,191 with accumulated amortization of \$43,569 is included

2029 - 2033	13,440,884	766,763	14,207,647
2034 - 2037	1,980,704	56,523	2,037,227
	\$ 29,812,308	\$ 2,745,820	\$ 32,558,128

Leases Receivable

Buildings

On or before June 30, 2023, the City entered into leases ranging from 20 to 180-month leases as Lessor for the use of various buildings. An initial lease receivable was recorded in the amount of \$6,997,977. As of June 30, 2023, the value of the lease receivable is \$6,185,386. The lessees are required to make monthly fixed payments ranging from \$1,288 to \$28,098. The leases have an interest rate ranging from .237% to 2.89%. The Buildings estimated useful life was up to 180 months as of the contract commencement. The value of the deferred inflow of resources as of 06/30/2023 was \$6,047,294, and City of Alexandria recognized lease revenue of \$664,163 during the fiscal year.

Land

On or before June 30, 2023, the City entered into leases ranging from 62 to 768-month leases as Lessor for the use of various parcels of land. An initial lease receivable was recorded in the amount of \$7,011,808. As of June 30, 2023, the value of the lease receivable is \$6,293,138. The lessees are required to make monthly fixed payments ranging from \$300 to \$20,081. The leases have an interest rate ranging from .98% to 2.449%. The Land estimated useful life was up to 768 months as of the contract commencement. The value of the deferred inflow of resources as of 06/30/2023 was \$6,251,527, and City of Alexandria recognized lease revenue of \$326,249 during the fiscal year.

Infrastructure

Before June 30, 2023, the City entered into leases ranging from 170 to 232-month leases as Lessor for the use of various infrastructure sites in Alexandria. An initial lease receivable was recorded in the amount of \$1,174,742. During the year the City entered into additional lease for 96 months. As of June 30, 2023, the value of the lease receivable is \$2,303,773. The lessees are required to make monthly fixed payments ranging from \$2,744 to \$14,250. The leases have an interest rate ranging from 1.803% to 2.19%. The infrastructure sites have an estimated useful life

	\$	15,426,349	\$	3,462,632	\$	18,888,981

Primary Government – Governmental Activities

Long-term liabilities applicable to the City’s governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

All liabilities – both current and long-term – are reported in the Statement of Net Position. The adjustment from modified accrual to full accrual as it relates to leases is as follows:

Balances at June 30, 2023:

Long term Lease Liability for right to use assets	\$	(29,812,308)		
Intangible right to use assets		36,053,663		
Amortization		(7,380,041)		
Lessee adjustment			\$	(1,138,687)
Lease receivable for right to use assets		15,426,349		
Deferred inflow for right to use assets		(15,163,752)		
Lessor adjustment				262,597
Net Lease adjustment			\$	(876,090)

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements

Exhibit XII
(Continued)

NOTE 8. COMMITMENTS AND CONTINGENCIES

A. Washington Metropolitan Area Transit Authority

The City's commitments to WMATA are comprised of agreements to make capital contributions for construction of the rail transit system, contributions for replacement and improvement of rail and bus equipment, and payments of operating subsidies for both the rail and bus systems.

The City and other participating jurisdictions have entered into a series of capital contribution agreements with WMATA to fund the local share of the cost of the regional Metrorail transit system. The City's commitments are summarized as follows:

1. Capital contributions - Bus and Rail Replacement

In June 2021, a new six-year Capital Funding Agreement was signed by all members of the WMATA Compact after a series of one-year extensions of the 2010 six-year agreement. That funding agreement did not assume an increase of \$150 million per year of new federal funds beyond FY 2022 but did assume approximately \$50 million each from the Commonwealth of Virginia, the State of Maryland, and the District of Columbia. The new agreement totaled \$13.6 billion over the six-year period, and \$2.1 billion was projected to be funded by the federal government. The participating jurisdictions' financial obligations, per the Regional Capital Funding Agreement, are subject to individual jurisdictional annual appropriation consideration. The dollar amount of the FY 2024 contribution is \$13.4 million, compared to the FY 2023 contribution for Alexandria, which was \$13 million. The Virginia 2018 dedicated funding legislation also requires that local jurisdictions pay a match to the state dedicated funding. In FY 2024, this amount was \$4.1 million, in addition to the allocation specified in the CFA.

2. Operating subsidies - Bus and Rail Systems

During FY 2023, obligations for bus and rail subsidies amounted to \$56.6 million. The City paid these obligations from the following sources:

City General Fund	\$15.9
Transportation Improvement Program (TIP)	\$1.7
State Aid and State Motor Fuel Sales Tax revenues	\$37.5
NVTA 30%	\$1.7
TOTAL (millions)	\$56.6

B. Northern Virginia Transportation District Bonds

In November 1999, the City signed an agreement with the Commonwealth Transportation Board to provide \$256,070 annually (subject to appropriation) to finance certain Northern Virginia Transportation District Bond projects benefiting the City and other jurisdictions in Northern Virginia. The FY 2023 payment of \$256,070 was made from the proceeds from the telecommunications taxes received by the City's General Fund.

C. Waste-To-Energy Facility

The City has a waste disposal commitment to the Waste-to-Energy Facility (the "Facility"), which is owned and operated by a private corporation (the "Corporation"). The commitment, which is joint with Arlington County, Virginia (the "County"), is based on a combined volume of solid waste the City and the County expect to collect. The Facility charges the City and the County fees on each ton based on a waste disposal agreement and contracts separately with private haulers for additional waste. It is expected that the City and the County will be able to continue to meet their minimum requirement for annual tonnage of 46,000 to 66,000 tons per year. The City and the County can adjust the tonnage thresholds annually if it appears the annual tonnage is approaching a minimum or maximum threshold.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)

The construction of the Facility was originally financed with revenue bonds issued by the Alexandria Industrial Development Authority in 1984. The Arlington Solid Waste Authority, together with the Alexandria Sanitation Authority (the "Authorities") and the Corporation, refinanced these bonds in July 1998 to achieve debt service savings. Additionally, the Authorities issued new bonds in November 1998 to finance the retrofit of the Facility to meet Clear Air Act requirements. This retrofit was completed by November 9, 2000 in advance of the EPA deadline of December 19, 2000. The retrofit assets continue to be owned by the Authorities. Upon the maturity of the bond in January 2008, the ownership of the plant (but not the land it sits on, which is jointly owned by Alexandria and Arlington) was passed to the Corporation.

Acceptance testing on each unit was completed in November 2000, and the Lease agreement between the Authorities and the Corporation took effect in January 2001. The lease and the promissory note were removed from the City records and are now considered a part of the plant.

By December 2012, all the related revenue bond debt service had been paid in full. A new Facilities Monitoring Group ("FMG") was established, and a new trust fund was set up to fund FMG'S activities. It is funded entirely by contributions from the County (60%) and the City (40%). The FMG budget for FY 2023 was \$118,000 and according to the interjurisdictional agreement the City's contribution was \$47,200. The operating costs of the Facility are paid primarily through tipping fees. The City paid \$987,112 in tipping fees in FY 2023 and is anticipating a similar cost in FY 2024.

D. Federal and State Sanitary and Stormwater Requirements

The City is facing increased state and federal regulatory mandates associated with sanitary sewer and stormwater management requirements to protect and enhance the water quality in our local streams, the Potomac River, and the Chesapeake Bay. For Alexandria, this means approximately \$615 million in investments to its combined sewer through 2025, as well as investing between \$65 million to \$100 million to for the implementation and maintenance of stormwater infrastructure over the next decade.

Because of state and federal regulations mandating the improvement of Chesapeake Bay water quality for the six states and the District of Columbia that comprise the Bay's watershed, municipalities must make significant capital investments in stormwater management infrastructure. Virginia municipalities in the Bay watershed that are regulated by a municipal separate storm sewer system (MS4) permit that urban stormwater discharges must achieve increasing pollution reduction goals enforced through three 5-year MS4 permit cycles. Accordingly, the City was required to achieve 5 percent of the pollution reduction targets during the 2013 – 2018 permit, with an additional 35% (40% total) required by the end of the current 2018-2023 MS4 permit, and the remaining 60% (100% total) on or before the end of the 2023 – 2028 MS4 permit as part of the Stormwater Management Program. The estimated cost of Stormwater Management Program infrastructure improvements over this period is between \$50 million and \$75 million. Additionally, the region and the City have experienced unprecedented intense rainfall events that are occurring more frequently and creating urban and flash flooding that threatens homes and businesses, causing damages to structures and endangering lives. Effective January 1, 2018, the City Council adopted a Stormwater Utility Fee as a dedicated funding source to perform operations and maintenance of existing and new stormwater management infrastructure, and to provide cash capital and funding of debt service to implement new stormwater management infrastructure improvements to meet the state and federal mandates in the MS4 permit and to mitigate the occurrence and impacts of flooding from more frequent and intense storm events. Collection of this fee began in Calendar Year 2018, with the typical single-family home billed approximately \$140 per year.

The City also maintains a wastewater collection system serving residents and businesses that comprises of approximately 240 miles of sewers. Alexandria Renew Enterprises, an independent governmental authority, provides wastewater treatment services to most of the City and to a portion of southern Fairfax County. The current Alexandria Renew Enterprises treatment facility has a treatment capacity of 54 million gallons per day ("MGD"), of which 60 percent is allocated to Fairfax County and 40 percent to the City. Based on City new development build-out

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)

projections, the City's allocated capacity is projected to be approaching full utilization by about 2040. Based on these projections, an additional 4 MGD capacity will be needed beyond 2040. To provide this additional capacity for the City, alternatives need to be evaluated that may include purchasing a portion of Fairfax County's capacity at the plant and/or implementing plant systems upgrades.

In addition to federal mandates concerning the Chesapeake Bay, the 2017 Virginia General Assembly (CSO) Combined Sewer Outflow Law (CSO Law) required the City to accelerate its efforts to address combined sewer discharges from all four outfalls in the City. The CSO system in Old Town currently comprises approximately 540 acres of the approximate 10,000 acres of land in the City. The CSO Law mandated construction for each outfall be completed no later than July 1, 2025. On April 14, 2018, City Council adopted a new Long Term Control Plan Update ("LTCPU") also known as the RiverRenew program. The LTCPU was developed as a partnership between the City and Alexandria Renew Enterprises, which allowed for the leveraging of both the City's and Alexandria Renew Enterprises' experience and abilities. The City Council also authorized the transfer of Combined Sewer Outfalls to Alexandria Renew Enterprises. Accordingly, the Outfall Transfer Agreement was executed and combined sewer outfalls were transferred to Alexandria Renew Enterprises effective July 1, 2018.

The RiverRenew program led by Alexandria Renew Enterprises is anticipated to cost \$615 million with the goal of reducing overflows from the Combined Sewer System from an average of about 70 events to less than 4 per year. The outfall transfer allows Alexandria Renew Enterprises to own all the combined sewer outfalls and then finance and contract to own the proposed River Renew project, consisting of a unified tunnel and dual use wet weather treatment infrastructure. Alexandria Renew Enterprises is debt financing this CSO project and will increase its user rates to repay bonds issued for the CSO project. The City continues to coordinate with Alexandria Renew Enterprises on wet weather flow management mitigation initiatives, such as the City's infiltration and inflow program, and RiverRenew program.

E. Landmark Mall Redevelopment

In December 2020, the City, Inova Health Care Services (Inova) and a joint venture that includes Foulger-Pratt, Howard Hughes Corporation and Seritage (FP Joint Venture, now Landmark Land Holdings, LLC, Developer) announced a partnership to redevelop the 51-acre Landmark Mall site into a mixed-use town-center type development with new regional Level II Trauma Center Hospital, Cancer Center and at least one medical office building. In total, the plan will encompass 5.6 million (FAR) square feet of new development. For the City, the Landmark total redevelopment, including the impact of moving Inova from its current site, is expected to generate \$1.15 billion in tax revenue over a 30-year period and create a town center for the West End of the City.

The proposed development is expected to transform the unoccupied, enclosed mall site into a mixed-use, walkable urban village. Inova, the leading nonprofit health care provider in Northern Virginia, is expected to invest an estimated \$1 billion to create a new medical campus, anchored by the relocation and expansion of its Alexandria Hospital and more than 2,000 health care workers. Development plans on the balance of the site include residential, retail, commercial, and entertainment offerings integrated into a cohesive neighborhood with a central plaza, a network of parks and public spaces, and a transit hub serving bus rapid transit (BRT), DASH, and Metrobus. Affordable and workforce housing is expected to be enhanced through Developer contributions and co-location with community facilities such as a new Alexandria Fire-EMS station to replace the outdated nearby Station 208.

Excluding the cost of financing, the transaction involves \$177.6 million in direct public participation comprising (1) a \$123.6 million investment in infrastructure improvements at and adjacent to the site (plus capitalized interest) to be funded through a plan of synthetic tax increment financing backstopped by special assessments imposed on the property within a Community Development Authority district, and (2) a \$54 million purchase of land and parking space rights for the hospital site by the IDA, which will then lease the land and associated parking easements to Inova.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)

F. Opioid Settlement

On August 20, 2021, the Commonwealth of Virginia and its localities entered and signed the Virginia Opioid Abatement Fund and Settlement Allocation Memorandum of Understanding. These actions result in an exchange transaction for the FY2022 reporting period, thus creating an event that results in a revenue accrual. Over a period of 18 years, the City is projected to receive \$1,420,614. As of June 30, 2023, the City has received \$346,375, leaving a remaining balance receivable of \$1,074,239.

G. Litigation

The City is contingently liable with respect to lawsuits and other claims that arise in the ordinary course of its operations. It is the opinion of City management and the City Attorney that any loss not covered by insurance reserves or fund balance commitments that may ultimately be incurred as a result of the suits and claims will not be material and thus will not have a substantial financial impact.

CITY OF ALEXANDRIA, VIRGINIA

NOTE 9. LONG-TERM DEBT

General Obligation Bonds - The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds are subject to the provisions of the Internal Revenue Code of 1986 related to arbitrage and interest income tax regulations under those provisions. As of June 30, 2023, the City's estimated arbitrage rebate and yield liability was \$1,575,217. General obligation bonds outstanding as of June 30, 2023, are comprised of the following individual issues:

1.	\$143.4 million General Obligation Capital Improvement Bonds of 2023, installments ranging from \$1.4 million to \$6.9 through 2052, bearing interest rates ranging from 4.0 to 5.0 percent payable semiannually on June 15 and December 15, and maturing on December 15, 2052. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after December 15, 2032.	\$	143,385,000
2.	\$50 million General Obligation Capital Improvement Bonds of 2022, installments of \$3.3 through 2037, bearing interest rate of 2.82 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2037. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 15, 2029.		50,000,000
3	\$143.1 million General Obligation Capital Improvement Bonds of 2021, installments ranging from \$3 million to \$7.9 million through 2041, bearing interest rates ranging from 1.75 percent to 5.0 percent payable semiannually on June 15 and December 15, and maturing on December 15, 2041. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after December 15, 2031.		140,135,000
4.	\$11.7 million General Obligation Refunding Bond of 2021(Federally Taxable), installments ranging from \$0.09 million to \$1.95 million through 2034, bearing interest rates ranging from 1.7 to 2.0 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2022. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after June 15, 2031.		11,695,000
5.	\$49.8 million General Obligation Refunding Bond of 2020, installments ranging from \$0.39 million to \$9.99 million through 2033, bearing interest rates ranging from 0.45 to 1.95 percent payable semiannually on June 15 and December 15 and maturing on June 15, 2033. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after June 15, 2030.		40,460,000

2027.....	56,032,000	25,777,871
2028.....	58,339,000	23,306,960
2029-2033.....	256,094,000	84,594,485
2034-2038.....	182,185,000	47,577,364
2039-2053.....	216,750,000	38,888,361
	<u>\$ 946,057,000</u>	<u>\$ 312,237,085</u>

The General Fund meets debt service requirements for general obligation bonds. The City retains the liability for the portion of general obligation bonds issued to fund capital projects of the Schols.

Legal Debt Margin - The City has no overlapping debt with other jurisdictions. As of June 30, 2023, the City had a legal debt limit of \$4.83 billion and a debt margin of \$3.89 billion:

Assessed Taxable Value of Real Property, January 1, 2023	\$48,332,631,187
Constitution Debt Limit (10% of Assessed Taxable Value)	4,833,263,119
Outstanding General Obligation Indebtedness as of June 30, 2023	
Governmental Activities – General Obligation Debt	<u>946,057,000</u>
Net Indebtedness subject to debt limit	<u>\$ 946,057,000</u>
Legal Debt Margin Remaining	\$3,887,206,119
Percentage of net debt margin available	80.4%

Unissued Bonds - Bond authorizations expire three years from the effective date of the respective bond ordinances. Authorization of bonds, bonds issued and expired during the fiscal year ended June 30, 2023, are summarized below:

	Authorized and Unissued July 1, 2022	Authorized	Issued	Expired	Authorized and Unissued June 30, 2023
General Obligation Bonds	\$696,565,000	\$196,000,000	\$143,385,000	\$0.00	\$749,180,000

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements

NOTE 9. LONG-TERM DEBT (Continued)

On December 8, 2022, the City Council issued \$143.4 million in General Obligation Capital Improvement Bonds. The \$143.4 million Capital Improvement bonds were issued with an original premium of \$14.8 million and a true interest cost of 3.47 percent.

The City has not issued any revenue anticipation notes at any time for the past two decades. On June 15, 2023, the city secured a line of credit totaling \$100 million to assist with cash flow and short-term financing of the capital improvement plan.

Changes in Long-Term Liabilities - Changes in the total long-term liabilities during the fiscal year ended June 30, 2023, are summarized below. In general, the City uses the General Fund to liquidate long-term liabilities.

	Balance			Balance		Amounts Due Within One Year
	July 1, 2022	Additions	Reductions	June 30, 2023		
General Obligation Bonds	\$ 852,606,000	\$ 143,385,000	\$ 49,934,000	\$ 946,057,000	\$ 49,934,000	
Bond Premium	97,841,653	14,798,520	7,138,760	105,501,413	7,138,760

Total	<u>\$ 1,187,679,057</u>	<u>\$ 228,351,484</u>	<u>\$ 91,270,970</u>	<u>\$ 1,324,759,571</u>	<u>\$ 68,021,827</u>	

Primary Government – Governmental Activities

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

All liabilities – both current and long-term – are reported in the Statement of Net Position. The adjustment from modified accrual to full accrual is as follows:

Balances at June 30, 2023:

Long-term liabilities (detail above)	\$ 1,324,759,571
Accrued interest payable	<u>682,592</u>
Reconciling items to Governmental Funds	<u>\$ 1,325,442,163</u>

NOTE 9. LONG-TERM DEBT (Continued)

Reconciliation to statement of Net Position and Statement of Activities

Reconciliation to Statement of Activities

Under the modified accrual basis of accounting used in the fund financial statements for the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the government-wide statement of activities, however, which is presented on the accrual basis, expenses are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. This adjustment from modified accrual to full accrual is composed of the following items:

Compensated absences	\$	218,853
Workers compensation		1,568,570
Discount and interest		7,659,760
Accrued interest on bonds		(411,793)
Net Adjustment	<u>\$</u>	<u>9,035,390</u>

The adjustment from modified accrual basis to full accrual for pension and OPEB is comprised of pension expense net of pension contributions and OPEB expense net of OPEB contributions.

Refunding Bonds

Prior-year Defeasance of Debt

In prior years, the City defeased certain general obligations and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. On June 30, 2023, \$16,195,000 of bonds outstanding were considered defeased.

NOTE 10. INTERFUND BALANCES AND COMPONENT UNIT TRANSACTIONS

Primary government transfer activities include:

Transfers from the General Fund to the Special Revenue Fund represent City funds required to match grant programs resources and taxes collected for affordable housing projects and to fund transportation agreements. In addition, the City transferred \$0.01 million in capital assets to Alexandria Transit in FY 2023.

Special Revenue funds are transferred to other funds for capital and equipment purchases as determined by the terms of the grant agreements.

Transfers from the General Fund to the Capital Projects fund represent the City’s budgeted pay-as-you-go funding of capital projects.

Transfers from Special Revenue funds to Capital Projects represent grants received for capital-related expenditures.

This balance represents timing differences related to accounts receivable.

Interfund transfers and transactions for the year ended June 30, 2023, consisted of the following:

Transfers:	General	Special Revenue	Capital Projects	Total
Primary Government				
General Fund	\$ -	\$ 13,501,815	\$ 731,949	\$ 14,233,764
Special Revenue	64,972,983.00	24,120,276	-	89,093,259
Capital Projects	67,881,807	14,294,333	-	82,176,140
Alexandria Transit	26,968,031	-	-	26,968,031
Total Transfers Out	159,822,821	51,916,424	731,949	212,471,194

Transactions with the component units represent budgeted subsidies for the school and library operations and capital projects.

Component unit transfers and transactions for the year ended June 30, 2023, consisted of the following:

Component Units				
Schools	\$ 248,737,300	\$ -	\$ 11,337,290	\$ 260,074,590
Library	8,149,962	-	-	8,149,962

NOTE 11. GRANTS

The City receives financial assistance from numerous federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and a condition specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed disbursements resulting from such audits could become a liability of the City. In the opinion of City management, no material refunds will be required as a result of unallowed disbursements (if any), by the grantor agencies.

NOTE 12. INTERGOVERNMENTAL REVENUES

Intergovernmental revenues for the City and its component units totaled \$256.3 million in FY 2023. Sources of these revenues were as follows:

GOVERNMENTAL FUNDS	
Federal Government	\$ 55,529,336
Commonwealth of Virginia	92,447,822
Total Primary Government	<u>147,977,158</u>

NOTE 14. JOINT VENTURES

A joint venture is a legal entity or other organization that results from a contractual arrangement and is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain: (1) an ongoing financial interest or (2) an ongoing financial responsibility.

A. Northern Virginia Criminal Justice Academy

The City participates in a joint venture with the Counties of Arlington and Loudoun and the Cities of Fairfax, Falls Church, Manassas, and Manassas Park to provide training for sworn law enforcement and correctional officers to satisfy requirements mandated by the Commonwealth of Virginia. The Industrial Development Authority of Loudoun County, Virginia issued \$6.6 million in Northern Virginia Criminal Justice Academy Lease Revenue Bonds, Series 1993, to finance the acquisition, renovation, and equipment of the Academy Training Center. The City and the Counties of Arlington and Loudoun have entered into a lease with the Industrial Development Authority of Loudoun County. The City maintains an equity interest only in the land and building of the Academy (located at 45299 Research Pl in Ashburn, VA), which is reflected in the City's Statement of Net Position. The City does not maintain an equity interest in the Academy's operations. This lease was paid in full in FY 2007. A new debt of \$18.7 million was issued in FY 2007. The City does not have an equity interest associated with this debt. In addition, the City pays the Northern Virginia Criminal Justice Academy for operating costs based on the pro-rata share of officers trained. In FY 2023, the City paid \$0.7 million for operating costs.

Financial statements for the Academy may be obtained at Northern Virginia Criminal Justice Academy, 45299 Research Place, Ashburn, Virginia 22011-2600.

B. Northern Virginia Juvenile Detention Home

The City participates in a joint venture with Arlington County and the City of Falls Church to operate a regional juvenile detention home. In July 1993, the City agreed to fund 55.3 percent of the construction costs of a new facility. The final construction payments were made in FY 1995. In addition, the City pays part of the Northern Virginia Juvenile Detention Home's operating costs based on the number of beds utilized by Alexandria residents. These payments totaled \$0.9 million in FY 2023.

The City does not maintain an equity interest in the detention home. Complete separate financial statements for this operation may be obtained from Northern Virginia Juvenile Detention Home, 200 South Whiting Street, Alexandria, Virginia 22304.

C. Washington Metropolitan Area Transit Authority

As discussed in Note 8, the City participates in a joint venture with other local jurisdictions to share in the cost of a regional transportation system. The City does not maintain an equity interest in WMATA. Complete financial statements of WMATA may be obtained from WMATA, 600 5th Street, N.W., Washington, DC 20001.

D. Virginia Railway Express (VRE)

In July 2014, the City entered an amended agreement with the Northern Virginia Transportation Commission (NVTC), the Potomac and Rappahannock Transportation Commission (PRTC), and several jurisdictions in Northern Virginia to provide commuter rail services. The commuter rail service is known as Virginia Railway Express (VRE). In fiscal year 2023, the City made payments of \$0.1 million to VRE.

NOTE 15. RELATED PARTY TRANSACTIONS

Related parties include, but are not limited to, members of the governing board, administrative boards or commissions, administrative officials and their immediate families, component units and joint ventures, and affiliated or related organizations that are not included as part of the financial reporting entity, and transactions with related parties are defined.

A. Alexandria Housing Development Corporation (AHDC)

AHDC is an affordable housing provider.

The Station at Potomac Yard

The City established a related party agreement for The Station at Potomac Yard Apartments project in 2008. This project was developed via a joint venture with a local non-profit housing group, AHDC, and Pulte Homebuilders. None of these related entities are active and plans are to dissolve the limited liability corporation (LLC) that was formed for the project. Due to warranty/liability issues, the LLC was required to be maintained for several years after construction was completed in 2009 and is operational and occupied.

The Bloom (Carpenter Shelter Project)

In December 2016, the City Council approved a loan in the amount of \$7.1 million for AHDC's Bloom project. In June 2018, the project was awarded LIHTC credits by VHDA. On September 11, 2018, City Council approved additional loan funds in the amount of \$1.7 million for the project. The project is scheduled to be completed in November 2020 and is operational and occupied.

B. Arlington Housing Corporation, Inc (AHC)

AHC is an affordable housing provider.

East Reed LLC (ERLLC)

In February 2013, the City of Alexandria created a special purpose entity, ERLLC, to enter a public-private partnership arrangement with nonprofit housing developer, AHC, to develop 78 units of affordable housing. The project was completed in 2014 and is operational and occupied. The City assessed the agreement and determined that the agreement does not meet the requirements of GASB 94: Public-Private Partnership

St. James Plaza

On January 24, 2015, City Council approved a loan in the amount of \$5.7 million for the AHC St James Plaza project. In June 2015, the project was awarded LIHTC credits by VHDA. The project was completed in 2018 and is operational and occupied.

Church of Resurrection

On January 20, 2018, the City Council approved a loan in the amount of \$9.0 million for the AHC Church of the Resurrection project. In June 2018, the project was awarded LIHTC credits by VHDA. On April 23, 2019 City Council approved an additional \$0.9 million. The City has distributed \$0.4 million in predevelopment funds previously and closed on the full loan in FY 2019 with all funds now disbursed. The project was completed in Spring 2021 and is operational and occupied.

C. Alexandria Redevelopment and Housing Authority (ARHA)

ARHA is a public agency established under the Housing Authority Law, Chapter 1 Title 36 of the Code of Virginia of 1938. The agency develops a variety of housing projects around the City.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 15. RELATED PARTY TRANSACTIONS (Continued)

Ramsey Homes

On May 22, 2018, the City Council approved a loan in the amount of \$3.6 million for ARHA's Ramsey Homes project. In June 2017, the project was awarded LIHTC credits by VHDA. On October 22, 2019, the City Council approved additional loan funds in the amount of \$1.4 million for ARHA's Ramsey Home project. The project was completed in the Spring of 2021 and is operational and occupied.

D. Wesley Housing Development Corporation (Wesley)

Wesley is an affordable housing provider.

The Waypoint

On November 17, 2018, the City Council approved a loan in the amount of \$7.65 million for the Wesley Waypoint project. In June 2019, the project was awarded LIHTC credits by VHDA. The City has distributed \$0.4 million in predevelopment funds previously and closed on the full loan in FY 2021 with all funds now disbursed. The project was completed in September of 2022.

E. Alexandria Economic Development Partnership (AEDP)

699 Prince Street

As proposed, the six-story building at 699 Prince St. will be converted into a 134-room hotel with 30,000 square feet of restaurant, meeting and retail space. Construction has begun, with completion expected in Spring 2024.

The creation of the project ordinance allows the 699 Prince Street catalyst project to participate in the State's Tourism Development Finance Program. The proposed project must qualify to generate Virginia and City of Alexandria sales and use tax, such as lodging, dining, meeting space rental and catering, and limited, project-specific retail, to invest in the City within a designated Tourism Zone.

For the City, the 699 Prince Street redevelopment is estimated to generate \$42.9 million incremental tax revenue over a 20-year period. After deducting the 1% sales and use tax of almost \$2.3 million, and \$3 million for estimated city services, the net gain for the City is \$37.6 million over a 20-year period.

F. Landmark Community Development Authority (CDA)

At its July 6, 2021, meeting, the Alexandria City Council unanimously approved the redevelopment agreements for the site of the former Landmark Mall, which will result in up to approximately four million square feet of new development. The project will be anchored by the relocation and expansion of Inova's new state-of-the-art Alexandria Hospital bringing more than 2,000 health care workers to the medical campus. This transformational project (led by developer Foulger-Pratt) was recently named by the Washington Business Journal as the 2020 Real Estate Deal of the Year.

To facilitate the redevelopment of the Landmark site, the transaction includes investment of (a) \$54 million in public bond funds to acquire land to lease to Inova for the proposed hospital and related medical facilities, and (b) \$86 million in public bond funds for Landmark site preparation and infrastructure costs. By investing public funds (which has been contemplated as far back as 2004), the City would accelerate the revitalization of Alexandria's West End.

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

PRIMARY GOVERNMENT

In 1989 City Council voted to establish three classes of post-employment health care benefits to supplement the increasing health care costs for City retirees. The three classes are as follows: (a) Full Time City employees who are eligible to retire under the Virginia Retirement System and City Supplemental Retirement Plan; (b) Fire and Police employees who are eligible to retire under the current defined benefit pension plan; and (c) Fire and police employees who retired and were eligible for normal retirement with 20 years of service under the old defined contribution retirement income plan and the retirees under the old defined benefit pension. In addition, spouses of deceased retirees are also eligible to receive benefits under this provision. The Other Postemployment benefits (OPEB) plan is a single-employer plan.

Full-time employees who retire under a primary City-sponsored retirement plan may continue to participate in a City-sponsored health insurance plan as a retiree. The City also offers a reimbursement program that is based on the actual cost of the retiree's monthly health care premium up to a maximum amount determined by the City Council. Eligibility is contingent upon the retiree providing proof of participation and payment to a health insurance plan. In FY23, 370 retirees participated in the reimbursement program. The maximum monthly amount an eligible retiree or a surviving spouse may receive is \$260. The City Council has authority to establish or amend the provisions. In FY23, the City contributed on a "pay-as-you-go" basis at the rate of up to \$260 per month for each retiree, for a total annual contribution of \$6.8 million. Employees hired after June 30, 2008, have their retirees' health benefits prorated based on the length of service.

In addition to the healthcare benefits, the City pays for basic life insurance to regular full-time employees hired prior to July 1, 2009, at no cost to the employee. At retirement, full-time regular employees hired before July 1, 2009, are eligible for basic life insurance at two times their salary as of the last January 1st rounded up to the nearest \$1,000, with applicable reductions after age 65. On January 1, following the 65th birthday, the basic life insurance amount is reduced by 25 percent and then by 10 percent each year until the 70th birthday. The ultimate insurance amount is 25 percent of the salary.

The City follows the guidance in Statements No. 74 and 75 of the Governmental Accounting Standards Board (GASB), Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions.

The City does not issue a stand-alone financial report for the OPEB Trust Fund. The financial statements and required supplementary information are included in the City's Annual Comprehensive Financial Report.

Plan Administration

The City's OPEB Plan, which includes the Line of Duty Act benefits (LODA), is one plan and is overseen by the OPEB Plan Board. The board must be comprised of at least three members including the Chief Financial Officer, the City Finance Director, or City Manager Designee, and at least one other member who is a citizen of the Commonwealth with "proven integrity, business ability, and demonstrated experience in cash management and in investments." The citizen is nominated by the City Manager and approved by City Council. The City OPEB Board adopts a realistic actuarial rate of return for the Plan and recommends the level of contributions needed to keep the Plan financially sound. City Council approves the contribution level.

Method Used to Value Investments

Investments are valued at fair value. The City does not have any OPEB investments, other than U.S. Government and U.S. Government guaranteed obligations, in any one organization that represents five percent or more of the net assets held in trust for OPEB investments.

CITY OF ALEXANDRIA, VIRGINIA

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Investment Policy

The City OPEB Plan has two components: cash payments for Medical Insurance and Life Insurance. The objective of the Medical Insurance and Life Insurance components is to preserve actuarial soundness to meet contractual benefit obligations. In striving to attain these objectives, the Plan will be managed in a manner consistent with three fiduciary standards. First, all transactions shall be made in the sole interest of the participants and their beneficiaries. Second, that all investments shall be made with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in an expert-like capacity and familiar with such matters would use. Third, that all entities dealing with the plan are required to disclose conflicts of interest as soon as they become apparent. The following was the City's asset allocation as of June 30, 2023.

<u>Asset Class</u>	<u>Target Allocation</u>
Large Cap Growth	10.0%
Large Cap Value	15.0%
Mid Cap Core	10.0%
Private Equity	5.0%
Small Cap Core	5.0%
International Developed Markets	10.0%
Emerging Markets	15.0%
Fixed Income Domestic	10.0%
Tactical Asset Allocation	5.0%
Timber	5.0%
Real Estate	5.0%
Farmland	5.0%
Total	100.0%

Target Allocations

Rate of Return

For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 9.51% percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts invested.

The long-term expected rate of return on OPEB plan investments was determined using the last twenty years of return for the index, as of the fiscal year end, for each asset class in which funds were invested, taking the arithmetic mean and adjusting it for inflation of 2.60 percent. The long term expected rates of return for each major asset class as of June 30, 2023, are summarized in the following table.

<u>Asset Class</u>	<u>Long Term Expected Rate of Return</u>
Diversified Assets	0.2%
Equity	5.2%
Real Assets	0.6%
Fixed Income	0.4%
Return	6.5%
Inflation	2.6%
Return w/ Inflation	9.1%
Risk Adjustment	(1.5%)
Total Expected Arithmetic Nominal Return	7.6%

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Discount Rate

The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Projections of the Plan’s fiduciary net position have indicated that it is expected to be sufficient to make projected benefit payments for current Plan members. The actuarial liability, normal cost, and expected benefit payments were projected for the remaining lifetimes of the closed group population as of December 31, 2022. An expected contribution rate is calculated each year based on the current funding policy. The long-term expected rate of return used for funding purposes in the December 31, 2022 actuarial reports was 6.75 percent.

Membership

At January 1, 2023, membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits	1,554
Terminated Employees Entitled to Benefits But not yet receiving them	---
Active Employees	<u>2,329</u>
TOTAL	<u>3,883</u>

Contributions

The City established a Single Employer Other Post-Employment Benefit Trust Plan (OPEB) and funds the obligation through this Trust Fund using a phased in approach. There are no legal or contractual requirements for contributing to the OPEB Trust Fund. Line of Duty Act (LODA) is part of the OPEB Trust Fund. OPEB Trust Fund contributions are comprised of contributions to the Trust Fund and Pay-Go Contributions.

	<u>Regular</u>	<u>LODA</u>	<u>Total</u>
Trust Fund Contributions	\$ 300,000	\$ 575,000	\$ 875,000
Pay Go Contributions	<u>5,142,291</u>	<u>1,613,283</u>	<u>6,755,574</u>
	<u>\$ 5,442,291</u>	<u>\$ 2,188,283</u>	<u>\$ 7,630,574</u>

Annual OPEB Costs and Net OPEB Liability

The City is responsible for funding benefits required under the Virginia Line of Duty Act (LODA). LODA retirees must elect a plan administered through the Virginia Department of Human Resources (DHRM). The City pays DHRM the premiums for covered retirees, spouses, and widows. The OPEB Trust Fund is comprised of regular OPEB benefits and LODA benefits. Separate actuarial reports are generated for each plan.

The City’s GASB requirements fall under GASB 74 and 75 and the entire OPEB liability has been recorded on the balance sheet. Under the current method of actuarial funding, the City contributes the entire Actuarially Determined Contribution (ADC). The ADC increased from \$2.4 million as of June 30, 2022 to \$5.6 million as of June 30, 2023.

The Statement of Fiduciary Net Position for the City’s OPEB plan is included as Exhibit VIII and in note 17.

Actuarial valuations of the plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about the future employment, mortality, and the healthcare cost trend. The actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of calculations. The actuarial assumptions for the Fire and Police Members are the assumptions that were adopted by the City of Alexandria Firefighters and Police Officers Pension Board based upon the results of an actuarial experience study covering the period July 1, 2013 through June 30, 2017. The actuarial assumptions for the City Members are similar to the assumptions that were adopted by the City of Alexandria Supplemental Retirement Board based upon the results of an actuarial experience study covering the period July 1, 2010 through June 30, 2015.

In the actuarial valuations, the same mortality rates are used for both OPEB and LODA. Mortality rates for Fire and Police were based on the SOA RP-2014 Employee Mortality Table adjusted to 2006 and projected fully generationally with scale MP-2017. The mortality rates for City employees were based on the RP-2000 Combined Mortality Table sex distinct for base rates. For mortality improvement, rates were projected generationally from the base year using a modified version of the MP-2015 projection scale. The scale was modified using the Society of Actuaries' model implementation tool with rates converging to the ultimate rate in 2019 (instead of 2029) and an ultimate rate of improvement of 0.85% (instead of 1.0%) up to age 85 decreasing to 0.70% (instead of 0.85%) at age 95. This table was updated based on the 2016 Supplemental Retirement plan experience study. Disability mortality rates for Fire and Police were based on SOA RP-2014 Disabled Retiree Mortality Table, adjusted to 2006 and projected fully generationally with scale MP-2017. The disability mortality rates for City Employees were based on 70 percent of PBGC Disabled Mortality Table 5a for males, and 90 percent PBGC Disabled Mortality Table 6a for females.

For the December 31, 2022 actuarial valuations, the following assumptions apply to both OPEB and LODA valuation reports. The investment rate used was 6.75 percent. The entry-age actuarial cost method was used. For OPEB pre-Medicare trend rates, 3.80 percent was assumed for Kaiser in 2023 and 11.00 percent for UHC in 2023. Rates were then assumed to be 7.00 percent in 2024 grading down to 4.19 percent over 19 years. For Medicare premiums, 5.50 percent was assumed for calendar year 2023 grading down to 4.19 percent over 20 years. For LODA non-Medicare an annual medical cost trend rate of 6.8753 percent for 2023 grading down to 4.75 percent over 9 years was used, and a rate of 5.187 percent for 2023 grading down to 4.75 percent over 3 years for Medicare was used. Salary scale ranges were from 3.25 percent to 7.25 percent for Fire and Police and 3.25 percent to 5.10 percent for City employees depending on service with 3.25 percent attributable to inflation. The plan's unfunded actuarial accrued liability is being amortized as a level dollar of projected payroll on a closed basis. The asset valuation method used was market value. The amortization period changed to the 15-year layered approach as the Plan became underfunded (positive unfunded actuarial liability) as of December 31, 2022. The unfunded actuarial liability is amortized over closed 15-year layered periods if positive and a rolling 30-year amortization if negative. The amortization method is a level dollar amortization.

OPEB Trust

The table below summarizes investments managed by the City of Alexandria in accordance with the fair value hierarchy established by generally accepted accounting principles. Fair value is defined as the quoted market value on the last trading day of the period. The hierarchy is based on the valuation inputs used to measure the fair value of assets.

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active or inputs that are observable market data. Level 2 assets include The City’s mutual funds and money market funds. The City’s mutual funds and money market funds have both equity and fixed income securities as the underlying. While the pricing of the funds is only observable daily, the underlying inputs are continuously observable. The underlying equities are observable through quoting services, while the underlying fixed income instruments pricing is determined through both observable market quotes and market pricing determined using matrix valuation using similar securities.

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

COMPONENT UNIT – ALEXANDRIA CITY PUBLIC SCHOOLS (ACPS)

A. ACPS OPEB Trust Fund

Plan Description

The School Board administers a single-employer defined benefits healthcare plan. It provides medical insurance benefits to eligible retired school employees and beneficiaries. In May 2009, the School Board authorized the establishment of a trust for the purpose of accumulating and investing assets to fund Other Post Employment Benefits.

ACPS invests the OPEB Trust Fund's assets with the Virginia Pooled OPEB Trust Fund (Pooled Trust) sponsored by the Virginia Association of Counties and the Virginia Municipal League (VACo/VML). The Pooled Trust is an investment pooling vehicle created to allow participating local governments, school divisions, and authorities in the State to accumulate and invest assets to fund other post-employment benefits. Funds of participating jurisdictions are pooled and invested in the name of the Pooled Trust. ACPS' respective shares in the Pooled Trust are reported in the OPEB Trust Fund's financial statements. The Pooled Trust is governed by a Board of Trustees (Trustees), composed of nine (9) elected members. Trustees are elected by participants in the Pooled Trust, whose votes are weighted according to each Participating Employer's share of total Trust Fund assets. Investment decisions are made by the Trustees of the Pooled Trust. The Trustees are responsible for managing Pooled Trust assets through the appointment and oversight of investment managers and with the guidance of an investment advisor.

Eligibility

Participants in the ACPS Plan must meet the eligibility requirements based on service earned with ACPS and prior service earned from other Virginia agencies to be eligible to receive benefits upon retirement. Participants who do not retire directly from active service are not eligible for the benefits. In addition, participants must meet one of the following criteria:

VRS Tier 1:

- Attained the age of 50 with at least 30 years of service for unreduced pension retirement benefits.
- Attained the age of 50 with at least 10 years of service for reduced pension retirement benefits.
- Attained the age of 65 with at least 5 years of service.

VRS Tier 2:

- Age plus service equals 90 for unreduced pension retirement benefits.
- Age 60 with at least 5 years of service for reduced pension retirement benefits.
- Social Security Normal Retirement Age with at least five years of service.

Benefits

Program participants may continue medical coverage by paying the appropriate subsidized premium which ranges from \$0 to \$2,225.81 monthly, based on the medical plan under which the retiree is covered. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the program on average than those of active employees. The subsidies in this program are accounted for in the ACPS OPEB Trust Fund. In FY 2023, ACPS contributed up to \$265 for each participant.

Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

For employees hired July 1, 2008 or earlier: ACPS contributes \$265 per month for retiree medical coverage. This Board contribution will not exceed the premium for the coverage tier elected. The retirees and dependents pay the remainder of the premium, if any.

For employees hired after July 1, 2008: The retiree must complete five years of vesting service with ACPS to receive a Board contribution. ACPS contributes a pro-rated amount of \$265 per month equal to 5% per year of service with ACPS (including the five vesting years) and other VRS employers for retiree medical coverage. A maximum of 15 years of service will be credited toward the contribution made by ACPS. This Board contribution will not exceed the premium for the coverage tier elected. The retiree and dependents pay the remainder of the premium, if any.

Actuarial Assumptions

The key actuarial assumptions used in the January 1, 2023 valuation are reflected in the chart below.

Membership and Key Actuarial Assumptions	
Active plan members	2,485
Inactive/Deferred Vested	0
Retirees and spouses	653
Total	3,138
Covered Payroll	\$186,786,944
Long-term Expected Rate of Return	7.0 percent
Salary increases, including Inflation	3.0 percent
Ultimate Rate of Medical Inflation	4.55 percent
Discount Rate	7.0 percent
Healthcare Cost Trend Rates	UHC POS: 6% in 2022, 10% in 2023 and 2024 then grading to 4.55% in <u>2041</u> Kaiser Pre-Medicare: 5% in 2022, 6% in 2021 then grading to 4.55% in <u>2041</u> Medicare: 3% in 2022, 6% in 2023 and 2024 then grading to 4.55% in 2041
Mortality rates:	
- Pre-Retirement	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males, no adjustment for females
- Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected <u>generationally</u> ; 100% of rates set forward 1 year for males; 105% of rates for females
- Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
-Beneficiaries and Survivors	Pub-2010 Amount Weighted Teachers Healthy Contingent Annuitant Rates projected generationally
-Mortality Improvement	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates. These mortality rates are the same as those used for Teachers in the June 30, <u>2021</u> actuarial valuation for the Virginia Retirement System.

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Investment Policy

The Pooled Trust Board of Trustees has the responsibility for managing the investment process. In fulfilling this responsibility, the Trustees will establish and maintain investment policies and objectives. Within this framework, the Trustees will monitor and evaluate the investment managers, bank custodian, and other parties, to monitor whether operations conform to the guidelines and actual results meet objectives. If necessary, the Trustees are responsible for making changes to achieve this. The investment objective of the Pooled Trust is to maximize the total long-term rate of return with reasonable risk by seeking capital appreciation and, secondarily, principal protection. The Portfolio will be structured to achieve a compound annualized total expected rate of return over a market cycle, including current income and capital appreciation, of 7.5%. There were no significant changes in investment policy during fiscal year 2023.

The Trustees are responsible for setting each Portfolio's long-term asset allocation, after taking into consideration expectations for asset class returns and volatility, risk tolerance and liquidity needs.

The Pooled Trust's assets will be separately managed by professional investment managers or invested in professionally managed investment vehicles. Each Portfolio will be invested in a broadly diversified manner by asset class, style, and capitalization, which will control volatility levels. The target allocation for each class of investment is shown below.

Target Allocation for OPEB Pooled Investments
As of June 30, 2023

Investment Type	Allocation	Expected Long-Term Rates of Return (real)	Long-term Arithmetic Weighted Average Real Return
Large Cap Equity (Domestic)	21.00%	7.17%	1.51%
Small Cap Equity (Domestic)	10.00%	8.61%	0.86%
International Equity (Developed)	13.00%	8.06%	1.05%
Emerging Markets Equity	5.00%	9.33%	0.47%
Private Equity	10.00%	10.55%	1.06%
Long/Short Equity	6.00%	5.77%	0.35%
Core Bonds Fixed Income	5.00%	2.58%	0.13%
Core Plus Fixed Income	11.00%	2.89%	0.32%
Liquid Absolute Return Fixed Income	4.00%	3.25%	0.13%
Core Real Estate	10.00%	6.54%	0.65%
Opportunistic Real Estate	5.00%	9.54%	0.48%
Total	<u>100.00%</u>		<u>7.01%</u>
		Inflation	<u>2.75%</u>
		Expected arithmetic nominal return	<u><u>9.76%</u></u>

The expected long-term real rates of return in the above table are arithmetic; they are used as inputs for the financial model to arrive at the median returns for the portfolio which are geometric. When calculating the median rates, which are used to set the target rates, the intermediate term rates are used for the first 10 years and the long-term rates for all years thereafter.

Discount Rate

The discount rate as of June 30, 2023, is 7.00%, which is the estimated long-term rate of return on Pooled Trust investments. Projections of the Plan's fiduciary net position have indicated that it is expected to be sufficient to make projected benefit payments for current Plan members.

Measurement Date

The measurement date used for the OPEB Trust GASB 74 reporting is June 30, 2023.

Concentrations

There are no investments in any one organization that represent 5 percent or more of the OPEB Trust Fund's fiduciary net position.

Money-Weighted Rate of Return

For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 7.62%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

	Schedule of Investment Returns					
	Last 10 Fiscal Years ⁽¹⁾

Annual Money-Weighted Rate of Return						
Net of Investment Expense	7.62%	-9.27%	30.07%	3.01%	4.67%	9.52%

⁽¹⁾This chart is intended to show information for 10 fiscal years. More data will be added as it becomes available.

Net OPEB Liability

The net OPEB liability at the beginning of the current measurement year is measured as of a valuation date of January 1, 2022, and rolled forward to June 30, 2023. The net OPEB liability at the end of the measurement year, June 30, 2023, is measured as of a valuation date of January 1, 2022, and projected to June 30, 2023. In future years, valuations will be completed every other year, assuming there are no significant events between the years. Each valuation will be rolled forward to provide two years of OPEB liability.

Thereafter	(816,189)
Total	\$ (4,737,726)

Contributions

Contribution requirements of ACPS are established and may be amended by the School Board. The required contributions were actuarially determined and are based upon projected pay-as-you-go financing requirements with additional amount to prefund benefits. The costs of administering the plan are paid for by the OPEB Trust Fund using investment income and employer contributions. For the period ending June 30, 2023, ACPS contributed \$1.8 million for current costs.

The funding policy of ACPS is to contribute the difference between the actuarially determined contribution and the expected explicit subsidy payment to the Trust Fund. Benefit payments, including the implicit subsidy, are paid outside the Trust over the next 20 years. It is anticipated that once the Plan becomes 100% funded, ACPS will switch to making benefit payments from the Trust. The assets were then projected forward reflecting known contributions through June 30, 2023, and then assuming the funding policy is followed going forward. Using the long-term expected rate of return of 7.0%, the assets are projected to always be greater than the expected benefit payments in any given year.

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

B. VRS Employee Health Insurance Credit Program OPEB – Teachers

Summary of Significant Accounting Policies

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Program is a multiple-employer, cost-sharing plan. The Teacher Employee HIC Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee HIC Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For purposes of measuring the net Teacher Employee HIC Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC Program OPEB, and the Teacher Employee HIC Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee HIC Program; and the additions to/deductions from the VRS Teacher Employee HIC Program’s net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Teacher Employee Health Insurance Credit Program Plan Description

All full-time, salaried permanent (professional) employees of public-school divisions are automatically covered by the VRS Teacher Employee HIC Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree’s death.

The specific information for the Teacher HIC Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

TEACHER EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS
<p>Eligible Employees The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> • Full-time permanent (professional) salaried employees of public school divisions covered under VRS.
<p>Benefit Amounts The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> • At Retirement – For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. • Disability Retirement – For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: <ul style="list-style-type: none"> - \$4.00 per month, multiplied by twice the amount of service credit, or - \$4.00 per month, multiplied by the amount of service earned had employee been active until age 60, whichever is lower.
<p>Health Insurance Credit Program Notes:</p> <ul style="list-style-type: none"> • The monthly Health Insurance Credit benefit cannot exceed the individual premium amount. • Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Contributions

The contribution requirement for active employees is governed by §51.1-1401(E) of the Code of Virginia, as amended, but may be impacted because of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2023 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee HIC Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Program were \$2.1 million for each of the years ended June 30, 2023, and \$2.0 million for the year ended June 30, 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$12 million to the VRS Teacher Health Insurance Credit Program. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a non-employer contribution. ACPS' share of this non-employer contribution was 0.2 million

Teacher Employee HIC Program OPEB Liabilities, Teacher Employee HIC Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee HIC Program OPEB

At June 30, 2023, the school division reported a liability of \$22,629,172 for its proportionate share of the VRS Teacher Employee HIC Program Net OPEB Liability. The Net VRS Teacher Employee HIC Program OPEB Liability was measured as of June 30, 2022, and the total VRS Teacher Employee HIC Program OPEB liability used to calculate the Net VRS Teacher Employee HIC Program OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The school division's proportion of the Net VRS Teacher Employee HIC Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC Program OPEB plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the school division's proportion of the VRS Teacher Employee HIC Program was 1.81574% as compared to 1.85656% at June 30, 2021.

For the year ended June 30, 2023, the school division recognized VRS Teacher Employee HIC Program OPEB expense of \$ 1.7 million. Since there was a change in proportionate share between measurement dates, a portion of the VRS Teacher Employee HIC Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2023, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 924,450
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	-	22,764
Changes in assumptions	662,582	57,916
Changes in proportionate share	174,851	681,933
Employer contributions subsequent to the measurement date	2,134,968	-
Total	\$ 2,972,401	\$ 1,687,063

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

An amount of \$2.1 million reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions after the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

Amounts reported as deferred outflows and inflows of resources will be recognized in OPEB expense as follows:

Year Ending June 30,	Amount
2024	\$ (145,262)
2025	(142,418)
2026	(141,565)
2027	(81,698)
2028	(169,127)
Thereafter	<u>(169,560)</u>
Total	<u>\$ (849,630)</u>

Actuarial Assumptions

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee HIC Program was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation – Teacher Employees	3.5% - 5.95%
Investment rate of return	6.75%, net of plan investment expenses, including inflation

Mortality rates – Teachers

Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males.

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females.

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016 through June 30, 2020, except the change in the discount rate which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee HIC Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2022, NOL amounts for the VRS Teacher Employee HIC Program is as follows (amounts expressed in thousands):

	Teacher Employee HIC OPEB Plan
Total Teacher Employee HIC OPEB Liability	\$ 1,470,891
Plan Fiduciary Net Position	221,845
Teacher Employee net HIC OPEB Liability	<u>\$ 1,249,046</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability	<u>15.08%</u>

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

		Inflation	<u>2.50%</u>
		⁽¹⁾ Expected arithmetic nominal return	<u>7.83%</u>

⁽¹⁾ The above allocation provides a one-year return of 7.39%. However, one-year returns do not consider the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns that ultimately provides a medium return of 6.94% including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.72% which is roughly at 40 percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2022, the rate contributed by each school division for the VRS Teacher Employee HIC Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2022 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Sensitivity of the School Division’s Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The following presents the school division’s proportionate share of the VRS Teacher Employee HIC Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division’s proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(-1%) Decrease	Discount Rate	(+1%) Increase
	5.75%	6.75%	7.75%
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan Net HIC OPEB Liability	\$ 25,559,986	\$ 22,679,437	\$ 20,237,669

Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee HIC Program’s Fiduciary Net Position is available in the separately issued VRS 2022 Comprehensive Annual Financial Report (annual financial report). A copy of the 2022 VRS annual financial report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Payables to the Teacher Employee Health Insurance Credit Program OPEB Plan

At June 30, 2023, ACPS reported payables to the Teacher Employee Health Insurance Credit Program OPEB Plan of \$0.2 million. These payables are reflected in the balance sheet of the governmental funds and represent short-term amounts due for legally required contributions outstanding at the end of the year.

C. VRS Group Life Insurance Program

Summary of Significant Accounting Policies

The Political Subdivision Health Insurance Credit Program is a multiple-employer, agent defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. The Political Subdivision Health Insurance Credit Program was established pursuant to §1.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. For purposes of measuring the net Political Subdivision Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Political Subdivision Health Insurance Credit Program; and the additions to deductions from the VRS Political Subdivision Health Insurance Credit Program’s fiduciary net position have been determined on the same basis as then were reported by VRS. For the purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Group Life Insurance Program

Plan Description

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OBEB plans, for public employer groups in the Commonwealth of Virginia. Within the Group Life insurance Program, ACPS employees are divided into two groups; Teachers (includes administrators and teachers) and Locality Employees (includes non-exempt support staff).

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS
<p>Eligible Employees The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> • City of Richmond • City of Portsmouth • City of Roanoke • City of Norfolk • Roanoke City Schools Board <p>Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.</p>
<p>Benefit Amounts The benefits payable under the Group Life Insurance Program has several components.</p> <ul style="list-style-type: none"> • Natural Death Benefit – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. • Accidental Death Benefit – The accidental death benefit is double the natural death benefit. • Other Benefit Provisions – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: <ul style="list-style-type: none"> o Accidental dismemberment benefit o Safety belt benefit o Repatriation benefit o Felonious assault benefit o Accelerated death benefit option
<p>Reduction in benefit Amounts The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA) For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,984 as of June 30, 2023.</p>

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted because of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Employers may elect to pay all or part of the employee contribution, however, the employer must pay all the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2023 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Total contributions to the Group Life Insurance Program from the entity for the Teachers group were \$2.4 million for year ended June 30, 2023 and \$2.3 million for year ended June 30, 2022, respectively. Total contributions for the Locality group were \$0.1 million for both years ended June 30, 2023, and June 30, 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$30.4 million to the Group Life Insurance plan. This special payment was authorized by a Budget Amendment included in Chapter 1 of the 2022 Appropriation Act. ACPS' share for the Teachers group was \$0.2 million and ACPS' share for the Locality group was \$12,000.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2023, ACPS reported liabilities of \$9.4 million and \$0.5 million for its proportionate share of the Net GLI OPEB Liability, for the Teachers and Locality groups, respectively. The Net GLI OPEB Liability was measured as of June 30, 2022 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to June 30, 2022. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, for the Teachers group, the ACPS employer's proportion was 0.78074% as compared 0.79247% at June 30, 2021, and for the Locality group, the employer's proportion was 0.03790% at June 30, 2021 as compared 0.03723% at June 30, 2022.

For the year ended June 30, 2023, ACPS recognized GLI OPEB expense of \$0.3 million for the Teachers group and (\$91) for the Locality group. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2023, ACPS reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	Teachers Group		Locality Group		Total GLI OPEB Program	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 744,430	\$ 377,140	\$ 38,137	\$ 18,308	\$ 780,567	\$ 395,448
Net difference between projected and actual earnings on GLI OPEB program investments	-	587,416	-	28,515	-	615,931
Changes in assumptions	350,637	915,682	17,021	44,451	367,658	960,133
Changes in proportion	107,254	334,564	10,937	46,359	118,191	379,923
Employer contributions subsequent to the measurement date	955,251	-	46,357	-	1,001,808	-
Total	\$ 2,157,572	\$ 2,214,802	\$ 110,452	\$ 136,633	\$ 2,288,024	\$ 2,351,435

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

An amount of \$1.0 million reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Year Ending June 30,	GLI - Teachers Amount	GLI - Locality Employees Amount	GLI - Total Amount
2024	\$ (214,092)	\$ (22,663)	\$ (236,755)
2025	(199,174)	(20,717)	(219,891)
2026	(527,641)	(31,033)	(558,674)
2027	25,838	3,733	29,571
2028	(97,412)	(1,858)	(99,270)
Thereafter	-	-	-
Total	<u>\$ (1,012,481)</u>	<u>\$ (72,538)</u>	<u>\$ (1,085,019)</u>

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation – Teacher Employees	3.5% - 5.95%
General state/locality employees	3.5% - 5.35%
Investment rate of return	6.75%, net of plan investment expenses, including inflation

Mortality rates – Teachers

Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males.

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females.

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016 through June 30, 2020, except the change in discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, postretirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with modified Mortality Improvement Scale MP2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all.
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Mortality rates – Non-Largest Ten Locality Employers – General Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years.

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year.

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years.

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally.

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions because of the experience study are as follows:

Mortality Rates (Pre-retirement, postretirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all.
Withdrawal Rates	Adjusted rates to better fit experience at each age and service year
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Net GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2022, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	<u>VRS Group Life Insurance OPEB Program</u>
Total GLI OPEB Liability	\$3,672,085
Plan Fiduciary Net Position	<u>2,467,989</u>
Employers' Net GLI OPEB Liability (Asset)	<u>\$1,204,096</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	<u>67.21%</u>

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long- Term Expected Rate of Return
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PI-Private Investment Partnership	3.00%	6.55%	0.20%
Total	<u>100.00%</u>		<u>5.33%</u>
		Inflation	<u>2.50%</u>
		⁽¹⁾ Expected arithmetic nominal return	<u>7.83%</u>

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

⁽¹⁾ The above allocation provides a one-year return of 7.83%. However, one-year returns do not consider the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2022, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2022 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(-1%) Decrease	Discount Rate	(+1%) Increase
	5.75%	6.75%	7.75%
School division's proportionate share of the VRS Group Life Net OPEB Liability - Teachers Group	<u>\$ 13,679,355</u>	<u>\$ 9,400,862</u>	<u>\$ 5,943,255</u>
School division's proportionate share of the VRS Group Life Net OPEB Liability - Locality Employee Group	<u>\$ 664,046</u>	<u>\$ 456,353</u>	<u>\$ 288,508</u>
Total VRS Group Life Net OPEB Liability	<u>\$ 14,343,401</u>	<u>\$ 9,857,215</u>	<u>\$ 6,231,763</u>

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS

PRIMARY GOVERNMENT

During FY 2023, the City participated in six public employee retirement systems (PERS). One system is handled by the Virginia Retirement System (VRS), an agent multi-employer public retirement system that acts as a common investment and administrative agent for political subdivisions in the Commonwealth of Virginia, and is, therefore, not reflected as a City pension trust fund. Four are single-employer defined benefit systems where a stated methodology for determining benefits is provided. The four systems are the City Supplemental, Pension Plan for Fire and Police, Firefighters and Police Officers Pension Plan-defined benefit component, and Firefighters and Police Officers Pension Plan-disability component. The last system is a defined contribution plan (Firefighters and Police Officers Pension Plan-defined contribution component), where contribution requirements are not actuarially determined. All of these systems are included as part of the City's reporting entity and as such are reflected as Pension Trust Funds.

Plan Administration

The City Supplemental Plan is overseen by the Supplemental Retirement Board. The board consists of eight members. Four of the members are nominated by the City Manager, while the other remaining four are nominated by the board. There are four alternates nominated by the board and one alternate nominated by the City Manager. The Firefighters and Police Officers Pension Board manages the Firefighters and Police Officers Defined Contribution Plan, Defined Benefit Plan, Disability Plan, as well as the Pension for Fire and Police Plan. The board consists of eight members. Four members are nominated by the City Manager and four members are nominated by the Voting Participants. In addition, there are two alternate members nominated by the Voting Participants and one alternate nominated by the City Manager. City Council approves the nominations to all boards.

Method Used to Value Investments

Investments are valued at fair value.

Investment Policy

The Firefighters and Police Officers Pension Board investment policy objectives for Defined Benefit and Disability components and the Supplemental Retirement Board investment policy objectives for the Supplemental Retirement Plan are to preserve the actuarial soundness of each plan in order to meet contractual benefit obligations and to maximize investment return given an acceptable level of risk. The objective of the Defined Contribution component is to help beneficiaries save for retirement by enabling them to construct portfolios that will achieve an acceptable level of return while minimizing risk through diversification. The assets for the Pension Plan for the Firefighters and Police Officers are part of a group annuity contract with Empower. Empower invests the money according to their guidelines. The following is the asset allocation policy as of June 30, 2023.

Total	<u>100.00%</u>		<u>6.60%</u>
Inflation			<u>2.50%</u>
Expected arithmetic nominal return			<u>9.10%</u>

VRS Long- Term Expected Rate of Return

The long-term expected rate of return on pension system investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension system investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the above table.

VRS Discount Rate

The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Based on those assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

The actuarial valuations for all defined benefit plans are performed annually except for Virginia Retirement System (VRS), which is performed biennially; however, an actuarial update is performed in the interim year for informational purposes. The employer contribution rate based on the June 30, 2021 actuarial valuation is 11 percent of payroll. Contribution rates for VRS employers are established every two years, so this rate applies to fiscal years ending 2023 and 2024.

Beginning January 1, 2014, employees newly covered under VRS were enrolled in the new VRS Hybrid Retirement Plan (Hybrid Plan). The Hybrid Plan combines the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members of VRS could opt into the new Hybrid Plan. The employees under the new plan have a mandatory contribution to the Defined Contribution Plan of 1.00 percent which is matched by the City. A voluntary employee contribution of up to an additional 4.00 percent is allowed with the City matching up to 1.00 percent on the first 1.00 percent of voluntary contributions plus 0.25 percent for each additional 0.50 percent. The employer contribution includes the contribution to the Defined Contribution Plan for Hybrid members.

As of June 30, 2023, the City of Alexandria had 939 employees enrolled in the Hybrid Defined Contribution Plan. The FY 2023 City contribution was \$1.6 million.

Financial statements and required supplementary information are presented in the VRS annual comprehensive financial report, which can be obtained at www.varetire.org.

Historically the City has assumed the responsibility of paying 2.00 percent of the employee share of contributions for the City Supplemental Retirement Plan. General schedule employees commencing participation in this Plan after July 1, 2009, will make the 2.00 percent employee contribution. The City will continue to make the 2.00 percent contribution for general schedule employees who were participants prior to July 1, 2009. Historically the City has also made the 2.00 percent contribution for its deputy sheriffs, medics, and fire marshals. Beginning on January 1, 2020, deputy sheriffs began making a 1.50 percent employee contribution. The City will continue to make the 2.00 percent contribution for medics and fire marshals. Any employee contributions paid by the City will be characterized as employer contributions. The City paid an employer contribution of 5.10 percent for General Schedule employees, 7.03 percent for Deputy Sheriff's and 8.32 percent for Medics and Fire Marshals during FY 2023.

The recommended contribution rate increased from 34.96 percent as of July 1, 2021 to 35.80 percent as of July 1, 2022 for the Firefighter and Police Officers Basic Plan and decreased from 1.01 percent as of July 1, 2021 to 0.92 percent as of July 1, 2022 for the Disability Plan. During the year ended June 30, 2022, the Basic Plan's assets returned -11.68 percent and the Disability Plan's assets had a return of -16.99 percent on a market value basis. As of the July 1, 2022 Actuarial Valuation, the Basic Plan's unfunded actuarial accrued liability was \$50.2 million, and the Disability Plan's unfunded actuarial accrued liability was negative \$8.8 million.

The actuarial assumptions for the Firefighters and Police Officers Basic and Disability Plans have not been changed since the prior actuarial valuation. The actuarial assumptions for the Pension Plan for Firefighters and Police Officers, have not been changed since the prior actuarial valuation. The actuarial assumptions reflect the actuary's understanding of the likely future experience of the Plan. The Supplemental Plan had no changes in assumptions since the prior actuarial valuation.

On June 30, 2023, the City recognized a net pension liability of \$85.7 million for two of the City's Single Employer Pension Plans. The City recognized a net pension asset of \$5.8 million for the other two City Single Employee Pension Plans. Measurements as of June 30, 2023 were based on the fair value of assets as of June 30, 2023 and the Total Pension Liability as of the valuation date, June 30, 2022, updated to June 30, 2023. The City recognized a net pension liability of \$85.4 million for the VRS multi-employer plan. The VRS net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

For each of the City's four Plans, the funding policy is to contribute at least the Actuarially Determined Contribution annually. This contribution is equal to the amortization of the unfunded liability plus normal costs. The amortization of the unfunded liability is calculated as a level-dollar closed period for the Pension Plan for Firefighters and Police Officers. The amortization of the unfunded liability for the Supplemental Plan is calculated as an initial level-dollar closed period. Effective July 1, 2015, the Supplemental Plan began incorporating layers where future gains and losses and assumption changes are amortized over separate 10-year periods. The Firefighters and Police Officers Basic Plan and Disability Plan are calculated as a level percentage. A payment of 16.75 percent of payroll is made towards the remaining unamortized unfunded actuarial liability from July 1, 2010. Effective July 1, 2015, the Firefighters and Police Basic and Disability Plans began incorporating layers where future gains and losses and assumption changes are amortized over separate 15-year periods.

The remaining amortization periods as well as other major provisions of all the defined pension plans are listed in the disclosure in the following tables.

* Investment information not available on an individual jurisdiction basis.

** General Schedule Employees hired before 6/30/2009 make a 0% contribution; Deputy Sheriffs make a 1.5% contribution.

The tables below summarize investments managed by the City of Alexandria in accordance with the fair value hierarchy established by generally accepted accounting principles. Fair value is defined as the quoted market value on the last trading day of the period. The hierarchy is based on the valuation inputs used to measure the fair value of assets.

Level 1 – Quoted prices in active markets for identical assets or liabilities.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active or inputs that are observable market data. Level 2 assets include Alexandria’s mutual funds and money market funds. Alexandria’s mutual funds and money market funds have both equity and fixed income securities are continuously observable. The underlying equities are observable through quoting services, while the underlying fixed income instruments pricing is determined through both observable market quotes and market pricing determined through the use of matrix valuation using similar securities.

Level 3 – Unobservable inputs that are supported by little to no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs. Alexandria’s private equity secondaries are priced using private non-observable data.

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

DESCRIPTION OF BENEFITS:

VRS—City—Regular, full time City employees who are not covered employees under the Firefighters & Police Officers Pension Plan are members of VRS. Participation is mandatory. This plan is administered by the Virginia Retirement System. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Employees with credit for services rendered prior to July 1, 2010 are covered under Plan 1, while members hired or rehired on or after July 1, 2010 are covered under Plan 2. Plan 1 members who did not have 5 years of service as of December 31, 2012, became Plan 2 members. Members hired after January 1, 2014 who are new participants to VRS are covered under the Hybrid Plan. Employees are eligible for an unreduced retirement at age 65 with 5 years of service and at age 50 with 30 years of service under Plan 1, and at Social Security normal retirement age with at least five years of service or when age and service are equal to 90 under Plan 2 and the Hybrid Plan. Beginning January 1, 2020, deputy sheriffs are covered by the VRS enhanced hazardous duty coverage with no supplement. Deputy sheriffs are eligible for an unreduced retirement at age 60 with 5 years of service and at age 50 with 25 years of service under enhanced hazardous duty coverage with no supplement plan. An optional reduced retirement benefit is available to deputy sheriffs as early as age 50 with five years of service under enhanced hazardous duty coverage with no supplement plan. The retirees are entitled to an annual retirement benefit payable monthly for life in an amount equal to 1.70 percent of their average final salary (AFS) for each year of credited service under Plan 1 and the enhanced hazardous duty coverage with no supplement plan; 1.65 percent of AFS for Plan 2; 1.00 percent for the Hybrid Plan. AFS under Plan 1 is 36 highest consecutive months while it is 60 highest consecutive months under Plan 2 and for Plan 1 active non-vested members. In addition, retirees qualify for annual cost-of-living (COLA) increases on July 1 of the second calendar year after retirement. These benefit provisions and all other requirements are established and may be amended by State statutes.

City Supplemental Retirement Plan—Regular, full time City employees including Deputy Sheriffs, Medics and Fire Marshals and regular, part-time City employees who are scheduled to work at least 50 percent time and who are not covered under the Firefighters & Police Officers Pension Plan are participants in the Supplemental Retirement Plan. This plan is administered by the City of Alexandria. State employees working at the Alexandria Health Department are also covered under the Plan. Full time employees receive Credited Service for each month the City and/or employee makes a contribution. Part-time employees accrue Credited Service on a pro-rata basis determined by scheduled work hours. Regular City employees who retire at or after age 65 or after age 50 with 30 years of credited service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to the sum of (1) and (2), increased by 50 percent, plus (3):

- (1) 1.625 percent of the participant's past service compensation up to \$100, plus 0.25 percent of the participant's past service compensation in excess of \$100, multiplied by number of years of credited service earned after July 31, 1960, but prior to August 1, 1970.
- (2) 1.625 percent of the participant's average earnings up to \$100, plus 0.25 percent of the participant's average earnings in excess of \$100, multiplied by the number of years of credited service earned after July 31, 1970, but prior to January 1, 1988.
- (3) 0.80 percent of average earnings multiplied by credited service earned after December 31, 1987.

The Deputy Sheriffs, Medics and Fire Marshals can retire unreduced with at least 25 years of services in those positions and at least age 50. The annual benefit is the sum of:

- (1) 0.6 percent of the participant's average earnings times credited service for years 1-5 in these positions
- (2) 0.9 percent of the participant's average earnings times credited service for years 6-15 in these positions
- (3) 1.0 percent of the participant's average earning times credited service for years 16 and greater in these positions.

Benefit provisions are established and may be amended via resolution by City Council.

(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Pension Plan for Fire Fighters and Police Officers (closed plan)—Employees who retired on or after age 60 are entitled to an annual retirement defined benefit, payable monthly for life, in an amount equal to 2.5 percent of final average earnings multiplied by years of credited service, up to a maximum of 30 years. The plan also provided early retirement on or after age 50 with 20 years of credited service or on or after age 56 with 10 years of credited service. This plan further provided early retirement on or after age 50 with 10 years of service with an actuarially reduced benefit. Benefit provisions are established and may be amended via resolution by City Council. This plan was closed to new participants in 1979.

Retirement Income Plan for Fire & Police- defined contribution (closed plan)—The employees are entitled to contributions made on their behalf after 100 percent vesting. Benefit provisions are established and may be amended via resolution by City Council. This plan was closed to new members in FY 2004 and converted to a defined benefit plan. Employees in the plan at date of conversion could leave their contributions in the defined contribution component or purchase prior service under the new defined benefit plan with the assets associated with their contributions.

Firefighters and Police Officers Pension Plan—defined benefit component—Full-time sworn Firefighters and Police Officers are covered employees in the Firefighters and Police Officers Pension Plan. Recruits are also covered by the Plan. This plan is administered by the City of Alexandria. Full-time employees receive one month of credit for each full month covered by the Plan. Special rules apply for service prior to January 1, 2004. The Plan provisions were approved by City Council in FY 2004 and provide retirement benefits for covered employees who retire at age 55 with 5 years of service or any age with 25 years of service. The Plan also allows for early retirement at age 50 with 20 years of service with reduced benefits. Employees hired before October 2013 are entitled to 2.5 percent of the participant's average monthly compensation (AMC), multiplied by the years of credited service up to 20 years; plus 3.2 percent of the participant's AMC, multiplied by years of credited service more than 20 years. The maximum benefit is 82.0 percent of the AMC. Employees hired after October 22, 2013 are entitled to 2.5 percent of the participant's average monthly compensation, multiplied by years of credited service. There is no limitation service or maximum benefit for employees hired after October 2013. AMC is the 48 highest consecutive months.

Firefighters and Police Officers Pension Plan—disability component—The plan provisions provide disability benefits for Firefighters and Police Officers. The benefits for service-connected total and permanent disability are 70 percent of final average earnings, 66 2/3 percent for service-connected partial disability, and 2.5 percent multiplied by years of credited service, up to 50 percent for non-service connected partial or total and permanent disability. Employees hired after October 23, 2013 are not eligible for the non-service connected disability. Benefits provisions are established and may be amended via resolution by City Council. Effective January 1, 2004, this plan was merged with the Firefighters and Police Officers Pension Plan. Separate actuarial calculations have been performed for the defined benefit and disability components.

Deferred Retirement Option Program (DROP)—This program is available for members of the Firefighters and Police Officers Pension Plan who were hired prior to October 23, 2013. Members who have completed at least 30 years of credited service are eligible to participate in this program. DROP provides the ability for an employee to retire for purposes of the pension plan, while continuing to work and receive a salary for a period of three years. During the DROP period, the pension plan accumulates the accrued monthly benefit into an account balance identified as belonging to the member. No interest is applied for members whose DROP effective date is after October 31, 2013. The monthly benefit is calculated using service and average monthly compensation as of the date of entry in DROP, with increases equal to the annual COLA adjustment provided for retirees.

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

COMPONENT UNIT – ALEXANDRIA CITY PUBLIC SCHOOLS (ACPS)

ACPS participates in three public employee retirement systems (PERS). Two of these systems, a cost-sharing multiple-employer plan (professional) and an agent multiple-employer plan (non-professional), are administered by the Virginia Retirement System (VRS) and are, therefore, not reflected as ACPS pension trust funds. The third plan, Employees' Supplemental Retirement Plan (Supplemental Plan), is a single-employer defined benefit plan, where a stated methodology for determining pension benefits is provided. This plan is part of ACPS' reporting entity and, as such, is reflected as a Pension Trust Fund.

The actuarial valuation for the Supplemental Plan is performed annually. The actuarial valuation for VRS is performed biennially; however, an actuarial update is performed in the interim year.

In the Supplemental Plan, no changes occurred in the actuarial valuation assumptions, plan benefits, actuarial cost method or procedures affecting the comparability of costs.

A. VIRGINIA RETIREMENT SYSTEM

Plan Description

All full-time salaried permanent (professional) employees of Alexandria City Public Schools (ACPS) are automatically covered by the VRS Teacher Retirement Plan upon employment. All full-time salaried permanent employees (non-professional) of ACPS are automatically covered by the VRS Political Subdivision Retirement Plan. These plans are administered by the Virginia Retirement System (The System or VRS) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees in the VRS Teacher Retirement Plan and VRS Political Subdivision Retirement Plan – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the following table.

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

VRS Plan 1	VRS Plan 2	VRS Hybrid Retirement Plan
<p>Retirement Contributions</p> <p>Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p>Retirement Contributions</p> <p>Same as Plan 1</p>	<p>Retirement Contributions</p> <p>A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>
<p>Service Credit</p> <p>Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p>Service Credit</p> <p>Same as Plan 1</p>	<p>Service Credit</p> <p><u>Defined Benefit Component:</u> Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p> <p><u>Defined Contributions Component:</u> Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.</p>
<p>Vesting</p> <p>Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five year (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make</p>	<p>Vesting</p> <p>Same as Plan 1</p>	<p>Vesting</p> <p><u>Defined Benefit Component</u> Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component</p> <p><u>Defined Contributions Component:</u> Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the</p>

ACPS VRS Political Subdivision Retirement Plan

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Political Subdivision’s Retirement Plan and the additions to/deductions from the Political Subdivision’s Retirement Plan’s net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Employees Covered by Benefit Terms

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Number
Active Members	288
Inactive members:	
Vested inactive members	36
Non-vested Inactive Members	106
Long-term Disability	-
Total Inactive Members	142
Retirees and beneficiaries currently receiving benefits	199
Total Covered Employees	629

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation towards their retirement.

ACPS' contractually required contribution rate for the year ended June 30, 2023 was 1.21 % of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from ACPS were \$0.4 million for each of the years ended June 30, 2023 and June 30, 2022, respectively.

Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For ACPS, the net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2021 rolled forward to the measurement date of June 30, 2022.

Actuarial Assumptions- General Employees

The total pension liability for General Employees in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS board action, effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS board action are as follows:

Largest 10-Non-LEOS Duty:

Mortality rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates; Salary Rates; Discount Rates	No changes

All Others (non-10 Largest) – Non-LEOS Duty:

Mortality rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates; Salary Rates; Discount Rates	No changes

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of the expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long- Term Expected Rate of Return ⁽¹⁾
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
Total	<u>100.00%</u>		5.33%
		Inflation	<u>2.50%</u>
		⁽¹⁾ Expected arithmetic nominal return	<u>7.83%</u>

(1) The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing median return of 7.11%, including expected inflation of 2.5%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate.

For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2021, actuarial valuations, whichever was greater. From July 1, 2022 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

VRS Teachers Retirement Plan

The Virginia Retirement System (VRS) Teacher Employee Retirement Plan is a multiple employer, cost-sharing plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Retirement Plan and the additions to/deductions from the VRS Teacher Employee Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the VRS. In addition, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Contributions

The contribution requirement for active employees is governed by Title 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school division by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division's contractually required contribution rate for the year ended June 30, 2023 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from ACPS were \$35.7 million and \$34.4 million for each of the years ended June 30, 2023 and June 30, 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$442.4 million to the VRS Teachers Plan. The special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and classified as a non-employer contribution.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, ACPS reported a liability of \$170.7 million for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2022 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. ACPS' proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the school division's proportion was 1.79324% as compared to 1.83262% at June 30, 2021.

For the year ended June 30, 2023, ACPS recognized pension expense of \$7.4 million. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022 measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Actuarial Assumptions

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Actuarial Assumptions	
Inflation	2.5 percent
Salary increases, including inflation	3.5 percent – 5.95 percent
Investment rate of return	6.75 Percent, net of pension plan investment expense, including inflation
Mortality rates:	
- Pre-Retirement	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
- Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
- Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
- Beneficiaries and Survivors	Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
- Mortality Improvement	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action, effective as of July 1, 2019.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates; Salary Rates; Discount Rates	No changes

Net Pension Liability

The net pension liability (NPL) is calculated separately for each system and represents that particular system’s total pension liability determined in accordance with GASB Statement No. 67, less that system’s fiduciary net position. As of June 30, 2022, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	Teacher Employee Retirement Plan
Total Pension Liability	\$ 54,732,329
Plan Fiduciary Net Position	45,211,731
Employers' Net Position Liability	\$ 9,520,598
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	82.61%

The total pension liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System’s notes to the financial statements and required supplementary information.

Long – Term Expected Rate of Return

The long-term expected rate of return on pension System investments were determined using a log- normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long- Term Expected Rate of Return ⁽¹⁾
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
Total	100.00%		5.33%
		Inflation	2.50%
		⁽¹⁾ Expected arithmetic nominal return	7.83%

(1) The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2022, the rate contributed by ACPS for the VRS Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2022 on, school divisions are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School Division's Proportionate share of the Net Pension Liability to Changes in the Discount Rate

The following presents ACPS' proportionate share of the net pension liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(-1%) Decrease 5.75%	Current Discount Rate 6.75%	(+1%) Increase 7.75%
ACPS' proportionate share of VRS Teacher Plan Net Pension Liability	\$ 274,569,682	\$ 142,268,075	\$ 33,432,333

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

B. EMPLOYEES' SUPPLEMENTAL RETIREMENT PLAN

Plan Description

The Employees' Supplemental Retirement Plan (the Plan) is a single-employer defined benefit plan sponsored by ACPS. The Plan is governed by the Alexandria School Board (Board) which has the authority to make all investment and policy decisions impacting the Plan's existence, investments, benefits, and administration. The Board has established an Investment Advisory Board (Advisory Board) to monitor and manage the Plan. The Advisory Board consist of five members: 1) the Plan Administrator/ ACPS Chief Human Resource Officer; 2) the Plan Investment Officer/ ACPS Chief Financial Officer; 3) one teacher member selected from among active employee participants; 4) one retired member actively earning benefits from the plan; and 5) one certified investment management professional. The Board has contracted with the Principal Financial Group to manage certain plan assets and administer the retirement benefits to the plan participants.

The purpose of the Plan is to provide supplemental retirement benefits to employees of Alexandria City Public Schools. Statutory authority for the establishment of this Plan is provided by the *Code of Virginia* §51.1-800 through §51.1-803.

All full-time employees are eligible to participate in the Plan as of July 1, 1961, if classified as a twelve-month employee. Ten-month employees were eligible to participate in the Plan as of July 1, 1971. The Plan's fiscal year end is August 31. The net pension liability reported for the period ending August 31, 2021 was measured as of August 31, 2022, using the total pension liability that was determined by an actuarial valuation as August 31, 2022.

The Plan's policy is to prepare its financial statements on the accrual basis of accounting. The Plan does not issue a separate, publicly-available financial report.

Measurement Date

A measurement date of August 31, 2022 has been used for GASB 67 reporting and for the Fiscal Year ending June 30, 2022 for GASB 68 reporting.

Benefits Provided

The Plan provides disability and death benefits. Benefits at retirement are based upon years of service and the average earnable compensation of an eligible employee during any three years that provide the highest average earnable compensation and are adjusted for inflation after retirement. Benefits at early retirement are reduced by an early retirement factor. Employees are considered vested on or after completing five years of service, or on or after attaining age 60. Employees who retire at or after age 65 or after age 50 with 30 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 0.40 percent of effective compensation multiplied by credited future service on and after September 1, 1984, and 1.625 percent of effective compensation not to exceed \$100 plus 0.25 percent of the amount by which effective compensation exceeds \$100 multiplied by credited past service before September 1, 1984, and 1.625 percent of past service compensation in excess of \$100 plus 0.25 percent of past service compensation in excess of \$100 times credited past service. There have been no changes in plan provisions during the measurement period.

Contributions

Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment has been made to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. The funding policy of the Plan provides for monthly contributions at actuarially- determined rates, which will remain relatively level over time

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

as a percentage of payroll and will accumulate sufficient assets to meet the cost of all basic benefits when due. The basis for determining contributions is an actuarially determined contribution rate that is calculated each year in the Plan's actuarial valuation report. Starting January 2013, contributions were made at the rate of 1.50% of covered payroll. During FY 2023, only ACPS employees contributed to the Plan. These contributions totaled \$3.1 million for the fiscal year ended June 30, 2023. Administrative costs of the Plan are paid from the Plan's assets.

Investment Policy

The objective of the Plan is to maintain actuarial soundness so that funds will be available to meet contractual benefit obligations. The investment policy may be amended by the Board at any time. Principal Financial Advisors, Inc., a registered investment advisor and wholly owned subsidiary of Principal Financial Group, has been hired to manage the asset allocation strategy for the Plan. The following was the Plan's adopted asset allocation policy as of August 31, 2022.

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Expected Geometric Return
U.S Equity - Large Cap	16.08%	7.70%	6.20%
U.S Equity - Mid Cap	1.99%	8.00%	6.20%
U.S Equity - Small Cap	1.97%	8.55%	6.20%
Non-US Equity	8.41%	8.00%	6.20%
REITs	0.00%	7.30%	5.65%

TIPS	0.00%	3.75%	3.60%
Core Bond	54.25%	4.20%	4.05%
High Yield	<u>4.83%</u>	6.10%	5.65%
Total	<u>100.00%</u>		
Exp LTROA (arithmetic mean)	5.48%		
Portfolio Standard Deviation	6.67%		
40th percentile	4.80%		
45th percentile	5.04%		
Expected Compound Return	5.27%		
55th percentile	5.50%		
60th percentile	5.74%		
Portfolio Investment Mix:	Equity 28% / Fixed Income 59% / Other 12%		

Concentrations

As of the measurement date, the plan had investments (other than US Government and US Government guaranteed obligations) in only Principal Financial Group, totaling \$126.7 million, that represented 5 percent or more of the Plan's fiduciary net position.

Annual Money-Weighted Rate of Return

For the Plan year ended August 31, 2022, the annual money-weighted rate of return on plan investments for the measurement period is -8.16%. The money-weighted rate of return is calculated as a rate of return on pension plan

CITY OF ALEXANDRIA, VIRGINIA
Notes to Financial Statements
June 30, 2023

Exhibit XII
(Continued)

NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)

investments incorporating the timing and amount of cash flows. This return is calculated net of investment expenses.

Long-Term Expected Rate of Return

For the plan year ended August 31, 2022, the expected long-term rate of return assumption as of the end of period is 5.25%. The expected long-term return on plan assets assumption was developed as a weighted average rate based on the target asset allocation of the plan and the Long-Term Capital Market Assumptions (CMA) 2021. The capital market assumptions were developed with a primary focus on forward-looking market indicators and valuation models, as well as utilizing the analysis of historical data and trends, the outlook and forecasts from credible economic studies, and investment expert opinions.

Actuarial Assumptions

The actuarial assumptions used in the August 31, 2022 valuation were based upon the results of an actuarial assumption review for the five-year period of September 1, 2007 to August 31, 2012.

During the plan year ended August 31, 2022, the following changes in assumptions were implemented.

- The discount rate has decreased from 4.50% to 5.25%.
- The long-term rate of return for the current year has increased from 4.50% to 5.25%.
- The inflation rate has increased from 2.25% to 2.40%.
- The comp limit has increased from 2.25% to 2.40%.
- The wage base increase has increased from 3.25% to 3.50%.

Projected Cash Flows

Projected cash flows are based upon the underlying assumptions used in the development of the accounting liabilities.

Discount Rate

The discount rate used to determine the end of period Total Pension Liability is 5.25%. The discount rate is a single rate that incorporates the long-term rate of return assumption. The long-term rate of return assumption was applied to the projected benefit payments from 2022 to 2117. Benefit payments after 2117 are projected to be \$0.00.

Net Pension Liability

The net pension liability reported for ACPS fiscal year end of June 30, 2023 was measured as of August 31, 2022, using the total pension liability that was determined by an actuarial valuation as of August 31, 2022.

Pension Expense and Deferred outflows of Resources and Deferred Inflows of Resources Related to Pensions

The Employees' Supplemental Retirement Plan pension expense for the fiscal year ended June 30, 2023 is \$13.9 million. For the year ended June 30, 2023, ACPS reported deferred inflows of resources related to pensions for this Plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 10,557,072	\$ -
Changes in assumptions	14,418,900	13,403,092
Differences between expected and actual experience	10,566	165,927
Total	\$ 24,986,538	\$ 13,569,019

Amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in the pension expense as follows:

Year Ending June 30,	Amount
2024	\$ 6,050,504
2025	39,528
2026	1,788,451
2027	3,539,036
Total	\$ 11,417,519

NOTE 18. TAX ABATEMENTS

A tax abatement is a reduction in tax revenues or exemption from tax expense that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action that after the agreement has been entered into, it contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The City entered into a 15-year agreement with the General Services Administration (GSA) on behalf of an independent federal government agency for the purchase of real property and construction of a building for lease (known as the Eisenhower Avenue Science Redevelopment District). The agreement involves a real property tax exemption that partially exempts real estate taxes due during the 15-year period of leasing the building to tenants. The state law under which the abatement was enacted is the Code of Virginia detailed within 58.1-3221 which states that, the governing body of any county, city or town may, by ordinance, provide for the partial exemption from taxation of real estate on which any structure or other improvement provided certain criteria is met including substantial rehabilitation, renovation, or replacement for commercial or industrial use.

The effective date of the start of the abatement was January 1, 2018. The annual percent of real estate taxes that will be exempt on the improvements during the 15 years of the initial transaction are summarized in the table below. Calendar Year 2023 is the sixth year of the abatement.

Year	Percent	Year	Percent
1	100%	9	90%
2	100%	10	80%
3	100%	11	70%
4	100%	12	60%
5	100%	13	50%
6	100%	14	40%
7	100%	15	30%
8	100%	16 & Beyond	0%

The real property assessments for all land and buildings within the District shall be determined by the Real Estate Assessor and shall be established at 100 percent of fair market value using the same principles, procedures, and methodology established for other like kind taxable real property in the City. The owner of land and improvements within the District maintains the same rights and limitations of appeal of the City’s annual real estate assessment as that applicable to other taxable real estate in the City. The annual assessed value of the land component in the District, reflecting any increases or decreases in assessed value of said land component, shall remain fully taxable. The annual assessed value of the land component shall also reflect that of a finished developed lot.

At the time of the agreement the agency’s presence in the City was projected to generate \$73.0 million over a 15-year period and up to \$95.0 million over a 20-year period if the agency lease is extended. After setting aside a \$28.0 million value of the proposed tax abatement over the 15 years, the net tax gain to the City’s General Fund is projected to be \$45.0 million over a 15-year period and \$68.0 million over a 20-year period. An economic analysis indicated that the agency would generate 90,000 hotel room stays per year.

In FY 2023, the eligibility requirements for the District were met and \$2.6 million in real estate taxes were abated.

NOTE 19. NEW ACCOUNTING STANDARDS

In FY 2023, the following Governmental Accounting Standards Board (GASB) statements were implemented:

Statement No. 94, “Public-Private and Public-Public Partnership Arrangements.” The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. The requirements of this Statement were effective for financial statements starting with the fiscal year that ends June 30, 2023.

Statement No. 96, “Subscription-Based Information Technology Arrangements.” This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). Under this Statement, a government generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The subscription liability should be initially measured at the present value of subscription payments expected to be made during the subscription term. Future subscription payments should be discounted using the interest rate the SBITA vendor charges the government, which may be implicit, or the government’s incremental borrowing rate if the interest rate is not readily determinable. A government should recognize amortization of the discount on the subscription liability as an outflow of resources (for example, interest expense) in subsequent financial reporting periods. The subscription asset should be initially measured as the sum of (1) the initial subscription liability amount, (2) payments made to the SBITA vendor before commencement of the subscription term, and (3) capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. A government should recognize amortization of the subscription asset as an outflow of resources over the subscription term. The requirements of this Statement were effective for financial statements starting with the fiscal year that ends June 30, 2023.

CITY OF ALEXANDRIA, VIRGINIA
Notes to Budgetary Comparison Schedules
For the Fiscal Year Ended June 30, 2023

EXHIBIT XVI

(1) SUMMARY OF SIGNIFICANT BUDGET POLICIES

The City Council annually adopts budgets for the General Fund and Special Revenue Fund of the primary government. All appropriations are legally controlled at the departmental level for the General Fund and Special Revenue Fund. On May 4, 2022, the City Council approved the original adopted budget and approved multiple budget amendments reflected in the required supplementary information.

The budgets are integrated into the accounting system, and the budgetary data, as presented in the required supplementary information for all funds with annual budgets, compare the revenues and expenditures with the amended budgets. All budgets are presented on the modified accrual basis of accounting. Accordingly, the accompanying Budgetary Comparison Schedules for the General and Special Revenue Funds present actual expenditures in accordance with U.S. generally accepted accounting principles on a basis consistent with the legally adopted budgets, as amended. See Table XIII for the schedule of departments' expenditure detail by function. A reconciliation of the perspective difference for reporting Expenditures and Other Financing Uses in the General Fund relates to how transfers to component units are recorded in each statement and includes the following:

General Fund

Budget Statement Title	Budgetary Statement Amount	Adjustment for Transfer to Component Unit (Note 10)	Exhibit IV	Exhibit IV Title
Other Educational Activities	\$ 15,750	\$ 248,721,550	\$ 248,737,300	Education
Library Transfer	-	8,149,962	8,149,962	Library
Other Expenditures (not listed separately)	442,905,547	-	442,905,547	Other Expenditures (not listed separately)
Total Expenditures	442,921,297	256,871,512	699,792,809	Total Expenditures
Transfers Out – Component Units	256,887,262	(256,887,762)	-	None
Operating Transfers Out	159,822,821	-	159,822,821	Operating Transfers Out
Other Financing	-	-	-	Other Expenditures (not listed separately)
Total Financing (Sources) Uses	\$ 416,710,083	\$ (256,887,762)	\$ 159,822,821	Total Financing Uses

Unexpended appropriations on annual budgets lapse at the end of each fiscal year.

Notes to the Required Supplementary Information for the City of Alexandria Other Post-Employment Benefits Trust Fund for the Year Ended June 30, 2023

Valuation Date	12/31/2022
Timing	Actuarially determined contribution rates are calculated based on the actuarial valuations during the fiscal year.

Key Methods and Assumptions Used to Determine Contribution Rates

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Amortization method	15-year layered level dollar closed as of 12/31/2022
Discount rate	6.75 percent for Regular OPEB and for Line of Duty OPEB
Healthcare Cost Trend Rates	
Regular OPEB	Medical, Non-Medicare: 3.8 percent for Kaiser and 11.0 percent for UHC for 2023, then 7.00 percent for 2024 grading down to 4.19 percent over 19 years Medicare: 5.5 percent for 2023 grading down to 4.19 percent over 20 years. Expenses: 5 percent per year
Line of Duty	Non Medicare: 6.875 percent for 2023 grading down to 4.75 percent over 9 years Medicare: 5.187 percent for 2023 grading down to 4.75 percent over 3 years
Ultimate Salary Increase	3.25 percent

OPEB Money-Weighted Rate of Return
Last Ten Fiscal Years

2017	14.96%
2018	7.39%
2019	7.29%
2020	3.41%
2021	34.50%
2022	-13.90%
2023	9.51%

Future years will be added as they become available.

Special Revenue Funds

Housing – This fund accounts for the City’s housing programs.

Sanitary Sewer – This fund accounts for the funding of sanitary sewer maintenance and construction.

Stormwater Utility – This fund is funded by a stormwater utility fee which was implemented in 2018. This fee replaces the dedicated real estate property tax in the Stormwater Management fund.

Stormwater Management Fund – This fund was established in FY 2011. It is funded by a dedicated real estate property tax rate of 0.5 cents per \$100 of assessed value.

Potomac Yard Special Tax District – This fund accounts for funding for improvements in Potomac Yards, including the development of a metro rail station.

Northern Virginia Transportation Authority (NVTA) – This fund was established in FY 2014. It is funded by various state and local other taxes.

American Rescue Plan Act (ARPA) – This fund builds upon previously enacted COVID-19 aid measures. The source of funding is the American Rescue Plan Act adopted in March 2021.

Industrial Development Authority (IDA) – This fund accounts for IDA bond issuance fees and expenses.

Other Special Revenue – This fund accounts for grants and donations and other amounts that represent a percentage of special revenues.

Trust Funds

City Supplemental Retirement – Single employer defined benefit plan under the authority of the City of Alexandria (the City). The plan covers regular, full time City employees including deputy sheriffs, medics, and fire marshals and regular, part-time City employees who are scheduled to work at least 50 percent time and who are not covered under the Firefighters & Police Officers Pension Plan.

Pension Plan for Fire Fighters and Police Officers - Single employer defined benefit plan under the authority of the City. The plan covers public safety employees who met specific criteria (see Note 17). This plan was closed to new participants in 1979.

Retirement Income Plan for Fire & Police - Single employer defined contribution plan under the authority of the City. The plan covers public safety employees with contributions made after 100 percent vesting. This plan was closed to new members in fiscal year 2004 and converted to a defined benefit plan.

Firefighters and Police Officers Pension Plan (defined benefit component) - Single employer defined benefit plan under the authority of the City. The plan covers full-time sworn firefighters and police officers. Recruits are also covered by the Plan.

Firefighters and Police Officers Pension Plan (disability component) - Single employer defined benefit plan under the authority of the City. The plan provisions provide disability benefits for firefighters and police officers.

Other Post-Employment Benefits (OPEB) – The plan includes three classes of City retirees as follows: (a) full-time City employees who are eligible to retire under the Virginia Retirement System and City Supplemental Retirement Plan; (b) fire and police employees who are eligible to retire under the current defined benefit pension plan; and (c) fire and police employees who retired and were eligible for normal retirement with 20 years of service under the old defined contribution retirement income plan and the retirees under the old defined benefit pension

STATISTICAL SECTION

The statistical section includes detailed information to assist in understanding how the financial statements relate to the City’s overall financial well-being and includes the following categories:

Financial trends: These tables assist users in understanding how the City’s financial position has changed over time and include the following tables:

Table I—Schedule of Changes in Net Position

Table II—Changes in Fund Balances Governmental Funds

Table VII—Net Position

Table VIII—Fund Balances Governmental Funds

Table XXII—Five-Year Summary of General Fund Revenues and Expenditure

Revenue Capacity: These tables assist in understanding and assessing the City’s own source revenues and include the following tables:

Table III—Tax Revenues by Source

Tables IV and V—Tax Levies and Collections

Table VI—Real and Personal Property Tax Assessments and Rates

Table IX—2023 Tax Rates for Major Revenue Sources

Table XV and XVI—Principal Taxpayers

Debt Capacity: These tables present information to assist in assessing the affordability of the City’s current levels of debt and the City’s ability to issue additional debt in the future and include:

Table X—Legal Debt Margin Information

Table XI—Ratio of Net General Debt to Assessed Value and Net Debt Per Capita

Table XII—Overlapping Debt and Debt History

Table XIII—Ratio of Annual Debt Service Expenditures for Net General Debt to Total General Expenditures

Table XXIII—Summary of Total General Obligation Bonds Debt Service

Demographic and Economic Information: These tables include demographic and economic information to assist in understanding the external factors that affect the City’s financial activities and include:

Table XIV—Population and Per Capita Income

Table XVII—Alexandria City Schools Demographic Statistics

Table XVIII—Government Employees by Function

Table XIX—Principal Employers

Table XXI—Miscellaneous Statistical Data

Operating information: This table includes service and capital data to assist in understanding how financial information relates to the programs and activities the City performs and includes:

Table XX—Operating and Capital Indicators

Limitations on the Incurrence of General Obligation Debt:

There is no requirement in the Virginia Constitution, the Virginia Statutes, or in the Charter of the City of Alexandria that the issuance of general obligation bonds of the City be subject to approval of the electors of the City at referendum.

Under the City Charter the City Council has full authority to authorize and issue general obligation bonds. The authorizing procedure consists of the passage on the first reading of and ordinance authorizing the issuance of the bonds, followed by a notice of public hearing at a subsequent meeting, and the final passage on

The only constitutional limitation on the issuance of general obligation bonds is contained in Article VII, Section 10 of the Virginia Constitution, which states that: "No city or town shall issue any bonds or other interest-bearing obligations which, including existing indebtedness, shall at any time exceed ten percent of the assessed valuation of real estate in the city or town subject to taxation, as shown by the last preceding assessment for taxes."

(4) Personal Income and per capita income represents data from the United States Bureau of Economic Analysis, as revised, that generally has a two-year lag.

CITY OF ALEXANDRIA, VIRGINIA
Overlapping Debt and Debt History
June 30, 2023

TABLE XII

The City of Alexandria is autonomous from any county, town, or other political subdivisions of the Commonwealth of Virginia. There is no overlapping general obligation debt or taxing powers. The water system and the sewage treatment plant within the City are operated by a private company and an independent authority, respectively, for which the City has no debt obligations.

The City has never defaulted in the payment of any part of either principal or interest on any debt.

Credit Ratings

Moody's Investors Service.....	Aaa
Standard & Poor's Corporation.....	AAA

Paying Agents

The City's coupon bonds and interest coupons are payable at the Chase Manhattan Bank, N.A., New York, New York, or SunTrust Bank in Richmond, Virginia. Registered bonds and interest are payable at the principal corporate trust office of the Chase Manhattan Bank, N.A., New York, New York, or Depository Trust Company, New York, New York, which are the Registrars for bonds of the City of Alexandria.

Miscellaneous Statistical Data

As of June 30, 2023

Date of Incorporation	1779
Date of City Charter	1932
Form of Government	Council-Manager
Number of Full-Time City Positions (Other than Schools).....	2809
Number of Full-Time Equivalent School Positions.....	2661

Land Area

15.75 Square Miles

Elevation

0 to 287 ft above sea level

Location

38.8210 N

77.0861 W

Climate

Average January Temperature 34.9°

Average July Temperature 79.2°

Transportation

Major Highways:

Capital Beltway (I-95)

I-395 (Shirley Highway)

U.S. Route 1

George Washington Memorial Parkway

Rail:

The City is served by the north-south routes of Amtrak. The Virginia Railway Express provides commuter service between Alexandria, Washington, D.C., Fredericksburg, and Manassas, Virginia. Freight lines entering the City are Conrail, CSX Transportation, and Norfolk Southern Company.

Washington Metropolitan Area Transit Authority (WMATA) provides rail transit to the Washington Metro area. Five of the system's stations are located in Alexandria.

Air:

Ronald Reagan Washington National Airport is only minutes away from any location within the City.

Dulles International Airport provides international and longer domestic travel.

Ground:

The City is served by local bus service provided by the Alexandria Transit Company.

The City is served by the local and express buses of the Washington Metropolitan Area Transit Authority (METRO) and the Fairfax Connector.

Individualized service is available through privately owned taxicab fleets.

Port Facilities:

The port of Alexandria has two docks for ocean-going freighters and two major public docks. The 24-foot deep Potomac River channel runs the length of the Alexandria waterfront.
