

**OFFICE OF THE GOVERNOR
AMERICAN SAMOA GOVERNMENT**

September 20, 2023

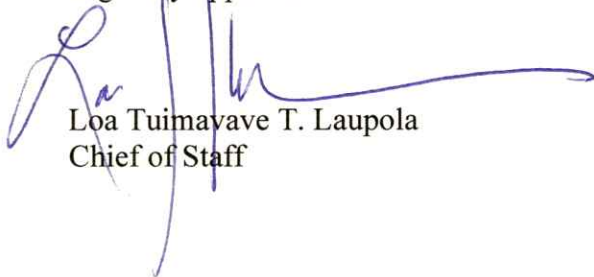

GENERAL MEMORANDUM NO. 234 – 23

To: Distribution List
From: Chief of Staff
Subject: Coastweeks Island Wide Clean-up on Friday, September 22, 2023

All departments, agencies, offices, and authorities of the American Samoa Government are required to take part and assist with this year's Coastweeks cleanup. In celebrating Coastweeks, this month's IWCC cleanup on **Friday, September 22, 2023** is dedicated to our coastal areas. Coastweeks is an opportunity to highlight the importance and the many benefits of our coastal resources as well as the need to preserve our natural resources.

Attached are maps identifying zones and their respective Zone Leaders for all departments, agencies, and offices. Zone leaders are to discuss and disseminate this information to all the departments in their respective zones. Our Coastweeks cleanup will focus on coastal areas including recreational beaches and stream areas where stream water is discharged into coastal water.

As always, your support and continued dedication to our overall efforts to promote coastal stewardship and a clean and beautiful Amerika Samoa during this year's Coastweeks celebration is greatly appreciated.
