First Day

Speaker Gowan introduced Major General Michael McGuire, Adjutant General, Department of Emergency & Military Affairs, who addressed the House as follows:

Thank you Mr. Speaker and members of the Legislature. On behalf of the 8,200 soldiers and airmen in the Arizona National Guard, serving proudly as citizen soldiers and airmen, I am honored today to have the opportunity to speak to you about the theme for the opening session, "Honoring Our Fallen Heroes." I think that it is important to understand what that phrase means and what it means to you as individual legislators. In this room we have supreme court leadership, elected leaders, citizens, but each of us are first and foremost Arizona citizens and members of this great nation that we call the United States of America. Each of us are called to service for different reasons.

I want to talk to you a little bit today about one individual hero, no more or less valuable than any other hero, that has paid the ultimate sacrifice for this state and nation. It is from that point that we can jump off and talk about expectation management for leaders in this country we so love and adore. On October 3, 2009, Staff Sergeant Thomas Rabjohn, a phoenix police officer by day and a member of the Coolidge 363rd Explosive Ordnance Disposal Unit one weekend a month and two weeks a year minimum, was on patrol in the Wardak Province in Afghanistan. He was leading a three man bomb squad to put it in civilian parlance. They were clearing routes, looking for improvised explosive devices, and carrying out missions to protect the main force that was moving into that area. They came across an area where there had been multiple improvised explosive devices put in place and successfully disarmed a number of them. When they thought they had found them all, they took off their protective gear. Unfortunately another device was discovered. Staff Sergeant Rabjohn asked his two fellow members of the 363rd to clear the area immediately, but before he could get out of the blast radius of the explosive device, he was killed in action. He became the 7th member of the Arizona National Guard that has given their life in Afghanistan or Iraq since 9/11. Seven is not a big number, but every number is huge and the hole that it leaves in the organization is palpable. He was a hero. He saved two other soldiers' lives and countless other innocent civilians and American servicemen that would travel on that road later that day.

Saturday, we named an armory at Papago Military Reservation after Staff Sergeant Rabjohn. That armory was built with dollars to help continue the legacy of greatness that we have found in our soldiers, airmen, sailors, marines, and coast guardsmen for the last 379 years. 379 years when we first formed a militia at the Massachusetts Bay Colony. Your role, as elected leaders, from where I sit, is to take account of not figuring out why he lost his life. We will spend an inordinate amount of time trying to figure out why things happen. You will never figure it out. Why does the child have cancer? Why does this young man die and another not? I would challenge you to figure out what you should do. In that moment the balance of that 363rd Explosive Ordnance Disposal Company, representing doctors, firemen, police officers, clerks, factory workers, and airline pilots all on patrol in Afghanistan, had to figure out "what next?" How do we react? Staff Sergeant Rabjohn was the team leader and so someone else had to step up.

For all of you that are charged in this legislative branch with making the laws, appropriating money, and resourcing, there is a component of that. I challenge you to set aside differences and work together to figure out how we can make sure that we mitigate incidents like those that cost Staff Sergeant Rabjohn his life. However, I am not asking to never put American blood or treasure at risk. That ultimately is a political decision. We bring the nation to war by, of, and for the people. The military is by, of, and for the people. All of those soldiers started as kids in class in Mesa, in Yuma, in Flagstaff, and in Show Low. Those are great Americans; no more or less patriotic than any of the other members of the National Guard states, the Army, the Marine Corp, the Air Force, and the Navy.

As we go forward, I think it is important to realize that the greatest component of leadership and the greatest leaders spend very little time dwelling on why things happen and a lot of time figuring out what they can learn and how they can best improve and move forward. That is what made the nation what it is today: the most inclusive, the most talented, and the most long standing test of freedom this world has ever seen. It is only going to continue to endure, if those of you that have been thrust into this leadership role understand your role, regardless of what side of the political aisle you come from.

Monday, January 11, 2016

First Day

It is with that, that I would like to list the seven Arizona citizen soldiers, each of their stories no more or less tragic and no more or less heroic than Staff Sergeant Rabjohn, and take a moment to remember them. Once that moment is over we need to move out as a state and a nation and provide clear political objectives for those of us that fight and win the nation's wars. I promise you those of us in the leadership roles in those organizations will do what we need to do to lead the greatest force on the earth.

Their names are Sergeant Elijah Wong, Sergeant Howard Paul Allen, Corporal Jeremiah Robinson, Staff Sergeant Darrel Kasson, Staff Sergeant Charles Browning, Private First Class Mykel Miller, and Staff Sergeant Thomas Rabjohn. Please take a moment with me in silence for each of them and the hundreds of thousands of serviceman that have given their lives.

Mr. Speaker, thank you for the time. God bless each of you, God bless the citizens of the State of Arizona, and God bless the United States of America.

Speaker Gowan thanked Major General Michael McGuire.

PERSONAL PRIVILEGE

Mr. Kern introduced Diana Pike, director of "Remembering Our Fallen," guest who was seated on the floor.

Speaker Gowan requested a moment of silence out of respect for fallen heroes and addressed the House as follows:

If you ask me, the state of Arizona is represented by some of the best and brightest lawmakers in the country.

This is evidenced by all of our hard work last session. Hard work that resulted in a structurally balanced budget for the first time since 2007; work that resulted in a package which, if passed by the voters, will put millions of dollars of new funding into K-12 education; hard work that resulted in making it easier for businesses to start up and thrive in Arizona.

We are a state with unlimited potential. A state that has held on to its independent thinking, governing, and clear focus on its citizens. I am excited about the session ahead. I look forward to the work of this body. I look forward to working alongside the Senate and Governor Ducey, to continue our successful path of making Arizona one of the best states in the nation to live. First Day

I also want to give a special welcome to the newest member of the state's highest court, Justice Clint Bolick.

Tomorrow marks one year since you first welcomed me into this chamber, seven days on the job.

On that day, our state was broke. A billion dollars in the red.

Old laws stood in the way of new jobs.

And a lawsuit over school funding froze progress for our kids while threatening a constitutional crisis.

What a difference a year makes.

Today, because of our decisions, there's money in the bank, we can pay our bills, and our credit rating upgrades will save taxpayers millions.

We've added more than 56,000 new jobs, and 100,000 new citizens – and Forbes says we are the best state in the country for future job growth.

We've unleashed innovation. Our free enterprise system is flowing, and so is the beer at Four Peaks.

And we enter 2016, united in an effort to deliver our students and teachers billions in new dollars.

I'm proud to stand here today, and say: The state of the state isn't just strong – it is on the rise.

Opportunity for all: I'm convinced our accomplishments in this first year came from a commitment to that vision, and the ability to work together to tackle problems long postponed.

Lawmakers here stepped up. And Speaker Gowan and President Biggs delivered on the promise of legislative leadership.

When it came to balancing our budget, we were told: It just couldn't be done. Not, without raising taxes.

But we weren't going to make the people of Arizona pay for the failings of politicians.

So we got the job done, and instead of raising taxes, we lowered them.

A year later, the big spenders who told us we couldn't balance the budget, are beating the drum -- celebrating our hard work with plans to spend and party like it's 1999. Some people never learn, no matter how much their heads hurt in the morning.

Someone needs to be the voice of sobriety. So when they bring out the punch bowl, I will be here to say ... once again... Not on our watch.

On Friday, I will release my budget, and the big spenders and special interests aren't going to like it.

It prioritizes vital commitments like education, child safety and public safety. It eliminates waste. It's balanced. And most importantly, it does not raise taxes.

Now, I understand that it's unusual for elected leaders to keep their promises, but let me assure you: I intend to keep mine. Together, we will lower taxes this year. Next year. And the year after.

And at the same time we will invest in education this year, next year and the year after.

It doesn't have to be an either or. We can be responsible with our budget, invest in the future, and allow the people to keep more of the dollars they earn.

After all, it's the people's money, not the government's.

Those same taxpayers expect results from us at this Capitol.

First Day

But all too often, success in this building is measured by how many bills we pass and new laws we add to the books.

The result is more than 10,000 pages of statutes, containing some 20,000 laws.

We all have priorities this year. But as you debate new laws, I call on you to ask: Is this the proper role of government? Are we expanding freedom – or limiting it?

Last year, 1,163 bills were introduced. 344 crossed my desk, and 324 became law. I enjoyed reviewing all of them – yes, even the ones I didn't sign.

But sometimes, as the saying goes...if you want to learn something new, you need to read something old. As Barry Goldwater wrote in 'Conscience of a Conservative,' "my aim is not to pass laws, it's to repeal them."

So, in that spirit, in the governor's office, we've identified hundreds of buried regulations that state agencies have imposed on Arizonans through the backdoor, hurting businesses large and small. Stifling job creation and progress.

Unfortunately, the process to get rid of these unnecessary regulations isn't nearly as easy as the process to create them.

Send me legislation to allow agencies to wipe them out, easier and faster. And I'll sign it.

Don't stop there. Arizona requires licenses for too many jobs – resulting in a maze of bureaucracy for small business people looking to earn an honest living.

Believe it or not, the state of Arizona actually licenses talent agents. I say, let's leave the job of finding new talent to Adam Levine and Gwen Stefani – not state government.

The elites and special interests will tell you that these licenses are necessary. But often they have been designed to kill competition or keep out the little guy.

So let's eliminate them.

Where we must have government, let's make it work.

We are transforming how we operate.

In a pilot project across 23 state agencies, Arizona was able to deliver services to our citizens 65 percent faster on average – without sacrificing quality.

Before we started, things were moving slowly. Government was sitting on applications. In the case of licensing qualified bus drivers, four days of work was taking 46 days.

So now, four days of work – takes four days.

Expect more of these improvements, as we create a results-driven government that works at the speed of business.

Last year, state government finally entered the 21st century – just 15 years late.

Whether it was allowing inventors at TechShop in Chandler greater freedom to crowdfund, or ending sting operations against ridesharing by overzealous state regulators – we've embraced innovation, and we're not done yet.

More than 40 million passengers enter our state through Sky Harbor International Airport every year. But you can't order an Uber or Lyft because unelected bureaucrats at city hall are protecting special interests.

Sky Harbor may be a city airport, but it's an Arizona vital resource used by citizens all over the state, and our economy is dependent on its success. I call on Phoenix city government to lift these unnecessary regulations immediately.

I also encourage all our cities and towns to put the brakes on ill-advised plans to create a patchwork of different wage and employment laws. If these political subdivisions don't stop, they'll drive our economy off a cliff.

Monday, January 11, 2016

First Day

91 cities and towns with 91 different employment laws, isn't local control – it's California-style chaos.

These efforts are based on the trendy, feel-good policies that are stifling opportunity across the nation -- failing everywhere they've been tried. So why would we try them here?

Let me be more specific:

I will use every constitutional power of the Executive Branch and leverage every Legislative relationship to protect small businesses and the working men and women they employ – up to and including changing the distribution of state-shared revenue. We will ensure Arizona continues to grow jobs, not destroy them.

As our economy advances, our government and our laws need to modernize too.

Arizona should be to the Sharing Economy, what Texas is to Oil and what Silicon Valley used to be to the tech industry.

Moments ago, I signed an executive order creating the Governor's Council on the Sharing Economy.

Its mission: Stop shackling innovation, and instead – put the cuffs on out-of-touch regulators.

I want startups in the Sharing Economy to know: California may not want you, but Arizona does.

And I'd be remiss if I didn't stop to thank my partner in growing Arizona's economy: California Governor Jerry Brown.

It's often misreported that there is a "Western Water Crisis," but the facts show, we'd be more accurate to call it a "California Water Crisis."

We've planned ahead.

If there's one thing Arizona is best in the nation at – it's water. We sit in the Capitol city in one of the largest metropolitan areas in the nation in the middle of a desert.

Thanks to revolutionary planning efforts like our 1980 Groundwater Management Act, and leaders from Carl Hayden to Mo Udall to Jon Kyl, Arizona has grown and thrived.

We're building on that, and we have a plan in motion. Right now, a team of our top water experts, users and providers are charting the path forward.

I've directed them to:

Investigate new, long-term sources for water in our state.

Explore additional conservation opportunities.

And identify future infrastructure needs so we don't end up like sorry California.

I've also given the green light to the Arizona Department of Water Resources to use existing dollars to hire new staff that the water community has been requesting for years – experts who can take these plans and make them work.

When it comes to our economic future, we're planning for tomorrow, AND we're innovating – starting with the Arizona Commerce Authority. We know what businesses look for when deciding where to locate: quality of life, low taxes, light regulations, good financing and qualified workers.

It's time for ACA 2.0, with a renewed focus on marketing and promotion. We have a great state with amazing assets.

We know: Life's better here. Now – let's do a better job at getting the word out.

Governors compete. States compete. People & Businesses decide.

First Day

So the goal is simple – to grow our economy, to take full advantage of our geography to better address the needs of businesses fleeing California and other states on the decline, and to ensure job creators who are already here, stay and thrive.

A great economy requires great public schools.

It's important to note, we are already doing a lot of things well.

Three of the top 10 public high schools in the country. Hardworking, dedicated and nationally-renowned teachers and principals.

And while scores on the Nation's Report Card dropped across the country, Arizona students continued to improve.

Together, we've made substantial progress towards giving our educators the resources they've been asking for.

Last year, faced with one of the most contentious legal issues in Arizona history, leaders in education and the Legislature stepped up.

The result: a monumental, bipartisan, 3.5 billion dollar solution, that will go to the voters in 127 days.

This is a once in a generation opportunity to change the trendline on education funding. The stakes are high.

For the cynics out there – looking to stop this plan or rooting for its defeat: if you're hoping this lawsuit will be resolved any other way – it won't.

And to my Democratic friends: Even if you voted against sending it to the ballot, now it's on the ballot. You can't sit on the sidelines.

Please -- put politics and partisanship aside, and put our kids and teachers first.

I've promised to put all my energy into ensuring its passage. So let me just say: I'm voting yes on Prop 1-2-3 – If you're with me, raise your hand.

In the past year, I've visited schools all over the state – meeting teachers, principals and parents. They looked me in the eye, and I've listened.

To those parents and educators, I want you to know: I've heard you, and this plan delivers.

In the years ahead, Arizona will be among the states investing the most new dollars in public education – all without raising taxes.

This is a first step – a big first step – but not our only step to improve public education in Arizona.

We know spending is not the measure of success. And it shouldn't just be about the billions of dollars we are putting into public education; it must be about what our kids are getting out of their education.

Until the thousands of kids on public school wait lists have access to our finest teachers and principals, our job isn't done.

So here's the plan: We are going to make it easier and more affordable for our best public schools to expand.

For months, my office has worked with the top credit rating agencies in the country to develop a structure that lets our excellent public schools finance their expansion at lower cost.

This means they can spend more dollars in the classroom, and less paying interest to a bank on Wall Street.

By utilizing dollars you allocated last year for the creation of the Arizona Public School Achievement District, combined with additional dollars that won't impact the general fund, we can and will make this happen.

Monday, January 11, 2016

First Day

We also need to provide resources for aging schools to repair and rebuild their facilities for future students.

Next, we need to reward schools that are helping kids reach their full potential.

All of us should be alarmed to hear that more than half of our high school graduates can't get into our own state universities.

So – under our plan, schools that produce students who successfully complete AP-level, college-prep courses will be rewarded with more dollars. Schools in low-income areas – where educators and students face added challenges – will receive an even greater boost for helping kids beat the odds.

But I know not every child plans to go to college – their K-12 experience also needs to prepare them for life. Which is why I'm targeting high-need employment sectors with a new focus on career and technical education. There is bipartisan support for this – so let's get it done.

The state isn't the only player in public education.

Every day, philanthropic foundations in Arizona are investing in our schools. They are developing new school leaders, expanding educational opportunities for low-income children and funding the arts and sciences.

I intend to partner with the heads of these foundations to provide an even greater opportunity and impact in our schools.

And when we get our kids prepared, there are great universities right here in Arizona ready to educate them at the highest level.

Wherever your loyalties may lie, you have to admit: Our universities are literally out of this world. A U of A grad recently discovered water on Mars. Arizona State University was just named the most innovative university in the country. And NAU is now a magnet for students ditching California in search of a high-quality, affordable higher education alternative.

Our universities and community colleges have been on the cutting edge when it comes to research, innovation and problem solving – just look a few miles down the road.

The template for the “New American University” is in our own backyard ... and because of Dr. Michael Crow's efforts, none other than the New York Times has recognized the Barrett Honors College at Arizona State University as the gold standard ... the equivalent of an Ivy League education right here – accessible to all ... and the envy of every other state in the nation.

I want all our university presidents to know – we value your work, and I intend to be a partner in strengthening Arizona higher education.

As a parent AND as governor, there's one number that keeps me up at night.

18,927. That's how many Arizona children, through no fault of their own, have found themselves in the foster care system.

We have to stand up for these kids. And that means making sure that no matter the failings of their parents, they and their caregivers have the resources they need.

And grandmas, grandpas, aunts and uncles, shouldn't face roadblocks to care for children in their own extended families. But under current policy, they do.

In many cases, a grandmother actually receives fewer dollars to raise her own grandchild, than a stranger would. That's wrong. This session, let's end the Grandmother Penalty and keep more families together.

As we continue to ease the burden, the fact remains: we ask a lot of foster parents -- and we know there are thousands of families currently trying to get into our best public schools, where the lines are long.

I say, if we want to see more foster and adoptive families ... let's give them an incentive...a “fast pass” to the front of the line of our best public schools.

First Day

This will ensure vulnerable children an opportunity at a great education – and bring more good people to take on the noble cause of fostering a child.

For fathers out there who aren't meeting their obligations, we also have a plan.

I'm talking to deadbeat dads. For too long, you've been able to remain anonymous – able to skirt your financial and legal responsibilities with no shame.

Not anymore.

Some people have referred to me as the "Hash-tag Governor." Well here's a new one for all the deadbeat dads out there: Effective immediately, the state is going to begin posting the photos, names and money owed by these losers to social media, with the hash-tag "deadbeat."

It's simple. If you're old enough to father a child, then you're old enough to accept financial responsibility for that child. If you don't want your embarrassing – unlawful – and irresponsible behavior going viral: Man up, and pay up.

When it comes to the welfare of women and children in our state, there will be zero tolerance for men who victimize.

Yet right now, in just Maricopa County alone, there is a backlog of 2,300 rape kits that sit in storage, uninvestigated. All across our state, women await justice, and predators evade the law looking for their next victim.

Today, I signed an Executive Order establishing a special law enforcement team to solve this injustice. My budget will allocate dollars to start the process of clearing these backlogs.

I want a plan, to be followed by legislation, that requires every rape kit to be investigated.

On my watch, the state of Arizona will do whatever it takes to lock these criminals away.

Whether it's unemployment, homelessness, crime, child neglect, or the prison population – all these issues trace back to a common theme: Drug abuse and addiction.

In September, we created the Border Strike Force Bureau, a partnership between local, state and federal law enforcement that's providing a force multiplier in the fight against drug cartels and border crime.

Already, with a minimal investment, the strike force has made over 300 arrests, taken down 14 cartel members, and seized 4,400 pounds of marijuana, 194 pounds of meth, and 21 pounds of heroin.

Twenty-one pounds of heroin in four months. That's nearly a million individual hits, and more than DPS seized in all of 2014.

Think about this. That same year, 1,248 Arizona newborns came into this world already addicted to drugs. We cannot wait to act.

Let's stand together this session and provide law enforcement – especially our border county sheriffs – the resources they need to ramp up the fight against the bad guys and end this scourge on our state.

But for those suffering from addiction, it's a different story – and law enforcement can only go so far.

75 percent of heroin addicts started out using prescription drugs.

We found in a single month – through a voluntary online database – that hundreds of Arizonans were doctor shopping, and receiving highly-addictive and dangerous drugs from multiple physicians at the same time.

Imagine how many more people we could help with a requirement that doctors use that database. It's time for us to make that happen.

Next, we must find help for those who want it.

Monday, January 11, 2016

First Day

So I'm bringing together a team of leading substance abuse experts, recovering addicts, and providers to find the best treatments and reduce barriers to care.

And, if we're serious about reducing recidivism – and reversing the growth of our prison population, let's begin by building on the model already working in Pima County: a community corrections center, providing tough love and on-site drug treatment and counseling.

It's time we bring this to the state's largest county, where the most people are transitioning back to life in our community. Let's give them a second chance so they stay clean and never end up back in prison.

Despite all these challenges, Arizona has a lot to be proud of.

Tonight: One year after hosting the most watched and most successful Super Bowl in history – the College Football Playoff National Championship kicks off right here – in just a few hours.

From the looks of it, it will be another night for the record books.

But after the last touchdown is scored and all the fans have gone back home, our greatest assets will remain: Our people.

The 7,772 men and women serving in the Arizona National Guard – and all those serving here and abroad in our military, our cops, our firefighters and our first responders, who keep us safe in these uncertain times.

The NAU community, especially President Rita Cheng, who brought a university together after a tragedy.

Gabby Giffords, who completed El Tour de Tucson – and continues to inspire.

Jen Welter and the Arizona Cardinals, who together shattered the glass ceiling in the NFL.

And the next generation of Arizonans – like 10-year-old Nia Thomas of Tucson – who made a winning dish, Oodles of Zoodles, that was served in the White House for the President of the United States.

Members of the Legislature, our state is on the rise – and it's because of our people. They're giving their all to make this state the best place in America – and they expect us to do the same. I'm honored to continue working with you toward that goal.

We've demonstrated government can work. Positive things can happen at this Capitol.

We can think big, and aim high. So why stop now.

Thank you and God Bless.

In this cherished republic, Members are elected to represent the voice of the people. That expression can only be accomplished in an orderly fashion.

Visitors in the Gallery are expected to observe the same decorum as Members on the floor. These Rules are posted in several places throughout the House. And specifically, Members are prohibited from interrupting proceedings, and so are our guests.

In order to maintain the order necessary to accomplish our business, we cannot tolerate any more outbursts. Therefore, unfortunately, if there is another breach of decorum, I will have no choice but to clear the Gallery in order to conduct the People's business. Thank You.

BUSINESS ON THE SPEAKER'S DESK

Communications from Governor Douglas A. Ducey on approval of the following bill was filed:

HB 2013, HB 2021, HB 2049, HB 2172, HB 2224, HB 2265, HB 2291, HB 2294, HB 2308, HB 2451, SB 1160, SB 1381, SB 1474, SB 1485, and SB 1516, signed March 30, 2016

SB 1324, signed March 30, 2016

Dear Secretary Reagan:

I signed SB1324.

Previous Arizona law provided flexibility and tied Arizona standards on medication abortion to the FDA standard. Under that law, Arizona law would change as the federal standard changed. But Planned Parenthood filed litigation over this flexibility and forced the hand of the legislature to tie Arizona law to a specific label rather allowing flexibility. It is because of that litigation that we are here today.

At the time SB1324 was passed, the FDA had not updated its label in fifteen years, and there was no indication that an update was imminent. The legislature acted in good faith to deal with litigation brought by an organization that profits from and advocates for expanded access to abortion.

In such a case, I will always stand with those advocating life. I recognize that given the unexpected actions by the FDA, some changes may need to be made in a later bill, and I stand ready to consider those changes when they reach my desk.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor

Eight-fifth Day

Communications from Governor Douglas A. Ducey on disapproval of the following bill was filed:

SB 1197, vetoed March 30, 2016

Dear President Biggs:

I vetoed SB1197. While I strongly believe that cursive handwriting must be taught in our public schools, there's already a process in place to ensure this happens. In March 2015, I directed the State Board to review, revise and replace the state's academic standards with input by Arizona parents, teachers, principals and content experts. The State Board of Education and the Arizona Department of Education are currently working collaboratively to that end and they have engaged the public from every corner of the state with community meetings and through thousands of online and written public comments. My expectation is that these new standards should outperform the ones already adopted but also reflect the skills that we believe Arizona students should possess.

I have communicated to the State Board of Education that the new academic standards must include instruction in cursive reading and writing and that by the 5th grade, students should be able to read and write documents through legible cursive handwriting.

I want to make it very clear that I do not agree with others who proclaim that handwriting is a "lost art" or a "relic of the past." Research shows a link between stronger handwriting skills and pedagogical benefit, including increased cognitive and learning development, brain activation, letter recognition and greater reading coherence. For students who struggle with diminished fine motor skills and/or reading impairments, cursive writing can be an effective learning tool. And for many, handwriting also allows a process of reflection that can lead to better understanding and memory encoding.

I'd like to express my appreciation to Senator Griffin for bringing this bill forward and ensuring that we do not forget the importance of teaching cursive handwriting skills in a student's course of academic study.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor

SENATE CONFEREES:

Minority Report:

We support HB 2260 to renew the foster care review board for 8 more years and the conference amendment, but we are disappointed the conference committee did not adopt our conference committee amendment to eliminate discriminations against who may adopt.

- Our foster care system remains overwhelmed, and we have an obligation to the Arizona kids in this system. We can't waste an opportunity to help correct this crisis, and the failure to take action is reprehensible.

Thursday, April 21, 2016

One Hundred Second Day

- We need to remove the obstacles that keep kids out of stable, loving homes. Since the U.S. Supreme Court's ruling legalizing same-sex marriage in Arizona, Governor Ducey has stated "all loving families" should be able to adopt. Research has shown children in the child welfare system who experience multiple moves are at risk for poor outcomes.
- Existing statute discriminates against same-sex married couples and single-parent foster and adoptive families. We cannot afford to turn away any well-qualified potential foster or adoptive families during the current child welfare crisis.
- We are concerned that, without the passage of our amendment to the adoption law, we will continue to see more children sleeping in group homes and shelters - instead of safe, secure family settings with incredible parents who want to open their homes to these children in need.
- Lastly, we do not understand why the House of Representatives did not appoint a Democratic member of the Children and Family Affairs Committee who would be well-versed in the issues discussed in the conference committee. We recommend that in the future, majority leadership should consider the recommendations submitted by the minority leader for appointments as has been custom and practice over the years.

For these reasons, we file this minority report.

RECONSIDERATION

Motion by Ms. McCune Davis that the House reconsider its action of today, whereby on Final Reading of Bills it passed House Bill 2429 and that the bill again be placed under the order of business Final Reading of Bills immediately.

POINT OF ORDER

A point of order was raised by Mr. Friese and demanded that they be given the opportunity to debate the reconsideration motion. Speaker Gowan ruled that pursuant to House Rule 24 the reconsideration motion is not debatable.

The reconsideration motion by Ms. McCune Davis failed by a voice vote.

PROTEST

Ms. McCune Davis rose to a point of Protest under House Rule 20, and explained why she wanted to reconsider the final vote on HB 2429 and change her vote from Aye to a Nay. Pursuant to House Rule 20(B) she submitted the following statement:

I request that my remarks be included in today's official record. I would like to be on record as opposing HB 2429. I cast an aye vote without realizing the changes that had been made in conference committee. The language added in conference committee changes the obligations of public officials in regard to reporting gifts provided to them from outside parties. The gifts, generally scholarships to attend special interest conferences, are now reportable when they reach a threshold of \$500, and as such are subject to public scrutiny.

The new language moves these expenses paid by others to a new category and raises the threshold for reporting to \$1000. It may also appear to require reporting based on a meeting rather than a source.

I do not support this change in law and would have recorded a no vote if my motion to reconsider had been permitted. I offer this explanation instead.

One Hundred Seventeenth Day

Minority Report:

I oppose HB 2030, liquor premises; firearms; retired officers, as amended in conference committee because the conference committee amendment is not germane to the underlying bill.

The conference committee amendment authorizes the director of the Department of Liquor Licenses and Control to issue a temporary permit of any series authorizing the disposal at public auction of spirituous liquor that a trustee in bankruptcy acquires from a debtor. The underlying bill allows a retired peace officer or an honorably retired law enforcement officer who has been issued a certificate of firearms proficiency to possess a firearm on the premises of a liquor license holder.

The conference committee amendment violates both article 4, part 2, section 13 of the Arizona Constitution and House Rule 16 because it expands the scope of the original bill to give it a new purpose, and thus violates the single subject mandate. The underlying bill had a very narrow purpose related to certain retired officers being allowed to carry their guns in liquor establishments. The conference committee has nothing to do with that subject but instead creates a process for bankruptcy trustees to dispose of liquor in a public auction that the trustee acquired from a debtor. This is precisely the kind of logrolling that the constitution and house rule were designed to prevent.

For these reasons, I oppose HB 2030 as amended by the conference committee.

REPORTS OF SELECT COMMITTEES

The Free Conference Committee on House Bill 2297 reported:

That the House accept the Senate amendments with exceptions and the bill be further amended.

HOUSE CONFEREES:

Javan D. "J.D." Mesnard
Jeff Weninger

SENATE CONFEREES:

Adam Driggs
Martin Quezada
Steve Smith

Minority Report:

We oppose HB2297, political advertisements, contributors, disclosure, as amended in conference committee, because the conference committee amendment does not remedy the egregious attempt in both HB2296 and HB2297 to take away the voters' ability to refer legislation and voice their opinion at the ballot box.

The underlying bill makes numerous changes to Laws 2016, chapter 79 (SB1516), and attempts to make those changes, as well as all of SB1516, go into effect four days before the November general election. These provisions effectively undermine the ability of voters to exercise their right, under the Arizona State Constitution, to refer a piece of legislation to the ballot for a vote of the people by requiring multiple bills be referred to the ballot in order for the substance of the main bill, SB1516, to be referred.

Additionally, HB2296 now includes provisions that would codify an exemption from disclosure requirements for nonprofit entities. It is widely known that these entities engage in political campaign activity, and they are often referred to as "dark money" organizations because of the limited requirements for disclosure of the money they raise and spend. Much like provisions in SB1516, an exemption from laws requiring disclosure of political activities was added to HB2296 but it was placed in the statutes that govern the nonprofit status of these entities (versus statutes governing campaign finance disclosure). With this change to HB2296, which we attempted to remove in a conference committee amendment to HB2297, effectively, even if SB1516 is repealed through a referendum, this change in law would accomplish the same goal as SB1516 in another part of statute, thereby thwarting the constitutional power of referendum.

The referendum process is difficult. It requires the collection of tens of thousands of petition signatures from registered voters. It is appropriate that the process be difficult because referendum to the ballot is not something that should be taken lightly. It should be reserved only for those policy issues that are of significant concern to Arizonans. The so-called campaign finance "reform" provisions in SB1516 are those types of issues. Poll after poll show that the public is very opposed to the use of "dark money" campaigns to influence our political system, and voters deserve the opportunity to voice their opinion on the policy decisions in SB1516.

We are outraged by this attempt to circumvent the referendum process established in the Arizona State Constitution. If the people wish to require a public referendum, dialogue, and vote on the provisions of SB1516, the legislature should not stand in the way of that right through crafty maneuvering. It is disrespectful to the voters and undermines the integrity of our political process.

For these reasons, we oppose HB2297 as amended by the conference committee. The conference committee missed an important opportunity to thwart the efforts of those threatened by a voter referendum of SB1516 to deny Arizona voters their rightful role in our legislative process.

SUPPLEMENT
SECOND REGULAR SESSION

Supplement.....	453
Certification.....	463

Letters of transmittal received after adjournment sine die from Governor Douglas A. Ducey indicated the following:

On May 9, 2016, the Governor disapproved the following:

SB 1268, adequate water supply requirements; municipalities
SB 1400, county water supply provision; renewal

Dear President Biggs,

Today, I vetoed Senate Bill 1268 and Senate Bill 1400.

Arizona enjoys a proud and longstanding reputation as a global leader in water management. Historically, we've planned ahead for the needs of our citizens and the future of our state but these bills undermine those efforts. While I appreciate the sponsor's efforts to protect Arizona from federal overreach, I'm concerned S.B. 1268 and S.B. 1400 would encourage a patchwork of water ordinances throughout our cities and leave our water supply securities in peril.

Ensuring the certainty and sustainability of Arizona water is a top priority. I will not sign legislation that threatens Arizona's water future.

I look forward to working with legislators to build on the success our state has experienced with the Groundwater Management Act of 1980, and the hard work of leaders from Carl Hayden, to Mo Udall and Jon Kyl, by implementing additional conservation opportunities and exploring new, sustainable water sources for our state.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1537, higher education; budget reconciliation; 2016-2017

On May 10, 2016, the Governor disapproved the following:

HB 2524, uniform firearms transfer compact

Dear Speaker Gowan:

Today, I was glad to sign Senate Bill 1266 and House Bill 2338 – two pieces of legislation that protect our Second Amendment rights. Earlier this year I signed House Bill 2224 (private firearm transactions; prohibited encumbrances), reinforcing my commitment to allowing the exchange of firearms without government intrusion. I have signed several other firearms bills, with a commitment to safeguarding our liberties relating to firearms.

Arizona has led the nation in ensuring the right of our citizens to keep and bear arms, and I intend to preserve that status. That is why I'm vetoing House Bill 2524.

This bill is unnecessary. As a strong supporter of the Constitution, the Second Amendment and the Tenth Amendment, I believe it's important that Arizona continue to chart its own course and retain its sovereignty. I see no reason for Arizona to tie ourselves to other states' decisions on public policy relating to the transfer of firearms. We know what's best for our state, and I trust the citizens of Arizona and their elected leaders to continue to make wise decisions to protect our Second Amendment rights, whenever and wherever those rights are infringed.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2568, community facilities districts; formation; governance

Dear Speaker Gowan:

Today, I vetoed House Bill 2568.

As you know, I'm a strong advocate for building our economy, and I know that growth and development are key to that success. I've been a champion for our business community and will continue to be. I also understand there are issues to be addressed with our community facilities districts.

However, I'm concerned that this bill does not provide needed protections for the taxpayer. These districts, like all of government, need to be accountable, and when the balance of power disproportionately favors any one side, homeowners and businesses are the ones who suffer.

In any future efforts on this issue, I encourage more emphasis on accountability and reforms that ensure protection for both businesses and taxpayers.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2484, estimates; state budget; notice

Dear Speaker Gowan:

Today, I vetoed House Bill 2484. I strongly support the underlying policy of truth in spending. Unfortunately, the language in the bill is unclear and vague, and doesn't take into account fiscally conservative actions such as eliminating debt.

I look forward to working with the proponents of this bill so that we can correct these concerns and consider it as part of a broader package of needed budget reforms next session.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

On May 12, 2016, the Governor disapproved the following:

HB 2434, abandoned vehicles; towing reimbursement

Dear Speaker Gowen:

Today, I vetoed House Bill 2434.

This bill would cost the state nearly a million dollars annually. With so many priorities facing Arizona, and with our budget finally structurally balanced, I don't believe this makes sense in this form, at this time.

I'm open to changes in the fee structure, however, I'd rather see an approach that is revenue neutral.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1141, legal tender; taxation; regulation

Dear President Biggs:

Today, I vetoed Senate Bill 1141. While I support tax policies that make Arizona as competitive and fair as it can be, I cannot support this bill in its current form. The language of the bill provides for a broad prohibition from state regulation of "legal tender" as anything other than money. This provision is ambiguous and may have unintended consequences beyond the intent of the proponents.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1156, state elected officials; absence; protection

Dear President Biggs:

Today, I vetoed Senate Bill 1156. I appreciate the sponsor's concern and hard work on this issue. However, I have great confidence in the capabilities of our law enforcement professionals to detect threats and protect us on a daily basis.

Sincerely,

/s/DOUGLAS A. DUCEY

State of Arizona

On May 18, 2016, the following letter of executive intent was received from the Governor:

HB 2537, supreme court justices; number

Dear Secretary Reagan:

Today, after much consideration, I signed House Bill 2537, which increases the number of justices on the Arizona Supreme Court from five to seven. The measure puts Arizona on par with states that have similar or smaller resident populations, yet more Supreme Court justices, including Nevada, Colorado, Washington, Wisconsin and Massachusetts.

Arizonans deserve swift justice from the judicial branch. Adding more voices will ensure that the court can increase efficiency, hear more cases and issue more opinions.

I appreciate the array of viewpoints on this issue. I have listened, researched and weighed all the arguments carefully before making a final decision.

Some, particularly national activists and media who aren't familiar with our system here, have inaccurately described this as "court packing." That's just wrong. Arizona's two new justices will be selected under our state's nationally-renowned merit selection system, which includes nominations of qualified applicants by the Commission on Appellate Court Appointments.

The fact is, unlike the federal system, I can't simply appoint anyone. My experience so far has been that the merit selection system produces excellent candidates - Democrats, Republicans and Independents. When I made my first appointment to the Supreme Court early this year, the candidates were superb and the decision very hard to make. The record will show that in my judicial appointments to date I have selected several judges who are not members of my own political party, including my selection for the Supreme Court.

Some have said this bill is unnecessary, and that the court can handle its caseload just fine. But I believe you'll hear a different story from the businesses and individuals facing litigation, who are in need of certainty.

Finally, some have suggested this policy is at odds with the goal of streamlining and simplifying state government. I disagree. Our goal is a state government that works for the people and that's efficient and effective. I believe this bill is consistent with that objective.

The judicial branch is a critical and co-equal branch of our state government. This bill provides the court with the resources to do its job in a growing and prosperous state.

I appreciate Representative J.D. Mesnard's leadership on this legislation.

I would also like to note my high regard for Chief Justice Scott Bales. He is of the utmost integrity and our court is in excellent hands under his stewardship. Arizona is lucky to have such a qualified and thoughtful justice guiding our Supreme Court. I look forward to continuing to work with him and our entire judicial branch in the years ahead.

Sincerely,

/s/DOUGLAS A. DUCEY

State of Arizona

On May 12, 2016, the Governor disapproved the following:

SB 1367, Assyrian genocide; monument; procedures

Dear President Biggs:

Today, I vetoed Senate Bill 1367.

As Arizona progresses into its second century, it's important to both reflect on the past as well as plan for the future. With limited space remaining in Wesley Bolin Plaza, it's a good time to take a thorough look at the Capitol complex and plan ahead.

Before moving forward with any additional monuments on our Capitol mall, I would like the Arizona Department of Administration to work with the Governmental Mall Commission to review our current monuments and develop a plan for the future of Wesley Bolin Plaza.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1401, trade names; trademarks; application

Dear President Biggs:

Today, I vetoed Senate Bill 1401.

While I understand the genesis behind the bill, I am concerned about the additional -- and subjective -- requirements it places on businesses and entrepreneurs. I support reducing frivolous lawsuits in the state, but this bill would not insulate any business from litigation and in fact could actually expose trademark applicants to additional litigation due to the new requirements contained in the bill.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1434, information technology; consolidated purchasing

Dear President Biggs:

Today, I vetoed Senate Bill 1434.

It's time for state government to enter the 21st century, and major advances in technology are needed to get there. This bill appears to add extra layers of bureaucracy that are unnecessary and will stall needed advancements in technology.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1443, health profession regulatory boards

Dear President Biggs:

Boards can serve an important role in protecting public health and safety, but in many ways, they lack accountability and transparency. While nominally part of the executive branch, in practice these boards operate independently, often outside of the line of sight, and lack appropriate oversight or checks and balances.

There is such a lack of accountability that we've relied on the press to uncover wrongdoings. Thanks to aggressive reporting in the media we've learned of significant problems that need to be addressed. But it shouldn't get to that point. There needs to be more oversight.

This bill doesn't do it. It's watered down and weak, and it would give protectors of the status quo the excuse to say we've done something, when we really haven't. I do not believe the best way to address needed reform at the board level is small, isolated changes that do not address the root of the problem. Additionally, I am disappointed that this bill fails to include reforms necessary to address recent Supreme Court precedent, which leaves the state vulnerable to antitrust liability and intrusion by the federal government.

It will likely rattle some of the incumbent special interests at the Capitol, but we must pass Legislation next session that aggressively addresses needed reforms of our boards and commissions, including increasing transparency, providing appropriate accountability, and protecting the state from liability. In the meantime, I have directed my staff to explore all other options at my disposal to shine a light on this dark corner of state government.

Sincerely,

/s/DOUGLAS A. DUCEY

SB 1510, incompetent persons; mental health evaluations

Dear President Biggs:

When it comes to improving how Arizona deals with a special class of dangerous defendants who are incompetent to stand trial, there are many issues that need to be addressed from both the state and local levels. While this bill attempts to make some of those changes, it also includes provisions that could jeopardize the licenses of our staff at the Arizona State Hospital, as well as the credentials of the hospital itself. For this reason, I must veto Senate Bill 1510.

Because of our shared concerns about finding a solution to this issue, this year's FY2017 budget includes a provision establishing a study committee comprised of behavioral health and criminal justice experts to make policy recommendations by this winter. The provisions of this bill as well as other ideas will be considered and vetted by that group. I look forward to reviewing a comprehensive strategy prepared by this group of experts to address this issue in the future.

Sincerely,

/s/DOUGLAS A. DUCEY

On May 19, 2016, the following letter of executive intent was received from the Governor:

SB 1248, ~~body of water; aggregate mining~~
 (now: pet store operators; dealers; regulations)

Dear Secretary Reagan:

I am an unapologetic dog lover.

Like all pet owners, I consider my dog, Woody, to be a member of the family. Animal welfare is an issue that is close to my heart and of great personal importance.

Animal cruelty is disgusting and morally reprehensible.

As my record demonstrates, I will not stand for – and the state of Arizona will have zero tolerance for – the mistreatment of any animal. Last year, I issued my first veto in office for a bill that would have weakened protections for animals under state law. In recent days, we have taken significant action to expand protections for animals in Arizona – from ensuring the freedom of Salt River horses to roam free in our state, to ending live Greyhound racing for good. In my campaign for governor in 2014, I was proud to be endorsed by the U.S. Humane Society.

Today, in that same spirit, I signed SB 1248.

In my deliberation process, I ensured my staff thoroughly researched this bill, and I spent considerable time understanding the arguments for and against. In particular, the many comments from concerned citizens on social media have been ones that I've personally read and I've taken to heart because of my passion on this issue.

It's important to understand the facts of the bill. SB 1248 actually strengthens penalties for pet store owners who do not take measures to ensure that the animals under their care are from a licensed, safe, sanitary and humane place.

I'm a vocal supporter of small business and economic development. But I would never, ever, support any business operation that would endanger dogs – and subject future generations of puppies to health risks and defects. That is not a business model welcome in the state of Arizona.

Shutting down the good guys will do nothing to stop the bad actors. Rather, it will open the doors for more puppy sales through unregulated sources, where abuse and inhumane conditions are more likely. This bill ensures that puppies being sold in pet shops are coming from responsible breeders, and includes strict penalties for store owners who do not comply.

As this action demonstrates, I will continue to support measures that increase protections for animals. If there are bad actors in this state, they will be held accountable under the law.

Sincerely,

/s/DOUGLAS A. DUCEY

**RULES OF THE
ARIZONA HOUSE OF REPRESENTATIVES
52nd LEGISLATURE
2015-2016**

913

**RULE 1
MEMBERS**

A. The House may punish its members for disorderly behavior and may, with the concurrence of two-thirds of the members elected to the House, expel any member (Arizona Constitution, Article IV, Part 2, Section 11). A violation of any of the House Rules shall be deemed disorderly behavior. When a roll call vote is ordered on the floor of the House and subject to the provisions of Rules 6 and 14, members are required to vote after a reasonable time, as determined by the Chair, and may be punished for disorderly conduct if the member fails to vote after a reasonable time.

B. When any member shall be guilty of a breach of any of the Rules and Orders of the House, and the House has determined that he has so transgressed; he shall not be permitted to vote or speak, except by way of excuse for the same, until he has made satisfaction.

C. Any member having obtained leave of absence and having in his possession papers relative to business before the House shall leave same with the Chief Clerk.

**RULE 2
ANNUAL SESSIONS**

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The Speaker may by declaration authorize the extension of the session for a period not to exceed seven additional days. Thereafter the session can be extended only by a majority vote of the House.

B. If not considered in the regular session, the general appropriations bill, the general capital outlay bill and the university capital outlay bill may be considered each year in a special session which shall be called only for that purpose.

**RULE 3
OFFICERS AND EMPLOYEES**

A. The House shall elect as an officer of the House a Speaker, and shall elect a Chief Clerk and such other employees as the House directs.

B. All House employees shall be under the immediate direction of the Speaker of the House, who shall have the power to designate the person who shall be in immediate supervision of the different departments.

C. Employment, compensation and termination of personnel shall be determined by the Speaker.

D. Employees of the House are prohibited from lobbying during the term of their employment, and a violation of this Rule will be sufficient cause for the summary discharge of the offending employee.

E. No person shall be employed as a House employee who is an agent for the prosecution of any claim against the state or who is interested in such claim otherwise than as an original claimant and it shall be the duty of the Speaker to report to the House any violation of this Rule.

**RULE 4
THE SPEAKER**

A. The Speaker shall take the Chair at the hour to which the House shall have adjourned; immediately call the members to order; cause the roll to be called; and, if a quorum be present, cause the Journal of the proceedings of the last day's sitting to be read, if requested by a majority of the members elected to the House.

RULES OF THE HOUSE

B. The Speaker shall preserve order and decorum; decide all points of order subject to an appeal to the House, on which appeal no member shall speak more than once, except by permission of the House; may speak to points of order in preference to other members; and may vote in all cases except to determine his own rulings.

C. The Speaker shall sign all bills, resolutions, memorials, addresses, writs, warrants and subpoenas issued by order of the House.

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

E. The Speaker may appoint a member as Speaker Pro Tempore to perform the duties of the Speaker. In his omission to make such appointment, the House shall proceed to elect a Speaker Pro Tempore to act during the Speaker's absence.

F. The Speaker shall have the general control of the House Chamber and the corridors, passages and committee, hearing and staff rooms of the House of Representatives and all other matters which pertain to the House of Representatives' building and related parking lots.

G. All debts incurred by the House of Representatives, either during session or between sessions of the Legislature, shall be paid by claims drawn on the Finance Division; and all claims so issued shall be signed by the Speaker.

H. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

I. The Speaker shall be responsible for authorizing the accounts for the pay, mileage and subsistence of members and employees, and pay them as provided by law.

J. Every bill, resolution and memorial, except death resolutions and Senate bills to be substituted on third reading pursuant to Rule 7 C, shall automatically be assigned to the Rules Committee at the time of assignment to another standing committee without action upon the part of the Speaker.

**RULE 5
THE CHIEF CLERK**

A. The Chief Clerk shall keep the Journal of the House and enter therein the record of each day's proceedings, including every question of order which shall be decided on appeal, with the decision thereon, and the hour of adjournment.

B. The Chief Clerk shall prepare copies of the Committee of the Whole Calendar and deliver the same in paper form or electronically to the members, and prepare such other memoranda as the House or Speaker may direct.

C. The Chief Clerk shall transmit to the Senate every bill or other measure, immediately after its passage, to which concurrence is necessary.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Assistant Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.

**RULE 6
ROLL CALL, QUORUM, CALL OF THE HOUSE**

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question, as set forth in Rule 35 or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, nor to any place other than that in which it may be sitting, without the consent of the Senate (Arizona Constitution, Article IV, Part 2, Section 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by less than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege". A Call of the House may be ordered by a majority of the members voting, provided the minimum number authorized to order a Call of the House is present.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.

**RULE 7
ORDER OF BUSINESS,
SUBSTITUTION OF SENATE BILLS FOR HOUSE BILLS**

A. The House shall convene at the call of the Speaker each day during legislative session unless a different time or day is fixed by the Body. The daily Order of Business shall be as follows:

1. Roll Call
2. Prayer
3. Pledge of Allegiance
4. Approval of the Journal
5. Petitions, Memorials and Remonstrances
6. Reports of Standing Committees
7. Reports of Select Committees
8. Business on the Speaker's Desk
9. Bills and Other Business from the Senate
10. Motions to Discharge Committees
11. First Reading of Bills
12. Second Reading of Bills
13. Third Reading of Bills
14. Unfinished Business
15. Committee of the Whole
16. Disposition of Business from Committee of the Whole
17. Orders of the Day

B. At any time after the reading and approval of the Journal any member may authorize a motion to be made that the House go into Committee of the Whole for the consideration of bills raising revenue or the general appropriations bill.

C. When Senate bills are received which are identical to House bills which have already been favorably reported by the Committee of the Whole, they may be substituted for such House bills on Third Reading.

D. Business shall be taken up and shall be considered only when the class to which it belongs shall be declared to be in order. Questions of privilege including introduction of guests shall be in order as provided in Rule 26 B.

E. All questions relating to the priority of business shall be decided by a majority of those voting without debate.

F. When multiple legislative sessions are held on one legislative day, the Prayer and the Pledge of Allegiance under the Order of Business in subsection A of this rule are required to be followed only for the first session of that day.

RULE 8
BILLS, RESOLUTIONS, MEMORIALS, ENGROSSED COPIES,
AMENDMENTS

A. Every bill, resolution and memorial shall be read by sections on three different days, unless in case of emergency, two-thirds of the House deem it expedient to dispense with this Rule. The vote on Third Reading and Final Passage of any bill, resolution or memorial shall be taken by ayes and nays on roll call. Final Passage shall be the final disposition of a bill by the House (refer to Arizona Constitution, Article IV, Part 2, Section 12).

B. Bills, resolutions and memorials may be introduced by a member by presenting copies of such bill, resolution or memorial to the office of the Chief Clerk. The Chief Clerk shall have 24 hours to process such bill, resolution or memorial preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated. A bill introduced in the House may be cosponsored by Senate members. A House member's sponsorship may be withdrawn by that member from any House measure that has received a favorable committee recommendation following the adoption of an amendment to strike everything after the enacting clause and insert new material. Following an effective withdrawal of sponsorship of the measure, the member shall not be identified as a sponsor of the measure on any subsequent calendars, agendas, reports, orders or other publications of the House. Withdrawal of sponsorship shall be effective if all of the following apply:

1. The member gives a written statement of withdrawal in the form prescribed by the Chief Clerk, delivering the statement to the office of the Chief Clerk and a copy to the Engrossing Clerk.
2. The measure has been favorably reported out of Committee of the Whole.
3. The measure has not been brought for a vote on Third Reading of Bills.
4. The measure would have no less than one sponsor following the member's withdrawal of sponsorship.

C. Bills, resolutions and memorials may be introduced during the first 29 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee. Every bill, resolution or memorial shall have at least one prime sponsor. A member may not be the prime sponsor of more than seven bills introduced after 5:00 p.m. on the fourth day of each regular session. For purposes of this Rule the first name on a bill shall be considered the prime sponsor.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the filing of the certification of election until the first day of the regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's proclamation until the first day of the special session, such bills being germane to the call.

E. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this Rule shall be deemed to have been actually introduced on the first day of each regular or special session.

F. Bills, resolutions and memorials accepted for introduction shall be entered in the Journal by the Chief Clerk.

G. The original of a bill, resolution or memorial shall be designated by blue backing, marked "original" and shall remain in the possession of the Chief Clerk. Copies shall be distributed as the Speaker directs.

H. All bills prepared for introduction which propose to add to the statutes or amend existing statutes shall show the proposed new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case) lined through.

I. On First Reading of bills, resolutions or memorials, the measure shall be referred to the Chief Clerk for printing. The Speaker shall determine the number of bills, resolutions or memorials to be duplicated.

J. On First Reading, all bills, resolutions or memorials shall be referred by the Speaker or the Speaker's designee to appropriate committees. Each committee shall report each measure it carefully considers back to the House with such recommendations as may be deemed proper. All amendments proposed by the committee shall be separately reported. If the Speaker designates his referral authority pursuant to this rule to any member of the House other than the Speaker Pro Tempore the designation shall be in writing, state the period of time for which it is effective, and be filed in advance with the Chief Clerk.

K. When the first committee reports the measure to the House, the Speaker places it on the House Calendar (Inactive Calendar). When the last committee to which the measure was referred reports to the House, it is the property of the Committee on Rules, which considers the measure. The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole.

L. The Speaker may direct that any bill be second read at the time of its consideration by the Committee of the Whole or on any day prior thereto.

M. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion, the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

N. The original and two copies of each engrossed measure shall be on paper of durable quality and shall be stamped on each page thereof with the blind embossed stamp of the House. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original House engrossed House bill shall have a green backing. The original House engrossed Senate bill shall have an orange backing.

O. The engrossed measure shall not be subject to amendment on Third Reading or Final Passage of the measure.

P. The House shall provide the Senate and the Legislative Council with sufficient copies of each amended engrossed House measure on green paper with a cover page. For House amendments to Senate measures, the same number of copies shall be provided but shall consist only of those pages containing the adopted House amendments and cover page. For unamended House measures the same number of green cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

Q. All bills, resolutions, memorials and engrossed measures shall be line-numbered, and such numbering shall begin with the enacting clause. Uniform sized paper, 8-1/2" x 11", shall be used. All paper and ink used by the House for the purpose of permanent records shall be of durable quality.

R. Amendments shall have uniform headings and shall read "amendment to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines ... through ...". If everything after the enacting clause is stricken, the amendment shall read "strike everything after the enacting clause". All amendments shall contain the language which states "amend title to conform". Substantive floor amendments shall be printed and placed on each member's desk a reasonable time prior to Committee of the Whole unless previously distributed. Substantive proposed amendments shall be reviewed for constitutionality and approved as to proper form by House Rules Counsel or other qualified personnel designated by the Speaker prior to presentation in all committees, including Committee of the Whole and conference committees.

S. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by at least 4:00 p.m. on the second previous working day, excluding Saturday, Sundays and holidays, in advance of the committee meeting at which the amendment is to be considered by delivering a draft of the proposed amendment to the office or the secretary of each member of the committee, posting such notice at the Information Desk and leaving a copy of the draft in the office of the Chief Clerk.

D. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

B. The Consent Calendar shall be set by the Speaker and shall consist of select unamended bills reported out of all committees to which they were referred. It shall be dated, printed, placed on each member's desk or delivered electronically and posted at the Information Desk two working days prior to being accepted. Any member who wishes to protest any bill bypassing the Committee of the Whole may submit a protest in writing to the Chief Clerk's Office with a copy for the Speaker's Office during the two-day posting period, and this protest will automatically remove the bill from the Consent Calendar. The bills remaining on the Consent Calendar will then be placed on the Third Reading Calendar.

**RULE 12
COMMITTEE OF THE WHOLE**

A. When the House shall determine to go into Committee of the Whole, the Speaker shall leave the Chair after appointing a chairman to preside.

B. In Committee of the Whole, business shall be transacted in accordance with its priority on the Calendar, unless such priority be determined by the House before going into Committee of the Whole.

C. A majority of the members of the House shall constitute a quorum to do business in Committee of the Whole.

D. When a Committee of the Whole finds itself without a quorum, the Chairman shall cause the roll to be called, and thereupon the Committee shall rise and the Chairman shall report the names of the absentees to the House, and such names shall be entered in the Journal. If on such roll call a quorum shall appear, the Committee shall thereupon resume its sitting without further order of the House.

1. To adjourn
2. Appoint, authorize or discharge committees
3. Lay on the table

K. A roll call vote shall be taken in Committee of the Whole when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.

L. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

M. With the exception of committee amendments, no proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order and the report of the Committee of the Whole shall not be amended to circumvent this Rule.

RULE 13

B. No member shall be permitted to vote unless present in person to cast his vote.

C. No member shall vote for another, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be punished in such manner as the House may determine. If a person not a member shall vote or attempt to vote for any member he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.
