BUSINESS ON THE SPEAKERS DESK

Motion by Mr. Toma that the House unanimously elect Krystle Fernandez as the Chief Clerk of the Fifty-fifth Legislature Second Regular Session. Motion was seconded by Mr. Bolding. Carried.

Speaker Bowers offered the following remarks:

My name is typically Rusty and as I introduce myself, it is both a condition and a name. At many times I display both. I'm grateful to have the keynote speaker with us today but I am going to steal some of his time.

In saying that comes to my mind attributed to Teddy Roosevelt, fame is a vapor, riches take wing, popularity is an accident. Only one thing endures and that is character. And as we work together striving to unify and reunify, to assess and reassess, the laws that govern this state. I hope that we would remember, that probably no one will remember us, but the character with which we carried out those duties will last far beyond in the product of our work. And I'm grateful for the few years that I have been able to be apart of it and look forward to you to many of you in your years ahead as you take that cause forward with this great experiment of the American Democratic Republic.

Marshall Trimble is an outstanding Historian of our state and beyond. But he will be speaking to us and I have known Marshall for decades. I'm very grateful for his work and it graces our home and you will get a little flavor of how he sees our history because you, especially the members, will be apart of it, so treat him well.

Speaker Bowers introduced special Guest Marshall Trimble, The Arizona State Historian, who addressed the House as follows:

**First Day**

Thank you, Mr. Speaker,

I represent those remarks. You know most of us are familiar with a family dog, we grew up with a family dog and there are some things we can learn from those lesson and this maybe the most important thing I say to you today. Our goal in life should be as good as a person as our dog already thinks we are.

We give our dog the time we can share, the space that we can share and love that we can share, in return they give to us their all. If you don't believe that, I would suggest that later today you take your husband or your wife or significant other. Open the trunk of your car and put them in the trunk and put the family dog in there with them. Then Close the trunk and drive around for two hours, then open the trunk and see which one of them is happy to see you.

I always say we are a land of anomalies and tamales, and we sure are. We are very hard to predict. We like to fool people with pronunciations. How do you say Ajo? How do you say Mogollon? How do you say Saguaro? I think it's a plot to make the T.V. weather people embarrass themselves on television. That's just a thought.

Counties and towns are a confusing thing too. We have a town called Gila Bend, but it's not in Gila county. It's in Maricopa county. We have a town called Maricopa, but it's not in Maricopa county. It's in Pinal county. And down on the railroad tracks, there is a place called Pinal. And it's not in Pinal county, it's in Gila county. We have town called Santa Cruz, but it's in Pima county. And we have a town called Pima, but it's in Graham county. And we have a place called Fort Apache, it's in Navajo county. And guess where Navajo is? Now you're starting to getting it see. And our newest county in Arizona is now our, actually by the records back in Washington, our oldest county and that's because forty percent of the people in La Paz county are sixty-five. Just thought you would love this bit of trivia.

I grew up in a small town of Ashfork, Arizona. And I'm mighty proud of it. I still visit and talk to the highschool kids and I'll always be a small town northern Arizona boy. We were so small our high school's driver's education class and our sex education class were taught in the same car. It was one those small-town schools. Our sister city was a Taco Bell in Costa Rica. But, that's what I love in small towns, and they all have a story to tell.

I'm here to tell you some stories about some towns, because that's a hobby of mine, or a past time, or a trait. I'm not sure how to define it but I love to get the stories in small towns. For example, in Gila Bend. I drove through there heading back from Yuma. And there was a sign that said seventy hundred folks, and five old crabs.

If you want to know anything in an old town, go to the barber shop, the local cafe or saloon. You can pick up everything you need to know about that town. I went in café, the Space Age, and I said are there any of the old crabs left. I would like to interview one of them. She said we will always have five old crabs in Gila bend. It's an honor to be a crab here in Gila Bend. Because there are seventeen hundred anonymous people, and there are five crabs. So you're somebody when you're here. So everybody wants to be an old crab. You get elected for one year and then you have to run again. And usually that goes to somebody else. Last year seventeen-year-old high school girl was voted an old crab. You got to love places like that, good old Gila Bend.

If you live in Moccasin, Arizona, you have to drive three hundred and sixty miles, and three states, to get to your county seat. But if the crow flies, it's only a hundred-forty miles, but the crow flies over the Grand Canyon. So, the folks in Moccasin have a difficult time, I would imagine, getting to regular meetings down in Kingman.

Pinetop. In the early days that was on the military road, Fort Apache and Fort Verde. The length between them across the rim. They built a road through there and the soldiers coming out of Fort Apache, made that long climb up to the top of the hill. There was a Saloon up there. The manager of that saloon was a tall red headed bushy haired man named Walter Rigney and they called him Old Pinetop. They called him Old Pinetop because his hair stuck out like a pine bow.

So the soldier says, "I can't wait to get to the top of that hill and have a cool one at Ol' Pinetop's place. Well over the years, the Apache wars came to an end and the settlers began to move in and built cabins around Ol' Pinetop's establishment. Pretty soon they had to give the place a name and they chose Pinetop. Pinetop sits on the largest stand of Ponderosa Pine in the world and yet it's not named for those pine trees, but for a tall bushy head bartender.

Snowflake, it does snow there but it is named for two Mormon families. Erastus Snow who was a Mormon apostle and William J. Flake who was a rancher. There's still a lot of snow up there and there is still a number of Flakes in the town. A good friend of mine was somebody I'm sure a lot of you knew was Senator Jake Flake, a great guy. He once told me, he said Marshall you never talked about Bellybutton, Arizona. And I said where is Bellybutton? He said what's in between your chest and you lower part and what's in the middle and I said I guess it's a bellybutton. He said, "that's

**First Day**

right, that's where my ranch is." Have any of you been to Jake's ranch there in Bellybutton? Then you know what I'm talking about. You know what the ranch name was? The Naval Land and Cattle Company. Now that's Arizona humor that I can appreciate. I have some more for you here I thought I would share. I had to cut this down this morning because I had about three hours for ya'll and they said they might walk out on you before that.

Bisbee, Bisbee is one of my favorite towns. Bisbee made Ripley's Believe It or Not, it's on a hillside and they say in the old days you could spit a wad of tobacco off your back porch and it would land somebody's front porch below. The old Bisbee high school, it's so recently deprived of people they could build a new school, was three stories high and it was the only high school that a ground floor entrance at four levels at Bisbee high school. So it made Ripley's Believe It or Not. It was a billion-dollar copper camp, one of the richest towns in Arizona. For many years, before Phoenix came along, it vied with Tucson for the biggest town in Arizona.

I had an interesting story that I wanted to share with you real quickly. Jack Dunn was a sergeant with the Apache scout and he was looking for water at a spring down there. Being a typical Arizona soldier, he'd carry a hammer with him to break up some ore along the way to find some rich specimens, and he did. It looked very rich. He was with Lieutenant John Rucker, Rucker Canyon and Rucker lake named for John. When they got back to Camp Bowie, they didn't have time to stake the claims. So they found an old reprobate wandering, I won't tell you all his life story because it would take too long. But he had, let's say he had issues, one of them was alcohol. But they needed somebody to go into Tucson to file the claims. So they got the paperwork and gave him the direction to where all the rich ore was. What did he do, what did old George Warren do? George went down and stake the claims for his friends and himself and left out Lieutenant Rucker, Sergeant Dunn and another Lieutenant. They got out in the cold of one the richest mines in Arizona history.

George lost it all about a year later. He made a bet, a drunken bet, that he could outrun a horse up Brewery gulch. He got a fast start; he led the horse for a very short distance. The horse ran right by him and George had bet his share of what the Copper Queen Mine. The most famous mines in the west and George lost it. He was in poverty; he died and was buried in a poverty grave.

Come 1911, Arizona is getting ready to become a state and William Brophy is sitting in a bank, it was the bank of Bisbee at the time. Today it's the Bank of America in downtown Bisbee in Tombstone Canyon. They're sitting there looking at the state seal for the new state of Arizona. It had everything on there they said, but where's the human being? We got citrus groves, we got mines, we got all kind of setting to describe Arizona, but nothing to describe the people. All of sudden they looked up on the wall and hanging in that bank was a picture of George Warren. Somebody had taken a picture of him because he was considered the father of the copper camp. He said "there he is. That's who we want to put on the state seal". This useless reprobate. If you look at the seal today, there is a miner on there and that's old George Warren. So anyway, I thought I would share that.

Well we have other places I would tell you a couple. Why we have a town call Why. Because everyone would stop there and say why would anyone live in this god forsaken place. So, the people decided to it Why and that's why.

Then there's another one called Hope out in western Arizona. A land so bleak that General Patton used it as a training ground for his 3rd Army going into the deserts of north Africa. It is really bleak out there. Somebody erected a sign, they never lose their sense of humor, as you leave town if you can read this sign, you are beyond hope.

There was one called Nothing, Nothing. There is nothing there anymore. During it's peak years it had four people. It's on Highway 93, just north of Wickenburg up towards Wikiup. The town didn't lose its humor, they put a sign up there that said, "the folks up here live for Nothing, work for Nothing, don't care about Nothing and our motto here is all for Nothing". And Nothing has nothing anymore.

Well, when I was a kid a Marine Core recruiter came by. I was a senior in high school, blonde headed kid with a crew cut, ball player. I look like I could have been on a recruiting poster if I had been handsomer. The recruiter brought me up there and said "son, have you ever been to the big city?". I was kind of offended and I said "yeah, I've been to the big city". He said "Where?" and I said "Prescott". He said "No, that's nowhere" and I said "no, Nowhere is just south of Prescott. Its a tiny little place, if you blink you will miss it". He said "son, if you join the Marine Core and you'll see the world". So, I joined the Marine Core and they stationed me in Yuma.

Thank you all very much.

Speaker Bowers thanked Mr. Trimble for his remarks.

First Day

JOINT SESSION OF THE SENATE AND HOUSE OF  
REPRESENTATIVES OF THE FIFTY-FIFTH LEGISLATURE,  
SECOND REGULAR SESSION OF THE STATE OF ARIZONA

The Joint Session of the Second Regular Session of the Fifty-fifth Legislature was called to order by Member Russell "Rusty" Bowers, Speaker of the House of Representatives, at 2:02 p.m. Speaker Bowers introduced Senate President Karen Fann.

The Joint Organization Committee, consisting of Senators Borrelli, Contreras, Livingston, Rios and Shope and Representatives Payne, Andrade, Diaz, Espinoza and Pingerelli returned escorting His Excellency Douglas A. Ducey, Governor of the State of Arizona.

Governor Douglas A. Ducey, who was introduced by Speaker Bowers, delivered the following message:

STATE OF THE STATE ADDRESS  
GOVERNOR DOUG DUCEY  
SECOND REGULAR SESSION  
FIFTY-FIFTH LEGISLATURE  
JANUARY 10, 2022

Speaker Bowers, President Fann, Leaders Rios and Bolding, Chief Justice Brutinel, Members of the Legislature and Judiciary, everyone assembled here – the families, the friends, the special guests and dignitaries – all my fellow Arizonans: There is nowhere else I'd rather be right now than here, in this chamber, on this floor, together, in person, smiling, shaking hands, and celebrating the strength and the future of the State of Arizona.

Typically in an even numbered year, we've logged a lot of hours working together. But today we have an unusually large number of fresh faces. And that makes it all the more exciting. Would all the new members of the House and Senate – those sworn in since our last sine die – please rise? Welcome.

Without citizens like yourselves and your colleagues willing to participate and make the sacrifices that inevitably come along the way – the cornerstone of our great democracy, "We the People" – is merely words. You make it a reality. Thank you all for your service and civic participation.

We've also got some not so fresh faces among us. Near the top of the list – me.

I have the unique privilege of doing something today no Arizona governor has done in more than three decades, reporting on the State of our State for my 8th time. And so I begin by expressing my sincere and eternal gratitude to the people of Arizona for entrusting me with two terms in this incredible job – and to all of you for your partnership along the way. Thank you.

And to my family for supporting me, and for all that you didn't sign up for – most of all, tolerating State of the State rehearsals around the kitchen table year after year – and especially to Angela for her continued advocacy for the most vulnerable children and citizens of our state: I love you, and thank you.

But for those who think it's going to be a quiet year on the 9th Floor, you haven't been paying attention. As I enter the fourth and final quarter, I'm reminded of something my high school coach told me – "Get in and get the job done." And as I stand here today, the job isn't done. The goodbyes will come later – much later. I've got 357 days, 21 hours, 44 minutes, and 18 seconds before the end of the game, and I intend to make the most of every moment and work hard all along the way for my employers – the citizens of this state.

Ladies and gentlemen, at the risk of sounding repetitive, the State of our State is strong. And we are poised to do what everyone in public service strives for: to leave it stronger than we found it.

Last session was one for the record books. Together, we made it the most successful since I've been down here – and I'm not just talking about cocktails to-go.

Liability reform for our small businesses. Bipartisan wildfire solutions and funding to match. New revenue streams through a modernization of our tribal gaming compacts. New school choice options for kids and families. A record investment in roads, infrastructure, broadband and affordable housing. Nearly 100 percent of citizens 65 and older with at least one shot of the vaccine thanks to a national model for distribution brought to you by Dr. Cara Christ, Michael Bidwill and the Arizona Cardinals. We led the way with universal licensing reform. And with the leadership of Dr. Regina Cobb, we passed another first in the nation Arizona policy that everyone is rushing to copy:

**First Day**

telemedicine. And a list we are very proud to be at the top of: the largest tax cut in Arizona history, with the passage of the lowest flat tax in the nation.

And yet anyone who has ever worked with me will attest: I have a hard time stopping to celebrate victory. It was true at Cold Stone, and it's been true in the public square. So naturally, after we signed the budget, I told my staff: "In 2022, we're going to top all of this." And so we've been hard at work to make this a banner year.

One thing that was clear when we went back to review the tape on the last seven years: As co-equal branches of government, working in good faith with the Legislature, we have set the bar very high.

Arizona is better positioned than at any time in our 110 year history. And that makes our work and our priorities much different than when I stood before you the first time.

You know the facts: Back then, the state budget was broken – in the red by \$1 billion.

I remember meeting just days after the 2014 election, and reviewing options. In the easy column, budget gimmicks and tax increases. On the other side, budget cuts and tough decisions.

In that election, I ran on having built a business, and I committed to shrink a government and grow an economy. And together, we have done just that.

Today, a lot is different in Arizona. We have lived within our means: We have more citizens, our budget is balanced, our economy is roaring and our government is smaller and more efficient than it's ever been. In fact, we believe so strongly in shrinking government that for the first time ever we are demolishing unneeded state buildings, on track to reduce our footprint by nearly 750,000 square feet since we got here.

We are sitting atop a surplus of several billion dollars, fueled not by tax increases – but by the opposite: historic economic growth. It turns out free-market capitalism works. Supply-side economics might not be the sexiest thing for candidates to run on these days, but it sure looks good on a spreadsheet.

Today, our state revenue is growing at an even faster rate than the so-called experts predicted. So this year, just like in the past, we are going to double-down on what works. Rather than endless, needless programs that waste the people's money, we are going to be targeted and responsible.

We will resist the cries from the spending lobby, and once again, we will allow the people to keep their hard-earned money. We will cut taxes.

It's really not that complicated; it's just basic common sense. Government takes in more than it needs to pay the bills, and the taxpayer should get to keep his or her hard-earned dollars.

Today, jobs are plentiful. Back in 2014, I remember getting grilled on the campaign trail about how all the jobs Arizona was getting were call centers and construction. My response? There's dignity in all work, and it was true. But for far too many employers and businesses, Arizona was, in fact, a flyover state on their way to Texas. We knew we could do better if we could get those decision-makers to stop here, so we could make the pitch to show what a beautiful state we live in. Now, because of our combined work, we have an all-of-the-above approach on jobs. Not just call centers but also car manufacturers, autonomous vehicles, tech start-ups and world-class semiconductors. We said we wanted to be a jobs juggernaut, and in the process, we became a paycheck paradise. Plus, unlike California, Illinois and New York, here you actually get to keep your paycheck.

But still, there's no denying what's happening on a national level is straining families and seniors' checkbooks. Washington's spending spree, combined with mismanagement of COVID, has broken our supply chain and inflated the cost of everything. A staggering surge of 6.8 percent – food, clothing, gas, prescription drugs. The largest increase in the cost of daily life in nearly four decades. A White House in denial it's even occurring. And a President hell bent on printing and borrowing money while raising taxes. This is not a strategy that will help working people.

It all makes our commitment of returning money to the people more important than ever. Washington D.C. might have their eye on your paycheck – but at this Capitol, the only special interest on our mind is the taxpayer.

We have made Arizona a top destination for jobs and companies. Low taxes. A strong, reliable energy grid, with the largest nuclear power plant in the United States. And a great quality of life — they all go a long way.

**First Day**

But as any business person knows: The hidden taxes of the regulatory state can be the real killer. And for small businesses, start-ups and independent contractors, these regulations are a death sentence.

We've taken a baseball bat to that bureaucracy, with a moratorium on new regulations ever since 2015. I don't know about you, but I haven't heard any complaints. Maybe because we've already saved taxpayers \$169 million. Let's make these reforms permanent, in law, and ensure Arizona is always the land of economic freedom and opportunity for all.

Arizona workers are the ones truly fueling our healthy and transformed economy. Our manufacturing sector is on fire – it's even outpaced construction, which is a tough hill to climb. If we weren't turning out so many electric cars, I'd say: 'Let's pour on the gas.' Instead – I'll put it this way: Let's invest in the worker, arming them with the skills they need for our growing semiconductor and advanced manufacturing industries. Whether your top issue is workforce or rural jobs, this is the way to do it: Our budget makes historic investments into community colleges to empower our people with a quality education and the skills of the future.

Nevertheless, leave it to Washington D.C. – politicians there are doing everything they can to stand in the way of freedom. Big government socialism is a failed and dangerous experiment. But it doesn't stop some from trying it time and time again – paying people not to work and disincentivizing initiative and self-determination.

That's not the Arizona way. So we called D.C.'s bluff and instead said: "Thanks, but no thanks" to unnecessary unemployment benefits. There's no such thing as a free lunch or free money. Instead we will focus on rewarding hard work.

This approach has meant that people keep moving here. Less taxes means more taxpayers. During the pandemic, as other states grandstanded, Arizona protected lives, livelihoods and individual liberty. People flocked here, and they've stayed. And who wouldn't love it?

President Ronald Reagan once said that if the pilgrims had landed on the west coast, they wouldn't have bothered to discover the rest of the country. But today, there is an exodus from California. And the same is true of other states with similar flawed policies. The lack of opportunity, fueled by bad governing philosophies, are hurting real Americans and pushing them out to states like Arizona, where opportunity is abundant.

Sure, some have groaned, but growth is a good problem to have. The alternative is to be a state in decline, misery and decay. No state's path to success has ever been paved with "Closed for Business" signs. Our only request to our new citizens is: Don't forget why you came here in the first place. Freedom, opportunity and good government matter.

Make no mistake: We will keep Arizona – Arizona.

Our way is tried and true. In the past, when Arizona has veered off course, it hasn't turned out well. And that brings us to another thing we found seven years ago when we got here. The state had amassed billions of dollars in debt through the recession, fueled by out-of-control spending in the early 2000s and budget shellgames. They even had to sell off this building. A couple of years ago, thanks to the leadership here, we got the deed back. And last year, we paid off billions more in debt – ratcheting it down to historically low levels. We took our Rainy Day fund to a record-breaking \$1 billion. As a result, we have higher credit ratings than when we got here and that means even more savings to the taxpayer. So why stop now?

I'll present a budget on Friday that keeps this stewardship going – paying off more debt, and topping off our Rainy Day Fund, so that we don't just own this house, but we leave the people's house truly in order.

We are blessed to be a magnet for America's veterans. They represent the best of our country, and as any hiring manager will tell you: Veterans are among their most prized and productive employees.

We celebrate our veterans and want more of them in the State of Arizona. Would all the veterans here today please rise so we can recognize your service to our nation?

We continue to find ways to honor our veterans. In the State of Arizona today, thanks to the efforts of Representative Gail Griffin and Senator David Gowan, veterans pay no taxes on their military pension.

Under the G.I. Bill, they also get to attend our in-state universities and community colleges free of charge. After all, they've already given so much. But how about their spouses? These dedicated husbands and wives have served and sacrificed as well. So this session, let's launch a program to waive their tuition too.

## First Day

K-12 education is one of the reasons so many of us ran for office in the first place. But as an outsider, it was striking to me when I got to this Capitol that our school discussions weren't about what kids actually learned. Bureaucrats were competing for who could spend more money. Fewer dollars were going to the classroom, and instead lining the pockets of trial attorneys.

But we pressed forward: positioning Arizona as the number one school choice state in the nation.

When COVID hit, that designation was a lifeline for families. Some school leaders did everything possible to keep kids in the classroom. But too often, politics and virtue signaling took center stage. In the process, more parents got involved. And thank God they did. Some voted with their feet – moving schools or school districts or to totally different learning models – whether that's homeschooling or microschools.

But other families have seen their kids fall behind. There's been too much attention put on masks and not nearly enough placed on math; a focus on restrictions rather than reading and writing. And it's students of color and those in poverty who have been most impacted by the COVID-era posturing and politics of some school board bureaucrats.

So come June, we're launching a summer camp with an emphasis on catching kids up in key areas: math, reading and American civics. We will lead the way to eliminate learning loss. And in case you haven't checked Twitter lately: Arizona schools are open and they will remain open.

In Arizona schools, we will not divide people by race. Arizona schools should be instructing our kids in the Golden Rule – to treat one another with respect, and judge people as Martin Luther King Junior taught, on the content of their character and not the color of their skin. This session we'll make it clear. Students should be taught to think critically – not taught critical race theory.

But let's not stop there. Parents deserve respect – and the occasional parent-teacher conference isn't enough. It's 2022. We've got the technology. Let's require all that a child is taught, all curriculum and academic materials be put online and available to search and review by every parent, grandparent and interested citizen.

Arizona has set the standard for school choice and innovative education solutions – and it's because of the vision of Arizona leaders that paved the way. Leaders like Governor Fife Symington, Superintendent of Public Instruction Lisa Graham Keegan and Democratic Representative Armando Ruiz, who worked in a bipartisan way to create new opportunities for students – open enrollment, charter schools. They knew that parents were best equipped to make decisions around their child's education.

And new people are stepping up every day. Leaders like Janelle Wood, a mom and founder of the Black Mothers Forum. Janelle has led the way in creating new learning models where students receive personalized support. Many of Janelle's students were several grades behind, but with her unique focus on ensuring students feel safe, secure and ready to learn and grow, they quickly made gains towards academic excellence.

Janelle is here today. Janelle – thank you for your service and work to benefit Arizona kids.

Fifty-plus years ago politicians stood in the schoolhouse door and wouldn't let minorities in, today union-backed politicians stand in the schoolhouse door and won't let minorities out. Many of our poor kids and children of color are trapped in a failing school. It's time to set these families free.

This session, let's expand school choice any way we can — greater open enrollment, new transportation models, more charter schools and more educational freedom for families, especially those in failing schools or who can't afford to pick up and move to a new neighborhood. Let's think big and find more ways to get kids into the school of their parents' choice. Send me the bills, and I'll sign them.

For Angela and I, the children in the care of the state - our foster kids - have had a special place in our hearts. I know you all feel the same. We've made notable strides in this area, thanks to our dedicated Child Safety caseworkers. With investments, we've seen lower caseloads and rapid placement of kids into safe, loving homes. And when other states switched to virtual home-inspections, in Arizona, these dedicated women and men showed up in person every day to keep these kids safe.

But unfortunately, we will never work ourselves out of a job in this area – and the pandemic hasn't been good for these vulnerable children.

Often, it's grandma or grandpa, an aunt or uncle, who steps up to care for these kids. It can be better for the child, and often cheaper for the state because historically, they haven't been treated as foster families. More than 6,000 children in Arizona live in these homes — all the evidence you need that

**First Day**

you can't put a price tag on love. So moving forward, these loving extended family members should have the same resources as any other foster family. We'll make sure of that this year.

We've had success getting good ideas done together. But there's also something to be said for just saying "no" to really bad ideas. When the Left demanded "defund the police", Arizona said, "no chance." Instead we invested more in our men and women in blue. And we plan to do it again.

Arizona, Texas, Florida, Tennessee: All are among the fastest growing states in the nation. And the policies that made us so attractive can be applied to cities as well.

If you are an elected official charged with overseeing a police department and you don't believe there's a correlation between the attacks on law enforcement and rising crime rates nationally, you need a reality check because you're putting public safety and human life at risk. We intend to keep Arizona a place where we honor and value our cops and all of law enforcement, including correctional officers and first responders. A place where public safety matters. No riots. No smash and grab. And a news flash for the DOJ and Merrick Garland: Mr. Attorney General, instead of attacking Police Chief Jeri Williams and her officers for risking their lives and keeping Arizona streets safe during civil unrest, your time would be better spent protecting the federal courthouses in Portland, Seattle and San Francisco. Do your job.

When we need them, Arizona law enforcement is there. No matter the circumstance. No complaints. No virtual work. Some of our State Troopers are here with us today. Join me in showing our appreciation for their selfless service.

When it comes to building a budget, public safety will always be at the top of our list. And this year, we have a record surplus. So our budget proposes making our State Troopers in Arizona the highest paid law enforcement professionals in the state. I know you agree – they've earned it.

And we're going to be leaning on their dedication more than ever. Our southern border has never been more deadly or more dangerous. Meanwhile, the White House and Congress have decided to turn a blind eye. This is a national crisis – and it calls for leadership.

A few years ago, we came together – every Republican and Democrat in this entire chamber – and passed the Arizona Opioid Epidemic Act. It was historic. But now President Biden and his cabinet members are working against us. Fentanyl is streaming across the border. It's causing death and devastation, and there's no plan and zero action from the administration. Secretary Mayorkas is AWOL. The White House has canceled the word "crisis." And for self-proclaimed border czar, Kamala Harris, this is just another laughing matter. This is a dereliction of duty by the highest officeholders in our nation. And in Arizona, we will do what they refuse to do.

We've got a strong track record:

In 2015, we created the Arizona Border Strike Force to take on the cartels and protect our state against the flow of criminals, narcotics, weapons and ammunition. President Biden refuses to deploy the National Guard despite the fact it's been done by every other President in recent history, including Barack Obama. So in April, we deployed them ourselves, providing much needed assistance to local law enforcement. And with the leadership here, we invested \$55 million in last year's budget to amplify all these efforts.

But more action and manpower are needed. Here's the plan:

Number one: Resources.

Our budget will make significant new investments to strengthen the border strike force, provide advanced equipment to aid in the pursuit of dangerous criminals, and deploy the latest drone technology to bolster surveillance and stop the cartels in their tracks.

Next: The rule of law.

This is not just a public safety crisis; it's a humanitarian crisis. And the human traffickers that prey on the desperation of people looking for a better life need to pay the consequences. It's time for us to increase the criminal penalties against human smuggling and provide more funding to border counties to ensure prosecution and incarceration.

Third: Boots on the ground and multistate intelligence sharing.

Border security is national security, and the lack of action from D.C. puts every American at risk. In November, I dispatched Arizona's top-ranking enforcement officers to partner with their peers in Texas: Major General Kerry Muehlenbeck, Department of Public Safety Colonel Heston Silbert, and Department of Homeland Security Director Tim Roemer. In December, we finalized the plan. Texas Governor Greg Abbott and I are teaming up to form the American Governor's Border Strike

**First Day**

Force – a commitment between states to do what the Biden administration is unwilling to do: Patrol and secure our border.

Fourth: The Wall and physical barriers. They work.

Representatives Joanne Osborne and Tim Dunn and Senator Sine Kerr were with me in Yuma a few weeks ago and we saw it first hand – people walking across a wide-open and unprotected border. Our border is a patchwork of federal, state, tribal and private lands. Where Arizona can add physical barriers to the border, we will.

But if the entire southern border isn't secure, neither is our nation. So fifth: I'm calling on our United States senators to join this fight to secure our border. No member of the Arizona congressional delegation that actually cares about the safety of our communities should vote "yes" on any legislation until the President agrees to language that does the following: Secures our border with a wall, a physical barrier and virtual surveillance; increases resources to the local communities that have been devastated by these dangerous open border policies; and makes it clear that our border is not open to illegal immigration.

Senator Kelly, Senator Sinema - check my website. We've even drafted the language for you.

The takeaway: In Arizona, we will secure our border. We will protect public safety. We will not back down. We will fight this fight until Washington D.C. finally acts.

Rule of law and equal justice under the law have been bedrocks of our Republic and guiding principles of our work together. A few years ago, when we learned of the massive backlog of untested rape kits, we worked in a bipartisan manner to clear that backlog and to make sure victims were prioritized. But as we've learned, government bureaucrats often find a way around the law. In this case, some counties are charging these women – these victims – up to \$800 in processing charges, and sending the bill to collections. It's shameful, so we will be cracking down on this government abuse and with your help, tightening the law.

One area where our work clearly isn't done is on water. We passed a monumental policy that we were told would never happen – the Drought Contingency Plan. After that one, I determined – in Arizona, if we can do this, we can do just about anything. Then last year, with Speaker Bowers' leadership, we put our money where our mouth is: \$200 million to invest in the water technology of the future. Now, with resources available in our budget, a relationship with Mexico that we've built and strengthened over the last seven years, and the need clear – what better place to invest more? Instead of just talking about desalination – the technology that made Israel the world's water superpower – how about we pave the way to make it actually happen? So Speaker Bowers, President Fann and I have been working, and we propose that we make a historic investment: \$1 billion.

Our goal: Secure Arizona's water future for the next 100 years.

Our state has grown and thrived because of the foresight of past leaders on this issue – Carl Hayden, Barry Goldwater, Bruce Babbitt and Jon Kyl. The result: the Central Arizona Project, the Salt River Project, the Hoover Dam, the Roosevelt Dam. Now it's our turn, our moment, to leave this state better than we found it. Let's rise to the occasion.

More people means more infrastructure needs. Not just on water, but roads and bridges. We've made record investments in road repairs and improvements. A few years ago, we got together and prioritized expansion of the I-17. Then, thanks to the leadership of Senator T.J. Shope and Governor Lewis of the Gila River Indian Community, we paved the way for a wider I-10 to improve movement and commerce between Tucson and Phoenix. But that project is still scheduled several years out from now, and 94 visits as Governor to southern Arizona will remind you how important this issue is. So, let's finish the job. Our budget will invest more dollars to get the I-10 completion leap-frogged to the front of the priority list, ahead of schedule, connecting our entire state, North to South.

As you see, as much progress as we've made – there's plenty left to do on so many fronts. And we'll have all year to grind it out together: a continued focus on the health of our citizens, and support for our hospitals, and dedicated healthcare workers; investments in cyber security to protect the identity and data of our citizens; improvements to our elections, to bring confidence and security; better broadband connectivity all across rural Arizona; more efforts to prevent wildfires; maintaining Arizona's position as the number one pro-second amendment state in the nation; protecting life in every way possible; and all along the way, preparing for another Super Bowl, where our beautiful state will be center stage just a year from now.

An ambitious agenda, to be sure. One that can cement our successes and the good reforms we've made, and further expand opportunity and optimism here in our state.

**First Day**

No doubt, there will be challenges. In fact, some have said we can't get much done this year. Divided chambers. An election. Why bother? I disagree. Let's aim high and think big.

We're smarter today, and as I look around this chamber – I see the wisdom of our veteran lawmakers, side by side with the energy and fresh perspective of the newcomers – and that's a combo that is sure to produce results.

So whether you're like me, in the camp with my friends Rusty and Karen – we've only got a year left in these jobs – or you're just getting started, let's recommit today to giving our all to getting the job done for the people who have hired us.

Thank you, and God bless the great State of Arizona.

A communication from Governor Douglas A. Ducey on approval of the following bill, with expression of executive intent was filed:

HB 2101, signed April 26, 2022

Dear Secretary Hobbs,

Today I signed H.B. 2101.

In 1998, legislation was signed attempting to increase competition in the utility market – while this legislation was well-intentioned, it failed in its purpose. This bill repeals these outdated and unused statutes.

Responsibly increasing retail competition in the energy sector is critically important policy goal. While this bill takes the first step, it is incumbent on the legislature to identify new solutions that actually increase retail competition and encourage the development of new energy sources.

Our state's growth has reached record levels and with a 21st century economy, we need 21st century energy solutions. Competition spurs new technologies and innovation, and our state must continue to seek energy solutions that encourage free market choice to drive down costs and increase efficiencies.

Arizona will not follow the path of California, Texas and other states that have mismanaged their grids and continually experience rolling brownouts and blackouts. We must build an approach that maintains strong reliable energy grids, drives down costs, and secures our energy future.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

#### BUSINESS ON THE SPEAKER'S DESK

A communication from Governor Douglas A. Ducey on approval of the following bills were filed:

HB's 2024, 2049, 2236, 2251, 2320, 2343, 2371, 2481, 2599, 2703 and 2722; SB's 1001, 1278 and 1333, signed May 27, 2022

A communication from Governor Douglas A. Ducey on disapproval of the following bill was filed:

HB 2617, vetoed May 27, 2022

Dear Speaker Bowers,

Today I vetoed H.B. 2617. Arizona has long been - and will remain - a national leader in election integrity. Our approach is grounded in the foundational principle that we should encourage voters to participate and make it difficult for anyone to cheat. H.B. 2617 falls short of meeting this objective and should not become law in its current form.

Eliminating fraudulent voting practices is a key tenet of election integrity, and for good reason. If a ballot is cast illegally, it has the net effect of disenfranchising a lawful Arizona voter. It is equally important that our laws include safeguards to protect the vote of any Arizonan who is eligible and

**One Hundred Forty-second Day**

lawfully registered. In this regard, H.B. 2617, while well intentioned, does not include these necessary safeguards.

H.B. 2617 requires a county recorder to cancel the voter registration of a voter if the recorder receives information that provides the basis for determining that the person is not a qualified elector. The implementation of this provision is vague and lacks any guidance for how a county recorder would confirm such a determination. Our lawfully registered voters deserve to know that their right to vote will not be disturbed without sufficient due process. This provision leaves our election system vulnerable to bad actors who could seek to falsely allege a voter is not a qualified elector.

There are certain aspects of being a qualified elector that are objectively quantifiable and identifiable, such as age and citizenship status; but, the determination of residency can be a fact specific inquiry. The subjectivity of this provision, as well as a lack of guardrails against false claims, included in H.B. 2617 leaves voter registration susceptible to being canceled based on fiction rather than fact.

To be clear, it is currently and will remain illegal to vote in an Arizona election as a non-Arizona resident. To that end, there are provisions contained in H.B. 2617 that would strengthen a county recorder's ability to make an objective determination to initiate the process of removing a person from the voter rolls because they are not qualified to vote in Arizona.

For example, requiring the Department of Transportation to notify the Secretary of State when a registered voter receives an out-of-state license is a step forward in maintaining accurate voter rolls. For that reason, the state should be notifying counties when a registered voter has received an out-of-state license and the county should move the voter to the inactive voting list after the voter receives a notice from the county.

Moreover, the process outlined in the bill that describes how counties are notified when a prospective juror is not a U.S. citizen also provides tools to make sure only qualified electors are participating in Arizona elections. That procedure should be codified in statute.

Additionally, the Secretary of State should be providing monthly reports to the county recorders of persons who are registered to vote in that county and who have changed residence addresses or are no longer a U.S. citizen. Further, to the extent practicable, recorders should be completing monthly comparisons to the databases that are delineated in the bill. Finally, a quarterly report of the number of deaths reported to the Secretary of State by the Department of Health Services and the number of voter registration cancellation notices issued by the Secretary as a result of those reports should be going to the Legislature, as H.B. 2617 would require.

Working with our partners in the Legislature, we have created a strong track record on election integrity. We have advanced more than 20 bills since the start of last year that, taken together, demonstrate our unwavering commitment to strengthening the system by which Arizonans exercise their rights and responsibilities as citizens in our representative democracy. I look forward to working with the sponsor and I am hopeful the aspects of the bill outlined above will be returned to my desk this session.

State of Arizona

## UNFINISHED BUSINESS

Motion by Member Kaiser that the House do not concur in the Senate amendments to House Bill 2017 and a Free Conference Committee be appointed to meet with a like committee from the Senate on the disagreement. Carried, and Speaker Pro Tempore Grantham appointed Members Kaiser, Pawlik and Udall.

## REPORT OF SELECT COMMITTEES

The Free Conference Committee on Senate Bill 1412 reported that:

That the Senate accept the House amendments and the bill be further amended.

HOUSE CONFEREES:

Shawna L.M. Bolick  
Lupe Diaz

SENATE CONFEREES:

J.D. Mesnard  
Paul Boyer

## Minority Report:

We oppose Senate Bill 1412 (NOW: race; ethnicity; sex; classroom instruction) because the conference committee amendment works to further strip education of its fundamental need to provide students with a holistic and honest view of history and other subjects. SB1412 is an insidious attack on the ability of educators, parents, and communities to come together to address complex topics. This legislation places us on a perilous path that allows the state legislature to attempt to curtail speech in schools and other places. The effect of this legislation promotes ignoring integral parts of our world and creates unneeded barriers in supporting our students' growth into productive members of society.

SB1412 creates immense additional liability for teachers and schools and will only worsen Arizona's teacher shortage and ultimately hurt Arizona students. This legislation fails to consider the factors that have led to our current teacher shortage. The liability concerns will only work to widen the gap between certified teachers and the classroom. Recently, there has been a 17 percent increase in non-certified teachers in our public schools. Compared to the previous year, almost 25,000 educators with active teaching certificates were not in Arizona classrooms in the 2019-2020 school year. Overall, 34,661 individuals with an active teaching certification are no longer teaching in Arizona.[1] SB1412 will deepen the teacher shortage crisis driven by low wages and a general lack of respect for the teaching profession.

In addition to existing law that allows parents and students to challenge any curriculum taught, the numerous First and Fourteenth Amendment violations contained within SB1452 will potentially spawn millions of dollars spent in litigation that would be far better expended educating students. Every student should have the right to receive an equitable education and open and honest dialogue about America's history.

**One Hundred Sixty-fifth Day**

To address systematic racism in our country, we must be able to acknowledge and discuss difficult issues freely and in the safe space of a classroom. We cannot allow our education system to become so fragile that teachers and school administrators are targets to be punished, fined, and fired for discussing the experience of all the cultures that have made our country exceptional.

The fundamental problem with SB1412 is that it aims to prohibit a concept that is currently not taught in Arizona schools. We believe SB1412 will only curb speech in the classroom by threatening educators with potential lawsuits, creating an environment in which teachers will err on the side of caution and choose not to teach difficult moments in our history. We are extremely concerned about the unintended consequences of this legislation because it will hurt students' ability to think critically, drive teachers from Arizona, and cost Arizona millions in litigation. Divisive legislation like SB1412 hurts all Arizonans.

The amended bill demonstrates a lack of meaningful stakeholder input involved in drafting SB1412 and is ultimately an attack on our school communities based on a red herring aimed at sowing distrust in public school. As the great Maya Angelou once said, "History, despite its wrenching pain, cannot be unlived, but if faced with courage, need not be lived again." For these reasons, we oppose SB1412 as amended by the conference committee.

On June 28, 2022, the Governor approved the following with expression of executive intent:

Dear Secretary Hobbs,

Today, I signed H.B. 2858. This legislation, in conjunction with the historic investments made in the General Appropriations Act (H.B. 2862), provides the largest investment in transportation infrastructure in state history.

Arizona's economy is booming. Families, businesses and young professionals from all over the country are moving here. Our job is to create the environment to sustain that growth. Infrastructure is the backbone to Arizona's strong economy. H.B. 2858 provides approximately \$1 billion in strategic transportation initiatives, setting our state on the path for continued success. This includes a \$87.5 million targeted investment for 44 specific transportation projects, \$20 million for strategic investments in the state's aviation infrastructure, and \$51 million to maintain robust highway maintenance.

In addition, we're making a \$50 million deposit into the new State Match for Rural Transportation (SMART) Fund, which is designed to assist communities outside of the Maricopa and Pima urban cores in seeking federal competitive transportation funding. This will provide an opportunity to further position the state and local communities seeking federal funding opportunities for transportation. The program will be administered by the Arizona Department of Transportation.

H.B. 2858 will continue to enhance Arizona's transportation system by providing reliable and safe modes of transport while strengthening Arizona's economic competitiveness.

Sincerely,

/s/ DOUGLAS A. DUCEY  
Governor  
State of Arizona

On June 28, 2022, the Governor approved the following with expression of executive intent:

Re: H.B. 2866 K-12 education; 2022-2023

Dear Secretary Hobbs,

Today, I signed H.B. 2866. This legislation, in conjunction with the historic investments made in the General Appropriations Act (H.B. 2862), provides major increases and improvements to Arizona's K-12 education system. In total, this year's education budget includes an estimated per pupil funding increase of just over \$704 of ongoing resources for schools. According to the National Center for Education Statistics, the average Arizona classroom has 23.5 students - this means that average classroom will see an influx of an additional \$16,550 per year.

And to be clear, the classroom is exactly where this new funding should be directed by each school's governing board. The top priority should be to increase teacher pay, especially for entry level teachers so that Arizona can attract and retain high quality professionals dedicated to serving our students. To that end, Section 24 of H.B. 2866 contains language stating that the governor and the legislature intend that school districts increase the total percentage of classroom spending over the previous year's percentages. Arizona schools must ensure they allocate funds in this manner, and parents and the public should hold them accountable to this expectation.

Lastly, and very importantly, the FY23 budget makes a significant investment in school safety. H.B. 2862 appropriates \$50 million to the School Safety Program, allowing schools to access grants to hire school resource officers.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

On June 28, 2022, the Governor approved the following with expression of executive intent:

Dear Secretary Hobbs,

Today I signed the Fiscal Year 2023 General Appropriations Act and related Budget Reconciliation Bills. Arizona's Fiscal Year 2023 budget is a responsible package that pays down debt, secures our future and lays the foundation for even more growth - all while investing in the areas that matter most to Arizonans, including:

**A Secure Future**

This budget invests in our state's future by paying off over a billion dollars in debt and topping off the state's rainy day fund with an investment of \$425 million. Arizona's economy is booming, and these investments ensure we're prepared well into the future.

**Tax Relief for Arizonans**

Taxpayers deserve to keep more of their hard-earned dollars. The FY23 budget supports this belief by continuing the flat tax phase-in, keeping the state on track to fully phase in the 2.5 percent tax cut for the 2024 Tax

Year. It also includes \$330.5 million to eliminate the State Equalization Tax Rate, backfilling lost property tax revenue to K-12 education with General Fund support.

### **Securing Arizona Communities**

Arizona's public safety professionals put their lives on the line each and every day to protect our communities. This budget gives troopers a 15 percent pay increase and correctional officers a 20 percent pay increase, compensating them for their hard work and dedication to keeping our state safe.

### **Improving Access to Quality Healthcare**

Health care and medical professionals work day and night to care for fellow Arizonans and protect their health. This budget makes significant investments to help train more Arizonans to join the healthcare workforce, including \$92 million of state and federal funding to expand both traditional and accelerated nursing programs.

Early and regular pregnancy care is vital to ensure the health of both the mother and the unborn child. With approximately half of the babies in the state born to mothers on the Arizona Health Care Cost Containment System (AHCCCS) program, it is important that we are investing to encourage more OBGYNs to accept AHCCCS coverage and ensure that low-income women have the same access to high quality care throughout their pregnancy as women covered by commercial insurance. The budget invests \$10 million general fund which, when paired with federal matching dollars, will increase AHCCCS rates for pregnancy care by 88 percent and bring them into parity with commercial plans.

Additionally, the budget provides funds to increase postpartum coverage from 60 days to a full year. This will ensure that women have coverage for treatment for any challenges that may arise after giving birth, such as postpartum depression.

The budget also includes \$2 million to create a new Behavioral Health Provider Loan Repayment program to attract and retain behavioral health workers here in the state.

### **Strengthening Arizona's Workforce of the Future**

Arizona is full of high-paying, fulfilling job opportunities. This budget invests in our future workforce to help them gain the skills and expertise needed to connect with Arizona's wide range of jobs, including \$126 million for New Economy Initiatives at Arizona's three public universities.

The budget includes \$16.6 million for adult education programs, completely eliminating the 3,000-person waitlist. It also invests in rural community colleges, in-state tuition for veterans' spouses and STEM programs. Bolstering Secure, Accountable and Transparent Elections

Arizona's election laws prioritize accountability and transparency. This budget makes key investments to strengthen our election system, with more than \$18.5 million over the next three years for secure ballot drop boxes, enhanced security measures and resources to clean up voter rolls and make sure they are accurate. Delivering For Arizonans

These are just a few examples of how this budget delivers for Arizonans. Legislators on both sides of the aisle worked together to make sustainable, targeted investments in border security, K-12 education, support for vulnerable families and kids, infrastructure and more.

When I took office in 2015, Arizona had a billion dollar deficit and the economy was flat. Today, our finances are in order, the economy is booming and opportunities are plentiful. This largely due to strategic, fiscally conservative state budgets passed and signed over the last eight years. To ensure every dollar spent is useful to Arizonans, I also line-item vetoed the following appropriation of the budget:

### **House Bill 2862, page 85, lines 33 and 34**

Arizona has created a strong, welcoming environment for our veterans. Over the last eight years there have been no shortage of policies that recognize their patriotism and heroism, including significant measures in this budget. This appropriation however has little support from the public and veteran community.

I thank Senate President Karen Fann, House Speaker Rusty Bowers, Senator David Gowan, Representative Regina Cobb and all the lawmakers who worked to secure a budget that delivers for all Arizonans, in every corner of our growing state.

Sincerely,

On June 29 2022, the Governor approved the following.

H.B. 2083 AHCCCS services; diabetes management (Osborne)  
H.B. 2274 appropriation; stipend; kinship foster care (Weninger)  
H.B. 2691 health care workforce; grant programs (Osborne)

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

On June 29, 2022, the Governor approved the following with expression of executive intent:

Dear Secretary Hobbs,

Today I signed H.B. 2274 to bring much needed support to kinship families in Arizona especially those grandparents who have stepped up to raise their grandchildren when the parents were unable to safely do so. For too long, these grandparents have been given a dramatically lower level of support than foster parents - but that is about to end. I called for this important reform in my State of the State Address in January, and I am very pleased to sign it into law today.

With this bill, kinship stipends will immediately increase from \$75 a month to \$300 a month. But this bill cannot be looked at in isolation. It pairs with an equally important bill I signed earlier in session which directs the Arizona Department of Child Safety (DCS) to create a swift pathway to licensure for kin, which for those who choose to be licensed will then bring them to full parity in terms of financial support as foster care providers. In addition to this bill, the budget I signed includes:

- Ongoing support for our kinship and foster families;
- A doubling of the monthly independent living stipend for young adults who age out of the foster care system and voluntarily participate the program,
- \$10 million to create a Foster Youth Transitional Housing program on the campus of the East Valley Institute of Technology;
- Increased funding for Arizona Healthy Families Program to help keep children safely in their homes; and
- An expansion of the Qualified Foster Care Tax Credit to include programs that help youth transitioning out of foster care. The credit is also indexed to inflation to ensure that its value is not diminished each year.

Since my first day in office, ensuring Arizona children in DCS care have the support they need has been a priority. We worked with leaders like Directors Greg McKay and Mike Faust to eliminate the backlog of cases, safely reduce the number of children in care, and make DCS a model for other states to look to. At the same time, we have worked to increase support for the children in care through improved transition programs and innovative partnerships, like Grand Canyon University's Fostering Futures program. And today, the state is finally on a firm financial footing that allows us to make this large investment in helping our kinship care providers.

I would like to thank Representative Jeff Weninger for sponsoring this bill, and for all the work he has done to protect vulnerable children and families throughout his years in the legislature.

Lastly, let me say we appreciate and thank all those who care for children in DCS care: the kinship families, foster families, non-profits organizations providing support, Court Appointed Special Advocates (CASA), and case workers. These children deserve all the support we can give them.

Sincerely,

/s/DOUGLAS A. DUCEY

On June 29, 2022, the Governor approved the following.

S.B. 1490 appropriation; Cesar Chavez Boulevard (Otondo)  
S.B. 1564 on-farm irrigation efficiency; fund; appropriation (Shope)  
S.B. 1712 victim notification; victims' rights; appropriation (Gowan)  
H.B. 2317 revenue distribution; border security (Kavanagh)

On June 30, 2022, the Governor approved the following with expression of executive intent:

Dear Secretary Hobbs,

Today I signed the most meaningful border security legislation in Arizona history. H.B. 2317 directs \$335 million to the Border Security Fund to construct and maintain a physical and virtual barrier along the southern border - a record investment to protect our communities from the dangers of the current border crisis. Arizona will not sit idly by as the Biden administration fails to do its job and safeguard our state and nation from the clear and present danger of an unsecure border.

Arizonans fully understand the importance of this investment. As I write to you, the worst border crisis in over 20 years is unfolding in our state. I've been outspoken about the impact this crisis has on Arizonans, our communities and migrants. We've taken numerous steps to help resolve the chaos, including deploying the Arizona National Guard, signing legislation to address human smuggling and transporting migrants on a voluntary basis to Washington, D.C. Ultimately, however, securing our border is the responsibility of the federal government.

Border authorities are overwhelmed by the flood of migrants coming across the border, making their jobs more difficult and security less achievable. The brave men and women of Customs and Border Protection are seeing record numbers of migrants, including those who evade apprehension and enter our country uninterrupted. Incidents of human smuggling and trafficking have skyrocketed in the past year and a half-just this week, more than 50 migrants were discovered dead in a semi-truck trailer in Texas. This heartbreaking tragedy is just the most recent example of how much of a humanitarian catastrophe we're facing.

As law enforcement works to address the humanitarian crisis, their efforts to address criminal activity on the border are thwarted. A physical structure and an enhanced virtual system will mitigate the unlawful flow of migrants across the border and ensure that law enforcement can address the criminal activity that originates at our border and flows into our state and throughout our country.

With this investment, we are giving our law enforcement professionals another critical resource they need to successfully do their jobs. We are standing up for the rule of law, and we are cementing Arizona's commitment to securing our state and our entire nation.

This bill complements the targeted dollars from the FY2023 General Appropriations Act, which also make border security a priority. Altogether, Arizona is dedicating a record \$564 million to secure our border with a physical barrier, address critical public safety staffing shortages, and modernize the technology and public safety equipment to target criminal activity and keep our citizens safe.

As I sign this bill today, we are taking an additional action to do the job Washington, D.C. refuses to. More action is needed from the federal government, but with these targeted investments Arizona is putting the safety of our state and nation first.

Sincerely,

/s/DOUGLAS A. DUCEY

On July 6, 2022, the Governor approved the following with expression of executive intent:

Dear Secretary Hobbs,

Today, I signed H.B. 2204. This legislation provides clarity for Arizona taxpayers by conforming state law to federal tax provisions related to virtual CUITency and non-fungible tokens.

Over the past eight years, we have been dedicated to reforming, simplifying and lowering taxes. This legislation provides more clarity for Arizona taxpayers, but I remain concerned about the volatility and unreliability of cryptocurrency for law abiding citizens, and its exploitation by cyber-criminals and criminal organizations.

Sincerely,

/s/DOUGLAS A. DUCEY  
 Governor  
 State of Arizona

On July 6, 2022, the Governor disapproved the following:

Dear Secretary Hobbs,

Today I vetoed H.B. 2685, a measure to extend a sales tax for transportation funding. Across the country, families are facing unprecedented costs for food, gas, housing, and other necessities. Now, with inflation higher than it has been in 40 years, is not the time to ask voters in Arizona to tax themselves. Further, if and when voters consider such a proposal, they deserve to cast their ballot for a measure that is responsible and transparent - H.B. 2685 does not meet that standard.

The current transportation excise tax expires at the end of 2025, but rather than wait until the November 2024 election to consider an extension, H.B. 2685 would create a statewide special election next spring that would not only require unnecessary costs to administer, but would come at a time when voter turnout will likely be low.

In addition, the ballot title and description narrative as prescribed by H.B. 2685 is concerning compared to the 2004 ballot title and description narrative. The changes in the title and description narrative are inflated, embellished, and fail to accurately reflect the reality of this tax burden on Arizonans. This is clearly evident in comparing the 2004 publicity pamphlet to the proposed 2023 publicity pamphlet.

**2004 Election Publicity Pamphlet**  
**Title: "Regional Transportation Plan"**

**Description:**

"A measure continuing the current transportation excise (sales) tax to address the regional transportation system by building new freeways, expanding existing freeways with additional access and capacity, constructing streets and intersections, expanding transit by extending the planned light rail system, increasing the frequency of bus service and providing additional bus, dial-a-ride and vanpool services.

Proposed 2023 Election Publicity Pamphlet

Title: "Regional Strategic Transportation Infrastructure Investment Plan"

**Description:**

"An economic development measure continuing the existing transportation excise tax to improve travel times and choices, reduce congestion, aid public safety, improve air quality and address the regional transportation system by building, modernizing and expanding new and existing freeways, streets and intersections, investing in future transportation technology and innovations, addressing transportation safety issues, extending the light rail system, improving and expanding regional bus transit and providing additional dial-a-ride services for the elderly and persons with disabilities, vanpool services and pedestrian paths and bikeways. "

The language is not only biased, but it fails to include any mention of the increase of 20 to 25 years nor the changes to distribution for state highways, local roads and public transit.

Beyond the troubling election date and ballot description narrative, there are other areas that raise concerns and should be addressed.

First, this tax has been traditionally set for a period of 20 years. H.B. 2685 ignores this precedent and increases the tax period to 25 years. The additional five years are a tax increase and should not be perceived as a tax continuation. Second, Maricopa County residents will have been taxed for 40 years, which has resulted in significant expansion of the regional freeway system. With this expansion comes a responsibility to maintain this infrastructure into the future. Instead, H.B. 2685 reduces the amount of funding being distributed to the regional freeway system and fails to provide a clear framework on how these assets will be maintained as they continue to age. This is not the appropriate financial stewardship to preserve the investment from previous generations.

Third, the infrastructure plan that is part of this 25 year tax was developed prior to the passage of the Investment in Infrastructure and Jobs Act and does not properly account for the opportunity to properly leverage state dollars for federal transportation infrastructure funding.

Senator Michelle Ugenti-Rita offered numerous commonsense amendments to this bill that would have made the measure more consistent with the 2004 measure, allowing more transparency and accountability. The amendments would have ensured a fairer ballot description narrative; more strategic insight into how these transportation and infrastructure dollars would be spent and how they relate to the needs of everyday Arizonans; and provided more local control in administering the call for the election. Unfortunately, none of these amendments were adopted. Targeted, responsible and sustainable investments in infrastructure will be critical as more families and businesses choose Arizona. However, asking voters to tax themselves, prematurely, with colorful ballot language during a time of high inflation is not the way to address the needs of our growing state.

Arizona must make sound and strategic investments in transportation infrastructure, especially during this high inflationary period and while governments are experiencing surplus tax revenue. The State is experiencing a \$4.5 billion surplus. Under the current budget, Arizona will invest \$1 billion in transportation infrastructure while simultaneously cutting taxes to provide relief to families.

Sincerely,

/s/DOUGLAS A. DUCEY

State of Arizona

On July 6, 2022, the Governor approved the following with expression of executive intent:

Dear Secretary Hobbs,

Individuals with disabilities deserve to be cared for in a manner that helps them thrive and reach their highest potential. Today I vetoed S.B. 1308 because it failed to achieve this goal.

The budget I signed last week makes a historic investment of \$80.9 million from the general fund and \$200.3 million from matching federal funds to increase rates for disability providers to improve and expand services available.

Additionally, the budget includes funding for a new, independent developmental disabilities group home monitoring program to have a third-party review of the quality of services being provided to residents of developmental disabilities group homes. This oversight is in addition to oversight provided by the Department of Economic Security (DES).

While I am open to the policy provisions of this bill, those can only be achieved if the legislature allocates the necessary resources. In this case, the legislation neglected to provide funding or authorization for additional employees needed to do the work.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

On July 6, 2022, the Governor disapproved the following:

Dear Secretary Hobbs,

Today I vetoed S.B. 1592. This legislation sought to provide fiscal certainty to the City of Phoenix during extraordinary circumstances like the COVID-19 pandemic, when tourism and business conferences were significantly down from normal levels. While fiscal certainty is a worthy goal, this legislation fails to consider important context and attempts to solve a problem that does not yet, and may never, exist.

Last September, the Arizona Auditor General (AAG) evaluated the economic impact of the Phoenix Convention Center that further calls into question the need for this legislation. The report determined that the City of Phoenix remains nearly \$31 million in the black when it comes to the annual cost-benefit calculation. Further, this legislation does not account for any attempt by local elected officials to impose onerous lockdown restrictions on their cities, which would level the local economy and require the state government to pick up the bill.

Just as Arizonans tighten their belt, invest wisely, and plan for a rainy day - government must do the same. We've taken that approach at the state level, and our local government should be held to the same expectation.

Sincerely,

/s/DOUGLAS A. DUCEY

State of Arizona

On July 7, 2022, the Governor approved the following.

H.B. 2853 Arizona empowerment scholarship accounts; appropriation (Toma)

On July 7, 2022, the Governor approved the following with expression of executive intent:

Re: H.B. 2853, Arizona empowerment scholarship accounts; appropriation

Dear Secretary Hobbs,

Today, I proudly signed H.B. 2853. During my State of the State Address in January, I urged the legislature to "think big and find more ways to get kids into the school of their parents' choice." This bill delivers on that vision, and as a result, Arizona will now have the most expansive education savings account program in the nation.

Arizona has long led the nation in embracing school choice, and this legislation builds on those policies. We were one of the first states in the country to authorize charter schools in 1994, we were the first state in the nation to create education savings accounts, and now we are the first state in the nation to make them available to all K-12 students. Over the past eight years, we have made it our mission to empower families and allow them to access the education setting of their choice. The legislation I signed today is just the latest example of that. We've taken many other actions to put our kids first, such as:

- Overhauling the open enrollment process at our district schools to remove barriers and ease burdens on families
- Enacting the Transportation Modernization Grants initiative to help more students access schools of choice
- Strengthening rights of students living on reservations and children of active-duty military parents using the Empowerment Scholarship Account
- Creating the Arizona Public Schools Achievement District to expand high quality public district and charter schools

It is no coincidence that as Arizona led the nation in offering school choice, our state also improved academic attainment at the fastest rate in the nation from 2008 to 2018 as measured by the The Educational Opportunity Project at Stanford University. Now, with this legislation, Arizona is positioned to unlock the future for all of our K-12 students.

This legislation complements the overwhelmingly successful, bipartisan budget I signed last week, which provides historic levels of funding for public district and charter education options. The Fiscal Year 2023 budget includes \$329 million to raise the base support level of education spending, representing the single largest dollar and percentage increase in per pupil funding in 20 years. It also includes \$183.3 million to maintain school facilities, the single largest investment in building renewal in the history of the program. The budget also invests \$100 million in special education funding for Arizona public schools and \$50 million in ongoing funding for school safety. In sum, this budget infuses an additional \$1 billion in year-over-year spending, with total K-12 spending for this year reaching \$8.45 billion.

The State of Arizona trusts parents to choose what works best to unlock their student's greatest potential. Public education means educating the public, and in Arizona, government-run schools are one of many options the public has access to. Whether they select their neighborhood district school, open enroll at a district school across town, choose a public charter school, homeschool, form a learning pod, or access an Empowerment Scholarship or School Tuition Organization Scholarship to attend a private school - the choice is theirs to make, not the government's.

Arizona remains the gold standard for educational freedom.

Sincerely,

/s/DOUGLAS A. DUCEY

55<sup>th</sup> LEGISLATURE  
2021-2022

**RULE 1**

**MEMBERS**

A. The House may punish its members for disorderly behavior and may, with the concurrence of two-thirds of the members elected to the House, expel any member (Arizona Constitution, Article IV, Part 2, Section 11). A violation of any of the House Rules shall be deemed disorderly behavior. When a roll call vote is ordered on the floor of the House and subject to the provisions of Rules 6 and 14, members are required to vote after a reasonable time, as determined by the Chair, and may be punished for disorderly conduct if the member fails to vote after a reasonable time.

B. When any member shall be guilty of a breach of any of the Rules and Orders of the House, and the House has determined that he has so transgressed; he shall not be permitted to vote or speak, except by way of excuse for the same, until he has made satisfaction.

C. Any member having obtained leave of absence and having in his possession papers relative to business before the House shall leave same with the Chief Clerk.

**RULE 2**

**ANNUAL SESSIONS**

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The Speaker may by declaration authorize the extension of the session for a period not to exceed seven additional days. Thereafter the session can be extended only by a majority vote of the House.

B. If not considered in the regular session, the general appropriations bill, the general capital outlay bill and the university capital outlay bill may be considered each year in a special session which shall be called only for that purpose.

**RULE 3**

**OFFICERS AND EMPLOYEES**

A. The House shall elect as an officer of the House a Speaker, and shall elect a Chief Clerk and such other employees as the House directs.

B. All House employees shall be under the immediate direction of the Speaker of the House, who shall have the power to designate the person who shall be in immediate supervision of the different departments.

C. Employment, compensation and termination of personnel shall be determined by the Speaker.

D. Employees of the House are prohibited from lobbying during the term of their employment, and a violation of this Rule will be sufficient cause for the summary discharge of the offending employee.

E. No person shall be employed as a House employee who is an agent for the prosecution of any claim against the state or who is interested in such claim otherwise than as an original claimant and it shall be the duty of the Speaker to report to the House any violation of this Rule.

#### **RULE 4**

##### **THE SPEAKER**

A. The Speaker shall take the Chair at the hour to which the House shall have adjourned; immediately call the members to order; cause the roll to be called; and, if a quorum be present, cause the Journal of the proceedings of the last day's sitting to be read, if requested by a majority of the members elected to the House.

B. The Speaker shall preserve order and decorum; decide all points of order subject to an appeal to the House, on which appeal no member shall speak more than once, except by permission of the House; may speak to points of order in preference to other members; and may vote in all cases.

C. The Speaker shall sign all bills, resolutions, memorials, addresses, writs, warrants and subpoenas issued by order of the House.

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

E. The Speaker may appoint a member as Speaker Pro Tempore to perform the duties of the Speaker. In his omission to make such appointment, the House shall proceed to elect a Speaker Pro Tempore to act during the Speaker's absence.

F. The Speaker shall have the general control of the House Chamber and the corridors, passages and committee, hearing and staff rooms of the House of Representatives and all other matters which pertain to the House of Representatives' building and related parking lots. The Speaker shall promulgate a written code of conduct and a written harassment prevention policy applicable to staff.

G. All debts incurred by the House of Representatives, either during session or between sessions of the Legislature, shall be paid by claims drawn on the Finance Division; and all claims so issued shall be signed by the Speaker.

H. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

I. The Speaker shall be responsible for authorizing the accounts for the pay, mileage and subsistence of members and employees, and pay them as provided by law.

J. Every bill, resolution and memorial, except death resolutions and Senate bills to be substituted on third reading pursuant to Rule 7 C, shall automatically be assigned to the Rules Committee at the time of assignment to another standing committee without action upon the part of the Speaker.

#### **RULE 5**

##### **THE CHIEF CLERK**

A. The Chief Clerk shall keep the Journal of the House and enter therein the record of each day's proceedings, including every question of order which shall be decided on appeal, with the decision thereon, and the hour of adjournment.

B. The Chief Clerk shall prepare copies of the Committee of the Whole Calendar and deliver the same in paper form or electronically to the members, and prepare such other memoranda as the House or Speaker may direct.

C. The Chief Clerk shall transmit to the Senate every bill or other measure, immediately after its passage, to which concurrence is necessary.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Assistant Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.

## **RULE 6**

### **ROLL CALL, QUORUM, CALL OF THE HOUSE**

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question, as set forth in Rule 35 or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, nor to any place other than that in which it may be sitting, without the consent of the Senate (Arizona Constitution, Article IV, Part 2, Section 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by less than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege". A Call of the House may be ordered by a majority of the members voting, provided the minimum number authorized to order a Call of the House is present.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.

**RULE 7****ORDER OF BUSINESS,****SUBSTITUTION OF SENATE BILLS FOR HOUSE BILLS**

A. The House shall convene at the call of the Speaker each day during legislative session unless a different time or day is fixed by the Body. The daily Order of Business shall be as follows:

1. Roll Call
2. Prayer
3. Pledge of Allegiance
4. Approval of the Journal
5. Petitions, Memorials and Remonstrances
6. Reports of Standing Committees
7. Reports of Select Committees
8. Business on the Speaker's Desk
9. Bills and Other Business from the Senate
10. Motions to Discharge Committees
11. First Reading of Bills
12. Second Reading of Bills
13. Third Reading of Bills
14. Unfinished Business
15. Committee of the Whole
16. Disposition of Business from Committee of the Whole
17. Orders of the Day

B. At any time after the reading and approval of the Journal any member may authorize a motion to be made that the House go into Committee of the Whole for the consideration of bills, raising revenue or the general appropriations bill.

C. When Senate measures are received which are identical to House measures which have already been favorably reported by the Committee of the Whole, they may be substituted for such House measures on Third Reading.

E. All questions relating to the priority of business shall be decided by a majority of those voting without debate.

F. When multiple legislative sessions are held on one legislative day, the Prayer and the Pledge of Allegiance under the Order of Business in subsection A of this rule are required to be followed only for the first session of that day.

## **RULE 8**

### **BILLS, RESOLUTIONS, MEMORIALS, ENGROSSED COPIES,**

#### **AMENDMENTS**

A. Every bill, resolution and memorial shall be read by sections on three different days, unless in case of emergency, two-thirds of the House deem it expedient to dispense with this Rule. The vote on Third Reading and Final Passage of any bill, resolution or memorial shall be taken by ayes and nays on roll call. Final Passage shall be the final disposition of a bill by the House (refer to Arizona Constitution, Article IV, Part 2, Section 12).

B. Bills, resolutions and memorials may be introduced by a member by presenting copies of such bill, resolution or memorial to the office of the Chief Clerk. The Chief Clerk shall have 24 hours to process such bill, resolution or memorial preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated. A bill introduced in the House may be cosponsored by Senate members. A measure shall only have one prime sponsor; all others shall be designated as cosponsors. A House member's cosponsorship may be withdrawn by that member from any House measure that is in possession of the house. Cosponsorship withdrawal is irrevocable. Following an effective withdrawal of cosponsorship of the measure, the member shall not be identified as a sponsor of the measure on any subsequent calendars, agendas, reports, orders or other publications of the House. Withdrawal of cosponsorship shall be effective if all of the following apply:

1. The member gives a written statement of withdrawal in the form prescribed by the Chief Clerk, delivering the statement to the office of the Chief Clerk and a copy to the Engrossing Clerk.
2. The measure has not been brought for a vote on Third Reading of Bills.

C. Bills, resolutions and memorials may be introduced during the first 29 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee. Every bill, resolution or memorial shall have one prime sponsor. A member may not be the prime sponsor of more than seven bills introduced after 5:00 p.m. on the fourth day of each regular session. For purposes of this Rule the first name on a bill shall be considered the prime sponsor.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the filing of the certification of election until the first day of the regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's proclamation until the first day of the special session, such bills being germane to the call.

E. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this Rule shall be deemed to have been actually introduced on the first day of each regular or special session.

F. Bills, resolutions and memorials accepted for introduction shall be entered in the Journal by the Chief Clerk.

G. The original of a bill, resolution or memorial shall be designated by blue backing, marked "original" and shall remain in the possession of the Chief Clerk. Copies shall be distributed as the Speaker directs.

H. All bills prepared for introduction which propose to add to the statutes or amend existing statutes shall show the proposed new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case) lined through.

I. On First Reading of bills, resolutions or memorials, the measure shall be referred to the Chief Clerk for printing. The Speaker shall determine the number of bills, resolutions or memorials to be duplicated.

J. On First Reading, all bills, resolutions or memorials shall be referred by the Speaker or the Speaker's designee to appropriate committees. Each committee shall report each measure it carefully considers back to the House with such recommendations as may be deemed proper. All amendments proposed by the committee shall be separately reported. If the Speaker designates his referral authority pursuant to this rule to any member of the House other than the Speaker Pro Tempore the designation shall be in writing, state the period of time for which it is effective, and be filed in advance with the Chief Clerk.

K. When the first committee reports the measure to the House, the Speaker places it on the House Calendar (Inactive Calendar). When the last committee to which the measure was referred reports to the House, it is the property of the Committee on Rules, which considers the measure. The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole.

L. The Speaker may direct that any bill be second read at the time of its consideration by the Committee of the Whole or on any day prior thereto.

M. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion, the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

N. The original and two copies of each engrossed measure shall be on paper of durable quality and shall be stamped on each page thereof with the blind embossed stamp of the House. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original House engrossed House bill shall have a green backing. The original House engrossed Senate bill shall have an orange backing.

O. The engrossed measure shall not be subject to amendment on Third Reading or Final Passage of the measure.

P. The House shall provide the Senate and the Legislative Council with sufficient copies of each amended engrossed House measure on green paper with a cover page. For House amendments to Senate measures, the same number of copies shall be provided but shall consist only of those pages containing the adopted House amendments and cover page. For unamended House measures the same number of green cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

Q. All bills, resolutions, memorials and engrossed measures shall be line-numbered, and such numbering shall begin with the enacting clause. Uniform sized paper, 8-1/2" x 11", shall be used. All paper and ink used by the House for the purpose of permanent records shall be of durable quality.

R. Amendments shall have uniform headings and shall read "amendment to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines ... through ...". If everything after the enacting clause is stricken, the amendment shall read "strike everything after the enacting clause". All amendments shall contain the language which states "amend title to conform". Substantive floor amendments shall be printed and placed on each member's desk a reasonable time prior to Committee of the Whole unless previously distributed. Substantive proposed amendments shall be reviewed for constitutionality and approved as to proper form by House Rules Counsel or other qualified personnel designated by the Speaker prior to presentation in all committees, including Committee of the Whole and conference committees.

S. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by at least 5:00 p.m. on the second previous working day, excluding Saturday, Sundays and holidays, in advance of the committee meeting at which the amendment is to be considered by delivering a draft of the proposed amendment to the office or the secretary of each member of the committee, posting such notice at the Information Desk and leaving a copy of the draft in the office of the Chief Clerk. Following the adoption of a strike-everything amendment to a House measure in possession of the House, a House member's co-sponsorship may be withdrawn upon submission of a written request from the cosponsor to the Chief Clerk prior to third reading.

C. Each Standing Committee shall adopt and file with the Chief Clerk's Office rules of procedure consistent with the Rules of the House and shall include the following:

1. With the exception of executive sessions ordered by a majority of the committee constituting a quorum, all committee meetings shall be open to the other members of the Legislature, the press and public so long as proper decorum is maintained.

2. All committees shall meet at regularly scheduled times and places unless cancelled with the permission of the Speaker. In the absence of the chairman, the vice chairman shall preside. In the absence of both the chairman and vice chairman, some other committee member designated by the Speaker shall preside.

3. The committee chairman (presiding officer) other than the chairman of the Committee on Rules shall prepare an agenda and distribute copies to committee members, the Information Desk and the Chief Clerk's Office by 5:00 p.m. at least five days before the committee meeting. Absence of a bill, memorial or resolution from the committee agenda will prohibit its consideration unless unanimous consent of all committee members is obtained. Unless a reconsideration motion has been offered and failed, a chairman may place a measure that failed in committee on any subsequent agenda.

4. A bill not on the committee agenda shall be scheduled for discussion at the next subsequent committee meeting by presentation of a petition containing the signatures of two-thirds or more of the committee members.

B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the House is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.

C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall state his decision and such decision shall be recorded in the Journal or minutes of that body. Prior to declining to vote in any legislative action on the floor, a member must first prepare a written statement describing the nature of the personal financial interest or the reason why the member is declining to vote and deliver the statement to the Office of the Chief Clerk and the office of the Speaker. If the member fails to file the statement prior to the member's declaration on the floor, the member shall be subject to Rule 14 E.

D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this Rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than 5 days from the date of receipt of that request and be filed with the Speaker, the chairman of the Ethics Committee and the Chief Clerk. Such opinion shall be retained by the Chief Clerk as a public record.

E. For the purposes of this Rule:

1. "An action in the discharge of his official duties" means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the House.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

Requests that contain health information are not public records. The Speaker may revoke authorization without advance notice. Additionally, authorization for remote voting is limited by a quorum being present at the capitol and the Chief Clerk's office shall track and include this figure in the Journal.
