The House was called to order at 12:35 p.m., Speaker Ben Toma presiding.

PERSONAL PRIVILEGE

Speaker Toma addressed the House as follows:

I'm sure you would all like a really long speech, but I'm not going to do that to you.

First of all, good afternoon and as has been obvious at this point, I am Speaker Ben Toma, and I would like to welcome you all to the Arizona House of Representatives Opening Day of the First Regular Session of the Fifty-sixth Legislature.

Before I introduce our guest speaker and we start the introduction of guests, I would like to take this opportunity to address my colleagues. First of all, it is a true privilege to be entrusted by you to serve as Speaker of the House because of the respect I have for this institution, especially its members and staff and the process that governs us. It's our job, and I don't take it lightly. I will listen to you; I will respect you; and I will make decisions that are guided by what I believe is in the best interest of this institution and the state. My request for all of you is to do the same. We're going to have, at times, profoundly different and competing ideas on how to improve Arizona. The debate will be, at times, be heated, precisely because we all care deeply about how this state runs and its policies.

The institution, however, this institution is specifically designed to settle opposing views about what is in the best interest of our great state. None of us, myself included, will always get what we want.

However, I'm confident that if we respect each other, and trust our legislative process, the House will do its job and we will have a productive and effective session.

So, thank you, I'm looking forward to it.

Speaker Toma welcomed and introduced guest speaker, Hanna Zach Miley, Author, Holocaust survivor. The introduction was followed by the viewing of a brief video about Hanna Zach Miley's story.

First Day

Hanna Zach Miley addressed the House as follows:

Thank you, Mr. Speaker.

And thank you, esteemed members of the House of Representatives, dignitaries and guests.

It is an honor for me to address you on this special day, a day of fresh beginnings.

I think God must have a sense of humor!

Today there is no famous person, no young, virile sports celebrity or acclaimed musician to give this speech, only a small 90-year-old woman!

And then I think of Polly Rosenbaum. She was born in 1899 and died in 2003 at the age of 104. She sat in this room for 46 years.

While on a tour of this House, I noticed the portraits and sculptures honoring past members. I stopped and took a long look at the sculpture of Polly Rosenbaum, and I was inspired by her kindness and the strength of her character.

So why did Speaker Toma ask me to come here today?

I was born in Germany, in 1932, and that was an unfortunate time, I was 11 months old when Hitler seized power. An only child, I lived with my parents in Gemünd, a small, idyllic town between the Rhine and the Belgian border.

We were Jews.

Gradually, slowly, our sense of security faltered.

In my mind's eye, even today, I can still see my first schoolbooks.

For arithmetic we added, subtracted and multiplied bright, colorful flowers, balls and tops. Suddenly, one day we had new books with different pictures. Now we counted guns, tanks, helmets, and marching soldiers, in dull colors, in camouflage.

I vividly remember a hot summer day, walking between my parents in the hills above town. We stopped and looked down at the new swimming pool, glittering in the sun, we heard people laughing, splashing and swimming.

I looked up to my father, and I said, "I want to go there."

His expression changed and he quietly and sadly repeated the words written at the entrance, "No Jews allowed."

Like nearly all the Jewish community in Gemünd, my parents hoped that the madness wouldn't last.

Until Kristallnacht... the night of November 9th and 10th, 1938, when hate filled words became violent acts, when our synagogue was destroyed by fire, like synagogues all over Germany.

In a strange way, that night saved my life. By then my parents were not allowed to leave Germany but my father, galvanized by the violence, and he found a place for me on the Kindertransport. A rescue effort to bring Jewish children from Germany, Poland, Czechoslovakia and Austria to Britain.

Almost 10,000 children were saved, and I was number 8814. I left in the evening, of July 24, 1939, only 5 weeks before World War II broke out.

I was 7 years old when I arrived in Britain, losing my language, my culture, bereft of my parents, their protection and love.

I tried to fit in and become a "nice English girl" and block out my early life, but by the time I was a young adult, I became aware that inside there seethed anger, bitterness, unacknowledged loss and loneliness.

I could no longer suppress my past, my sense of injustice, my hatred for Germany and Germans.

It was when I reached the end of my rope that I had an unexpected, life changing encounter.

A light penetrated my inner darkness.

For the first time since my childhood, I heard that I was not alone.

First Day

In that vivid experience, that unforgettable exchange when I could open my heart and face the turmoil within and give my own wrongness, my despair and also the wrongs that had been done to me, my Heavenly Father, I sensed Him saying, "Come to me, bring these intolerable burdens to me and find rest for your soul."

I still remember the lifting of that dark weight as I gave it all to Him.

And today, right now, as I share this memory with you, I marvel at the consequences, the fallout from that personal encounter, all those years ago.

But you know, it is one thing to make an internal transaction and to taste inner release and freedom following a conscious decision to forgive while living in a quiet English town miles away from the past and all that bitterness toward Germany and Germans.

The question is, does it hold? Is it real? Is it real when you meet face to face with the direct descendant of a Nazi?

Verena is the daughter of a Nazi.

Her father was part of the Austrian political leadership welcoming Hitler when he marched into Austria on the 13th of March, 1938. After the war, her father was convicted and imprisoned as a Nazi.

Verena was a baby at the time; she grew to love her father; he was a cultured, gifted man. When she learned of her father's complicity with evil, a struggle began within her. There was a tension between loyalty and shame and even affected her physical health.

Verena, like me, came to the end of herself. She was the daughter of a Nazi.

I was the daughter of Jewish parents who were gassed in the Holocaust. And yet, we share similar stories. We followed the same path in our common experience of healing, forgiveness and freedom.

On Monday, May 3, 2010, Verena and I were close together with eight friends before a locked iron gate in a small Polish village, Chelmno, peering through metal bars at the scrubby, barren ground, the place where a grey gas van had been parked.

We are there on the anniversary of the day my parents took their last breath, packed together with other Jewish bodies in such a gas van on May 3, 1942.

Suddenly I become aware... Verena has slid to her knees and is quietly weeping. I join her on the stony, dusty ground, and we embrace, mingling sorrow, repentance and forgiveness. I marvel at the levels of healing we both experienced, the child of a victimizer and the child of victims, drawn together by our Heavenly Father.

Last October, we met again, Verena and I. This time in the Jewish cemetery in Gemünd, Germany. My hometown for the first 7 years of my life and where George my husband and I had erected a memorial stone to my parents.

We were in Germany to film a documentary, telling my personal story of the Holocaust as a message of hope...and a warning.

We embraced and shared heart to heart and looked back in wonder at our journey together into reconciliation. We recounted the times we had shared the truth about our history. Verena recalled her sorrow and her request for forgiveness for her father's role in the genocide of my people there in Chelmno, and I remembered my response: to forgive-something totally beyond my natural ability. Surely a gift from Heaven, this release and freedom we experienced together.

And so back to the present, here in a place that echoes with words spoken and decisions made over so many years, votes cast that affected the everyday lives, the hopes, of our neighbors.

Words and decisions that reveal to a watching world the state of our union...who we are in Arizona.

So, what motivated me to say 'yes' when the Speaker invited me to be here today?

A twofold answer...

First Day

I deeply respect the role you play in the future of our State, and I believe each of us in the privacy of our own hearts aspires to leave the world a better place.

And I bring both warning and hope....

Because of my personal and family experience of the Holocaust, I watch with concern the rise of hostility and cruelty throughout the world, and I long for my home state, Arizona, and this House to be a light in this present darkness.

Thank you for the great privilege of honoring my parents and sharing my redemptive story with you, on this historic day in this place.

I would like to end with an ancient Jewish prayer, calling for blessing on your lives and the work you will do.

The Lord blesses you and keep you.
The Lord make His face shine upon you
and be gracious to you.

May he lift up His countenance upon you
and give you peace.

JOINT SESSION OF THE SENATE AND HOUSE OF
REPRESENTATIVES OF THE FIFTY- SIXTH LEGISLATURE
FIRST REGULAR SESSION OF THE STATE OF ARIZONA

The Joint Session of the First Regular Session of the Fifty-sixth Legislature was called to order by Senator Warren Petersen, President of the Senate, at 2:10 p.m.

The Joint Organization Committee, consisting of Senators Alston, Bennett, Hatathlie and Hoffman and Representatives Grantham, Melody Hernandez, Livingston, Pingerelli and Quiñonez returned escorting Her Excellency, Katie Hobbs, Governor of the State of Arizona.

Governor Katie Hobbs, who was introduced by President Warren Petersen, delivered the following message:

STATE OF THE STATE
GOVERNOR KATIE HOBBS
FIRST REGULAR SESSION, FIFTY-SIXTH LEGISLATURE
JANUARY 9, 2023

Chief Justice Brutinel, Secretary Fontes, Attorney General Mayes, Treasurer Yee, Superintendent Horne, Mine Inspector Marsh, Speaker Toma, President Petersen, Leaders Terán and Cano, members of the Legislature, Supreme Court, and Corporation Commission, tribal leaders, honored guests, and Arizonans in every corner of our state, it is an honor to join you here today.

We gather every year for this annual tradition, but before we begin, I would like to take a moment to honor a man who lived his life in service to this state. Mel Hannah, who served as the chair of the Secretary of State’s Community Advisory Council during my tenure and a member of the Commission of African American Affairs, passed away last night. His family and friends are in my heart and prayers today.

And in the spirit of service that he embodied, let’s begin to have candid discussions about the issues facing our beloved state and how we can work together to ensure a better future for every family and community.

We are all here because we care deeply about Arizona—its natural beauty, its abundant opportunities and, most of all, its resilient, diverse, and incredible people.

I know I speak for all of this state’s elected officials when I say it is a profound honor to represent our fellow Arizonans, and we have an obligation to listen, to find common ground, and to craft real solutions during the 56th Legislature.

As a former member of both the House of Representatives and the Senate, I have a deep respect for each of you answering the call of public service. I know that clarity and understanding of the top priorities of my administration will help you make the most of your time during this session.

So let me begin my first State of the State by repeating something from my inaugural address last week.

If you’re ready to make real progress on the issues that matter most to the people of this state, then my door will always be open.

However, chasing conspiracy theories, pushing agendas for special interests, attacking the rights of your fellow Arizonans, or seeking to further undermine our democracy will lead nowhere.

Instead, I’d like to extend an invitation. Let’s work together to make a significant impact in the lives of the families and communities of this state today and for years to come by lowering costs, investing in public education, securing our water future, tackling the affordable housing crisis, and other real issues that are holding back too many.

First Day

The people of Arizona have sent us here to find solutions to these issues, and that's exactly what my administration will be focused on doing for the next four years.

One of the things I learned as a social worker is the power of prosperity—when families are doing well, so many other things start going the same way. And while every issue we face has complexities, one thing that's not complicated is that the easiest way to change someone's life is to offer them the opportunity for a new or better job.

So to Arizona's business community, I want you to know I profoundly believe in the power of prosperity, and I am committed to partnering with you to build on the thriving, dynamic foundation we have in this state where businesses and the people who make them run succeed together.

To Arizona's educators, parents, and students: You know better than anyone that education must be the top issue we tackle. As we work to find solutions, I will always seek—and listen to—your guidance.

To Arizona's tribal governments and nations: Your voices will be heard in my administration, your sovereignty will be respected, and your contributions will be recognized as we move into the future.

To all of Arizona's diverse, vibrant, and strong communities, from Page to Patagonia: You have built our state into the incredible place it is today. As we go forward into the future, it will take all of us—all of us—to maintain our strength, fix our deficiencies, and blaze new trails for the generations that follow.

We start this new chapter in a unique position. The state of our state offers promise—and we must act on it.

Growing, cutting-edge companies are moving here to tap into our state's top-tier workforce and healthy business environment. However, too many of our rural communities are being left behind because they don't have the infrastructure they need like high-speed internet.

Companies have record job openings, but far too many Arizona residents can't afford rapidly increasing rents or have been priced out of buying a home.

We have some of the best K-12 schools in the country – but the state has long failed to live up to its obligation to adequately invest fairly in public education in every community, and we see the results of that with high teacher vacancy rates and some districts with crumbling infrastructure.

Arizona has stunning landscapes and unrivaled natural beauty. However, we must do more to protect our forests and watersheds from the devastating effects of fire and drought.

Our state has a dedicated public sector workforce. But we can do better in reflecting the diversity of our state to better serve our communities. Those who work in public service should feel empowered, and it is our responsibility to ensure barriers to accessibility and opportunities are broken down for all.

As we look to the future, we cannot continue to kick the can down the road on these issues and many others. We owe it to our fellow Arizonans – both this generation and the next—to face these challenges head on.

As I said in my inaugural address, I'm an optimist—especially when it comes to Arizona. I believe we are the greatest state in this nation. I believe in our educators and our students. I believe in the men and women who protect our public safety every day. I believe in our innovators, risk takers, and entrepreneurs. I believe in our public servants. I believe in the future of our incredible state – and I know you do too.

In the late Governor Rose Mofford's 1989 State of the State address, she spoke about "difficult choices" as she challenged the legislature to do the right thing – funding elementary and high school education, supporting our state's health care system AHCCCS, and other critical challenges of her time.

First Day

No one should be surprised that Governor Mofford fought for the right thing and chose not to back down from those challenges. She had a deep understanding of what the people of Arizona wanted and what they needed. As a Democratic governor working with Republican lawmakers, she knew when to find bipartisan compromise and when to stand firm in her beliefs.

As we begin to write this new chapter for the state we all love, I ask that we all take inspiration from Governor Mofford's actions and look toward the future... to the partnerships we will forge...to the challenges we will overcome together ...to the good we will do for our fellow Arizonans.

My hope is that when you leave here today, you understand that I and my administration are committed to action and to improving the lives of every Arizonan. And if you are committed to those same ideals, then I am ready to work side-by-side with you—no matter your party registration.

With that, here are my priorities as we build a resilient, innovative and prosperous Arizona for everyone.

Education gave me a chance to climb my way up and build a better life. I know that's true for countless other Arizonans and for many in this chamber today. That's why I have spent so much of my public life fighting for better schools and to level the playing field—and that's exactly what I'll continue to do as governor.

However, before we talk about steps we will take to improve K-12 education going forward, we must first address the potential catastrophe that will happen in just a few months if the legislature does not act to address the archaic funding cap—officially known as the Aggregate Expenditure Limit—by March first.

As part of last year's budget negotiations, a promise was made that a special session would be called to override this limit that's based on an out-of-date, 40-year-old funding formula that's holding our public schools hostage.

That promise was not kept.

We must make this right. If we do not, this ticking time bomb will explode and force a 1.3 billion dollar cut that would be one of the largest in our state's history.

And it will happen in the last two months of the school year.

Superintendents and education leaders are warning this will cause furloughs, layoffs, and possibly even school closures. It is unnecessary to allow these hysterics to go on any longer. Let's give our students, our teachers, and our parents the assurance that schools will remain open.

The solution is simple and it doesn't cost another penny to do the right thing. Representative David Cook has already introduced a resolution to override this outdated limit. This legislature should bring it to the floor. The Democrats in both chambers stand ready to act on this immediately.

Looking beyond this pressing issue, Arizonans have made clear it's time to rebuild and reinvest in our public schools. For years, our leaders have chosen to ignore parents, teachers and students who know we can have the greatest public education system in the nation—but instead are too often saddled with crumbling infrastructure and crowded classrooms.

And rather than doing the right thing and facing these challenges head on, the previous legislature passed a massive expansion of school vouchers that lacks accountability and will likely bankrupt the state.

In fact, funding this expansion is poised to cost Arizona taxpayers an estimated 1.5 billion dollars over the next 10 years if left unaddressed.

That's why when my budget is delivered on Friday, you will see that it truly invests in public schools and students—ensuring we are a Prepared Arizona.

We will begin with our public school teachers, who continue to be caught in the middle of crises of our own making—and for thousands of them, it's too much. One in four teachers leave Arizona schools each year, which is the highest rate in the nation. As a result, more than 2,500 classroom educator positions are vacant.

Monday, January 9, 2023

First Day

As the sister of two public school teachers, I see how hard they work every day on behalf of their students. So to the teachers and education support professionals of our state, I see you, I respect you, and I will always stand up for you.

To members of this legislature, I hope we can all agree that when we keep the most talented teachers in the classroom, our kids win, our families win, and our communities win.

That's why I will be launching an Educator Retention Task Force to develop a thorough framework and make recommendations to improve class sizes, resources, working conditions, and other factors that will put us on a path to fix these issues and retain educators.

The reality is we don't have an educator shortage, what we have is a retention crisis. There are too many amazing professionals who have walked away from the career they love because of the uncompetitive salaries, onerous policies, and unfunded mandates this state has chosen to implement that rob educators of the joy of teaching. Teachers are creating the workforce and leaders of tomorrow, and it's time we started treating them with the respect they deserve.

For the last 5 years, Arizona has been involved in a lawsuit about school facilities funding. Last week, with support from Attorney General Mayes, my office led the successful effort to put the brakes on a costly and wasteful trial scheduled to start today—so we can focus on solving problems instead of needlessly paying lawyers millions to fight in court.

With the release of my budget on Friday, you will see historic investment in schools to address capital needs and my office will keep working to ensure Arizona's children and teachers can learn and work in safe and secure school buildings.

Another step we will take to help all communities to have the strong, effective public schools they deserve is to ensure we are funding all schools fairly.

Currently, our state government distributes additional per-pupil funding based on school letter grades and assessment results. However, this approach has largely benefitted only schools in high-wealth areas of Arizona's two largest counties – Maricopa and Pima – while leaving rural and economically struggling areas behind.

To address this inequity, my budget redirects the 68.6 million dollars for that program to the Base Support Level, which goes to all schools across our state instead.

Let me go on the record to say that any school that accepts taxpayer dollars should have to abide by the same accountability standards that all district schools do. We have seen too many examples of individuals and shady corporations taking advantage of the system and our students.

Let's work together to require that any school that accepts public dollars also participates in the Auditor General's annual school district spending report as well as take other steps to ensure our taxpayer dollars are going where they should and being spent properly.

Beyond this work to ensure transparency for how taxpayer funds are spent, there are other direct actions to support our schools and students.

We need to prioritize hiring social workers and counselors for our schools to address the mental health crisis among children and teens. Currently each counselor in an Arizona school provides services for more than 700 kids on average. That's the highest ratio in the nation and nearly three times the recommended standard. That's unacceptable and we must do better.

I strongly urge the legislature to continue bringing solutions to my desk to ensure our public schools—in all communities—have the resources they need to help our kids succeed.

Let us now turn our attention to opportunities for our state's next generation after they graduate high school, where my administration will work to help create access to a wide range of education opportunities as they embark on the next chapter of their lives.

First Day

That means investing in community colleges—particularly in rural Arizona – as well as dual-enrollment programs statewide so no matter where a young adult lives, they have the opportunity to earn college credit or get a good-paying job.

For tens of thousands of other students, choosing to pursue a four-year degree from one of our state’s major public universities is the right path—and make no mistake, we have three of the finest colleges in the country right here.

Arizona State University, Northern Arizona University, and the University of Arizona all produce workforce-ready graduates, attract millions of dollars in investments, and push the boundaries of knowledge and innovation.

They are incredible resources for our state’s residents and for the entire nation—and we must continue to improve access to these institutions for higher learning.

That’s why we’re expanding the Arizona Promise Scholarship Program, which last year made college more affordable for over 4,000 families, by including funding capacity for an additional 10,000 students who will now have an opportunity to pursue a college degree but otherwise would have been held back by the associated costs.

But we’re not stopping there. In line with the will of Arizona’s voters in passing Proposition 308 this past November, my budget allocates 40 million dollars to create the Promise for DREAMers Scholarship Program to cover all students, regardless of immigration status, who attend a state university.

My administration is ready and willing to work with any member of this legislature to find additional solutions. Let’s work together to ensure Arizona’s higher education opportunities are the best in the nation and put individuals on the path to future prosperity.

As we all know, we have so many reasons to be proud of Arizona. Companies are growing here and, as a result, the job market is robust. What’s more, we have enormous potential on the horizon.

However, we must also acknowledge the flip side of this prosperity, that too many Arizona families are getting further away from achieving the American dream due to the high cost of housing.

Our state is no stranger to the boom-and-bust housing cycles—but this is something wholly different.

Three Arizona cities—Tucson, Mesa, and Phoenix – have seen some of the highest rent increases in the nation.

The number of individuals experiencing homelessness has risen significantly in recent years.

We can do better. Let’s work together to ensure that here in Arizona, any person who wants to achieve the American Dream or have a safe roof over their head can do so.

My administration’s first step will be to support a 150 million dollar investment into the Housing Trust Fund this year—and I will call for additional support in the years ahead.

In addition to these measures, last week I signed an executive order re-establishing the Interagency and Community Council on Homelessness and Housing. This council will help coordinate and foster collaboration among state and local agencies, the private sector, and nonprofits to help identify solutions for individuals and families experiencing homelessness or struggling with housing affordability.

Beyond housing, our efforts to support individuals and families must also address the rising costs of everyday items and services. Even as our state continues to be an incredible place to live and work, we can do more to help our fellow Arizonans get ahead.

That’s why my budget sets aside 50 million dollars for a state-level, child tax credit for families earning less than 40,000 dollars a year to help pay for the rising costs of basic necessities for their children.

Monday, January 9, 2023

First Day

We will also help lower costs for Arizona families by exempting diapers and feminine hygiene products from our state's sales tax. These everyday items add up and we can and should help provide this relief to individuals and families who too often must choose between paying their bills or paying for the things they need to be healthy.

But this should only be the start. My administration is ready and willing to work with you—and my door will always be open to any member who brings forward a serious proposal to help Arizona families, seniors, and communities.

Let's work together to find ways to lower costs and help every community across our great state thrive economically.

Every community across our state also deserves to be safe. Building an Arizona for everyone means building a safe Arizona for everyone.

This obligation extends to our border, our broken immigration system, and the communities across the state who must continue to bear the brunt of Washington, D.C.'s decades of failure on this critical issue.

Unfortunately, immigration has been politicized for far too long. Arizona voters told us in November they don't want or need political stunts designed solely to garner sensationalist TV coverage and generate social media posts.

Speak to leaders in border communities and across our state and it's clear they need real solutions after decades of failed leadership by both parties. We must take a holistic, realistic, and humane approach to help solve this issue. That means supporting sheriffs and local law enforcement in impacted communities—and it also means supporting community centers and hospitals.

I am encouraged by the White House's recent actions to finally visit the border and to start proposing real steps to begin addressing the problems of the current system. And while optimistic, I will also continue to push Congress to do its job and pass comprehensive immigration reform.

Visit border communities and speak with local leaders and law enforcement like I—and many others here—have done and you come away with a broader understanding of the complexities of this issue and the urgent need to institute solutions.

That's why I have invited Homeland Security Secretary Alejandro Mayorkas to visit the border with me and meet with community leaders, sheriffs, non-profit representatives, and business executives in impacted communities who all want effective and humane solutions to this longtime challenge.

I look forward to working with local law enforcement, nonprofits, and community leaders throughout my time in this office to identify real solutions, hold the federal government accountable, and create a Safe Arizona for all its residents.

Now, ensuring a strong, safe future for Arizona means defending the freedoms of all of its residents. I refuse to stand by and do nothing as my daughter—or anyone's daughter—now has fewer rights today than I did growing up.

An overwhelming majority of Arizonans—more than 90 percent, in fact—believe abortion should be legal. It is time we all heed the message of the people of this state and meet this moment to ensure that we can always make our own healthcare decisions.

My administration will always protect reproductive freedom for all Arizonans. I will not support, and I will use every power of the governor's office to stop, any legislation or action that attacks, strips, or delays the liberty or inherent right of any individual to decide what's best for themselves or their families.

My budget will also match the federal Title Ten money our state receives to provide reproductive health services and family planning medication, bringing our total to more than 12 million dollars. This step will increase the program's impact here in Arizona and for significantly more low-income women.

However, this should only be a start. I urge members of the legislature to put bills on my desk that will protect women, support families, and create a future for Arizona where anyone regardless of gender can succeed.

First Day

Finally, none of the solutions—or even the future—I have spoken about today will be possible without our state’s most precious resource—water.

We must talk about the challenge of our time: Arizona’s decades-long drought, over usage of the Colorado River, and the combined ramifications on our water supply, our forests, and our communities.

We are in a critical moment where we must be unified, where we must form new and stronger partnerships, and where we must find bipartisan solutions at a local, statewide, and national level.

This issue does not stop at state or international borders. We will all thrive together in the future...or we will all be left with the catastrophic results of our failures.

From the work our current Senators Sinema and Kelly are leading, to the accomplishments of former Senator Jon Kyl and former Governor Bruce Babbitt, to decades of efforts by Arizonans before them, our state’s leaders are at their best when they reach across the aisle for pragmatic solutions on this issue.

We should follow in their footsteps as we collectively face a drought unlike anything in modern times.

On January First, the Colorado River Tier Two mandatory water cuts went into effect—meaning Arizona will lose 21 percent of our water that comes from the most important river in the country. This equates to reducing our usage by 592,000 acre-feet just this year.

We must also all understand this: barring a miracle from nature, it will likely get worse before it gets better.

This should be a wake-up call for all of us, because it will take all of us to solve it. Legislators, public officials, the business community—each and every one of us must commit to the partnerships needed to avoid this.

The foundation of those partnerships must be rooted in honesty and transparency about the facts and what we are collectively facing.

For those reasons, in the next few minutes you will receive a previously unreleased report by the Arizona Department of Water Resources that shows that portions of Phoenix’s far West Valley are currently short of the 100-year Assured Water Supply Program by 15 percent today. This report unequivocally shows that we have to act now, or this will only be the first new area that faces this kind of shortage.

I do not understand, and do not in any way agree with, my predecessor choosing to keep this report from the public and from members of this legislature. However, my decision to release this report signals how I plan to tackle our water issues openly and directly.

Experts here in Arizona and across the nation agree there is no “silver bullet” solution to our current water challenges. We must evaluate and invest in both short- and long-term efforts that will help us achieve our goals.

This reality drives the three components of my plan for a Resilient Arizona.

First, my administration has heard loud and clear that re-establishing the Governor’s Energy Office is a priority for communities across the state. In response, we will relaunch this entity as the Governor’s Office of Resiliency, which will focus on water, energy, and land use solutions. This office will help coordinate efforts with the many departments, tribal governments, universities, organizations, and others involved in this effort. Arizona needs partnerships on a local, state, regional, and national level, and I intend to put us in the best position to do so.

Next, my administration will issue an executive order to launch the Governor’s Water Policy Council to modernize and expand the Arizona Groundwater Management Act. Facing our current reality, it’s time to update groundwater management tools and protect groundwater supplies—particularly in rural communities.

Monday, January 9, 2023

First Day

We must take these actions today because in many parts of our state, there are effectively no restrictions on groundwater pumping and local communities have little-to-no support to manage water supplies. As a result, a new water user can move in, dig a well, and pump as much water as possible—even if it dries up the community's aquifer.

This is why you see a Saudi Arabian conglomerate pumping local groundwater nearly unchecked in La Paz County today, to grow water-intensive crops and send them to the other side of the planet.

We all know that's not right. Our groundwater should be used to support Arizonans, not foreign business interests.

Let's close this water poaching loophole and work together to modernize the Arizona Groundwater Management Act.

In addition to this action, my budget allocates funds to help rural communities set up Active Management Areas. All cities and towns in our state need to proactively manage our groundwater, and by funding this program we are providing a powerful tool to ensure we strike a balance between usage and recharging our water table.

For the last part of this approach, I look to you, members of the legislature. We are all in this together. Bring forward innovative solutions to this challenge of our time. We cannot let the same old partisan fights drag us down.

My administration is ready and willing to work with you and we will always do what's best for Arizona and its people.

It is my belief that we all understand the gravity of the challenges before us—and it is my hope that we will use this opportunity to once again prove to the people of our state, the nation, and around the world Arizona's visionary leadership when it comes to ensuring a stable water supply for the millions of people who call this place home.

These challenges will not be easy. Nor will the other issues we need to confront, including fixing prisons, improving accessibility for all Arizonans, lowering childcare costs, supporting veterans, protecting older and vulnerable Arizonans, and so much more.

But the people of Arizona did not send us to this capitol to solve easy problems or to leave them to the next generation. They sent us here to do the right thing – no matter how difficult that may prove to be. We will not let them down.

I spoke earlier in these remarks about Governor Mofford and how she challenged lawmakers to choose action to solve the challenges of their time. Perhaps nothing in her speech did more to drive home the urgency of the time than these words she shared in the conclusion of her speech:

“... we cannot delay. Opportunities fade. Arizona's future hangs in the balance.

“... I say to you, join with me in making these difficult decisions, and together we will journey towards the next frontier.”

They did just that, and together, they put Arizona on a path to prosperity and improved the lives of millions of families. It is my sincere hope that we can do the same at this moment more than 30 years later.

In the days, months and years ahead—of all-night budget negotiations, marathon voting sessions, and seemingly impassable disagreements—let us never forget that we all hold a deep love for this state. We are here because we want to ensure the generations that follow us have a chance to discover that love, too.

Thank you for committing to public service, for your partnership in finding real solutions, and for the contributions we will all make going forward as we build an Arizona for everyone.

Now let's get to work.

BUSINESS ON THE SPEAKER'S DESK

Speaker Toma introduced Congressman Juan Carlos Romero Hicks, Member of the Mexican Chamber of Deputies.

Congressman Juan Carlos Romero Hicks addressed the House, his comments were as follows:

Buenas tardes. Qué gusto estar en este honorable recinto, otra vez, después de seis años. Gracias por su amable invitación.

Good afternoon. It is wonderful to be here in this honorable chamber, again, after almost 6 years. Thank you for your kind invitation.

We are living in a very complex era, characterized by the Covid-19 pandemic, the Russia-Ukraine war, world crime and insecurity, world migration and what some are calling an "economic global chaos." With this as background I come to you with a message: We must reinvent ourselves and the US-Mexico relationship to confront these new challenges! I come to you as the representative of my state, the state of Guanajuato, cradle of the Mexican independence movement, and as member of the Mexican Congress. I bring to you greetings from the people of Guanajuato and of Mexico. I also come to you as someone deeply interested in creating a better US-Mexico relationship because I have a bi-national heritage. My second last name is Hicks, from a family that came on the second ship after the Mayflower, called the Good Fortune, Nov. 11, 1621.

It is a particularly important moment for us to speak here. We have just finalized the Summit of North American Leaders in Mexico City, and I know that you as a nation are reflecting over what kind of relationship you want to have with Mexico. At the Summit we centered on themes such as inclusion, diversity, climate change, the environment, health, security, economic development and migration. The result from the meetings was a "roadmap" defining commitments which were negotiated among the three governments. It is hoped that we can create mechanisms to take advantage of an integration of the economies of Mexico, the USA and Canada, working together to face the great challenges of our times.

Arizona has been a great example of common sense and future focusing in the affairs of our relationship. The Arizona-Mexico Commission is a wonderful example of commitment, long term vision and shared results. I often remember the words of Governor Paul J. Fannin when he stated, "Dios nos hizo vecinos; seamos buenos vecinos!" ... "God made us neighbors, let us be good neighbors." He knew that being good neighbors is not easy, and that's why we should address questions like: Are we good neighbors? Can we do better? And, can we be more than neighbors? Can we be friends?

Fifteenth Day

When seeking a closer friendship, we often look for what we have in common. The largest individual ancestry group in Arizona is Mexican (at 25.8%), followed by German, English and Irish (10.9%). Some analysts believe that Arizona will become a minority-majority state by the year 2027 based on current demographic trends. We are truly joined by family ties.

Last November, you had important midterm elections, and one of the great debates was over the impact the Latino vote. According to the PEW Research Center, in the last presidential elections 32 million Latinos were able to vote, becoming the largest ethnic minority.

It is important to notice that in 2024 both Mexico and the US will have presidential elections. (This had not occurred since the year 2000 with George W. Bush and Vicente Fox as winning candidates of their countries.) Many experts believe that 2024 will be the year in which Latinos will decide the elections in the US and in which Mexicans living in the US will vote in historic numbers.

Allow me to mention that in the year 2024, Mexico will possibly make use of a new electronic voting system. Though today there are only approximately 1.6 million Mexicans living in the US registered to vote, according to researchers there are almost 12 million first generation Mexicans in the US. Now, if we include the constitutional reform of 2021, in which children and grandchildren of Mexicans are considered Mexican citizens, the number of Mexicans abroad rises to 38 million. In addition, many Mexican Americans have the right to double nationality and can vote in both countries.

As I mentioned here in this chamber Feb. 23, 2017, in order to know each other better we need to spend time together, we need to share information, we need to research together, we need to learn together, we need to walk and dream together. Friendship, as described by Aristotle, is a relationship between two, where the two friends share goals and work together to achieve them.

I believe friendship should be our main goal. If we accept the challenge to move from neighbors to friends, we should probably start by the basics. St Augustine once said, "Nadie ama lo que no conoce" ... "You cannot love what you do not know." We need to know each other better and learn from each other.

We have built a relationship that goes further than the relationship between two federal governments. The US-Mexico connection means clients, suppliers, teammates. It means researching together. It means falling in love: there are 38 million Mexican-Americans in the States, and a significant percentage, close to 28 percent, of the married ones are married with non-Hispanic Americans. We are building families together, and that means we have children that are the sons and daughters of both countries. We must recognize that we share more than the biggest border of the world, that we share more than the biggest trade area in the world. We share the same future. We are bound by land, by history, by blood and by love, and we cannot let fear, ignorance, or greed come between us.

While our two presidents, Andres Manuel Lopez Obrador and Joseph Biden, at the Summit of North American Leaders, only touched the surface of possibilities of success for our relationship, millions of citizens from Mexico and the US are ready to change the history of North America. We know that we live in historic chaotic time, and we need historic solutions. We must become involved, seeking opportunities for shared success.

Before finishing my remarks, I would like to recognize a Mexican American leader amongst us.

Ambassador Don Tapia, you, like many in the U.S., make us proud. I would like to recognize your work as a veteran of this country, as the CEO of the largest Hispanic-owned business in Arizona for 30 years, your philanthropist work in support of the neediest, and your recent tenure as U.S. Ambassador to Jamaica. Congratulations on recently becoming a Mexican citizen! Could you please join me?

On behalf of the State of Guanajuato I bring you a small token of our appreciation. ...

Finally, a word to Speaker Toma, President Petersen and Chairman Cook: I would like to invite the Congress of Arizona to Guanajuato and Mexico City. Almost six years ago I was honored to host you, and it's time to come again. Many of you in attendance have not visited Guanajuato nor San Miguel de Allende which are ranked best cities in the world to visit. Please honor us with your presence soon. Let's work together.

Fifteenth Day

As a Mexican writer, Angeles Mastretta, once said, “Nada ganamos luchando por separado, para caer vencidos juntos.” “We gain nothing fighting separately, to then fall defeated together!”

God Bless you all. God Bless Mexico, God Bless the United States of America, God Bless North America. Dios nos bendiga a todos.

PROTEST

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

Two weeks ago, some Republicans turned their backs on a duly elected governor and walked out. And then they promised to pass last year's budget rather than consider the Governor's proposal or to negotiate in good faith.

Now with virtually no notification we have sweeping proposed rules changes after only consulting with themselves. The lowlights include:

- A limit on Committee of the Whole debate to 30 minutes per bill.
- Efforts to reduce transparency where the Legislature grants itself the power to ignore state statutes on public records and document retention.

Tuesday, January 24, 2023

Sixteenth Day

- This gives the Speaker veto power over the majority on motions to amend or suspend the rules, and the power to unilaterally file lawsuits.
- Had the Speaker's vote been needed for a floor motion to count, Arizona would not have seen Medicaid expansion or the ballot referral of in-state tuition for DACA recipients.

Arizonans want a government that's open and transparent. This is not it.

Sadly, these rules changes are a continued pattern of disrespect, obstruction, and dysfunction. We want to work together to solve problems. Silencing of the minority just because you disagree with us sets an awful tone going forward and tells the public only some voices count."

/s/ANDRÉS CANO

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

I rise in protest to this change in rules. I was elected to represent Democrats, Republicans, and Independents from my district. In fact, the thing I hear most at the thousands of doors I've visited is a desire for people to work together. I agree. That's why it's been one of the foundations of my campaign platform, and I've worked hard to fulfill that commitment. Last session working across the aisle to co-sponsor and pass a bi-partisan adult education bill. I have continued to prioritize working together already this session with my seatmate Representative Wilmeth, co-sponsoring Republican bills, and inviting members of the Republican party to co-sponsor my bills as well.

But these rules create a divisive climate in this chamber, shutting down debate without adequate time to hear important points, creating a path for the Speaker to veto at will, allowing the Speaker to sue the Governor, and worst of all, reducing transparency so the public can't see what we're doing. At a time when one party holds just a narrow majority, we should respect the voters who are demanding that we work together, not diminish the voice from one side of the aisle. For all these reasons, I protest these new rules we just received, and ask that you open them up for change. Please include my comments in the record.

Communications from Governor Katie Hobbs on disapproval of the following measures were filed:

February 16, 2023

President Petersen,

Re: SB 1523, SB 1524, SB 1525, SB 1526, SB 1527, SB 1528, SB 1529, SB 1530, SB 1531, SB 1532, SB 1533, SB 1534, SB 1535

Today I vetoed SB 1523, along with the twelve other FY2024 budget bills that were transmitted to my office.

Fiftieth Day

Five weeks ago, I stood before the legislature and, invoking the words of the late Governor Rose Mofford, asked the members to work with me in making "difficult choices" about the future of our state. I spoke about the need to address Arizona's housing crisis, to make college more affordable, to put money back in the pockets of working families, and to truly invest in public education.

Four days later, I delivered a budget proposal to the legislature that makes meaningful progress on these exact issues. As rent and housing prices have skyrocketed, my budget includes a historic investment in the Housing Trust Fund to help keep people in their homes and off the street. As everyday costs have increased and strained household budgets, I proposed a plan to put more money into the pockets of working families. As cutting-edge companies relocate to Arizona, my budget makes major investments in college scholarships and dual enrollment programs, to ensure we're preparing our students for the jobs of the future. And, perhaps above all else, my budget makes it clear that for as long as I'm Governor, Arizona will prioritize investment in public education.

Along with these immediate investments, my budget proposal puts a quarter of a billion dollars in the Rainy Day Fund, and leaves a quarter of a billion dollars on the table to ensure a healthy structural balance.

Unfortunately, despite my call to take on these difficult choices and protect our state's future, the budget approved by a slim, partisan majority in the legislature takes another path. An easy path. Rather than tackling difficult choices, this budget presents Arizonans with false choices.

This purely-partisan budget says that we can't invest in our state now and invest in our future. It says that we can't address the challenges of today and save for the challenges of tomorrow. It says that as Democrats and Republicans, we can't disagree with each other and work together in the best interest of the state.

I reject these false choices because I'm an optimist, particularly when it comes to Arizona. I'm confident that we can work together on a budget that addresses our state's housing crisis, lowers costs, prepares our workforce, and invests in public education. I know that the people of Arizona didn't send us here to do the easy thing. They sent us here to do the right thing.

As we move forward this legislative session, I hope that all elected officials-regardless of party affiliation-will remain open to bipartisan discussion, solutions, and compromise. The people of Arizona demand it. So let's get to work.

Sincerely,

/s/ Katie Hobbs
Governor
State of Arizona

President Petersen and Speaker Toma,

As you know, I have vetoed the partisan budget package sent to my desk this week. Now that we have each presented our vision for the state budget, it's time to come together to address the nearly two billion dollar gulf between them. A quick glance at the bills moving through the legislature shows that the Republican Caucuses intend to spend much more than the amount appropriated in the Republican budget package. From hundreds of millions of dollars in meritorious infrastructure projects to hundreds of millions of dollars to pay for a tax cut for landlords, it's clear that those who are advocating for a "skinny" budget want to spend significant amounts of money outside of the budget process.

Because of this, it's more important than ever that we begin the process of budget negotiations. OSPB will reach out to each of your offices and those of your Democratic counterparts to schedule a meeting to discuss a regular, ongoing process to negotiate a bipartisan budget before the end of the fiscal year. The best way to ensure a budget is finalized before July 1st is to begin negotiations now. I look forward to working with you.

Sincerely,

/s/ Katie Hobbs
Governor
State of Arizona

Re: SB 1184

President Petersen,

I have vetoed SB 1184. I appreciate the legislature's interest in addressing rising housing costs, particularly for renters. Lowering costs for Arizona families is a priority of my administration. Unfortunately, this bill suffers from two important defects at this time.

First, this bill lacks any enforceable mechanism to ensure relief will be provided to renters. As noted by the legislature's own attorney, provisions in the bill that purport to require that tax savings be passed on to renters face challenges under both the state and federal constitutions. If we are going to promise relief to renters, it's important that we are able to ensure they actually receive it. For working families faced with ever-increasing rental prices, this proposal just doesn't fit the bill.

Second, the bill includes an appropriation of roughly 270 million dollars over the next eighteen months. To approve of such an appropriation outside of a comprehensive budget agreement would be irresponsible. If the majority caucus is committed to such an appropriation, I expect that it will be brought to bipartisan budget negotiations for consideration.

Sincerely,

/s/ Katie Hobbs
Governor
State of Arizona

BUSINESS ON THE SPEAKER'S DESK

Speaker Pro Tempore Grantham announced that, without objection, the following communication from the Governor as listed on the Calendar would not be read and would be entered in the Journal:

Communication from Governor Katie Hobbs on disapproval of the following measure was filed:

March 3, 2023

Re: SB 1248,

President Petersen,

Today, I vetoed SB 1248.

I appreciate the legislature's interest in the scope of practice expansion and agree that we need to make the sunrise application process more effective, efficient, and fair. However, repealing the sunrise application for scope of practice expansion altogether without replacing it with a better mechanism will not address the underlying issues, and poses a threat to the health and safety of Arizonans.

The sunrise application process for scope expansions provides the legislature, health care practitioners, and the public an opportunity to weigh in on potential scope of practice expansions. As a legislator, I sat on the Committee of Reference that reviews scope of practice expansions for providers and know how powerful this Committee can be when our legislators engage fully and openly in the process.

Scope of practice expansions are serious matters that should be considered with a critical eye to preserve the health and safety of our constituents. Some expansions provide authority to prescribe dangerous and/or addictive substances, to perform medical procedures, or to practice medicine with less supervision. Some are much more mundane, but that does not mean that they should not be held to some level of scientific and public health scrutiny.

Fifty-seventh Day

Without the sunrise application process, provider groups could fast-track their priorities through the legislative process without adequate attention to why the change is necessary, or if it will impact communities with the greatest needs.

While I am vetoing this effort to do away with the sunrise process altogether, I am committed to working with the legislature and our healthcare provider communities to identify an alternative pathway toward scope of practice expansion. I hear the concerns of providers hoping to expand care in communities where it is most needed, and I am committed to helping promote a culture of health in Arizona.

It's clear that there is an imbalance of power between high-level and low-level providers, and that the current structure of our boards and commissions does not provide equal weight to their professional and financial interests. I welcome ideas to rebalance and right-size our regulatory boards and commissions, as well as policy solutions that will reduce the regulatory and administrative burden on health care provider groups.

We can and we should work together to identify health policy opportunities that will promote equitable access to care.

/s/ Katie Hobbs
Governor
State of Arizona

PRIVILEGE OF THE HOUSE

Member Stahl Hamilton rose, pursuant to House Rule 25, for a point and a question of privilege of the House. Member Stahl Hamilton's comments were as follows:

Eleven days ago, Representative Liz Harris invited a guest to speak at a joint Elections Committee hearing. Her star witness used our institution and platform to level—and put into the record—vile smears of laundering money for the Sinaloa Drug Cartel against dozens of sitting judges, elected officials—including Speaker Toma—and the entire Church of Jesus Christ of Latter-Day Saints.

These lies were picked up by partisan right-wing publications and social media influencers and quickly spread around the world before the truth could put on its pants. The damage can't be undone, and there should be some accountability while it's still spreading and compounding.

Frankly, this should have been addressed this sooner. But we waited because we thought that Representative Harris's Republican colleagues would step up. We read in the media and kept hearing privately that they were as outraged as we were, and that they would take some sort of measure.

And then last week we all started getting the emails by the hundreds, all using the same form, all saying the same thing. They threatened retribution if anyone at the Legislature takes any action to hold Representative Harris accountable.

As a member of this body, who was duly elected, I, for one, will not be intimidated.

Representative Liz Harris has engaged in disorderly conduct in violation of House Rule 1 and has facilitated many counts of defamation against members of this Chamber as well as other elected officials and city employees. As a result, Representative Harris has damaged the reputation of the Arizona House of Representatives by her actions. Therefore, in accordance with article 4, part 2, section 11 of the Arizona Constitution, under which the House may discipline its members for disorderly behavior, as well as Section 221(b) of the Mason's Legislative Manual, I move that Representative Harris be censured by the House of Representatives and I ask for a roll call vote.

A communication from Governor Katie Hobbs on disapproval of the following measures was filed:

March 28, 2023

Re: SB 1063

President Petersen,

I have vetoed SB 1063.

I've heard from dozens of local leaders about the impact this legislation would have on municipalities. From potential cuts to service-including public safety-to increased property taxes, it's clear that this bill doesn't actually eliminate costs for our residents. It simply moves those costs around.

The bill, originally unveiled as a way to mitigate inflation, does not take effect for more than two years. What's more, it does nothing for the more than 800,000 Arizonans who use SNAP and WIC benefits for their groceries, as these constituents are already exempt from the tax.

Let's work together to provide real relief for Arizonans struggling with higher costs.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Seventy-ninth Day

March 28, 2023

Re: SB 1096

President Petersen,

I have vetoed SB 1096.

This bill is unnecessary and, if enacted, could result in banks leaving Arizona's market. This would limit competition and increase costs for local governments, costs which ultimately fall on taxpayers.

I once again urge the legislature to focus on providing real solutions to the real challenges faced by our state.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: SB 1024

President Petersen,

I have vetoed SB 1024.

We need to address Arizona's housing and homelessness crisis in a comprehensive manner. Rather than solving these issues in a meaningful way, this bill only makes them less visible. Now, more than ever, it's important that we are clear-eyed about the challenges we face and the urgency required to overcome them.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Eighty-sixth Day

March 30, 2023

Re: SB 1250

President Petersen,

I have vetoed SB 1250. This bill is unnecessary, as legal protections for an employee's religious beliefs already exist in federal employment law. This bill also threatens employers with a civil penalty and a hefty fine, which could be devastating for Arizona's many small businesses.

Let's work to find bipartisan solutions that promote the educated and healthy workforce that is essential for Arizona's economy.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 3, 2023

Re: HB 2056

Speaker Toma,

I have vetoed HB 2056.

HB 2056 creates regulatory confusion and uncertainty by forcing an unnecessary conflict between state law and the federal determination of Waters of the United States (WOTUS).

This contradiction between state and federal law threatens the delegation of primary enforcement authority for the Clean Water Act that Arizona has received from the U.S. Environmental Protection Agency, creating a risk that regulatory programs would be removed from Arizona's control and handed back to the federal government.

Arizonans want elected officials to find real solutions to our water challenges. To this end, I look forward to working with the legislature on developing productive water policy.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 3, 2023

Re: HB2427

Speaker Toma,

I have vetoed HB 2427.

Current law already allows for the court to consider the pregnancy of a victim as a factor in sentencing. Indeed, Arizona's leading advocacy organization for victims of domestic violence has said that the bill "will do nothing to deter domestic violence offenses or support pregnant victims."

As a social worker who spent years serving in Arizona's largest domestic violence shelter, I've seen first-hand the needs of victims seeking safety and stability. I encourage the legislature to focus on those needs, including increased funding for services and economic support for victims.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Eighty-sixth Day

April 3, 2023

Re: HB 2440

Speaker Toma,

I have vetoed HB 2440.

The Arizona Corporation Commission's (ACC) rate-making authority is defined in statute and bolstered by a significant body of case law that already compels the ACC to consider reliability and affordability in decision-making. HB 2440 is unnecessary and creates regulatory uncertainty in instances where affordability and reliability may be at odds.

Arizona's families are facing increased energy costs, disproportionately impacting the most vulnerable in our communities. My administration is working toward solutions that put dollars back in Arizonans' pockets, like rebate programs that provide vital support for families at risk of being unable to pay utility bills, while incentivizing energy-efficient home improvements that lower those bills from the outset.

I urge the Legislature to work with me on finding solutions that deliver direct assistance to Arizona families struggling with energy costs.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 3, 2023

Re: HB 2472

Dear President Petersen,

I have vetoed HB 2472.

This bill is overly vague and should not be codified into law. It does not define "social credit scores," nor do these systems exist anywhere in the United States. If intended to protect against unfair lending practices, this bill is redundant with federal law and The Equal Credit Opportunity Act of 1974, 12 CFR 202.2 ("Regulation B"), which already outlaws discriminatory lending and provides clear parameters for credit decisions.

My Administration looks forward to working with the legislature to increase financial inclusion and access to capital for underserved communities. This bill does not address these challenges.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: SB 1162

President Petersen,

I have vetoed SB 1162.

I've heard from local leaders across the state about the impact this legislation would have on municipalities and counties. While there is no doubt that more can be done to support small businesses in Arizona, this approach is far too broad. The bill would create challenges for public safety and code enforcement in neighborhoods.

I believe that there is a common-sense approach that balances the needs of neighborhoods and small businesses. This bill fails to strike that balance, and I look forward to working with the Legislature and local leaders to support entrepreneurs and small businesses.

Sincerely,

Re: HB 2437

Speaker Toma,

I have vetoed HB 2437.

The underlying purpose of the Power and Line Siting Committee is to provide a public forum for the expeditious review of proposed electric transmission siting plans and to issue a certificate of environmental compatibility to the proposed site, if deemed appropriate.

HB 2437 diminishes the authority and statutorily-given purpose of the Power and Line Siting Committee by exempting from review an unknown number of projects while having an uncertain impact on electric generation or Arizona's overall power grid.

As we build a more resilient energy grid, I encourage the Legislature to work with my administration to clearly identify solutions that more directly address transmission concerns.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 5, 2023

Re: HB 2477

Speaker Toma,

I have vetoed HB 2477.

This bill, which solely expresses legislative opinion and does not make or change substantive policy, would be better served as a House Resolution. Indeed, a number of members who voted in support of this bill have previously sponsored legislation to support the "National Popular Vote," showing just how quickly legislative opinion can change.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 5, 2023

Re: HB 2535

Speaker Toma,

I have vetoed HB 2535.

This bill would preclude local communities from exerting any oversight over groundwater wells that may be connected to a municipal system or that impact our precious drinking water aquifers. Prohibiting a municipality from requiring even the most basic of safety standards and regulations for groundwater wells threatens the safety and quality of drinking water that public utilities provide to residents and businesses throughout Arizona.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: HB 2586

Speaker Toma,

I have vetoed HB 2586.

Current federal law prescribes specific standards regarding all traffic control devices installed on any street, highway, or private road open to public travel, by which the Arizona Department of Transportation abides. The current standards allow State and local highway agencies the flexibility to display safety messages, transportation-related messages, emergency homeland security messages, and more.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: HB 2322

Speaker Toma,

I have vetoed HB 2322. The standards in this bill are already several years old and are more appropriately included as part of the Election Procedures Manual required by ARS 16-452, or as ongoing guidance developed by the Secretary of State in consultation with county election officials.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 6, 2023

Re: HB 2415

Speaker Toma,

I have vetoed HB 2415. Arizona's active early voting list is secure and convenient for voters. I stand ready to sign bills that make voting more accessible, accurate, and secure. This bill accomplishes none of these goals.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 6, 2023

Re: SB 1009

President Petersen,

I have vetoed SB 1009.

State law already provides adequate tools to prosecute criminal damage to the items contemplated in this bill, including confederate monuments, and increasing the penalties will do little to deter such crime.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

A communication from Governor Katie Hobbs on disapproval of the following measures was filed:

April 6, 2023

Re: SB 1074

President Petersen,

I have vetoed SB 1074. The election equipment required by the bill, as well as the problem it purports to solve, does not exist. This bill neither strengthens our democracy, nor ensures that Arizonans can better exercise their fundamental right to vote. I stand ready to receive bills that do.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Ninety-third Day

Re: SB 1253

President Petersen,

I have vetoed SB 1253.

State law already outlines requirements for the registration of sex offenders with the Department of Public Safety and compliance with various ongoing notification requirements, including notifying school districts in which a sex offender lives. The Department of Public Safety remains best-equipped to oversee all community notification.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 6, 2023

Re: SB 1257

President Peterson,

I have vetoed SB 1257.

This bill creates an unnecessary statutory mandate for the Arizona Department of Water Resources (ADWR) to hire for a role that can already be satisfied by existing ADWR staff. Furthermore, the rigid parameters for the proposed Assistant Director would handcuff the individual's ability to effectively contribute to key agency priorities and functions.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 6, 2023

Re: SB 1428

President Petersen,

I have vetoed SB 1428.

This bill needlessly restricts the authority of cities and towns to make decisions about how to keep their communities safe. I urge the legislature to work in partnership with local governments to promote public safety throughout Arizona.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: SB 1600

President Petersen,

I have vetoed SB 1600. The bill is uniformly opposed by the medical community, and interferes with the relationship between a patient and doctor. It's simply not the state's role to make such difficult medical decisions for patients. As a candidate I promised to veto any bill that interferes with the reproductive rights of Arizonans. As Governor, I intend to make good on that promise.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 7, 2023

Re: SB 1166

President Petersen,

I have vetoed SB 1166.

Ensuring that employment with the State of Arizona is available to as many talented individuals as possible is of great importance to me. The State's employees provide invaluable support to all Arizonans, and it is my belief that we should ensure that all those that want to enter public service should have the opportunity to do so.

This bill, while working towards those goals, misses the mark and creates more problems than it solves. Ultimately, due to its unnecessary and unworkable administrative burden, I am forced to veto this bill. I am committed to signing legislation that works towards achieving the goals stated above in a less burdensome manner and have done so today by signing HB 2225.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 11, 2023

Re: HB 2212

Speaker Toma,

I have vetoed HB 2212.

This bill will do little to deter threats to our critical facilities. What's more, this conduct is already covered by several state and federal laws, making this bill unnecessary.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Ninety-third Day

April 11, 2023

Re: HB 2442

Speaker Toma,

Today I vetoed HB 2442, which purports to address rural groundwater depletion through the establishment of "temporary non-expansion areas" (TNA). Unfortunately, HB 2442 would do very little to preserve the groundwater supplies that Arizonans rely upon.

Both the petition and designation threshold to create a TNA are higher than the requirements to establish a permanent Irrigation Non-expansion Area, despite providing far less protection to the aquifer. Among other troubling provisions, new irrigation with groundwater is only halted for five years, and the timeframe for grandfathering existing pumping is doubled.

Rural communities deserve meaningful options to protect their water future. HB 2442 falls short of this.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 11, 2023

Re: SB 1005

President Petersen,

I have vetoed SB 1005.

This bill does not protect parents' rights but merely encourages litigation-no matter how frivolous-without consequence. Across the country and here in Arizona, schools and teachers have been maligned by bad actors who spread baseless theories, seeking to create conflict with teachers, school boards, and administrators. Parents, acting in good-faith concern for their children, are often caught in the middle of these conflicts.

As leaders, we should seek to turn down the temperature and rhetoric to find real solutions. This bill fails to do so.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 11, 2023

Re: SB 1027

President Petersen,

I have vetoed SB 1027.

Last week I signed a bill continuing Arizona's "Good Samaritan Law." I fear that this bill, particularly Section 2, would undermine the purpose of that law. I encourage the legislature to send me a narrower bill that focuses on the manufacture of fentanyl.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: SB 1109

President Petersen,

I have vetoed SB 1109.

Gun silencers have long been prohibited weapons in Arizona, along with fully-automatic firearms and sawed-off shotguns. Ensuring the safety of all Arizonans is a priority of my administration. Legalizing silencers, or any other weapon that is currently on the "prohibited weapon" list, will make Arizonans less safe.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

REPORTS OF SELECT COMMITTEES

Speaker Pro Tempore Grantham announced that, without objection, the report of the Committee on Ethics as listed on the Calendar would not be read. The report was entered in the Journal and placed on the Active Calendar.

Ninety-fourth Day

The Committee on Ethics submitted the following report:

ARIZONA HOUSE OF REPRESENTATIVES
REPORT OF COMMITTEE ON ETHICS - APRIL 11, 2023

MR. SPEAKER,

Your Committee on Ethics ("Committee") has considered the Ethics Complaint ("Complaint") filed on March 6, 2023, by Representative Stephanie Stahl Hamilton against Representative Liz Han-is, which is premised on Representative Han-is's conduct relating to Jacqueline Breger's testimony before the House and Senate Special Joint Elections Committee on February 23, 2023.

This Report summarizes the Committee's investigation and factual findings. The Committee unanimously concludes that Representative Han-is committed disorderly behavior, thereby violating Rule 1 of the Rules of the Arizona House of Representatives and damaging the institutional integrity of the House.

Consistent with the text of the Arizona Constitution, *see* Ariz. Const. art. 4, part 2, § 11 (empowering the House to "punish its members for disorderly behavior"), and because Representative Harris's violation of Rule 1 occurred in connection with the legislative process and procedures, the Committee refers this Report to the House to determine what disciplinary measures should be taken.

I. BACKGROUND

On February 23, 2023, some members of the Senate Elections Committee and of the House Municipal Oversight & Elections Committee held a Special Joint Hearing ("Joint Hearing") in the Senate building, consisting of presentations related to election integrity by pre-selected individuals. *See Ethics Hearing Exhibit 4*. The Joint Hearing was conducted at the request and organization of Representative Harris, who had submitted her proposal for the five-hour hearing to House and Senate Leadership. *See Ethics Hearing Exhibit 3*. The purpose of the Joint Hearing, in Representative Harris's own words, was "to ensure that the voters of Arizona are confident for all future elections." *Joint Hearing Video* at 02:05:14.

During the hearing, Representative Harris asked for, and received, permission to deviate from the order of the set agenda to better accommodate her guests' travel schedules and introduced witnesses. *See, e.g., Joint Hearing Video* at 52:35, 04:03:30. Representative Harris herself also gave a presentation during that hearing entitled, "'The People Speak' & Testimonial Highlights." *Id.* at 02:04:20.

The final presentation scheduled for the day was entitled, "'Preliminary Findings of Activities Impacting Arizona's Election Integrity' (with specific focus on the 2020 & 2022 General Elections)." Unlike the other presentations given that day, this one was given by a constituent from Scottsdale, Jacqueline Breger, who purported to present findings of an investigation conducted by the Harris/Thaler Law Firm, at which she is a principal investigator. *Id.* at 04:04:50. Before Breger began her presentation, Representative Harris secured permission from Senator Wendy Rogers, the Chair of the Joint Hearing, to "sub[stitute] as Vice-Chair" for Representative Alexander Kolodin, who briefly stepped out of the hearing room. *Id.* at 04:03:25.

Breger's presentation alleged the existence of numerous schemes that encompass money laundering, drug trafficking and sales, public corruption, bribing of public officials, and election fraud. *See Presentation Handout; Joint Hearing Video* at 04:07:45. Throughout her presentation, Breger repeatedly referred to a large, unnumbered handout that was distributed to the Joint Committee members, which included a table entitled, "Elected and Appointed Officials with Falsified Deeds." The table named several private citizens, government employees, and public officials, including the House Speaker, alleging that they had falsified deeds. Breger unequivocally and repeatedly accused many government officials of criminal conduct, stating, for example:

Wednesday, April 12, 2023

Ninety-fourth Day

- "Bribes and infiltration have been used to affect the outcome of the races" in the November 2020 and 2022 General Elections, and "public officials who have received bribes include multi state office holders, state House and state Senate, local office holders, county supervisors, judges in the Maricopa Supreme Court [sic], judges of some city courts including two presiding judges, judges' assistants, prosecutors within certain cities within Maricopa County, prosecutors for Maricopa County, peripheral legal specialists including attorneys, approved mental health care providers as in court-appointed advisors, and related specialists." *Joint Hearing Video* at 04:16:30-04:17:22.
- "In Arizona, public officials accepting bribes include members of the Legislature..." *Joint Hearing Video* at 04:38:40.

Breger repeatedly directed the committee members to review the table. Breger's handout asserted that the Speaker was "just one of many state legislators with documents evidencing the acceptance of bribes through the phony mortgage scheme." *See Presentation Handout*. Among other claims, Breger also asserted that the Church of Jesus Christ of Latter-Day Saints "control[s]" government agencies and has been "integral to the laundering activities." *Id.*

About 30 minutes into Breger's presentation, Senator Ken Bennett made a point of order, stating that the legislative committee hearing was not the appropriate place to make the sort of allegations that Breger's presentation made. *Joint Hearing Video* at 04:38:55. Representative Kolodin added that the House Rules prohibited impugning Members' motives. *Id.* at 04:39:10. Breger continued her presentation, after which Senator Bennett asked how she was invited to speak at the hearing. *Id.* at 04:45:09. Breger replied that Representative Harris had invited her, and then Representative Harris made a gesture moving her hand across her neck and mouthed something to Breger. *Id.* at 04:45:23. Representative Harris subsequently stated that she hoped that the hearing was being presented by all national networks. *Id.* at 04:46:10.

A few days after the hearing, Senator Rogers issued a press release stating, "[a]ny claims as serious as those presented [at the hearing] should have been immediately turned in to Arizona law enforcement officials and not brought before the Legislature." *See Ariz. Senate Press Release, "Statement on Presentation Given by House Representative Liz Harris During Last Week's Election Meeting"* (Feb. 26, 2023).

II. ETHICS COMMITTEE PROCEEDINGS

Complaint and Response

On March 6, 2023, Representative Stahl Hamilton filed the Complaint against Representative Harris in connection with the Joint Hearing and specifically the presentation by Breger, whom the Complaint alleged was "personally invited" by Representative Harris. *Complaint* at p. 1. The Complaint further alleged that Representative Harris's invitation of Breger and her presentation brought "disrepute and embarrassment to the House of Representatives" and "allowed the impugning of other members," therefore constituting a violation of House Rule 1. *Id.* Accordingly, the Complaint requested that this Committee investigate Representative Harris's actions and decision to invite Breger to present at the Joint Hearing. *Id.* at pp. 2-3.

Pursuant to the House Ethics Committee Rule of Procedure 13, the Committee provided Representative Harris with an opportunity to respond to the complaint in writing. She did so, submitting the amended and operative version on March 17, 2023. In it, Representative Harris notably did not state that she was unaware that Breger would present what she did at the hearing. Instead, Representative Harris wrote that she "set forth to allow for anyone with information regarding our elections to present said information," "brought forth witnesses who had testimony to share, without endorsing, confirming, or denying the allegations presented," and that it was "not [her] duty to endorse or negate/confirm" the claims. *See Updated Response* at pp. 1, 2. Representative Harris also denied that she had engaged in disorderly conduct in violation of House Rule 1, citing to a federal regulation definition of "disorderly conduct." *Id.* at p. 1.

Ninety-fourth DayRule 15 Evidentiary Hearing

On March 23, 2023, the Committee convened and formally adopted Rules of Procedure. On March 30, 2023, the Committee held an evidentiary hearing open to the public and press pursuant to Rule 15 of the Committee's Rules of Procedure. In anticipation of that hearing, Representative Harris submitted a list of 14 exhibits for the Committee's consideration. Of those 14 exhibits, which included links to videos about election integrity, the Chairman concluded that four of Representative Harris's exhibits were relevant and would be considered by the members at the evidentiary hearing:

1. The Constitution of Arizona
2. Joint Hearing Proposal
3. Handwritten Agenda
4. Special Joint Meeting Agenda of the Senate Committee on Elections and the House Committee on Municipal Oversight & Elections

The Chairman also provided the Committee members with links to three additional exhibits that Representative Harris submitted—all to legislative videos—but did not play them during the evidentiary hearing in the interest of time and to avoid unnecessary repetition:

1. A video of Representative Stahl Hamilton making statements on the House Floor about Representative Harris
2. A video of the House members' vote explanations on HB 2754 in a committee hearing
3. A 28-minute video containing clips of "testimony highlights," which appeared to be a collection of video clips from legislative hearings

Additionally, the Committee considered a series of screenshots of an apparent text-message conversation between Representative Harris, Breger, and another individual, John Thaler, and marked these messages as Exhibit 5. Although the screen shots were left anonymously on the House Majority General Counsel's desk in an envelope, the Chairman determined that the messages were relevant and could be considered by the Committee, despite the unusual circumstances under which the Committee received the evidence.

At the evidentiary hearing, Representative Harris confirmed that the screenshots in Exhibit 5 were her text messages. *See House Ethics Hearing Video* at 12:30. Critically, the text conversation among Representative Harris, Breger, and Thaler spans the days immediately before and after the Joint Hearing, relating to the planning of Breger's presentation and subsequent reactions to it.

Finally, the Committee carefully considered Representative Harris's testimony during the evidentiary hearing, including her responses to Committee members' questions, her presentation of evidence, and her closing statement.

III. COMMITTEE'S FINDINGS OF FACT

As the Chairman emphasized at the evidentiary hearing, the sole issue for the Committee's consideration is whether Representative Harris violated House Rule 1, which prohibits members from engaging in disorderly behavior. In undertaking that inquiry, the Committee makes the following factual findings, accompanied by the Committee's reasoning to support each finding.

- 1. THE COMMITTEE FINDS that Breger made criminal allegations during the Joint Hearing and REJECTS Representative Harris's testimony that no direct criminal allegations were made during the Joint Hearing.**

Representative Harris's testimony (*see House Ethics Hearing Video* at 44:49) is contradicted by the legislative record. *See supra*, Section I.

- 2. THE COMMITTEE FINDS that, prior to the Joint Hearing, Representative Harris knew or was at least aware that Breger would present criminal allegations at the Joint Hearing and REJECTS Representative Harris's testimony to the contrary.**

Wednesday, April 12, 2023

Ninety-fourth Day

In response to a question asking Representative Harris whether she knew that Breger would "present the information that she presented in that special elections hearing," Representative Harris responded, "absolutely, positively, one-hundred percent, no." *House Ethics Hearing Video* at 13:14.

Exhibit 5 (the text messages) is particularly insightful on this point and significantly undermines Representative Harris's testimony that she was unaware of the information that would be presented or that she was "surprised" by it at the time of the Joint Meeting as she claimed that she was. *See, e.g., House Ethics Hearing Video* at 32:10. To be sure, when Representative Harris asked Breger for a title for the presentation, Breger responded, "We are trying to think of something that won't raise a red flag." *Ethics Hearing Exhibit 5* at p. 2. Although Representative Harris testified that she had "no idea" what that meant (*see House Ethics Hearing Video* at 15:15), her alleged confusion-or any concern about what in the presentation might raise such a flag that they would want to avoid-was not reflected in her reply to Breger. Instead, Representative Harris expressed concern only that Breger's suggestion was not as vague as she believed it was and would "draw the wrong press." *Ethics Hearing Exhibit 5* at p. 2.

Notably, the subsequent text messages indicate that Representative Harris believed that this particular presentation would be the subject of multiple interviews after the Joint Hearing; stated differently, the text suggests that Representative Harris knew the presentation's contents would pique heightened interests. *Ethics Hearing Exhibit 5* at p. 5.

Additionally, Representative Harris testified that she had become aware of Breger from a press release about Thaler's forthcoming book-the same book that Breger had testified was the culmination of their investigation's findings on the alleged "deed scheme" and alleged bribes that she was presenting about. *Joint Hearing Video* at 04:10:00.

Representative Harris also testified that she had spent more than two hours with Breger just four days before the special meeting, looking at her "eyeball to eyeball," listening to her story, and even crying together over the circumstances. *House Ethics Hearing Video* at 01:20:50. Over the next four days, the evidence shows that Representative Harris had at least one phone call (*see House Ethics Hearing Video* at 31:25), two online virtual meetings (*see Ethics Hearing Exhibit 5* at p. 1), and an on-going group text with Breger and Thaler (*see generally, Ethics Hearing Exhibit 5*).

The Committee also questioned Representative Harris about a lunch that Representative Harris attended in January-weeks before the Joint Hearing-with a former employee of the Arizona Attorney General's Office. *House Ethics Hearing Video* at 36:23, 38:00. Representative Harris admitted that the lunch occurred, although she appeared to dispute some of the particulars that occurred at the lunch. *Id.* at 38:35-39:08. Significantly, Representative Harris did not dispute that discussion of an alleged "deed scheme" occurred at the lunch. *Id.* This indicates that Representative Harris was aware of the criminal allegations relating to an alleged "deed scheme"- the precise subject of Breger's testimony at the Joint Hearing-at least several weeks before it.

Representative Harris appeared careful to state that she did not know that the bribery claims would be in the handout, but her testimony otherwise supports an inference that she was aware of the findings of the Harris/Thaler investigation, including allegations of bribery of elected officials, and that they would be mentioned during Breger's presentation. Indeed, despite maintaining that she was prepared for Breger to present information on only boxes of ballots and backdoor portal access, Representative Harris later testified, inconsistently, that she knew that Breger would talk about the deed scheme during the Joint Meeting. *House Ethics Hearing Video* at 35:38.

Representative Harris also testified that she instructed Breger to not "impugn any member of the House [or Senate]" or to bring up "any religious institution." *House Ethics Hearing Video* at 31:20. The fact that Representative Harris knew to make that admonition, specifically about those two items, further supports an inference that she knew of their inclusion in Breger's presentation. In other words, that Representative Harris believed it necessary to make those requests of Breger suggests that she-at the very least- had reason to believe that they could be included in the presentation.

3. THE COMMITTEE FINDS that Representative Harris took steps to avoid compliance with internal House deadlines, which required disclosure of Breger's presentation in advance of the Joint Hearing.

Ninety-fourth Day

The text messages regarding the provision of the presentation materials further support an inference that Representative Harris took steps to prevent disclosure as required by internal House deadlines. Specifically, Representative Harris communicated to Breger that all "electronically formatted presentations" needed to be sent to Speaker Toma by the following day-Wednesday, February 22-and "[f]or that reason," Representative Harris suggested that Breger pass out physical handouts at the Joint Hearing on Thursday instead. *Ethics Hearing Exhibit 5* at p. 5.

Representative Harris testified that she had told each of the presenters, not just Breger, to bring paper handouts if they could not submit electronic presentations to her by noon the following day. *House Ethics Hearing Video* at 16:50, 17:13. But the noon deadline was not mentioned in the text messages. Moreover, Representative Harris testified-inconsistently-that she had expected Breger's materials to consist of a short affidavit instead of the lengthy, unnumbered handout that Breger brought to the Joint Hearing. *Id.* at 30:30-31:12; 01:23:25. Representative Harris's inconsistent testimony leads the Committee to believe that she had a more detailed understanding of Breger's presentation than she led the Joint Elections Committee to believe, *and* that Representative Harris had hoped to avoid providing the presentation to House leadership before the hearing.

4. THE COMMITTEE FINDS that Representative Harris was not surprised or upset by Breger's testimony and REJECTS Representative Harris's testimony to the contrary.

Representative Harris testified that she had believed that Breger's presentation would relate to only two narrow topics related to Arizona's recent election. But the text messages exchanged soon after Breger's presentation show no surprise at the fact that the presentation actually related to a wholly different topic. *See Ethics Hearing Exhibit 5* at pp. 14-15. Representative Harris wrote that she knew that the Joint Elections Committee would shut down the presentation, and that doing so took the committee "longer than [she] thought" it would. *Id.* These messages show that not only was Representative Harris *not* taken by surprise by the presentation or "shocked" by the inclusion of the table naming persons alleged to have accepted bribes (*see House Ethics Hearing Video* at 31:10), but that she *expected* the precise reception that it received.

Representative Harris testified that her texts referred to her belief that the two subjects she understood would be presented alone would have caused great upset. *House Ethics Hearing Video* at 23:40. However, she testified that by this, she meant that she believed those subjects would have prompted more questioning and engagement from the Joint Elections Committee for clarification purposes, *not* a "shut down." *Id.* at 23:44.

Additionally, Representative Harris did not express surprise, either during the Joint Hearing or afterward in her text messages with Breger, about the verbal accusation that "members of the Legislature" were accepting bribes. Nor did she express surprise during the Joint Hearing or afterward in the text messages, about the naming of a sitting member of the House of Representatives and the entire Church of Jesus Christ of Latter-Day Saints in the handout that was distributed to the Joint Elections Committee members.

5. THE COMMITTEE FINDS that, as the primary organizer of the Joint Hearing and the acting Vice Chair during Breger's presentation, Representative Harris violated the inherent obligation to protect the integrity of the House.

Finally, the Committee notes that even if the Committee were to take at face value Representative Harris's testimony that she was unaware of the contents of Breger's presentation *and* that she had specifically instructed Breger to *not* impugn any legislator, Representative Harris did nothing during the Joint Hearing to address her statements.

By her own admission, Representative Harris had obvious influence and significant control over the Joint Hearing as its organizer and facilitator. With Senator Rogers's approval, Representative Harris also acted as Vice Chair during Breger's presentation. Representative Harris did not interrupt Breger while Representative Harris's colleagues were trying to follow Breger's testimony and reviewing the large, unnumbered handout. Senator Bennett, who was the first to call a point of order regarding the propriety of Breger's presentation, was neither the Chair nor Vice Chair. The absence of any action or reaction by Representative Harris further undermines her testimony that she was oblivious of what Breger would present.

Wednesday, April 12, 2023

Ninety-fourth Day

Although Representative Harris disputed that Breger's presentation contained criminal allegations against any specific person, she also conceded that a legislative hearing is not the proper forum to make such serious allegations. Yet the totality of the evidence shows that Representative Harris used her elected position to provide Breger with a legislative platform as a substitute for a criminal court.

As Representative Harris stated in a text message reply to Breger about the hearing: "It was all how it was intended to be." *Ethics Hearing Exhibit 5* at p. 16.

IV. CONCLUSION AND SUMMARY OF FINDINGS

The Arizona Constitution empowers the House to establish its own rules of procedure. *See* Ariz. Const. art. 4, part 2, § 8. The House Rules, which the House adopted at the beginning of the first regular session of the 56th Legislature, expressly confirm that House Rules are subject only to constitutional rules and take precedence over statutory rules or provisions, customs and usages, or other parliamentary authority. *See* House Rule 29. Accordingly, it is incumbent on the Ethics Committee to thoroughly review any Complaint by any member to determine whether a member has violated a House Rule.

The Committee's investigation required significant time and legislative resources. The Committee does not lightly issue this Report, but the findings herein are necessary to protect the integrity of the House and House Rules.

This Report should not be construed as any comment on individuals' constitutional rights, including the right to freely speak guaranteed by the Arizona Constitution. House Rules have long required members, the public, and the press to maintain proper decorum. Although the Committee has held meetings open to the public and press, the Complaint at issue ultimately presents an internal House matter for the Committee alone to investigate. What the House Rules cannot tolerate is a member engaging in the conduct described above, which erodes public trust in the legislative process.

Pursuant to its investigation and its factual findings above, the Committee finds that the evidence sufficiently supports a conclusion that Representative Harris engaged in disorderly behavior in violation of Rule 1 of the Arizona House of Representatives.

The Committee notes that its findings are uniquely fact-intensive and require a subjective assessment of Representative Harris's credibility. Accordingly, the Committee recommends that all members of the House fully examine this Report and the legislative material cited herein. The Committee agrees, unanimously, that Representative Harris did violate Rule 1. Based on this finding, and because Representative Harris's violation of Rule 1 occurred in connection with the legislative process and procedures, the Committee deems it appropriate for the House as a whole to decide what disciplinary measures should be taken.

Respectfully submitted this 11th day of April, 2023.

Re: HB 2552

Speaker Toma,

I have vetoed HB 2552. Ranked choice voting is an election process that is used successfully elsewhere in the country. As it is not currently utilized in Arizona, this bill is unnecessary.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: HB 2675

Speaker Toma,

I have vetoed HB 2675.

During my first 100 days as Governor, I have traveled to the border three times to meet with border officials and humanitarian organizations to see firsthand the issues at our southern border. Labeling drug cartels as terrorist organizations to deploy state resources is not a real solution and is not a state function. Under current state law, "terrorist organization" means any organization that is designated by the United States department of state as a foreign terrorist organization.

Additionally, the Arizona Department of Homeland Security (AZDOHS) is an administrative grant management office whose main function is to administer a suite of federal homeland security grants. It is not a law enforcement agency. It's clear there is a lack of understanding of what AZDOHS is charged to do for the people of Arizona.

My administration has led roundtable discussions and listening sessions with many of our border NGO's, municipalities, and local government personnel to further coordinate resources. My focus will remain on creating real solutions and responding to the direct needs of the community. I look forward to continuing the work with our local, state and federal partners to proactively address concerns at our southern border.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: HB 2754

Speaker Toma,

I have vetoed HB 2754.

This bill has unintended consequences for organizations that support immigrants. Human smuggling and trafficking is a serious issue that deserves our attention and I implore the legislature to work with stakeholders to find better solutions.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 12, 2023

Re: SB 1236

President Petersen,

I have vetoed SB 1236.

This bill broadly defines "blockchain technology" and prevents local policymaking concerning an emergent and potentially energy-intensive economic activity.

I look forward to working with the Legislature to find bipartisan solutions that support a thriving economy and technological innovation, while engaging local stakeholders to create comprehensive and forward-thinking solutions. This bill fails to meet that standard.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 12, 2023

Re: SB 1251

President Petersen,

I have vetoed SB 1251.

SB 1251 is a solution in search of a problem. As the bill sponsor stated, no Arizona city, town, or county restricts rodeos or the use of working animals for agricultural or ranching operations.

There are also no pending policy proposals to do so anywhere in Arizona. Indeed, rodeo is a bedrock tradition for communities throughout our state. It has provided important economic and cultural benefits for generations of Arizonans and will continue to do so for future generations.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: HB 2297

Speaker Toma,

I have vetoed HB 2297.

This bill will lead to confusion where none currently exists. Existing state law adequately outlines the jurisdictional issues addressed in this bill.

Governor
State of Arizona

Re: HB 2319

Speaker Toma,

I have vetoed HB 2319. This bill adds unnecessary language into statute and does not solve any of the real challenges facing election administration. I look forward to working with the Legislature on bills that do.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 17, 2023

Re: SB 1331 & HB 2332

President Petersen & Speaker Toma,

I have vetoed SB 1331 and HB 2332.

Ensuring the safety of our students is a responsibility that belongs to all of us. Since taking office, I have met with gun safety advocates to discuss acts of preventable gun violence happening in our schools, colleges, and universities.

Mandatory firearm safety training in schools is not the solution to gun violence prevention. This requirement could lead to immediate and long-term impacts on the health and wellbeing of students, teachers, and parents. Nor is it prudent to allow parents to carry concealed weapons on school campuses. Allowing more guns on campus will not make a campus safer. Firearms on campus have the potential to confuse law enforcement as they arrive at an active shooter situation.

I'm focused on finding concrete solutions to gun violence prevention that protect Arizona families, including but not limited to, policy focused on trauma-informed emergency planning and safe, secure gun storage.

This session, Representative Jennifer Longdon introduced HB 2192, also known as Christian's Law. The bill would have required gun owners to keep either ammunition or guns in a locked storage container or in a device that would render them inoperable without a combination or a key. The majority party decided to not give HB 2192 a hearing in committee.

I will continue fighting for public safety measures that protect our schools and Arizona families from senseless acts of gun violence.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: HB 2379

Speaker Toma,

I have vetoed HB 2379.

This legislation is unnecessary. Hotels and motels in Arizona have never been required to accept a voucher to house someone, and no proposal to do so is under consideration here.

One Hundred Seventh Day

Instead, we should focus on the real problem of housing affordability by making sure housing assistance can be used where it's intended, and that tenants do not face discrimination for using a voucher in the rental market. Let's work together to provide more housing assistance options for Arizonans facing the threat of displacement or eviction, while building enough units for low- and middle-income households to afford. All of this can happen while continuing the stability, safety, and success of our booming hospitality sector.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: HB 2394

Speaker Toma,

I have vetoed HB 2394. This bill exempts the firearm industry from the same basic regulation to which all other industries are accustomed.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: HB 2474

Speaker Toma,

I have vetoed HB 2474.

Vaccines are vitally important for the health and wellness of our state. This bill will undermine public trust in vaccines approved by the Federal Drug Administration.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: HB 2509

Speaker Toma,

I have vetoed HB 2509.

This bill would significantly increase the risk of food-borne illness by expanding the ability of cottage food vendors to sell high-risk foods. It fails to establish sufficient minimum standards for inspection or certification of home-based food businesses and could limit the ability of ADHS to investigate food-borne disease outbreaks. Nor does it provide a strong enough mechanism to ensure home kitchens are free of hazardous chemicals, rodent or insect infestation, or that equipment and storage of temperature-sensitive foods are adequate, functioning, or even existent.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: HB 2691

Speaker Toma,

Today, I vetoed 2691. As I have stated previously, I am eager to work with the Legislature to advance legislation that strengthens our elections. This bill, unfortunately, does not advance that goal.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: SB 1021

President Petersen,

I have vetoed SB 1021. Though the bill was amended to relieve the Attorney General of the duty to defend the constitutionality of state laws if she provides notice to the Legislature at least 10 days before any substantive or dispositive filing is due, there are often cases in which such filings are due in less than 10 days (e.g., expedited election cases or preliminary injunction deadlines).

The Attorney General, like other elected officials, swears an oath to support the Constitution and laws of Arizona and the United States. The litigation choices made by the Attorney General are therefore dictated not only by state law, but also by this allegiance to the Constitution and her ethical duties as an attorney.

Unfortunately, the legislature has been known to pass laws that its own lawyers advise would not survive constitutional scrutiny. On occasion, the legislature has even passed laws intended to prompt litigation. Rather than change state law to require the Attorney General to defend laws even under such circumstances, I encourage the legislature to be more exacting in its deliberations to ensure fidelity to the Constitution.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: SB 1091

President Petersen,

I have vetoed SB 1091.

As you know, the vast majority of people incarcerated in Arizona will one day be released. It's in all of our interest to ensure that these individuals have the proper resources and support to be successful upon release. Unfortunately, this bill would result in less transparency and oversight of services provided to incarcerated people returning to society.

Corrections reform will continue to be one of my top priorities. I encourage the legislature to work with me to provide more correctional accountability in Arizona.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: SB 1101

President Petersen,

I have vetoed SB 1101.

Authorized third parties (ATPs) may already offer the service to print an electronic certificate of title or a registration tab through the Arizona Department of Transportation's (ADOT) current process in which these items are printed from a central location. Allowing ATPs to print these security-enhanced certificates of title and registration tab stocks, outside of ADOT's central distribution model, poses a significant public safety risk.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: SB 1262

President Petersen,

I have vetoed SB 1262.

This bill raises due process concerns. I encourage the proponents to work with stakeholders in the interim and bring back a consensus proposal next session.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: SB 1455

President Petersen,

I have vetoed SB 1455. While I appreciate the sponsor's intent, I do not believe that the changes proposed by this bill are needed at this time.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 18, 2023

Re: SB 1565

President Petersen,

I have vetoed SB 1565. I believe that there are opportunities to work together to tackle the challenges facing elections in Arizona. This bill, instead, attempts to solve challenges that do not currently face our State.

Sincerely,

/s/KATIE HOBBS

State of Arizona

Re: HB 2759

Speaker Toma,

I have vetoed HB 2759.

While this bill aims to protect victims of trafficking, stakeholders agree that it could further harm them. As previous legislatures have recognized, it is not uncommon for victims of trafficking to be charged with crimes related to their victimization. This bill unfortunately does not take this into account.

Sincerely,

/s/KATIE HOBBS

One Hundred Twenty-first Day

A communication from Governor Katie Hobbs on disapproval of the following measures was filed:

May 8, 2023

Re: SB 1252

President Petersen,

I have vetoed Senate Bill 1252.

As a social worker, I understand the great importance of transparency and accountability in conducting thorough reviews of critical incidents and developing new policies or practices to better safeguard children at risk of abuse or neglect. However, the creation of an additional review committee inefficiently duplicates the work of existing oversight bodies, unnecessarily furthers mistrust of caseworkers, and may regrettably place additional burdens on traumatized or grieving families.

My administration remains ready and willing to collaborate and improve our existing oversight processes to make them more useful for policy decisions.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

May 8, 2023

Re: SB 1255

President Petersen,

I have vetoed SB 1255. The rulemaking process that state agencies follow is rigorous, transparent, and essential to allowing the State government to function at its best for the people of Arizona. If the Legislature disagrees with rules implemented by the state, it can produce legislation to change them.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

May 16, 2023

Re: HB 2312

Speaker Toma,

I have vetoed House Bill 2312.

As someone who dedicated my career to advocating for victims of domestic violence and their families, I know what it takes to deliver the highest level of care, safe shelter, helpful counseling, and proper connections to community support.

Arizonans who choose to work in domestic violence shelters and services are among our most qualified, dedicated public servants who are hired and retained for individual skills, merits, and employment histories regardless of their sex. They deserve the freedom to live their lives without laws targeting them for their gender identity.

Instead of improving or facilitating access to the resources that victims need, this misguided and unnecessary legislation merely allows providers to discriminate on the basis of sex.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: HB 2428

Speaker Toma:

I have vetoed HB 2428.

While I agree with the importance of addressing the state's teacher shortage and value the role the private universities are playing to educate aspiring teachers in the state, this bill did not include an appropriation to support its implementation. Expanding the program to serve students attending private universities requires an additional investment beyond what has been allocated in the FY24 budget.

Re: HB 2444

Speaker Toma,

I have vetoed HB 2444.

When Natural Resource Conservation Districts focus on preventing soil erosion, promoting soil health, and eradicating invasive species, they make our state a better place. However, this bill would create a new Commission, requiring substantial administrative support from the State Land Department, without providing any funding to this agency.

Re: HB 2544

Speaker Toma,

I have vetoed HB 2544.

This bill would expand an existing nullification law that protects firearms "made in Arizona" from federal laws and regulations. Not only does this limit the ability of federal law makers and federal law enforcement agencies from enacting regulations that promote public safety, it could lead to ambiguity and confusion when state and federal laws diverge.

Sincerely,

/s/KATIE HOBBS

Re: HB 2613

Speaker Toma,

I have vetoed HB 2613.

This bill could create a situation where Arizona's election administrators are no longer able to procure certifiable voting and tabulating equipment. It should be clear how catastrophic that would be for the successful administration of elections in Arizona.

Re: HB 2667

Speaker Toma,

I have vetoed HB 2667.

Ensuring the safety of our students is a responsibility that belongs to all of us. Our colleges and universities are places where our students should feel welcome and safe.

This bill would allow concealed weapons to be carried or stored on campus, which could lead to greater anxiety among students, staff and faculty. It may also lead to increased risk on campus and other unintended consequences.

We cannot set a precedent that allows guns on campus.

Re: HB 2094

Speaker Toma,

I have vetoed HB 2094. There are provisions of this bill that could have significant negative public health impacts, including potentially increasing the risk of food-borne illness. While the provisions within this bill related to food trucks operating in residential areas warrant future discussion, they do not outweigh the public health risks this bill creates.

Re: HB 2108

Speaker Toma,

I have vetoed House Bill 2108.

This legislation creates additional barriers for workers and unnecessary costs for the State. The Department of Economic Security (DES) has made significant progress in reducing fraudulent Unemployment Insurance (UI) claims and will continue to implement and right-size these practices.

Far too many Arizona workers have struggled to access UI. They deserve a reliable, timely, and easy-to-navigate system - and we seek to accomplish that through the UI modernization currently underway. This counterproductive legislation undermines these efforts.

Re: HB 2308

Speaker Toma,

The Secretary of State is elected by the people of Arizona to serve as, among other roles, the state's chief election officer. There is no reasonable basis to believe that Arizonans should not trust the Secretary of State to do their job impartially. I have vetoed HB 2308.

Re: HB 2309

Speaker Toma,

I have vetoed HB 2309.

HB 2309 is an unnecessary attempt to limit the federal government's power to enact laws and regulations that affect and support Arizonans. The bill will create ambiguity within law enforcement and conflict for federally funded and administered programs within Arizona.

Re: HB 2416

Speaker Toma,

I have vetoed HB 2416.

Protecting the state's security and privacy are of the utmost importance as is safeguarding that data to reduce cybersecurity risks. As such, in April I issued Executive Order 2023-10 to protect the state's cybersecurity interests, starting with removing TikTok on all state-owned and state-licensed devices and personal devices used for state work. Additionally, the Executive Order requires the Departments of Administration and Homeland Security to create a plan to prohibit access to TikTok, and annually evaluate other applications that may pose cybersecurity threats.

State agencies are already taking action to comply with the Executive Order. The state's universities and community colleges, while not required to comply with the Executive Order, are taking action to safeguard their networks as well.

Given these things, I believe that HB 2416 is duplicative.

Re: HB 2441

Speaker Toma,

Today I vetoed HB 2441.

This bill fails to provide an immediate solution, as it passed without an emergency clause on the eve of a month-long adjournment which will only cause continued delay. Instead, I call upon you to take action and send HB 2561 to my desk - a bipartisan solution that was voted out of the House with supermajority support, an emergency clause for immediate effect, and language addressing the long-term issue of wildcat development.

We will not build a resilient Arizona with piecemeal, short-term proposals. Leaders in this state must come together for long-term solutions to address unregulated land development and strengthen our state's 100-year Assured Water Supply regulations.

I urge you not to wait until June 12; take action now and vote on HB 2561 immediately.

Re: HB 2469

Speaker Toma,

I have vetoed HB 2469.

Fentanyl is a major threat to our communities and has claimed the lives of too many Arizonans. My heart goes out to families and loved ones of those lost to overdose.

One Hundred Fifty-fifth Day

As a government, it is our duty to ensure the safety of our communities. We do that by maximizing harm reduction efforts, ensuring people have access to affordable, high-quality health care, combating stigmatization of mental and behavioral health conditions, breaking down barriers to accessing opioid antagonists, and by investing in a robust public health infrastructure that will sustain that response well into the future.

This bill does not address any of those issues, nor does it acknowledge the chronic underfunding of our health department and other government services.

My door is always open to those who want to identify real solutions to promote the health and welfare of Arizonans - and who are willing to fund government services appropriately.

Re: HB 2502

Speaker Toma,

I have vetoed HB 2502.

HB 2502 is yet another attempt by Representative Gress to strip Arizonans of the freedom to control their own body. This bill, guised as an effort to support families, directly threatens the reproductive rights of Arizonans. I implore the sponsor to work with stakeholders to create policy that will actually support Arizonan families and children.

Re: HB 2530

Speaker Toma:

I have vetoed House Bill 2530.

This legislation unnecessarily expands the role of the Department of Child Safety (DCS) in decisions and actions that should be handled between a pregnant person and medical professionals.

I respect and share the sponsor and proponents' goal of expanding access to voluntary substance use treatment services for pregnant people. Yet to do this, we need to make these services available, affordable, and accessible. This also includes building trust in and right-sizing any potential involvement of DCS through broad community conversations on policy governing mandated reporting, hotline procedures, and statutory neglect. The legislation lacks these elements.

Re: HB 2545

Speaker Toma,

I have vetoed HB 2545.

This bill would severely limit the ability of the state to respond in times of crisis. It unnecessarily politicizes what are often life or death situations, and adds an irresponsible burden of regulatory loopholes for the state to jump through during an emerging public health threat.

It is our shared constitutional duty as government employees to preserve the health and welfare of Arizonans. My administration will always follow the guidance of scientific and epidemiological experts when it comes to safeguarding our state against emergent threats, and I refuse to allow the legislature to play political games at the expense of human lives.

Re: HB 2560

Speaker Toma,

I have vetoed HB 2560. While I understand this bill is intended to further transparency in the election process, it could create serious problems. First, this bill threatens anonymity and privacy - core tenants of free and fair voting in our democracy. It also opens the door to the spread of additional election mis- and dis-information, which there is far too much of already. Finally, it places a burdensome, unfunded mandate on our election officials, who already face a multitude of challenges going into the 2024 election cycle. I do not doubt that this bill is well-intentioned, but it is clear to me that it creates more harm than good for Arizona's election officials and voters.

Re: HB 2617

Speaker Toma,

I have vetoed HB 2617.

One of my top priorities as Governor is keeping Arizona families safe. Constables are already able to carry firearms during the performance of their duties. I am concerned that this bill would have expanded the authority of constables to carry a gun while off-duty whereby some constables may choose to view themselves as having a "duty to respond" when they are off duty.

I look forward to continuing the work with the Legislature to find concrete legislative solutions that will keep Arizona families and constables safe.

Re: HB 2757

Speaker Toma,

I have vetoed HB 2757. Allowing voters statewide to vote on whether to retain all Court of Appeals judges regardless of the judge's Division assignment, while retaining the Division structure, would unfairly dilute the votes of those Arizonans most directly impacted by each Division's judges. I urge the Legislature next session to take a more holistic look at the organization of the Court of Appeals, including its retention election rules, and craft more comprehensive improvements for Arizonans. HB 2757, standing alone, is not the right approach.

Re: SB 1048

President Petersen,

I have vetoed SB 1048. While I appreciate the provision aimed at adding transparency to donations from lobbyists, other provisions in the bill would reduce transparency in campaign finance and would likely apply to far more donors. Re: SB 1105

Re: SB 1135

President Petersen,

I have vetoed SB 1135. This bill would prohibit Arizona from remaining a part of the Electronic Registration Information Center (ERIC), which is an essential tool in ensuring accurate voter registration rolls in Arizona and across the country. It is unfortunate that many Republicans in the Legislature continue to fan the flames of false allegations of voter fraud, yet send to my desk a bill that would prevent Arizona from joining organizations that actually help improve the integrity of our elections. Arizonans deserve legislation that promotes free and fair elections, not the opposite.

Re: SB 1234

President Petersen,

I have vetoed SB 1234.

I've heard from local leaders and the law enforcement officers across the state about the impact this bill will have on the safety of Arizonans. Research indicates that photo radar cameras demonstrate effectiveness in changing driver behavior and decreasing fatal accidents, especially in vulnerable areas like school zones. This bill's ban of photo radar would eliminate an important tool for law enforcement that allows for a more efficient allocation of limited police resources.

I look forward to continuing the work with the Arizona legislature, law enforcement, and local municipalities to solve traffic issues and enhance public safety.

Re: SB 1201

President Petersen,

Arizona's current signature review requirements ensure that ballot affidavit signatures are reviewed by trained staff who compare the signature to signatures in the voter's record. Limiting which signatures may be reviewed without a legitimate security or accuracy concern only harms Arizona's voters. Therefore, I am vetoing SB 1201. As with so many others, this bill is a solution in search of a problem and would create real challenges for Arizona's elections.

Re: SB 1268

President Petersen,

I have vetoed SB 1268. Annexation is an important and common practice for the consistent, orderly, and successful development of Arizona's communities. This bill undermines that and the voices of property owners who, when in a majority, wish to be annexed into the communities that surround them.

Re: SB 1277

President Petersen,

I have vetoed SB 1277.

SB 1277 will negatively affect and restrict the important work of broadcasters, newspapers, telecommunication providers and insurance providers in Arizona. Statute already protects Arizonans from the types of privacy violation that the sponsor is targeting. Relevant stakeholders have worked throughout this legislative session to find a compromise, but were not met with the same level of commitment. I encourage the sponsor to engage the proper stakeholders to find a solution that works for all Arizonans.

REPORTS OF SELECT COMMITTEES

Speaker Toma announced that, without objection, the report of the Committee on Ethics as listed on the Calendar would not be read. The report was entered in the Journal.

The Committee on Ethics submitted the following report:

ARIZONA HOUSE OF REPRESENTATIVES**REPORT OF COMMITTEE ON ETHICS – JUNE 9, 2023**

MR. SPEAKER,

Your Committee on Ethics (“Committee”) has considered the Ethics Complaint (“Complaint”) filed on May 1, 2023 (updated May 8, 2023), by Representatives Justin Heap, David Marshall, and Lupe Diaz against Representative Stephanie Stahl Hamilton. The Complaint alleges that on three separate occasions in March and April 2023, Representative Stahl Hamilton moved two Holy Bibles from their locations in the Members’ Lounge and hid them under the Lounge’s couch cushions and in a refrigerator in the shared Coffee Bar.

This Report summarizes the Committee’s investigation and factual findings. The Committee unanimously concludes that Representative Stahl Hamilton engaged in disorderly behavior, thereby violating Rule 1 of the Rules of the Arizona House of Representatives and damaging the institutional integrity of the House.

Consistent with the text of the Arizona Constitution, *see* Ariz. Const. art. 4, part 2, § 11 (empowering the House to “punish its members for disorderly behavior”), the Committee refers this Report to the House to determine what disciplinary measures, if any, should be taken.

I. BACKGROUND

The Members’ Lounge is a room directly adjacent to the House Floor, which all Members and staff may access with their badges. *Ethics Hearing Video* at 16:39. The Lounge is considered a “secure place” where Members may leave their belongings while they are on the Floor, conduct meetings with each other or with visitors, or take calls. *Id.* at 17:25. Various items are displayed in the Lounge, some of which have been loaned from other organizations, including artwork from the Capitol Museum and minerals from the Mineral and Mining Museum. *Id.* at 17:39. The two Bibles in the Members’ Lounge, however, are property of the House. *Id.* at 18:20. Although all staff can access the Lounge, typically only senior-level staff enter and use it. *Id.* at 16:59. Members of the public must be escorted. *Id.* at 18:50.

One Hundred Fifty-sixth Day

In the afternoon of March 23, 2023, the House Sergeant at Arms, Chuck Fitzgerald, noticed that the two Bibles that were normally on the tables in the Members' Lounge were missing from their usual locations. *Id.* at 19:20. As the Sergeant at Arms, Mr. Fitzgerald oversees the Members' Lounge and readies it before each Floor session, including ensuring that "everything is in its place." *Id.* at 19:33. Believing that someone might have walked out with the Bibles, he checked the Lobby security camera footage but did not see anything. *Id.* at 19:53. The following day, he conducted a thorough search of the Members' Lounge for the Bibles and found the books underneath the cushions of the Lounge's chairs. *Id.* at 20:20. He returned the Bibles to their usual places. *Id.* at 20:35.

Just five days later, on March 29, 2023, Mr. Fitzgerald received a report that a Bible had been found in the refrigerator located on the second-floor Coffee Bar. *Id.* at 20:40. The Bible was one from the Members' Lounge. Mr. Fitzgerald became "very concerned," returned the Bible to its usual place in the Members' Lounge, and informed the House's Chief of Staff about the incidents. *Id.* at 20:54. The Chief of Staff instructed Mr. Fitzgerald to "solve the mystery" and granted him permission to install a camera in the Members' Lounge. *Id.* at 21:41. Mr. Fitzgerald did so on April 4, 2023. *Id.* at 23:05. Throughout Mr. Fitzgerald's 5 ½ years of employment and experience at the House, he had never encountered a situation like this one. *Id.* at 16:02-16:20.

On April 10, 2023, Mr. Fitzgerald noticed that the Bibles were again missing. He checked the camera's footage and saw that at about 1:18 p.m., as Members were arriving for the Floor session, Representative Stahl Hamilton entered the Members' Lounge from the east doors, appeared to take a mint out of a jar, then took the Bible sitting on the same table and pushed it under a couch cushion. See Exhibit C. She then walked to the west side of the room and took the second Bible and similarly put it under the couch or its cushion. See *Id.*

On April 25, 2023, a portion of the camera footage was publicized by a local news outlet. See <https://www.azfamily.com/2023/04/26/arizona-democrat-minister-lawmaker-caught-camera-hiding-bibles/>.

The following day, Representative Stahl Hamilton rose for a point of personal privilege on the House Floor to "acknowledge the offense that [she] committed by [her] actions of hiding Bibles in the Members' Lounge." House Floor Session, 4/26/23 at 07:52. She stated that her intent was not to be destructive, desecrate, or offend. She further stated, "I acknowledge that a conversation about the separation of church and state should have begun with a conversation, and for that, I apologize." *Id.* at 08:30. She also apologized for the offense that she caused those who were "deeply offended" by her actions. *Id.* at 09:00. Representative Stahl Hamilton characterized her actions as "playful commentary" on the separation of church and state and a peaceful protest.

II. ETHICS COMMITTEE PROCEEDINGS**Complaint and Response**

On May 1, 2023, Representatives Justin Heap, David Marshall, and Lupe Diaz filed an Ethics Complaint against Representative Stahl Hamilton, then filed an Amended Complaint on May 8, 2023, which included the required notarizations that were missing from the original complaint and is the operative version of the Complaint the Ethics Committee considered. The Complaint alleges that Representative Stahl Hamilton engaged in disorderly behavior in violation of House Rule 1 and potentially both committed theft under Arizona Revised Statutes § 13-1802(A)(1) and created a hostile work environment as defined by state and federal law. The Representatives alleged that her actions demonstrated "a lack of respect for other members of the Legislature, staff, visitors, and their property, and the rule of law" and "may have caused offense to the practicing Christians in Arizona, who hold the Bible as a sacred text and expect their elected officials to uphold basic principles of respect and civility." Complaint at 5-6.

Pursuant to the House Ethics Committee Rule of Procedure 13, the Committee provided Representative Stahl Hamilton, who elected to exercise her right under Rule 15 to engage legal counsel, with an opportunity to respond to the Complaint in writing. She did so, submitting an Initial Response on May 8, 2023, and a Supplemental Response (to the Amended Complaint) on May 11, 2023. Although the Supplemental Response was submitted two days after the Chairman's deadline to respond to the Amended Complaint, the Chairman accepted the Supplemental Response and the Committee considered it.

Tuesday, June 13, 2023

One Hundred Fifty-sixth Day

In her Initial Response, Representative Stahl Hamilton asserted that she “is an ordained Presbyterian minister” and that “[h]er actions were a peaceful protest regarding the separation of church and state, and in response to the weaponizing of religion in politics.” However, she did not provide further explanation for the proposition that the mere presence of Bibles in the Members’ Lounge violates the separation of church and state or any of her constitutional rights. She further asserted that her conduct did not constitute theft because “she has the legal right to use items in the members’ lounge,” but she did not articulate how using a Bible is equivalent to removing Bibles from their designated locations and concealing them in a disrespectful manner. Representative Stahl Hamilton’s actions made it impossible for other members to exercise their legal right to use the House’s Bibles in the Members’ Lounge.

Representative Stahl Hamilton also posited that “[u]nder relevant case law, it is legally impossible” for her to create a hostile work environment for other sitting Members because “she is neither an employer nor supervisor of legislators,” but no case law or other legal authority was submitted to the Committee to support this contention. *Id.*

In her Supplemental Response, Representative Stahl Hamilton submitted a typed statement, which she signed and dated May 11, 2023, she “acknowledge[d] those [she] offended by [her] actions of hiding Bibles” and apologized for not having “a conversation about the separation of church and state[.]” Representative Stahl Hamilton wrote that she “recognize[d] that [her] actions could have been seen as something less than playful” and that she was sorry “for those [Members]” whom she had “deeply offended.” *Id.*

Rule 15 Evidentiary Hearing

On May 25, 2023, the Committee held an evidentiary hearing open to the public and press pursuant to Rule 15 of the Committee’s Rules of Procedure. In anticipation of that hearing, four exhibits were submitted for the Committee’s consideration:

- A. A tweet by Representative Stahl Hamilton dated June 2, 2020, at 12:51 p.m. This was also attached as “Exhibit A” to the Complaint.
- B. Photographs of the Bibles found in the Members’ Lounge couch cushion and Coffee Bar refrigerator.
- C. Security video footage, approximately five minutes in length, dated April 10, 2023, from the House Members’ Lounge.
- D. Legislative Video Clip, approximately three minutes in length, dated April 1, 2021, of Representative Stahl Hamilton raising a point of personal privilege on the Floor to make religious comments in reference to the crisis at the border.

During the hearing, the Ethics Committee played the videos of Exhibits C and D. Additionally, the Committee heard testimony from Mr. Fitzgerald and Representative Heap. Representative Stahl Hamilton exercised her right to be represented by counsel and did not appear at the hearing.

Given the fact-intensive allegations in the Complaint, the Committee would have preferred to hear testimony from Representative Stahl Hamilton. Indeed, the Committee had prepared questions for Representative Stahl Hamilton relevant to this investigation. Representative Stahl Hamilton’s counsel declined to substantively answer some of the Committee’s questions, but instead deferred to Representative Stahl Hamilton’s previous statements.

Nonetheless, the Committee made best efforts to determine the facts and deems its investigation complete and final.

III. COMMITTEE’S FINDINGS OF FACT

As the Chairman emphasized at the evidentiary hearing, the sole issue for the Committee’s consideration is whether Representative Stahl Hamilton violated House Rule 1, which prohibits members from engaging in disorderly behavior. In undertaking that inquiry, the Committee makes the following factual findings, accompanied by the Committee’s reasoning to support each finding.

- 1. THE COMMITTEE FINDS that Representative Stahl Hamilton purposely removed the Bibles from their locations within the Members’ Lounge on three separate occasions.**

One Hundred Fifty-sixth Day

The Bibles are property of the House. The evidence also established that the Bibles were taken from tables in the Members' Lounge each time without notice or authorization from Mr. Fitzgerald—the person responsible for overseeing the Members' Lounge and the property within it—or anyone else. See *Ethics Hearing Video* at 26:18.

Mr. Fitzgerald testified that the Members' Lounge Bibles were removed from their respective locations a total of three times in a span of two and a half weeks. The first time occurred on March 23rd, the second occurred just five days after he found and replaced the Bibles, and the third incident on April 10th was recorded on camera and shows Representative Stahl Hamilton taking the Bibles.

Although no direct or recorded evidence exists for the former two occurrences, nothing presented to the Committee refutes the allegation in the Complaint that Representative Stahl Hamilton also removed the Bibles on those two earlier occasions as well. Indeed, she has never denied being responsible for all three incidents, and none of her written or public statements have suggested that she was responsible only for the third incident that was caught on camera.

At the hearing, Representative Stahl Hamilton's counsel did not deny sole responsibility for all three occurrences on her behalf. *Ethics Hearing Video* at 1:02:50. Thus, the Committee finds that Representative Stahl Hamilton was solely responsible for repeatedly removing the House's Bibles multiple times throughout March and April 2023.

2. THE COMMITTEE FINDS that Representative Stahl Hamilton purposely concealed the Bibles in a manner that was disrespectful to other Members.

Representative Stahl Hamilton's behavior included two separate sets of actions. First, as explained above, Representative Stahl Hamilton removed the Bibles from their usual places in the Members' Lounge. Second, she then repeatedly concealed the Bibles in a disrespectful manner.

Representative Stahl Hamilton could have placed the Bibles on a bookshelf or even placed them on the Sergeant at Arms' desk after removing them from their usual places and still accomplished her stated goal. Instead, she twice decided to put the Bibles within pieces of furniture where people—including her, as seen in Exhibit C—frequently sit. Her choice was not only disrespectful to the Bible itself but was deeply offensive to those Members who revere the Bible as their holy text.

After the Bibles were returned to their usual locations the first time, Representative Stahl Hamilton then chose to place a Bible in the refrigerator—a place unusual for any book, much less one that is considered by many to be sacred. Unlike the couches in the Lounge, the refrigerator is located in a separate room. This means that Representative Stahl Hamilton made a conscious decision to place the Bible there, then took the time and affirmative steps to take the Bible into her possession and walk out of the Members' Lounge and into the Coffee Bar.

Representative Stahl Hamilton not only moved the Bibles, she treated them in a manner that was disrespectful to others, including other Members of the House.

3. THE COMMITTEE FINDS that Representative Stahl Hamilton did not fully apologize for her conduct.

Representative Stahl Hamilton wrote in her Response to the Complaint that she had “apologized for her actions,” but after careful review of the verbal and written apologies, the Committee disagrees about the extent of those apologies. On the Floor, Representative Stahl Hamilton apologized for the fact that she realized that “a conversation about the separation of church and state should have begun with a conversation,” and for the offense that her actions caused, but never the actions themselves. Similarly, in her written letter, Representative Stahl Hamilton again apologized “for those [Members]” whom she had offended, but again did not apologize expressly for the actions themselves. She has maintained in her public comments that her actions were justified as a “peaceful protest.”

Tuesday, June 13, 2023

One Hundred Fifty-sixth Day

Considering all of Representative Stahl Hamilton's statements since the incidents occurred, the Committee has not been able to conclude that her apology was complete. On one hand, the Committee recognizes that Representative Stahl Hamilton might believe that her public acknowledgement of the matter and expressing remorse sufficiently addressed it. Conversely, the Committee also recognizes that some might believe that her decision to apologize expressly for external reactions but not likewise do so for her personal actions falls short of fully taking responsibility for the behavior. To this end, the Committee again notes that it would have preferred to have heard from Representative Stahl Hamilton directly during the Ethics Committee hearing to help discern how to approach these competing inferences.

4. THE COMMITTEE FINDS that Representative Stahl Hamilton's repeated actions offended some Members of the House, violated the inherent obligation to protect the integrity of the House, and caused the House to expend resources.

As Representative Stahl Hamilton has acknowledged, her actions have deeply offended some Members of this body as well as others who revere the Bible as their holy text. Representative Stahl Hamilton intentionally placed Bibles in a refrigerator and under the cushions of chairs that are often sat upon. As presented in the Ethics Complaint and explained during Representative Heap's testimony, the latter has caused Members to struggle with the idea that a text that they consider holy and sacred has been disrespectfully sat upon, or worse, that they themselves might have unknowingly done so.

Further, by placing the Bibles in unknown locations, Representative Stahl Hamilton deprived Members who choose to exercise their religious beliefs by referring to the biblical text of any opportunity to do so during the time periods when the Bibles were missing. Indeed, Mr. Fitzgerald testified that he has seen Members read the Bibles in the Lounge, and Representative Heap testified that he has personally done so. In fact, Representative Heap even took notice once that the Bible was not available in its usual place. Importantly, the offense and disrespect displayed by Representative Stahl Hamilton's actions are not unique to the fact that the text in this case was the Bible; her actions would have been equally offensive and disrespectful if it had been the Book of Mormon, Qur'an, or any other religious text. They would have also been equally offensive and disrespectful in a venue other than the House.

Representative Stahl Hamilton and her counsel repeatedly characterized her actions as a "joke" and a "prank," but many members of this Committee do not view this as an act of jest. Further, the actions she chose to take have caused the expenditure of internal resources that should have otherwise been used to continue the people's work at the House of Representatives.

IV. CONCLUSION AND SUMMARY OF FINDINGS

The Arizona Constitution empowers the House to establish its own rules of procedure. See Ariz. Const. art. 4, part 2, § 8. The House Rules, which the House adopted at the beginning of the first regular session of the 56th Legislature, expressly confirm that House Rules are subject only to constitutional rules and take precedence over statutory rules or provisions, customs and usages, or other parliamentary authority. See House Rule 29. Accordingly, it is incumbent on the Ethics Committee to thoroughly review any Complaint by any member to determine whether a member has violated a House Rule.

The Committee's investigation required time and legislative resources. The Committee does not lightly issue this Report, but the findings herein are necessary to protect the integrity of the House and House Rules. This Report should not be construed as any comment on individuals' constitutional rights, including the rights to freely speak or peacefully protest. House Rules have long required members, the public, and the press to maintain proper decorum. Although the Committee has held meetings open to the public and press, the Complaint at issue ultimately presents an internal House matter for the Committee alone to investigate.

Pursuant to its investigation and its factual findings above, the Committee finds that the evidence sufficiently supports a conclusion that Representative Stahl Hamilton's repeated behavior, taken as a whole, constitutes disorderly behavior in violation of Rule 1 of the Arizona House of Representatives.

One Hundred Fifty-sixth Day

The Committee notes that its findings require a subjective assessment of Representative Stahl Hamilton's conduct. Accordingly, the Committee recommends that all members of the House fully examine this Report and the material cited herein. The Committee agrees, unanimously, that Representative Stahl Hamilton did violate Rule 1. Based on this finding, and because Representative Stahl Hamilton's violation of Rule 1 involves House property and took place on House property, the Committee deems it appropriate for the House as a whole to decide what disciplinary measures, if any, should be taken.

Respectfully submitted this 9th day of June, 2023.

/s/ JOSEPH CHAPLIK, Chairman
/s/ TRAVIS GRANTHAM, Vice Chairman
/s/ GAIL GRIFFIN
/s/ CHRISTOPHER MATHIS
/s/ JENNIFER LONGDON

Minority Report:

We oppose Senate Bill 1583 (internet sex offender website; offenses) because of the Conference Committee's insistence that this bill remain retroactive.

The current sex offender communication notification law was implemented on June 1, 1996. Any person released from incarceration on or after this date is subject to community notification and those persons convicted prior to June 1, 1996, may be subject to community notification after completion of a risk assessment by a law enforcement agency.

The Arizona sex offender risk assessment¹ that is used to rank offenders into a level one, two or three tier considers 19 questions and scores accordingly. Level one offenders are not required to be listed on the sex offender website which requires an offense risk and recidivism risk score of no more than 20 or 19 respectively. This assessment considers the number of felony convictions where a third felony conviction receives an offense risk score of 8 and a recidivism risk of 10, or nearly half of the points that disqualify an offender for lower risk. It is not difficult to imagine that out of the 14,192² offenders currently estimated to be registered sex offenders that some of them plead down from a class 6 felony to a class 1 misdemeanor with the understanding that this plea would prevent them from being listed on the online sex offender website. For these individuals, this retroactivity clause would negate the terms of their plea deal. Not only is this unconscionable but it could also become very expensive for the state to relitigate or reexamine these cases.

One of the purposes of not including level one sex offenders on the registry is to allow those deemed unlikely to reoffend to not have to be subjected to the public shame and possible harassment that could come with being listed on the website. Because of this ranking system, there is the underlying assumption among Arizonans that if someone is listed on the website, they are dangerous. The retroactivity clause could expose an offender who committed their offense decades ago but who never reoffended to now be listed on the website for all their neighbors to see.

One Hundred Fifty-sixth Day

In addition to the conceptual arguments against the retroactivity clause, there is also a tangible opposition. The Arizona Department of Public Safety (DPS) believes that the current timeline given to complete the task is not only difficult, but downright impossible. They estimate an additional 4,634 cases will need to be reviewed to see if they meet the new qualifications included in this bill, in addition to the 15-20 normal caseload. DPS has reported that because of internal staffing issues and the turnover experienced at the Arizona Attorney General's office they are seeing an increase in the normal processing of the cases. There is no way for DPS to accurately estimate how long the new unfunded requirement would take but the guess at this time is in the years category, not months. An additional six months to complete the requirement does not even scratch the surface of the time that is needed. It could be expected that DPS will rise to the occasion when given this requirement but unfortunately this is an issue where expediting the process could result in mistakenly reporting someone on the website that should not be and ruining their lives.

We have the upmost respect for the victims who are looking for this resolution but unfortunately it is our responsibility as lawmakers to balance the rights of all Arizona citizens. We are not in the business of retributive punishment for offenders, nor are we willing to retraumatize victims who may have to go through their offender's plea being questioned because the State decided to go back on their deal.

Minority Report:

SB 1518, as amended by the conference committee, adds non-germane provisions that have already been vetoed by Governor Katie Hobbs. There is no reason to add the ballot images and cast vote record provisions to a bill that garnered broad bipartisan support in both chambers.

Supporters of the conference committee amendment language claim that its provisions will increase voter confidence in our elections, but they are simply wrong. The reason voters in Arizona—and around the country—do not trust our elections process is because there has been a coordinated, sustained attack—based on lies and conspiracy theories—on our democracy. The facts are clear: our elections are safe and accurate.

Moreover, making ballot images publicly available runs the risk of destroying the secrecy of the ballots. Voters often write on their ballots, either with messages or comments or by writing in their preferred candidate. These messages or a voter's handwriting can reveal the voter's identity without their consent. Rather than require redaction to protect voter privacy, the conference committee amendment provides a waiver of liability so that the elections officials cannot be held liable for revealing voter's identity with their ballots. This is the wrong approach. Destroying voter privacy, even in one instance, is unacceptable.

Additionally, the conference committee amendment requires the secretary of state to make the ballot images and cast vote records available to the public not later than 48 hours after the county canvass. Not the statewide canvass, but the county canvass. This means that the ballot images will be publicly available before the vote has been certified. The conference committee amendment also extends the period for losing candidates to challenge the results of their election, which is likely to lead to a drastic increase in election challenges and attempts to deny certifying election results based off unverified home "audits". This timing can only be explained as an attempt to spread doubt on the election before elections officials have completed their work. If the intent of releasing the ballot images and cast vote record is to provide confidence in the process, then they should be released after the election is certified. Not at a time when those who wish to disrupt our democracy can attempt to conduct their own "audit" of the results and cry foul when their favored candidate loses.

REPORTS OF SELECT COMMITTEES

The Free Conference Committee on House Bill 2802 reported:

That the House accept the Senate amendments and the bill be further amended.

HOUSE CONFEREES:

Matt Gress
Quang H. Nguyen

SENATE CONFEREES:

Anthony Kern
John Kavanagh

Minority Report:

We oppose House Bill 2802 (fentanyl sales; manufacture; sentencing; testing) because of the fundamental issues with the underlying bill, which the conference committee failed to address, in addition to the problematic nature of the amendment, which is a bill that had already attempted to move through the process but was held by the sponsor. This amendment is an attempt to circumvent the process and is the worst possible use for a conference committee.

This bill mandates a mandatory presumptive minimum sentence of 10 calendar years for individuals convicted of any of the following offenses involving a single dose of fentanyl having a weight of at least two milligrams: a) possession for sale; b) possession of equipment or chemicals for the purpose of manufacture; c) manufacture; or d) transporting or importing for sale or offering to transport or import for sale. If the individual has been previously convicted of one of these offenses, the mandatory minimum sentence is increased by 5 years. By lowering the threshold for these offenses to at least two milligrams, the legislation will greatly increase the number of individuals that could be sentenced to this mandatory prison sentence, as often an individual possessing or transporting a drug for sale may not know that it also contains fentanyl. The bill also largely ignores that individuals can develop a tolerance to fentanyl, increasing the number of doses a person possesses and consumes in a day, blurring the line on what law enforcement may see as possession for sale versus possession for personal use.

The amendment added to House Bill 2802 during the Conference Committee, formerly Senate Bill 1064, will further increase incarceration rates, adding an additional one year to any individual's any prison sentence if they knowingly sell or transfer fentanyl in the new "drug-free neighborhood zones," created by the amendment. This bill designates hundreds, if not tens of hundreds "drug-free neighborhood zones" across the State of Arizona, by defining the zones as an area within 300 feet of a hospital, nursing home, drug treatment center, mental and behavioral health facility or a public park and any of the accompanying grounds of such a location. It should also be noted that these areas are poorly defined and could encompass any number of uses, for instance the term, "nursing home" is not defined in the section or elsewhere in the Arizona Revised Statutes and there is an open question as to what it could include.

One Hundred Fifty-sixth Day

Both the amendment and the underlying bill, especially when combined, will increase not only the state's incarceration rates, but the amount of time that an incarcerated person is sentenced to spend in prison. Arizona's prison growth rate already exceeded that of every other western state from 2000 to 2008, and from 1979 to 2010, the state saw an increase in its prison population of 1000%. A 2010 Office of the Auditor General Performance Audit,ⁱ documented the significant growth in the prison population and the state's spending, finding that the Fiscal Year 2011 budget for Arizona Department of Corrections was \$949 million or 11.2% of the state's general fund. The audit explored alternatives to imprisonment, including expanding early release and diversion and access to non-prison alternatives such as drug treatment and home arrest.

This bill and the amendment are in stark contrast to the Legislature's recent deliberations on bills that expand alternatives which divert more nonviolent, low-risk offenders from prison or reduce their time in prison and expanding the use of non-prison alternatives for these offenders, such as home arrest.

This bill will not address the root causes of substance abuse. One thing is abundantly clear and has been shown time and time again—criminalizing drug use does not lower incarceration rates and it will not end overdose deaths.ⁱⁱ As policy makers, we should be focusing on harm reduction, things like providing drug treatment, educating about the deadly nature of fentanyl, making sure there is access to fentanyl test strips, providing emergency responders and members of the public access to Narcan which can reverse opioid overdose.ⁱⁱⁱ Legislation like House Bill 2802 also has the potential to increase the impact of these drug policies that have been long recognized to be racially motivated and have only lead to the mass incarceration of Arizona residents.^{iv}

Two Hundred Fourth Day

A communication from Governor Katie Hobbs on disapproval of the following measures was filed:

June 16, 2023

Re: HB 2722

Speaker Toma,

I have vetoed HB 2722. Hand-counting ballots is unquestionably less accurate and more time consuming than machine tabulation. Arizona voters deserve to know that their votes are being counted accurately and efficiently.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 16, 2023

Re: HB 2786

Speaker Toma,

I have vetoed HB 2786.

Under HB 2786, school districts and charter schools would be at risk of violating copyright law.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 16, 2023

Re: SB 1026, SB 1028, SB 1030, SB 1698

President Petersen,

I have vetoed SB 1026, SB 1028, SB 1030, and SB 1698.

Intolerance has no place in Arizona, despite the legislature's frequent attempts to pass legislation that says otherwise. SB 1026, SB 1028, SB 1030, and SB 1698 are attempts to criminalize free expression and ostracize the LGBTQIA+ community both implicitly and explicitly, creating statutory language that could be weaponized by those who choose hate over acceptance. I have made it abundantly clear that I am committed to building an Arizona for everyone and will not support any legislation that attempts to marginalize our fellow Arizonans.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Monday, July 31, 2023

Two Hundred Fourth Day

June 16, 2023

Re: SB 1500

President Petersen,

I have vetoed SB 1500. Politicizing decisions best made by the state's investment professionals can harm our state's long-term fiscal health.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 16, 2023

Re: SB 1611

President Petersen,

I have vetoed SB 1611. I do not believe that tying the hands of the State's procurement and investment professionals is in the best interests of the people of Arizona.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 19, 2023

Re: HB 2210

Speaker Toma,

I have vetoed HB 2210.

HB 2210 is an overcorrection for an issue that is occurring in a limited number of school boards across the state.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 19, 2023

Re: HB 2252

Speaker Toma,

I have vetoed HB 2252.

While I understand and support the goals of the legislation, there is potential for unintended consequences from this legislation that would have a significant fiscal impact on Arizona.

I am committed to working with legislators and stakeholders to find a solution with stronger guardrails that achieves our shared goals of boosting our economy while protecting our state's fiscal health.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Two Hundred Fourth Day

June 19, 2023

Re: HB 2504

Speaker Toma,

I have vetoed HB 2504.

School Tuition Organization (STOs) tax credits divert taxpayers to pay for private school tuition. Over the last year, STOs diverted nearly \$272 million away from the state's general fund.

While I understand the good intentions of the bill sponsor and commend their support for children in the foster care system, I will not be supportive of further expanding the STO tax credit. My administration is committed to ensuring that taxpayer dollars are responsive to the needs of all children.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 19, 2023

Re: HB 2618

Speaker Toma,

I have vetoed HB 2618.

HB 2618 encourages an inconsistent statewide patchwork of regulations for renewable energy projects and would have a deep chilling effect on renewable energy deployment in Arizona. It creates additional regulatory confusion for businesses, negatively impacting Arizona's ability to attract, retain, and grow a renewable energy ecosystem in our state and create good-paying jobs for everyday Arizonans. I invite the Legislature to join me in identifying consistent and predictable solutions to renewable energy permitting and decommissioning regulation.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 19, 2023

Re: HB 2623

Speaker Toma,

I have vetoed HB 2623.

HB 2623 directs the Arizona Department of Revenue to provide sensitive information on taxpayers to third party entities. This commercial purpose is an abuse and misuse of public records.

Protecting the personal privacy of Arizonans is a priority to my administration.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Monday, July 31, 2023

Two Hundred Fourth Day

June 19, 2023

Re: SB 1391

President Petersen,

I have vetoed SB 1391.

The Arizona Department of Environmental Quality currently receives effective and efficient legal representation from the Attorney General, and it is my understanding that the problem this bill seeks to address does not exist.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: HB 2802

Speaker Toma,

I have vetoed HB 2802.

This bill will criminalize substance use disorder. Instead of locking up people who are suffering from the effects of the opioid epidemic, we must prioritize treatment and risk reduction.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1095

President Petersen,

I have vetoed SB 1095. I am concerned that this bill could have the effect of discouraging voter participation. These concerns outweigh any potential benefits that this bill may present.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1106

President Petersen,

I have vetoed SB 1106. This bill does not attempt to solve any of the real problems social media platforms create.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Two Hundred Fourth Day

June 20, 2023

Re: SB 1151

President Petersen,

I have vetoed SB 1151.

While I applaud the sponsor's efforts to find a compromise with his colleagues across the aisle, the bill's provisions related to child support likely conflict with federal law.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1175

President Petersen,

I have vetoed SB 1175. This bill creates an unfunded mandate for both the State and Counties and, as such, I cannot support it.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1246

President Petersen,

I have vetoed SB 1246.

SB 1246 fails to meet the everyday needs of Arizonans. Through a comprehensive effort, mayors and community leaders across Maricopa County put forth a plan to invest in highways and enhance transit that creates jobs, spurs economic growth, and leverages federal dollars benefiting Arizona.

Instead, a minority of legislators unilaterally crafted a plan going against the public's desires and weaponized the very roads on which everyday Arizonans rely to get to work and improve their transit experience. Moreover, this regressive plan jeopardizes not only Maricopa County's economic vitality, but that of the entire state, setting Arizona back for decades.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Monday, July 31, 2023

Two Hundred Fourth Day

June 20, 2023

Re: SB 1301

President Petersen,

I have vetoed SB 1301.

This bill would unreasonably limit the time local law enforcement needs to adequately complete misconduct investigations. I look forward to continuing to work with the Legislature to find concrete legislative solutions that are responsive to the public and will provide local law enforcement with the tools they need to keep Arizona families and communities safe.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1332

President Petersen,

I have vetoed SB 1332. Any bill that permits releasing the Cast Vote Record must ensure that a voter's privacy is protected.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1408

President Petersen,

I have vetoed SB 1408.

This bill is yet another attempt by the majority to criminalize organizations and individuals who aim to support immigrants and refugees. I implore the majority party to work with stakeholders to provide real solutions to support our border communities.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Two Hundred Fourth Day

June 20, 2023

Re: SB 1410

President Petersen,

I have vetoed SB 1410.

Various avenues already exist to provide parents opportunities to raise concerns and file complaints. Without further justification on the purpose of collecting this data at the state level, SB 1410 is an unnecessary mandate on school districts.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1435

President Petersen,

I have vetoed SB 1435.

The State Bar of Arizona is best equipped to license attorneys. This bill would strip that authority from the Bar and place it within the Arizona Supreme Court, which is in opposition to this measure.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1471

President Petersen,

I have vetoed SB 1471. The 2022 election is settled. It's time to move on and start working to solve the problems faced by everyday Arizonans.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1583

President Petersen,

I have vetoed SB 1583.

State law already requires offenders that are deemed the most dangerous to be published on the Arizona Department of Public Safety (DPS) Sex Offender Information website. DPS will continue to ensure this information is readily available to the public.

Monday, July 31, 2023

Two Hundred Fourth Day

I look forward to continuing to work on legislative solutions to keep Arizona families and communities safe.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1588

President Petersen,

I have vetoed SB 1588.

While I am supportive of the underlying legislation, this bill has unfortunately fallen victim to political games. At the final hour, a nongermane amendment was made which I cannot support. Additionally, without an appropriation the bill represents an unfunded mandate on ACJC. I encourage the sponsors and supporters of the original language to continue advocating for the Arizona Criminal Justice Commission data collection system.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1595

President Petersen,

I have vetoed SB 1595. This bill fails to meaningfully address the real challenges facing Arizona voters.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1596

President Petersen,

I have vetoed SB 1596. This bill creates an unfunded and untenable mandate for schools and communities. This bill once had an appropriation, demonstrating that it needs funding to be viable. However, it was not included in the budget, and as such, I cannot support it.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Re: SB 1598

President Petersen,

I have vetoed SB 1598. As it is not clear what problem this bill is attempting to address or if any such problem exists, I cannot support it.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 20, 2023

Re: SB 1658

President Petersen,

Today I vetoed SB 1658.

This bill creates a presumption that all citizens of certain countries are enemies of the state. It would broadly disqualify many Arizonans who are dual citizens and productive members of our economy.

Moreover, the bill's broad language would jeopardize business entering the Arizona market, a significant tailwind in our economy as the US's top state for foreign-direct investment, especially from our close partners in Taiwan.

In cases where there are national security concerns, the federal government is actively evaluating and intervening to protect our national interests, and the State of Arizona regularly engages with federal officials to evaluate potential threats.

I look forward to working with the legislature to protect our state and advance opportunities for all Arizonans and continued international investment.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Deputy Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.

RULE 6**ROLL CALL, QUORUM, CALL OF THE HOUSE**

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented, and shall vote on each question put, unless the member has a personal financial interest in the question, as set forth in Rule 34 or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district or first initial shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, nor to any place other than that in which it may be sitting, without the consent of the Senate (Arizona Constitution, Article IV, Part 2, Section 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it, other than to recess or adjourn.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by fewer than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege" and may be ordered by a majority of the members voting.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.

F. When multiple legislative sessions are held on one legislative day, the Prayer and the Pledge of Allegiance under the Order of Business in subsection A of this Rule are required to be followed only for the first session of that day.

RULE 8

BILLS, RESOLUTIONS, MEMORIALS, ENGROSSED COPIES, AMENDMENTS

A. Every bill, resolution and memorial (hereafter "measure") shall be read by sections on three different days, unless in case of emergency, two-thirds of the House deem it expedient to dispense with this Rule. The vote on Third Reading and Final Passage of any measure shall be taken by ayes and nays on roll call. Final Passage shall be the final disposition of a bill by the House (refer to Arizona Constitution, Article IV, Part 2, Section 12).

B. Measures may be introduced by a member by presenting copies of such measure to the office of the Chief Clerk. The Chief Clerk shall have 24 hours to process such measure preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the measure. Introductions "by request" shall be so designated. A measure introduced in the House may be cosponsored by Senate members. A measure shall only have one prime sponsor; all others shall be designated as cosponsors. A House member's cosponsorship may be withdrawn by that member from any House measure that is in possession of the house. Cosponsorship withdrawal is irrevocable. Following an effective withdrawal of cosponsorship of the measure, the member shall not be identified as a sponsor of the measure on any subsequent calendars, agendas, reports, orders or other publications of the House. Withdrawal of cosponsorship shall be effective if all of the following apply:

1. The member gives a written statement of withdrawal in the form prescribed by the Chief Clerk, delivering the statement to the office of the Chief Clerk and a copy to the Engrossing Clerk.

2. The measure has not been brought for a vote on Third Reading of Bills.

C. Measures may be introduced during the first 29 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee. Every measure shall have one prime sponsor. A member may not be the prime sponsor of more than seven bills introduced after 5:00 p.m. on the fourth day of each regular session. For purposes of this Rule the first name on a measure shall be considered the prime sponsor.

D. Measures may be prefiled by any member-elect for introduction in the first regular session during the period following the filing of the certification of election until the first day of the regular session. Measures may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Measures may be prefiled for introduction in any special session during the period following the Governor's proclamation until the first day of the special session, such measures being germane to the call.

E. A measure shall be prefiled in the same manner prescribed for introduction. Measures prefiled for introduction pursuant to this Rule shall be deemed to have been actually introduced on the first day of each regular or special session.

F. Introductory sets are the sole responsibility of members of the Legislature. Members are responsible for carrying introductory sets, seeking signatures and submitting introductory sets in the Chief Clerk's office.

G. Measures accepted for introduction shall be entered in the Journal by the Chief Clerk.

H. The original of a measure shall be designated by blue backing, marked "original" and shall remain in the possession of the Chief Clerk. Copies shall be distributed as the Speaker directs.

I. All measures prepared for introduction which propose to add to the statutes or amend existing statutes shall show the proposed new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case) lined through.

J. On First Reading of Bills, the measure shall be referred to the Chief Clerk for printing. The Speaker shall determine the number of measures to be duplicated.

K. On First Reading of Bills, all measures shall be referred by the Speaker or the Speaker's designee to appropriate committees. All amendments proposed by the committee shall be separately reported to the Chief Clerk's office. Each committee shall report each measure it carefully considers back to the House with such recommendations as may be deemed proper. If the Speaker designates his referral authority pursuant to this Rule to any member of the House other than the Speaker Pro Tempore the designation shall be in writing, state the period of time for which it is effective, and be filed in advance with the Chief Clerk.

L. If a measure has multiple committee assignments, the first committee must consider the measure before the second committee. If the first committee fails the measure, the measure cannot be heard by the second committee. When the first committee reports the measure to the House, the Speaker places it on the House Calendar (Inactive Calendar). When the last committee to which the measure was referred reports to the House, it is the property of the Committee on Rules, which considers the measure. The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole.

M. The Speaker may direct that any measure be Second Read at the time of its consideration by the Committee of the Whole or on any day prior thereto.

N. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion, the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

O. The original and two copies of each engrossed measure shall be on paper of durable quality and shall be stamped on each page thereof with the blind embossed stamp of the House. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original House engrossed House measure shall have a green backing. The original House engrossed Senate measure shall have an orange backing.

P. The engrossed measure shall not be subject to amendment on Third Reading or Final Passage of the measure.

Q. The House shall provide the Senate and the Legislative Council with sufficient copies of each amended engrossed House measure on green paper with a cover page. For House amendments to Senate measures, the same number of copies shall be provided but shall consist only of those pages containing the adopted House amendments and cover page. For unamended House measures the same number of green cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

R. All measures and engrossed measures shall be line-numbered, and such numbering shall begin with the enacting clause. Uniform sized paper, 8-1/2" x 11", shall be used. All paper and ink used by the House for the purpose of permanent records shall be of durable quality.

S. Amendments shall have uniform headings and shall read "amendment to" and shall be in the same form as the original measure. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines ... through ...". If everything after the enacting clause is stricken, the amendment shall read "strike everything after the enacting clause". All amendments shall contain the language which states "amend title to conform". Substantive floor amendments shall be printed and placed on each member's desk a reasonable time prior to Committee of the Whole unless previously distributed. Substantive proposed amendments shall be reviewed for constitutionality and approved as to proper form by House Rules Counsel or other qualified personnel designated by the Speaker.

T. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by at least 5:00 p.m. on the second previous working day, excluding Saturdays, Sundays and holidays, in advance of the committee meeting at which the amendment is to be considered by electronically distributing a draft of the proposed amendment to each member of the committee and relevant support staff and posting such notice online. When notice of intent to offer a strike-everything amendment has been properly executed, a revised committee agenda that lists the title of the proposed strike-everything amendment shall be distributed and posted at the information desk and online. Following the adoption of a strike-everything amendment to a House measure in possession of the House, a House member's cosponsorship may be withdrawn upon submission of a written request from the cosponsor to the Chief Clerk prior to Third Reading.

4. A measure not on the committee agenda shall be scheduled for discussion at the next subsequent committee meeting by presentation of a petition containing the signatures of two-thirds or more of the committee members.

This protest will automatically remove the measure from the COW Consent Calendar. Additionally, the filing of a floor amendment with the Chief Clerk will automatically remove the measure from the COW Consent Calendar. Subject to Rule 12(O), the measures remaining on the COW Consent Calendar and passed will then be placed on the Third Reading Calendar.

C. No member shall vote for another, nor shall any person not a member cast a vote for a member. D. When a roll call vote is ordered, every member who shall be within the Hall of the House shall vote, aye or nay, unless the member has filed a statement of personal financial interest in the question or is excused by the House pursuant to subsection E.

E. Subject to Rule 4(B), when a roll call vote is ordered, no member shall leave the chamber until the vote is declared. The chamber includes the floor and the Speaker's office suite. The roll will be taken once only. When a member declines to vote, the member shall be required to specify the reason. If a member declares a personal financial interest in the question and the member has failed to file a statement pursuant to Rule 34 or if the reason given is other than a personal financial interest in the question, the presiding officer shall submit the question to the House, "Shall the member be excused from voting for the reason given?" The question shall be decided without debate before the roll call vote is taken and the result is announced.

F. A member may change his vote after the roll call has been completed and before announcement of the result, but not thereafter.

G. Every member shall have the privilege of explaining his vote on substantive main motions with relevant comments (such explanation shall not exceed three minutes) and shall further be permitted to have his written explanation placed on file in the Office of the Chief Clerk and the Journal shall so show except that the provision on written explanations shall not apply in committees of the House. Those in favor will vote aye. Those opposed will vote nay. Do not vote until you hear the bell. The House will now proceed to vote."

D. The Arizona Constitution (Article IV, Part 2, Section 13) provides in part that "every act shall embrace but one subject and matters properly connected therewith, ...". To comply with this requirement, an amendment may not expand the scope of the original measure to give it a new purpose. A measure including any amendments shall be presumed to contain one subject if:

1. The resulting measure has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

2. The resulting measure is a major revision of a program or agency and each of the provisions relates to the revision.

3. The measure offers only technical or conforming changes to the statutes.

4. The measure is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the measure.

However, the measure shall be voted on Final Passage prior to transmission to the Governor.

5.
