

---

# **FY 2023 JLBC Baseline**

**January 14, 2022**

# Key Points

---

- General Fund revenues are growing rapidly
- The outcome of referendum, litigation and federal policy decisions will affect available resources
- Numerous scenarios possible, but we project that \$1.0 B will be available for ongoing initiatives in '23 plus \$2.1 B for one-time purposes
- Baseline “Maximum Commitment” scenario is based on outcomes that use up the most resources so as to not overstate availability of '23 \$

# “Maximum Commitment” Scenario Assumptions:

- Not a Prediction of Litigation/Referendum Results!

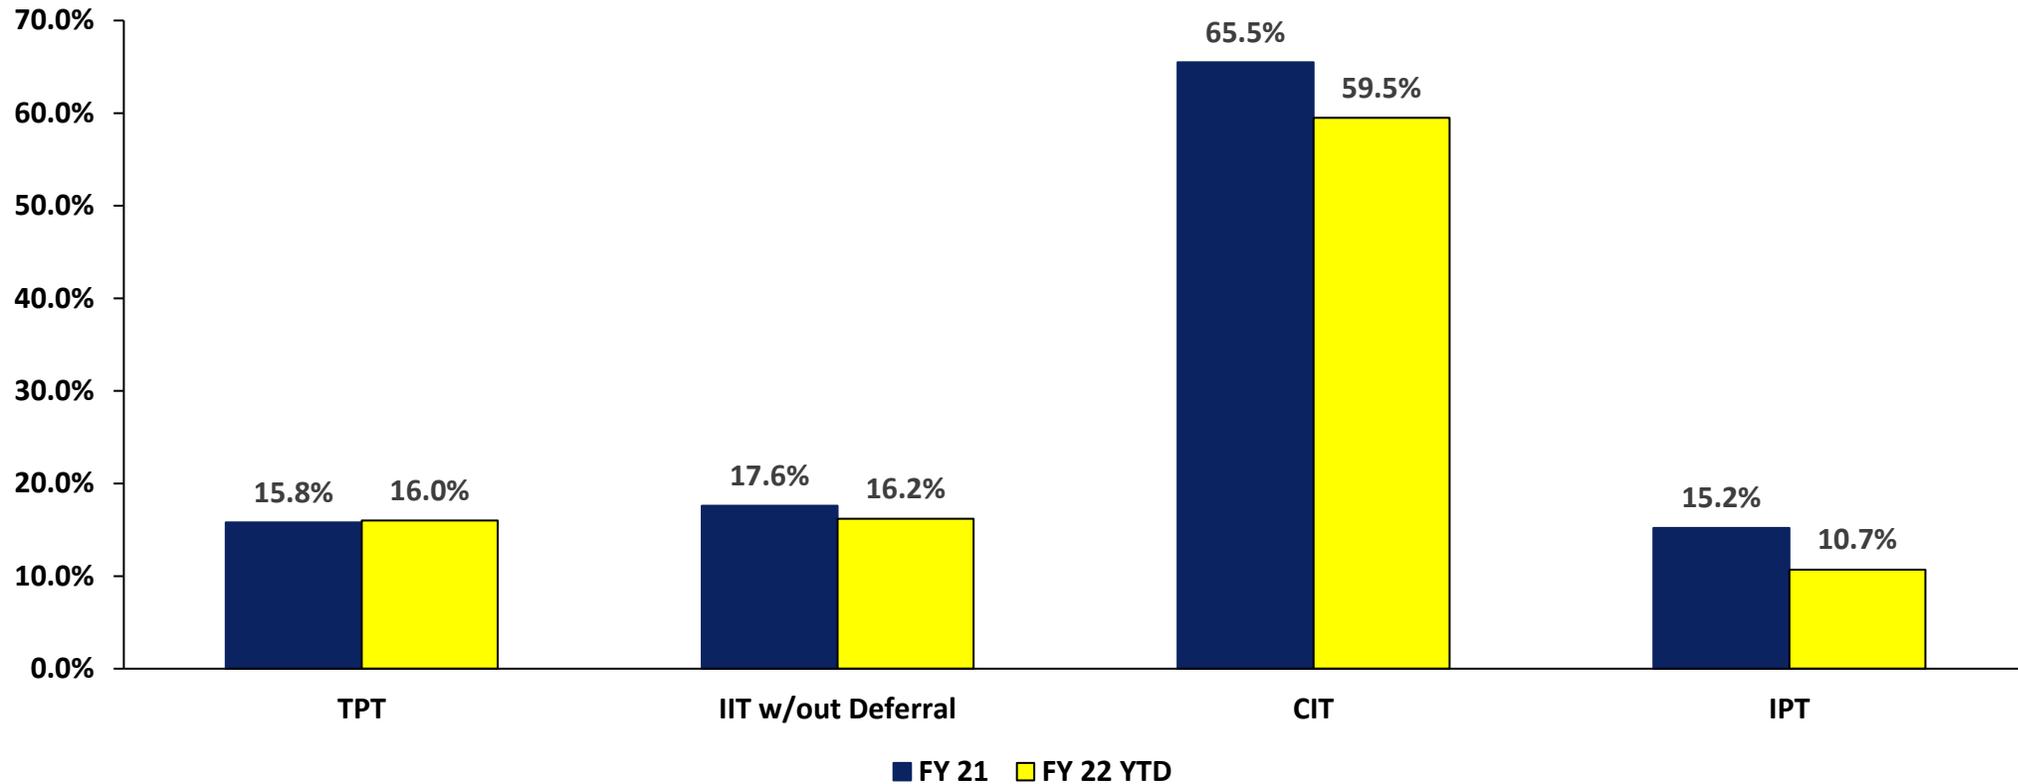

---

- Proposition 208 is upheld in litigation
- Set aside \$939 M of General Fund income tax revenues to transfer to the Prop 208 fund or for taxpayer refunds
- The enacted income tax reductions, including the triggers, go into effect
- The federal government does not extend the enhanced Medicaid match rate past March 2022

---

# General Fund Revenues

# General Fund Revenues Have Grown 18% in Last 18 Months - Rapid Growth Across All Major Tax Sources

TPT = Transaction Privilege Tax (Sales Tax)

IIT = Individual Income Tax

CIT = Corporate Income Tax

IPT = Insurance Premium Tax

# Why Are Revenues Growing by 18%?

---

- \$78 B in federal pandemic aid helped fuel an 8.6% increase in AZ Personal Income last year
- Pandemic-accumulated savings are being spent over time
- A pandemic shift in consumer spending from non-taxable services to taxable durable goods – may have added 5% to TPT growth
- A 27% gain in the 2021 stock market and a 30% increase in Phoenix house prices has generated taxable capital gains
- 36% nationwide corporate profit growth in CY '21

# 18% Revenue Growth is Not Sustainable

## - But Pandemic Economic Forecasting is Challenging

---

- Revenues are growing more quickly than Arizona's economy
- Pandemic has upended some standard economic rules – e.g. wages are rising, but nationwide labor force participation rate near 40-year low
- We are likely collecting one-time revenues, but not feasible to ascertain the amount with any certainty
- The January forecast slows '22 revenue growth to 7.5% for the remainder of the fiscal year ('22 Full Year Forecast is 12.6%)

# 4-Sector Forecast: Modest Growth after '22

## 4-Sector Components

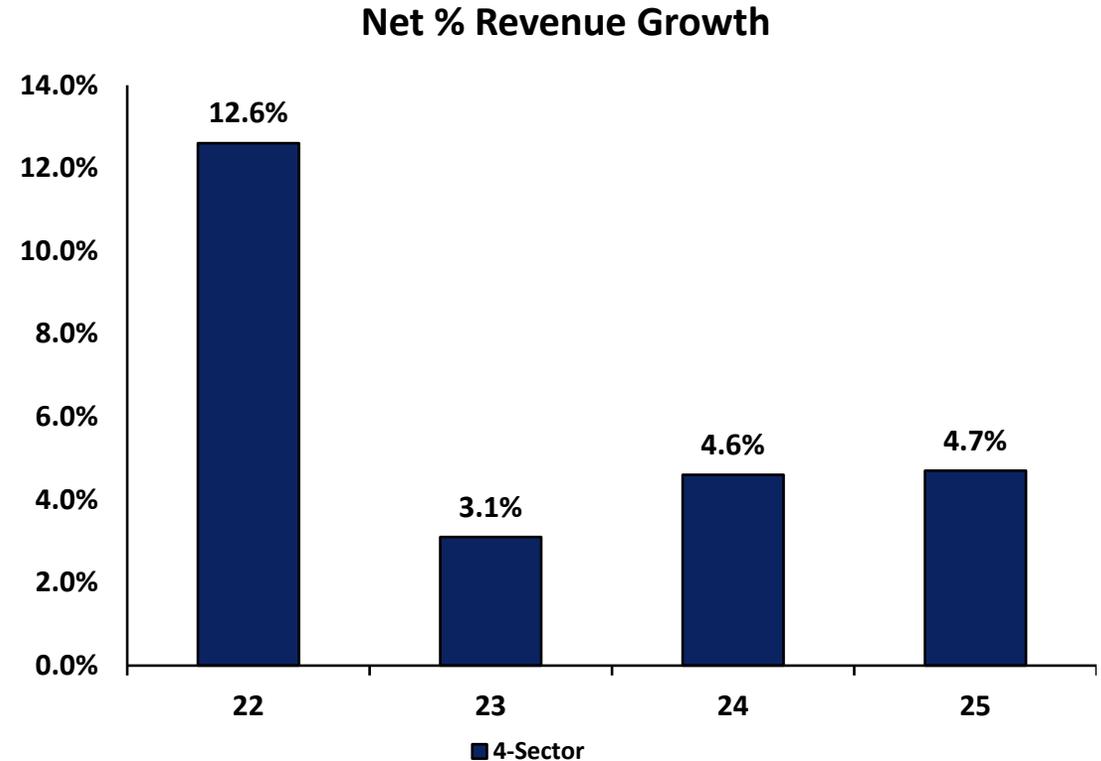

- Finance Advisory Committee
- UA model – base
- UA model – more cautious
- JLBC Staff

## Represents Base Growth

- Prior to Enacted Tax Reductions

## Income Tax Deferral

- '22% adjusted to remove 7/20 income tax deferral

Excludes balance forward, one-time transfers, tax law changes and urban revenue sharing

See Appendix A, B and E

# Baseline Includes Enacted Tax Cuts of \$1.8 B in '23

- Grows to \$2.5 B in '25 With Triggered Reductions

- '23 enacted tax reductions primarily due to reducing Individual Income Tax brackets (see Appendix C)

Income Level	Income Tax Rates (Single/Married)		
	<\$27k/\$55k	>\$27k/\$55k	>\$250k/\$500k
TY 22/FY 23	2.55%	2.98%	4.50%
TY 23/FY 24	2.53%	2.75%	4.50%
TY 24/FY 25	2.50%		4.50%

- TY 23/TY 24 contingent upon exceeding certain revenue trigger levels
- January revenue forecast exceeds trigger levels. Formal determination would be made in September '22 and '23

# Income Tax Referendum and Litigation

## - Addressed as Part of Maximum Commitment Scenario

---

- Income tax reductions have been referred to the November '22 General Election ballot as Proposition 307
  - Referendum is being challenged in court
  - Baseline assumes tax reductions are ultimately enacted
- AZ Supreme Court ruled that Prop 208 surcharge invalid if K-12 Aggregate Expenditure Limit exceeded
  - Trial court to make determination
  - If declared invalid, 4.5% top rate would effectively be eliminated, saving \$705 M in '22, declining to \$331 M by '25
  - Baseline assumes Prop 208 surcharge remains in effect

# K-12 Aggregate Expenditure Limit (AEL)

- Prop 208 issue affects '23 AEL, Not '22

---

- ADE calculates district spending compared to AEL by 11/1 of each year
- School district budgets for '22 are \$1.1 B above the AEL; 2/3rds of the Legislature can override the limit by March 1, 2022
- With no override, districts would need to reduce their budgets
- District budget reductions would not generate state savings because ADE is still required to make full Basic State Aid (BSA) payment
- Proposition 208 income tax surcharge would also impact district expenditures counting toward the AEL, but not until '23

# Prop 208 Expected to Generate \$939 M in '22

- Not Distributed to School Districts Until '23

---

- 3.5% income tax surcharge was effective as of January 2021
- If individuals increased their income tax withholding/payments, those dollars are in the General Fund balance
- Prop 208 collections cannot be identified until returns filed this spring
  - If 208 valid, \$ would move to Prop 208 fund
  - If 208 invalid, \$ would be refunded
- January Baseline sets aside \$939 M of General Fund balance for either purpose.

---

# General Fund Spending

# Baseline Spending Projections

---

- Baseline reflects changes to active statutory/other funding formulas such as ADE and AHCCCS - no discretionary additions
- Baseline removes funding identified in enacted '22 budget as one-time
  - Approximately \$180 M appears ongoing in nature
- Assumes \$865 M in K-12 “rollover” at end of '23

# Baseline Spending Projected To Increase by \$203 M

'23 Ongoing Spending Changes	
	<u>\$ in M</u>
Medicaid Formula	381
ADE – K-12 Formula	160
Pension Contribution Savings	(98)
Fire Mitigation Initiatives	35
Other Agency Changes	8
Technical Adjustments/Revertments	<u>(75)</u>
<b>Total</b>	<b>411</b>
<hr/>	
<b>Total Spending Changes</b>	<b>\$203 M</b>
<b>Total Spending</b>	<b>\$12,726 M</b>
<b>% Change</b>	<b>1.6%</b>

'23 One-Time Spending Additions/Deletions	
	<u>\$ in M</u>
Loss of Medicaid Federal Match Savings	153
Loss of One-Time ADE Enrollment Savings	285
Universities	(46)
Community Colleges	(30)
SFB – Building Renewal Grants	(91)
SFB – Fewer New Buildings	(58)
Other Agency Spending	(329)
Capital Projects	<u>(92)</u>
<b>Total</b>	<b>(208)</b>

# Federal Medicaid Match Generates State Savings

- Been in Place Since January 2020

---

- Feds have increased their share of Medicaid costs while federal health emergency is in place
- Enacted budget assumed higher match would end in 12/21; feds have recently extended to 3/22
- January Baseline includes this new \$133 M of one-time '22 savings
- Under Maximum Commitment Scenario, Baseline assumes no further extensions
  - If Feds extend again past 3/22, generates savings relative to Baseline

---

# **Projected Ending Balances**

## **Excludes \$985 M in Budget Stabilization Fund**

**More Information in Appendix D**

## Disposition of '23 Ending Balance of \$3.2 B

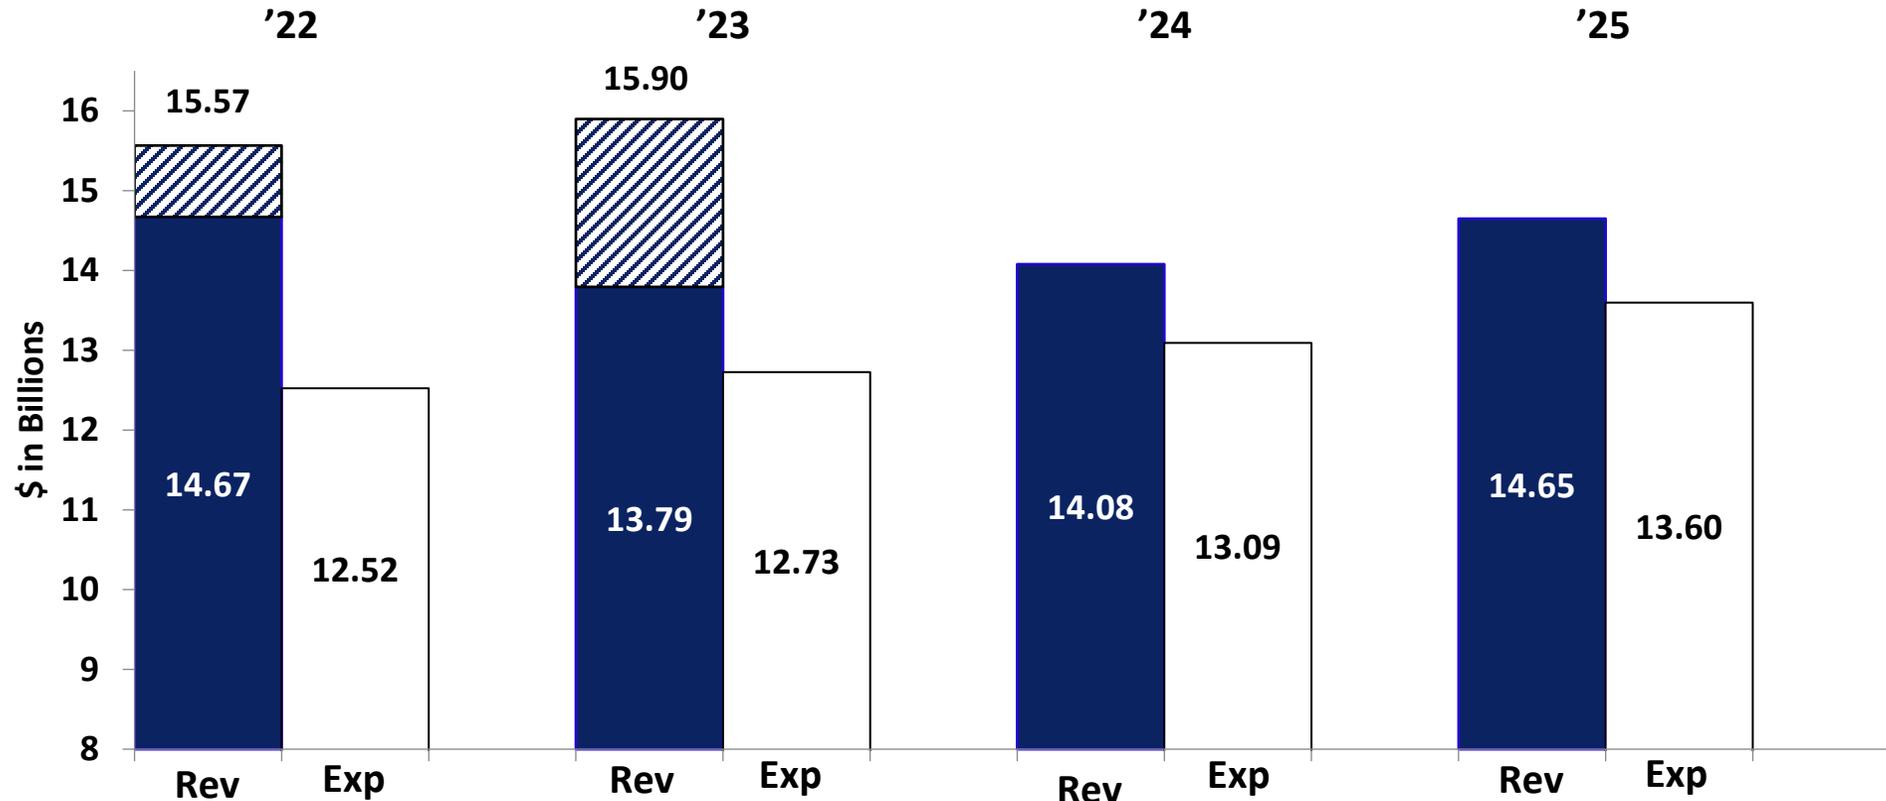

---

	<u>\$</u>
• Ongoing initiatives	1.0 B
- Maximum amount that would keep budget balanced in '24 and '25	
• One-Time Initiatives	2.1 B
• Ending Cash Balance	<u>75 M</u>
<b>TOTAL</b>	<b>\$3.2 B</b>

---

# January Baseline Balances: \$1.0 B Ongoing & \$2.1 B One-Time

- \$2.1 B '22 Balance Is After \$939 M Set Aside for Prop 208 Reserve

Cash Balance

\$2.10 B

\$3.17 B

\$987 M

\$1.05 B

Proposition 208 Reserve <u>3/</u>	\$939,076,400			
<b>Ending Balance <u>4/</u></b>	<b>\$2,103,233,600</b>	<b>\$3,172,014,300 <u>5/</u></b>	<b>\$986,501,300</b>	<b>\$1,052,393,000</b>

1/ Baseline estimates reflect a "Maximum Commitment" scenario, which is based on the outcomes of pending litigation and referendum that use the most resources.

2/ Reflects reversion of savings for a higher federal Medicaid match rate and lower K12 formula costs.

3/ Reflects Proposition 208 uncertainty. If surcharge upheld, revenue would be transferred to Proposition 208 fund. If surcharge not upheld, state would refund revenue.

4/ Reflects the difference between total revenues and total expenditures. Excludes any Budget Stabilization Fund balance.

5/ The FY 2023 cash balance is presumed to be allocated as part of the FY 2023 budget process.

# Appendix E: Urban Revenue Sharing Distribution Increases

- Based on 15% of Income Taxes 2 Year Prior; Goes to 18% in '24
